Policy Title  Contests for Students Code No.  1005.2

The following policy of the Board of Directors shall govern student participation in local, state, and national contests.

1. PARTICIPATION
   Participation shall be limited to those contests and activities that are educationally sound, worthy, and timely. It should be stimulating for the student and school, a desirable activity for both, and should supplement and not interfere with the regular program. Participation shall be voluntary. No contestant shall be excluded because of race, color, creed, or payment of an entry fee. This shall not be construed to include aptitude testing.

2. APPROVAL
   School administrators, and the Superintendent shall review and approve or reject all applicants for participation in contests in the area, state, region, nation, or of an international nature. The application shall contain information about the nature of the contest, the purpose, the number of students involved, the time required, the means of financing the event, and other pertinent information.

3. TRANSPORTATION
   Appropriate school funds, subject to administrative approval, may be used to assume the costs, or a portion, of transportation where students represent the school in competition.
