As a service to students and their parents, the district will conduct two musical instrument display nights, one at the north end of the district and one in the south end. The purpose of the evenings' activities is to provide a forum for qualified vendors to present, display, and sell/rent musical instruments and accessories to interested students and their parents. Participation in the evenings' activities is voluntary on the part of all students and parents.

Nothing in this policy may be considered to mean that any student is required to rent, lease, or purchase a musical instrument from any company qualified as a vendor under the established guidelines, nor is there any restriction that students who purchase instruments from vendors other than those qualified to participate in the display night under this policy shall be in any way limited in or discouraged from band participation as a result of their choice to obtain their instrument from some other vending source. This policy shall not remove any student's obligations to meet the requirements of any other policies made for the purpose of conducting a band program.

The District will solicit qualified vendor participation in the display night by publishing a notice in a newspaper of general circulation within the district, requesting all interested vendors to contact the district.

The schedule of events, specified activities, and written vendor guidelines and regulations shall be the responsibility of the administration.
Quality of each vendor will be determined by the administration, based on the written guidelines and regulations, and all qualifying vendors will be allowed to participate in the display night activities.
