Director Wagle congratulated the drama department for another outstanding production. Students of all ages were invited to participate in theatre workshops, and participated with the cast in a performance of What Happened After “Once Upon a Time”. Following the workshop production, the public enjoyed a performance of the story of a substitute narrator called upon to read familiar fairy tales, but endured constant interruption by fairy tale characters suggesting “re-writes”!

Ms. Lewis shared with the board that during the week, all 3rd graders in the district came to the high school to enjoy a performance of What Happened After “Once Upon a Time”. Ms. Lewis congratulated cast, crew, and student directors, and noted that student director Sally Walker provided to each third grade teacher a curriculum guide for use in the classroom prior to the performance.

2017-18 CALENDAR: During the two previous meetings, the board reviewed the 2017-18 calendar framework and major dates, and designated the day before Thanksgiving and April 27, 2018 as “no school” days. (April 27 would be added back to the calendar if a snow day make-up is required.)

Mr. Strusz discussed the calendar in more detail, including in-service and conference days. A public hearing and motion for approval will appear on the January 23 agenda.

Key dates:

- First day: August 23 (as stipulated by state law)
- Winter Break: December 25 – January 2
- Spring Break: March 12-16
- Last Day: June 1

No required motion.
PUBLIC HEARING FOR THE PLEASANT VALLEY HIGH SCHOOL EXPANSION/RENOVATION PROJECT:
Representatives from Bush Construction reviewed project, scope, timelines, and costing. 21 prime contractor bids have been accepted. Next steps include the post-bid review process during which accepted bids will be reviewed for proper scope and accuracy, and drafting of the prime bid contracts.

For the benefit of guests in attendance for the public hearing, Dr. Spelhaug reviewed the scope of the project, which is driven by district growth. The three story classroom addition will offer science, math, and general classroom space. The addition to the front of the building will provide additional special education classrooms, guidance and administrative offices and a student commons area. Also described were corridor realignment, additional music rehearsal space, and an auxiliary gym to replace gym space being lost.

After this overview, President Witters opened the meeting for public comment at 6:55 p.m. Elizabeth McCreedie, Brian and Tami Hedgren, Catherine Bishop, and others shared concerns with the board including pool size, ventilation, scoreboard, timing, and sound system reliability. Dr. Spelhaug and high school administrators have begun investigating options for replacement of the scoreboard and timing equipment. The sound system will be tested and repaired/replaced as required. Recent replacement of filtration equipment will be reviewed for effectiveness, and the use of bulkheads to adjust lap length will be explored. The board will discuss at a future date the option of including pool replacement/expansion on the district 5 year plan.

Dr. Spelhaug reminded those in attendance that since the district continues to grow, funding available for construction/renovation has been directed toward expanded classroom space.

The public hearing concluded at 7:34 p.m.

No required motion.

ACCEPTANCE OF PLEASANT VALLEY HIGH SCHOOL EXPANSION/RENOVATION PROJECT: The board reviewed a summary of the low bid in each area for which the district will carry a contract on the PVHS Expansion/Renovation Project. Competitive bids with good contractors were received.

An alternate that would have continued the new parking lot in asphalt instead of concrete was rejected. Asphalt would have saved $134,328, but the district values the long-term durability of concrete and matching the existing concrete surface.

An alternate bid to replace the oldest boiler (circa 1960’s) was also accepted.

Finally, the decision to use certain aluminum electrical fittings instead of copper will result in a deduction to the project cost. Aluminum fittings have been used successfully in other district projects.

It appears the final cost of the PVHS Expansion/Renovation project will be approximately $21,250,000, which includes the $500,000 contingency, boiler replacement, and a full build out of the new east parking lot.

Motion by Dickson, second by Isbell that the board approve the construction contracts and alternates for the Pleasant Valley High School Expansion/Renovation project as presented in the amount of $18,225,774.63. Roll call vote. Ayes – Wagle, Witters, Anderson, Cournoyer, Dickson, Hoskins, Isbell. Nays – none. Motion carried.
