I-80 AND MIDDLE ROAD SPORTS COMPLEX TIF: At the March 27 meeting, Jeff Reiter, Economic Development Director for the City of Bettendorf updated the board on this project and discussed implications of the TIF. The city has no further information to share at this point, and the board did not have additional questions. While the board is concerned with the length of the TIF, they reached consensus regarding the benefit of additional commercial development in the district, and based on the information currently available to them, will not oppose the city’s decision to extend TIF financing for the project. The board will be updated as further details are made available.

No required motion.

PLEASANT VALLEY HIGH SCHOOL POOL UPDATE: Activities Director D’Anne Kroemer and High School Principal Mike Zimmer updated the board on upgrades/repairs made to the pool since the January 9th public discussion of the matter. New lane lines, sound system, timing system and scoreboard have been ordered. Options regarding installation of a bulkhead continue to be explored, and possible replacement of starting blocks will follow the bulkhead decision.

It was discovered than an exhaust damper on the air handler was not operating properly, impacting fresh air exchange. Repairs were made and controls upgraded to provide greater flexibility in air control with occupancy sensors. Still being investigated is an electronic control sensor to monitor combined chlorine, and the addition of a variable speed drive on the exhaust unit.
Also presented were options which will be available to the district should a new pool be required in the future. The board reviewed plans which included potential pool placement and design. Dr. Spelhaug reminded the board that, at this time, pool replacement is strictly a conceptual conversation. District growth will dictate the level of need.

No required motion.

**ATHLETIC LETTERS FOR NON-SCHOOL ACTIVITIES:** Ms. Kroemer and Mr. Zimmer discussed the awarding of varsity letters to students participating in non-school athletic activities. After discussion, the board agreed to no departure from the district’s current practice of awarding varsity letters only to IHSAA/IGHSAU sanctioned activities.

No required motion.

**2017-18 KINDERGARTEN ENROLLMENT UPDATE:** Dr. Spelhaug presented current kindergarten registration numbers. District-wide, 354 kindergarten students are registered, and 352 kindergarten seats (16 classrooms, 22 seats per classroom) are available. Included within the number of kindergarten students registered are students who will be screened for enrollment into the district’s Transition to Kindergarten (T2K) program.

Not included within the number of kindergarten students registered are kindergarten open enrollment requests. 20 kindergarten open enrollment requests have been received. Of that 20, 8 have older siblings currently enrolled in the district. The board discussed the negative impact of further restricting open enrollment, and directed the administration to continue accommodating open enrollment into the district when feasible.

To serve the growing number of kindergarten/T2K students, the board supported Dr. Spelhaug’s recommendation to hire an additional early childhood teacher to staff either a 17th section of kindergarten, to be located at Cody Elementary, or a second section of T2K, to be located at Hopewell Elementary. Upon conclusion of the T2K student screening process, a determination will be made as to which section will be added.

He also reminded the board that because of the potential impact of T2K enrollment, the district’s ability to communicate final decisions to 2017-18 kindergarten parents is delayed until T2K screenings is completed the first week of May.

No required motion.
