RETURN TO LEARN UPDATE: Mr. Strusz began the discussion with a summary of District goals:

- Offer high quality learning for all students
- Provide a safe environment for students and staff
- Once schools are open, schools stay open

Mr. Strusz presented results from the most recent parent and teacher surveys. 4,734 parent responses and 399 teacher responses were received.
Parent survey results:

If Pleasant Valley proceeds with a Hybrid learning model after October 26, I would participate in the hybrid learning model or the 100% online learning model: 86.08% would select the Hybrid learning model and 13.92% would select the 100% online learning model.

If Pleasant Valley proceeds with a 100% onsite learning model after October 26, I would participate in 100% onsite learning model or the 100% online learning model: 70.93% would select the 100% onsite learning model and 29.07% would select the 100% online learning model.

Please rank the following learning models with 1 being your preferred model and 3 being the least preferred model. (The results from the rankings have been calculated by using the Condorcet criterion for electoral systems. If a parent selected Online > Hybrid > Onsite then Online beats both Hybrid and Onsite in pairwise choices and Hybrid beats Onsite in pairwise choices.)

In this pairing we can see how hybrid compared to online in the rankings:

**Teacher Survey Results:**

Teachers were asked the same ranking question as parents but only offered the 100% onsite learning model and the Hybrid Learning Model. The outcome was 312 or 78.20% selected the Hybrid Learning Model as their first choice and 87 or 21.80% selected 100% onsite as their first choice.

**Summary:** From the parent perspective, having students in school either 100% or in the Hybrid model is important. A 6% difference exists between the two models; Hybrid is preferred slightly over onsite based on the pairwise rankings (53% to 47%). 14% would study online if the only alternative were the Hybrid model, whereas 29% of students would study online if the only alternative were 100% onsite.

**Metrics:**
- Currently Scott County has a 7.7% positive rating; the goal is 5%
- Roughly 20 new cases are identified per day; the goal is 5 per day
- After 5 weeks, 6 positive cases have been reported in the District and 70 individuals have been quarantined.

Board members and guests asked questions and shared comments in favor of and in opposition to the Hybrid Learning Model and the continuation of that model.

Taking into consideration survey results and district/county metrics, It is recommended that the current delivery method - Hybrid and 100% online - be extended through the second quarter. Making that decision at this time will allow time for adjustments and improvements so that student success and staff success will increase. Mr. Zimmer and Dr. Lewis explained adjustments under consideration, such as assigning individual teachers exclusively to online learners or rebuilding student schedules so that secondary teachers will have sections of only online learners.

In the coming weeks students will be surveyed so that challenges can be identified and solutions developed and implemented.

Mr. Strusz thanked faculty, staff, students and parents for their hard work, patience and flexibility. The District intends that the health of all be maintained, stress levels are reduced and the District continues to move in a positive direction.
Motion by Hoskins, second by Anderson that the Board approve continuation of the hybrid learning model for the second quarter as presented. Roll call vote. Ayes - Nels, Brockmann, Dickson, Wagle, Hoskins, Ayers, Anderson. Nays - none. Motion carried.

**PLEASANT VALLEY AND CITY OF BETTENDORF CROSSING GUARD PARTNERSHIP:** Historically, the City of Bettendorf has provided crossing guards at Riverdale Heights, Pleasant View and Hopewell Elementaries (and will provide crossing guards at Forest Grove Elementary). The City has requested the District enter into a cost sharing agreement in which the District will, over five years, phase into reimbursing the City half the cost of providing the crossing guard service. The cost in year one is estimated to be $9,900 and starting in year five half the cost is projected to be $46,000 per year. A governmental 28E cost sharing agreement will be established and a motion for approval will come before the Board at a future meeting.

No required motion.

**SUPPLEMENTAL EDUCATIONAL SERVICES (SES) SPENDING AUTHORITY ADJUSTMENT:** At the September 14 meeting the Board discussed the special education deficit and approved the allowable growth request. Since that time the District received word that the state has identified an error in their transportation reporting system which affected calculation of the Special Education deficit, which requires the District to adjust to the deficit amount from $1,332,169 to $1,339,494 (or as adjusted by the Iowa Department of Education).

Motion by Dickson, second by Anderson that the Board authorize a revised request to the School Budget Review Committee (SBRC) for allowable growth in the amount of the district’s adjusted 2019-20 special education deficit of $1,339,494 (or as adjusted by the Iowa Department of Education) and a request for supplemental aid based on the amount of the District’s final 2019-20 special education deficit of $1,339,494 (or as adjusted by the Iowa Department of Education). Roll call vote. Ayes - Nels, Brockmann, Dickson, Wagle, Hoskins, Ayers, Anderson. Nays - none. Motion carried.

**MONTHLY FINANCIAL REPORTS:** Mr. Clingingsmith presented monthly financial reports for June, July, and August 2020. Generally, financial reports are reviewed monthly. However, June financials aren’t made final until the auditors complete their field work in early September.

Through June, General fund revenue totaled $54,193,980 and expenses totaled $53,023,812. The fund balance in the General Fund at June 30, 2020 was $8,224,174. June 30th is the final day of the district’s fiscal year.

Through July, General fund revenue totaled $524,236 and expenses totaled $1,328,459. The fund balance in the General Fund at July 31, 2020 was $7,419,951.

Through August, General fund revenue totaled $875,081 and expenses totaled $2,470,232. The fund balance in the General Fund at August 31, 2020 was $6,629,023.

Also presented were Management, PPEL, Capital Projects, Debt Service, Nutrition, Internal Service, and Activity Funds reports for each month. The following variances were noted: Income and expenses in the Nutrition Fund have been negatively impacted by the pandemic as fewer meals have been sold and less food purchased. Federal subsidies will reimburse the District for free breakfasts and lunches being served to students under age 18. The subsidy is expected to extend through December 31, 2020. Mr. Clingingsmith warned that decreased athletic gate admissions will negatively impact Activity Funds for the 2020-21 school year.
The District has received Federal and State grants in response to COVID-19 totalling approximately $250,000; all of which has been spent on technology devices and Hotspots for student use.

Motion by Brockmann, second by Ayers that the Board accept the monthly financial reports for June, July and August 2020 as presented. Roll call vote. Ayes - Nels, Brockmann, Dickson, Wagle, Hoskins, Ayers, Anderson. Nays - none. Motion carried.
