**FOREST GROVE ELEMENTARY UPDATES:** Construction is on schedule at Forest Grove Elementary and it is anticipated the building will open to students in the fall of the 2021-22. Chris Welch, Hopewell Elementary Principal and future Forest Grove Elementary principal shared with the Board progress on staff hiring and furniture, fixtures and library book acquisition. At this time current district teachers who have expressed an interest in a Forest Grove position are being interviewed. Roughly half the faculty will be current district faculty and the others will be teachers new to the district.

Mr. Strusz displayed a Forest Grove Elementary boundary map. On January 22, 2018 the Board approved Forest Grove Elementary boundaries as follows: *South of Interstate 80; east of Middle Road; north of 53rd Street (with an imaginary line extending east to Criswell); west of Criswell.* Those boundaries stand with slight clarification due to recent housing growth: Settlers Pointe Circle is assigned to Forest Grove, and the areas contiguous to Criswell on the west and east side which are north of 53rd Street line are assigned to Forest Grove (including the Field’s Edge subdivision). The interactive district attendance map on the district website now reflects Forest Grove boundaries.

All students residing within the Forest Grove Elementary boundaries will be assigned to Forest Grove for the 2021-22 school year with the following exceptions:

- 2021-22 6th graders will be allowed to attend 6th grade at their current building if they should so choose.
- Siblings of students receiving special education services in a building other than their neighborhood building will be allowed to attend the building where the sibling receives special services.

Additional information will be shared with Forest Grove families after the first of the year.

REVENUE PURPOSE STATEMENT RESOLUTION: The Revenue Purpose Statement is a ballot measure that describes how school districts can spend penny sales tax (SAVE) funds that the State of Iowa has dedicated to public schools. The Board reviewed the Iowa Association of School Board's SAVE Revenue Guidance, the proposed resolution to approve the Revenue Purpose Statement which will appear on the January 11 agenda, a copy of the ballot and the public presentation slides. The school districts in Scott County are working together to present this ballot measure to voters simultaneously on March 2, 2021. The measure must pass by a simple majority in each district. Districts which are unable to pass the resolution on March 2 must wait six months before taking the resolution to voters a second time.

Mr. Strusz and Mr. Clingingsmith will make a number of public presentations explaining the resolution (dates to be announced), the approval of which will not increase property tax. The Revenue Purpose Statement simply defines how the SAVE revenue is to be used by the District. In the Pleasant Valley Community School District, uses will include building and renovating schools, furnishing and equipping buildings, purchasing property for future school sites, improving technology and safety infrastructure and paying down district indebtedness.

No required motion.

REVIEW OF 2019-20 AT-RISK DATA, 2020-21 BUDGET and 2021-22 AT-RISK DROPOUT PREVENTION PROGRAM PROPOSAL: The Pleasant Valley Community School District provides a continuum of support to advance the academic achievement and overall development of all students. This support includes alternative educational opportunities for “at risk” programming. The Board reviewed the 2019-20 year end budget numbers and the new At-Risk/Dropout application and budget for the 2021-22 school year. Mr. Zimmer described for the Board how the services in the proposal are designed to be responsive to the needs of our students.

Mr. Clingingsmith reviewed the Modified Supplemental Amount Application for risk services. The MSA for 2021-2022 is $976,397 as compared with $929,906 in 2020-21. Mr. Zimmer and Mr. Clingingsmith explained how the district is disadvantaged by the 2.6% cap that was put in place several years ago by the state and the impact that has on the general fund budget. Any required at-risk services in excess of the MSA are paid by the general fund.
