Students shall conduct themselves in accordance with board policy “Student Conduct”. The board believes that such illegal, unauthorized or contraband materials generally cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, or visitors on the school premises.

The board prohibits the use and possession of tobacco, alcohol, wine, beer, controlled substances and “look alike” substances on school property or at any activities sponsored by the school on or off school property.

The board also prohibits students from being on school property or at school sponsored functions off school property while under the influence of alcohol or drugs.

Violation of this policy by students will result in disciplinary action. It shall be the responsibility of the Superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.
