Phase I will begin on October 4, 2021 and is anticipated to take five weeks. The initial seven phases are tentatively scheduled to be completed by early June 2022. At that time, work would begin on the roundabout in front of the junior high. **2020-2021 ANNUAL REPORT:** Dr. Lewis and Mr. Zimmer reviewed highlights from the 2020-2021 Annual Progress Report, which has been posted to the district website.

District growth, the pandemic, and other outside influences may have impacted teaching and learning, but did not change how the District continues to strive for excellence. The following highlights were noted:

- 2001-02 enrollment = 3119; 2011-12 enrollment = 3959, 2020-21 enrollment = 5244
- In 2020-21, the district employed 631 individuals; 374 certified teachers, of which 65% hold a masters degree
- Daily attendance is consistently at 96-97%
- The 2019-20 graduation rate was 95.6% as compared to the state rate of 91.8%. The District continues to work diligently to reach a 100% graduation rate.
- The average elementary class size is 24 (maximum class size per level: kindergarten=22, grades 1-3 = 24; grades 4-6 = 25)
- In 2021, the Pleasant Valley Educational Foundation awarded 113 scholarships totalling $112,600.
- 2020-21 Composite ACT score = 25.4
368 students took 486 advanced placement (AP) tests; 83% earned a score of 3, 4 or 5.

As compared to previous years, the District did see less growth in spring 2021 elementary assessments, which was anticipated due to COVID. Action steps as well as additional federal funding are in place to advance student learning by the end of the 2021-22 school year.

Director Brockmann returned to the meeting at 7:55 p.m.

- Advancing infrastructure to improve the learning environment for all.

No required motion.

**SBRC REQUEST FOR ADDITIONAL ALLOWABLE GROWTH AND SUPPLEMENTAL AID FOR 2020-21 SPECIAL EDUCATION DEFICIT:** The state requires that the Board authorize a request to the SBRC (School Budget Review Committee) for allowable growth (also known as spending authority) for the amount of the District’s special education deficit for the 2020-21 fiscal year in order for the district to receive the additional spending authority. The state also requires the Board authorize a request to the SBRC in order to receive supplemental aid. Supplemental aid is a distribution of the positive special education balances of other districts in the state to districts which have special education deficits. This supplemental aid is prorated based on the amount of a district’s special education deficit. These requests to the SBRC are standard procedure every year the district has a special education deficit. Following is the District’s special education deficit for each of the past ten years:

The 2019-20 special education deficit increased by $523,029 in part because the District was unable to bill for approximately $400,000 of Medicaid during the period after spring break (the Covid shutdown) because students were not in the buildings but staffing costs remained.

Motion by Dickson, second by Brockmann that the Board authorize a request to the School Budget Review Committee (SBRC) for allowable growth in the amount of the district’s final 2020-21 special education deficit of $767,750 (or the amount determined by the DE after review) and a request for supplemental aid.

**MONTHLY FINANCIAL REPORTS:** Mr. Clingingsmith presented monthly financial reports for June, July, and August 2021. Generally, financial reports are reviewed monthly. However, June financials aren’t made final until the auditors complete their field work in early September.

Through June, General fund revenue totaled $59,098,609 and expenses totaled $55,985,267. The fund balance in the General Fund at June 30, 2021 was $11,337,516. June 30th is the final day of the district’s fiscal year.

Through July, General fund revenue totaled $450,361 and expenses totaled $1,285,548. The fund balance in the General Fund at July 31, 2021 was 10,502,328.

Through August, General fund revenue totaled $764,750 and expenses totaled $2,858,506. The fund balance in the General Fund at August 31, 2021 was $9,243,760.

Also presented were Management, PPEL, Capital Projects, Debt Service, Nutrition, Internal Service, and Activity Funds reports for each month. The following variances were noted: Income and expenses in the Nutrition Fund have been impacted by the pandemic as fewer meals have been sold and less food purchased. Federal subsidies have reimbursed the District for free breakfasts and lunches being served to students under age 18. The subsidy is expected to extend through December 31, 2021. Mr. Clingingsmith noted that decreased athletic gate admissions negatively impacted Activity Funds for the 2020-21 school year, but with careful spending, the total fund balance in the student activity funds increased by $34,975 during the 2020-21 fiscal year.

The District received Federal and State grants in response to COVID-19 totaling approximately $838,928 during the 2020-21 fiscal year.
