ATHLETIC ELIGIBILITY OF AN OPEN ENROLLED OUT STUDENT:  At the October 10 school board meeting, senior Blake Setser brought to the board his request that the 90 school day athletic eligibility waiting period be waived so that he can participate in varsity basketball competition for Camanche High School from the start of this coming season. Prior to his open enrollment out to Camanche for his senior year, Blake was a Pleasant Valley student. He did not participate in high school basketball in the Pleasant Valley Community School District.

The Open Enrollment Transfer Rule Iowa Code 36.15 (4) states that a student in grades 9 through 12 whose transfer of schools had occurred due to a request for open enrollment by the student’s parent or guardian is ineligible to compete in interscholastic athletics during the first 90 school days of transfer except that a student may participate immediately if the student is entering grade 9 for the first time and did not participate in an interscholastic athletic competition for another school during the summer immediately following eighth grade. The period of ineligibility applies only to varsity level contests and competitions. (“Varsity” means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.)

A number of exceptions may be considered; none of which apply in this particular situation. However, the board of directors of the district of residence and the board of directors of the receiving district both may agree to waive the ineligibility period. (36.15(4)m)

Motion by Ayers, second by Kunkel that the board waive the 90 school day period of ineligibility from varsity sports as is directed under Iowa Code 281 - 36.15 (4m) for open enrolled OUT student Blake Setser so that he can compete at the varsity level at Camanche High School effective the start of the 2022-23 school year.
