

Bridges Prep News & Notes: July 28, 2017

From Dr. I's desk ...

It's almost that time! I certainly hope it's been a great summer for everyone. While there's still time to play, it's also a good time to start thinking about school starting later in August. We have a lot of information to share, starting with ...

School supply lists are available on our website under *News & Information*. Go to www.bridgesprep.org and you'll see the list by grade levels. There may be some other items specific teachers will request after Opening Day, but this is a great start. And ...

Tax-free shopping Aug. 4-6! South Carolina offers tax-free shopping the first weekend in August, and most school supplies are included. It's a great time to stock up on what your kids might need for the coming months. So, print out our **Supply List** and get ready!

Open Houses Aug. 14: We will hold Open Houses by grade level at the classroom locations (K-2 at Celadon, Grades 3-7 Main Campus at Boundary Street, Grades 8-10 at Green Street). Times and other locations were shared in the Parent Information packet emailed earlier this week. It's also available on our website under *Links & Information* on the homepage.

New family orientation Aug. 8 at 7 p.m., Main Campus 1100 Boundary Street, Beaufort. This is designed for families and students who are **new** to Bridges Prep. We'll cover the basics to help you be comfortable with our processes. Please come if your student is new to Bridges Prep!

Chinese visitors: 20 students from China and their chaperones spent the week in Beaufort visiting Bridges Prep as part of our international partnership. Many thanks to the families who hosted these students and helped make their American experience special.

We had a wonderful time introducing them to our local culture and food, starting with a run across the Woods Bridge – fitting for visitors to Bridges Prep, don't you think?

As we move closer to **Opening Day Wednesday Aug. 16**, please get in the habit of checking your email and our Facebook page for updates.
