

## Bridges Prep News & Notes: Oct. 26, 2018

From Mr. Wilson's desk ...

**Young Leaders of Beaufort** -- Jessica Hint took Bridges students to join the Young Leaders of Beaufort last month. They participated in a mock trial with the other seventh and eighth grade Young Leaders with Beaufort Judge Ned Tupper. Each student played a role in the court case. Their mock trial was about a person who went into a restaurant but walked out without paying. They had to create questions, discuss possibilities, and use problem solving skills to convince the jury

whether the defendant should be found guilty or not guilty.

**News from Gift & Talented:** Each of our BOATS classes is creating a project for the first annual Port Royal Sound Foundation's Recycled Art contest. The students are learning how to be GREEN/how to take better care of our earth, and this project fits perfectly! They already have plans for their winnings -- to purchase materials for a plastics recycling machine!

Works in progress: Fourth grade dolphin and lighthouse to represent our flag (shown in photo). Fifth grade sculptures of Palmetto Sound animals in "distress." For more information visit [www.portroyalsoundfoundation.org](http://www.portroyalsoundfoundation.org)

**From the Board ...** Reminder, your Board of Director ballots are due next **Tuesday, Oct. 30, by 4 PM** at any campus drop-off box or by mail to the main campus. Please vote!

Our next board meeting is Monday, Oct. 29 a regular business meeting because we held the Candidate Forum earlier this month. Please join us at the Main Campus starting around 6:30 p.m.
