

TCL Spring 2020 Registration Information

If you are interested in Dual Enrollment at the Technical College of the Lowcountry, ask yourself the following questions:

- Am I in 10th grade or above?
- Do I have a minimum GPA (unweighted) of 3.0?

WHAT IS THE NEXT STEP?

Complete an online application at www.tcl.edu

(REMINDER: You are applying as a DUAL ENROLLMENT STUDENT from BRIDGES PREPARATORY SCHOOL.)

THEN, use the **testing sign-up link below** to make an appointment to take the Accuplacer test.

www.testing@tcl.edu

You **must** sign up for the Accuplacer using this link in order to generate a voucher necessary for testing. Students will need the following information.

The Accuplacer test must be taken if you have **NOT** received credit for English 3 and Algebra 2.

Important to note:

If you have received credits for English 3 and Algebra 2, you may be accepted utilizing 'multiple measures'. Your transcript will be submitted to the NEW dual enrollment coordinator at TCL for approval.

If you are asked for a student number when making an appointment, use your student number from PowerSchool.

No tests will be administered at Bridges Preparatory School or TCL.

Testing will be remote.

Remote test requests will be scheduled and confirmed for the week (a Wednesday or Thursday) following the submitted request (depending upon when the request was made) along with an assigned proctor.

- After receiving passing Accuplacer scores, we may proceed with registration
- Please provide Mrs. Davis your Accuplacer score report to receive registration information
- The registration window is open and General Education classes will fill quickly
- The last day to register for Dual Enrollment courses through Bridges Prep is November 6, 2020
