Introduction

The Hernando County School District collaborates with parents and other community stakeholders to effectively prepare all students for a successful transition into a diverse and changing world. With this vision in mind, The Hernando County School District has developed the Student Code of Conduct to clearly communicate the behavioral expectations necessary for maintaining a safe and orderly learning environment.

The Student Code of Conduct applies to all students enrolled in the Hernando County School District.

Students enrolled in the Hernando County School District are subject to the law, rules, regulations, and policies of the State of Florida and the School Board of Hernando County, Florida, anytime:

1. a student is on school board-owned property;
2. a student is attending school;
3. a student is being transported to or from school or school-sponsored events at public or school expense;
4. and a student is in attendance at, or participating in, a school-sponsored activity.

All students are subject to the immediate control and direction of teachers, staff members, or bus drivers to whom such responsibility has been assigned by the principal or the principal’s designee.
**NOTICE**

If your child commits two or more Level III violations, or one or more Level IV violations, it will result in immediate administrative action, removal of your child from school and/or possible expulsion. Please refer to page 7 of this Student Code of Conduct for specific offenses covered under these levels.

Furthermore, any student who has been determined to have committed a repeat offense of bullying will be subject to this same administrative action. Refer to Appendix A.

Students will be disciplined as outlined in the Student Code of Conduct. Some acts may warrant law enforcement investigation, and there may be additional consequences for acts that violate the law.

Electronic communication and all other forms of communication that take place on or off of school grounds, with students’ personal property (non-school property) and causes a significant disruption on school campus, may result in disciplinary action.
Zero Tolerance:

Zero Tolerance for School Related Violent Crimes: The Hernando County School District believes that all students are entitled to attend schools that are safe and orderly and which provide an environment that fosters learning and high academic achievement. The district will not tolerate the presence of persons who engage in violent criminal acts on school property, on school sponsored transportation, or during school sponsored activities. (F.S 1006.13)

The School Board has determined that the following acts constitute threats to school safety:

- Aggravated battery
- Armed robbery
- Arson
- Battery or aggravated battery on a teacher or other school personnel
- False Alarms, including but not limited to, pulling fire alarms
- Possession, use or sale of any explosive device

Infractions that require Expulsion or One Year Placement in an Alternative Setting:
Per Florida Statute 1006.07

- False reporting of bomb or explosive
- Possession of Firearms/Weapons

Anti-Bullying, Harassment, and Dating Violence Policy

The policy of the Hernando County School District is that all students have an educational setting that is safe, secure and free from harassment, bullying, dating violence or abuse of any kind. This policy shall be applied consistently with all applicable school board, state and federal laws. Conduct that constitutes bullying, harassment, dating violence or abuse as defined herein, is prohibited. Students who persistently engage in bullying behavior will be subject to possible expulsion. See Appendix A.

**Objective A:**

This list is intended as a general illustration of some rights and responsibilities recognized by law, and does not create or expand any rights or responsibilities beyond those specifically provided by State or Federal law or School Board Policy.
II. EDUCATIONAL AUTHORITY

A. School Administration Authority

The school administration shall have authority and control over all students at school, at a school sponsored activity and during times when students are on a school bus. School administration has the authority to direct students and can impose reasonable requirements that are consistent with the Student Code of Conduct. (F.S 1006.09)

Electronic communication that takes place off school grounds with student’s personal property (non-school property) and causes a significant disruption on school campus may result in disciplinary action.

B. Teacher Authority/Procedures

In accordance with Section 1003.32, Florida Statutes
http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1003/Sections/1003.32.html, teachers and other instructional personnel shall have the authority to undertake actions in managing student behavior and ensuring the safety of all students in their classes and school and their opportunity to learn in an orderly and disciplined classroom.

The principal shall make provisions for students to be removed from class when the continued presence of the student in the classroom is intolerable.

1. The school-based Placement Review Committee consists of three (3) teacher representatives [one (1) selected by the school’s faculty and one (1) selected by the teacher who removed the student] and one (1) teacher appointed by the principal. The principal must notify each teacher in that school about the availability, the procedures and the criteria for the Placement Review Committee.

2. If no teacher volunteers to participate in the Placement Review Committee, then the Hernando Classroom Teachers’ Association (HCTA) President will appoint members to serve on that school’s committee.

3. The teacher who does not wish the student readmitted to the class may not serve on the committee, nor may the principal serve on the Placement Review Committee. The teacher and the principal may speak before the committee. Neither may be present when the committee members deliberate to reach their decision.

4. The teacher and the Placement Review Committee must render decisions within five (5) working days of the removal of the student from the classroom.

5. If the Placement Review Committee’s decision is contrary to the decision of the teacher to withhold consent to the return of the removed student to the teacher’s class, the teacher may appeal the committee’s decision to the Superintendent of Schools.

6. If the student is in Special Education, then the student should be referred to the Individual Education Plan (IEP) Committee for review per due process. If the IEP Committee feels that the most appropriate placement is with the referring teacher, that decision, with meeting minutes, is presented to the Placement Review Committee to serve as documentation.
C. Bus Driver’s Authority

The bus driver shall have authority of students when they are on the bus. The driver shall not have authority when students are waiting at the bus stop, or when they are en route to the bus stop except when the bus is present at the bus stop and students are loading or unloading from the bus. If a student’s behavior jeopardizes the safety of others on the bus, law enforcement shall be contacted by the driver or the Transportation Department. (F.S. 1006.10)

Parent(s)/Guardian(s) shall:
1. Ensure that their students ride only on their assigned school bus and get on and off only at assigned bus stops, except when the district has pre-approved an alternative bus or other arrangements.
2. Ensure that their child follows the district’s adopted Student Code of Conduct while at the school bus stop and provide necessary supervision during times the bus is not present.
3. Provide assistance if necessary to their students with disabilities to help them get on and off the bus at their stop, as required by the student’s Individualized Education Plan.
4. Be present for their students in PK – grade 2 for all Elementary and K-8 schools, or have an adult or older sibling listed on the child’s bus registration card designated to be present at the stop. If the person designated is an older sibling, then the parent(s)/guardian(s) must send in a notarized letter authorizing this action.

III. INTERVIEWS/INVESTIGATIONS

A. Administrative

School administration, which may include the School Resource Officer, has the right and duty to interview students who are subjects and/or potential witnesses to possible violations of the Student Code of Conduct without notifying parent(s)/guardian(s). The identity of witnesses will be protected to the greatest extent possible.

B. Criminal Offenses On School Campus

School administration has the right to request the assistance of law enforcement to investigate crimes or allegations of a crime committed at school, on a school bus or at a school sponsored activity. If school administration requests assistance, a law enforcement officer may conduct a general investigation and interview students (witnesses and suspects) during the school day. School administration shall be present during the interviews. If the investigation determines that a particular student is a suspect then the parent(s)/guardian(s) will be notified.

C. Criminal Offenses Off School Campus

The school administrator shall make every attempt to contact the student’s parent(s)/guardian(s) before permitting law enforcement to interview a child when the student is a suspect in a criminal investigation for an offense that occurred off school property. When the parent(s)/guardian(s) can be reached they will be informed that law enforcement is planning to interview the student and be given a reasonable time to appear before the student is interviewed. School administration shall be present during the interview if the parent(s)/guardian(s) cannot be contacted. At the high school level, the student has the right to request that school administration not be present during the interview.
When a student is being interviewed as a victim or witness in a criminal case that occurred off campus, the parent(s)/guardian(s) must be notified before permitting the child to be interviewed. Attempts must be documented and if the parent(s)/guardian(s) cannot be contacted the school administration shall be present during the interview.

D. Child Abuse

If a student is a suspected victim in a child abuse investigation, school administration may not contact the parent(s)/guardian(s). This is the sole responsibility of the Department of Children and Family investigator. School administration or their designee may be present, in accordance with Florida statutes, if requested by the student and approved by the DCF/law enforcement official conducting the interview.

E. Removal of a Student from School

A student has certain rights when an officer of the court (law enforcement, Department of Children and Families Investigator/Case Worker) wishes to remove the student from school premises.

1. A student can be removed from campus by law enforcement under the following circumstances:
   a. With consent from the parent/guardian
   b. To ensure compliance with a subpoena requiring the student to appear in a court proceeding
   c. In response to a court order authorizing the student’s being taken into custody;
      OR
   d. When the student is subject to criminal arrest due to probable cause.
   School administration should verify the time of removal and that the School Resource Officer has informed the parent(s)/guardian(s).

2. When a law enforcement officer/DCF investigator informs school administration that the child needs to be removed pursuant to Florida Statutes, the officer/investigator shall be permitted to do so. The officer/investigator will be responsible for notifying the parent(s)/guardian(s). The officer/investigator should follow established sign out procedures. School administration should document the time of removal.

IV. SEARCHES

A. Locker/Vehicle Search

School administration retains control over lockers, storage spaces and desk space loaned to students and has authority to regulate admission and parking of all vehicles on school grounds. School administration has the duty and authority to inspect and search students’ lockers, desks or vehicles with reasonable suspicion that prohibited or illegal items are contained therein.

B. Personal Search

Students and their possessions may be searched by school administration with or without the student’s permission, if school administration has reasonable suspicion that the safety and well-being of that student or other people in the school are in jeopardy, or if the student is suspected to be in possession
of prohibited items. If illegal items are located by school administration, these items will be turned over to law enforcement for investigation.

C. Canine Search

The principal or designee may request a canine search through the Director of Safe Schools.

Trained sniff-screening dogs are allowed on school grounds to prevent drugs and weapons at school. They are an element of safety measures intended to provide students a safe and healthy school in which to learn. A trained sniff-screening dog may be walked around school lockers, school grounds or vehicles in the school parking lot without violating student’s constitutional rights provided that students themselves are not being detained (without reasonable suspicion) while the dog is sniffing.

For example, walking a trained sniff-screening dog around a student’s car in a school parking lot while the student is in class is permissible; however, detaining the same student in the school parking lot, without reasonable suspicion, while a trained sniff-screening dog walks around the student’s car is not permissible. An alert by a trained sniff-screening dog that drugs or weapons may be present in a particular location provides school officials reasonable suspicion and law enforcement officers probable cause to conduct a search of the place to which the dog alerted.

Vehicles brought on school grounds by students are subject to the same criteria for searches as students’ personal belongings. If a request to search a vehicle on school premises is denied by the student, parent, guardian or vehicle owner, administration has the right to terminate the student’s privilege of bringing a motor vehicle on to school premises.

D. Cell Phones/Wireless Communication Devices (WCD)

School administration may search a cell phone or other wireless communication devices if they have reasonable suspicion that such a device has been used in violation of the Student Code of Conduct.

**LEVEL IV**

**Pre-Expulsion Hearing will be held**

- Out of School Suspension
- Expulsion-Alternative placement
- Mental health referral

A Pre-Expulsion hearing to review student’s record with an administrator, other appropriate school personnel, student, and the parent/legal guardian. The consequences for the infraction will be determined at or immediately following the hearing.
**Guiding Principles**

Student success is not impeded by race, color, sex, age, nationality, political beliefs, disability, sexual orientation, social, and family background. When misbehavior occurs, teachers and support staff work together to identify risk factors contributing to student misconduct. Through the use of direct instruction and positive reinforcement, replacement behaviors can be achieved. Student success is reliant on collaboration among staff, students and community stakeholders. In order to eliminate disparate rates of discipline and suspensions, each school will implement a school wide Positive Behavior Intervention and Supports Plan that provides interventions and a tiered system of supports to promote preventive measures that engage students and families as part of the process.

**VII. INFRACTIONS WITH GENERAL AND SPECIFIC DISCIPLINARY ACTIONS AS INDICATED:**

The Hernando County School District expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment. Students are expected to comply with established rules, follow directions, and respond respectfully to those in authority. In addition, students should be recognized and praised for demonstrating good conduct, self-discipline, good citizenship, and academic success.

A. **Level I**

[CD] **DISRESPECTFUL/DISRUPTIVE BEHAVIOR/CLASS DISRUPTION:** To include isolated inappropriate language.

[CF] **CELL PHONE / WIRELESS COMMUNICATION DEVICES (WCDs):** Referred to as “device” includes but is not limited to a privately/owned laptop, tablet computing device, net book, notebook, e-Reader, iPod touch, smart watch, gps tracker with recording and/or transmitting capability, and/or smart phone. However, such devices can only be used with permission and under the direct supervision of a staff member. **When permission is not given,** such devices must be turned off and put away during the school day or on the bus. Smart watches may be on the wrist in sight, but shall not be utilized for recording or transmitting without permission. The student is fully responsible, at all times, for the personally owned device brought to school. The District is NOT liable for any loss, damage or theft of a personally owned device. As such, students should not share devices. Device use is exclusively limited to schools participating in the Bring Your Own Device (BYOD) program. Devices should be turned off and should not be visible at schools not participating in the BYOD program.

A Discipline Referral must be written and should also include “Gross Insubordination” [GI] as an additional infraction to the [CF] code. Parent conference must be held to return device and discuss future incidents which may lead to banning the device.

Any additional offenses will result in the device being confiscated and student will be prohibited from carrying a device during the school day. Parent conference must be held and device returned to parent.

VIII. OUT OF SCHOOL SUSPENSION PROCEDURES

When administration selects OSS or bus suspension as the disciplinary action for a student, the following procedural (due process) steps are required:

A. The School Administration Shall:

1. Schedule a conference with the student giving him/her an opportunity to tell his/her side of the story and provide documentation or the names of witnesses. The conference shall occur prior to the suspension except in emergency situations, disruptive conditions or “serious” breaches of this Student Code of Conduct. In these situations, the school administration may suspend the student pending the conference, but it must still take place within two (2) school days except when waived by the student’s parent or for good cause.
2. Provide reasons for recommending suspension.
3. The principal shall make good faith effort to immediately contact parent(s)/guardian(s) by telephone in the presence of the student, if possible, at the time of the suspension and explain the reasons for same.
4. Provide the student with a copy of the discipline referral.
5. Send a letter to the parent(s)/guardian(s) confirming the suspension and the reasons for same.

Notes: Procedures regarding “make-up work” due to suspension may be found in the School Procedures Manual located on the school district website. School administrators have the authority to permit the suspended student on campus for assessment or intervention activities as deemed appropriate.

B. Due Process

A student cannot be suspended and, thereby deprived of his or her free and appropriate education which is provided in the public schools, without appropriate due process of the law. While the appropriate level of procedural due process to be afforded to a student may depend upon circumstances, due process is guaranteed to every American citizen by the Fourteenth Amendment to the Constitution of the United States of America. These rights are not waived or relinquished by a child enrolled in a public school.

A student cannot be deprived of his/her constitutionally guaranteed rights to fair notice, fair hearing, and fair procedures. Personal and constitutional rights must be safeguarded within such rules.

A student may not participate in any athletic competition, extra-curricular activity or co-curricular performances/competition during a suspension (in-school or out-of-school), an investigation, a pending hearing or other appeal/review of any discipline matter. Students may resume participation in any athletic competitions, extra-curricular and co-curricular activities the next day following the suspension. Students may attend practice and rehearsal while assigned in-school suspension with approval from their school’s administration.
C. **Off Campus Felonies**

A student who is formally charged by the State Attorney’s Office with an offense that constitutes a felony for an incident which occurred off school property that may have an adverse impact on the educational program, school discipline, or welfare of the school, may be suspended pending court determination of his or her guilt, innocence, or dismissal of the charges. School administration should provide written notice to the student and his or her parent(s)/guardian(s) that he or she is being temporarily suspended for a felony occurring off school campus and provide a date for an Administrative Hearing which shall not be less than two (2) school days or more than five (5) school days from the post-marked date or delivery. Appropriate personnel as determined by the Superintendent will be invited to any Administrative Hearing as per Florida Statute 1006.09. The school administration may recommend to the Board that the student be expelled if it is determined by the court the student committed the offense.

D. **Students with Disabilities**

In matters relating to the discipline of students with disabilities, the Hernando County School District shall abide by the Federal and State laws regarding suspension, expulsion and alternative placement.

In the case of some students with Individual Education Plans (IEP) or Section 504 Plans, inappropriate behavior may be related to a disabling condition. The behavior must be treated individually and sensitively which frequently requires the use of a wide range of interventions and/or alternatives. The following procedures will be utilized:

1. In all matters, including transportation, students with disabilities shall conform to the same rules outlined in the Student Code of Conduct as their non-disabled peers unless otherwise stated in their IEP or Section 504 Plan.
2. Students with disabilities may be suspended for infractions as defined for all students in the Student Code of Conduct.
3. Suspension for ten (10) days or less: Follow typical disciplinary procedures.
4. Suspension beyond ten (10) days: Any student with a suspected or identified disability shall not be suspended more than ten (10) days, either through a single suspension or cumulative shorter suspensions per school year without the IEP or Section 504 Committee meeting to evaluate the extent to which the misconduct has direct and substantial relationship to the disabling condition and as permitted by state and federal law. Bus suspension and partial day removals may count as suspensions.
5. Before a school district can consider a student with disabilities with an IEP for expulsion:
   a. Convene an IEP meeting and conduct a manifestation determination within ten (10) school days of decision to remove the student for discipline reasons.
   b. If the IEP committee determines that the behavior is a manifestation of the student’s disability, the IEP team will either conduct, review or revise a functional behavior assessment.
   c. If a behavioral intervention plan already has been developed, review the behavioral intervention plan and modify it, as necessary, to address the behavior. If no behavioral intervention plan exists but one is needed, then develop one based on the current behaviors needing to be addressed.
   d. If the IEP committee determines that the behavior is not a manifestation of the student’s disability, then relevant disciplinary procedures in the same manner and duration as for students without disabilities apply, however, educational services must continue.
   e. If the committee determines that the behavior is a manifestation of the students disability, except as described below under the sub-heading **Special Circumstances**, the school district must return the student to the placement
from which the student was removed, unless the parent and the district agree to a change of placement as part of the behavioral intervention plan.

Special Circumstances
Whether or not the behavior was a manifestation of the student’s disability, school personnel may remove a student to an interim alternative educational setting (determined by the student’s IEP team) for up to 45 school days, if the student:

1. Carries a weapon to school or has a weapon at school, on school premises, or at a school function under the jurisdiction of the Department of Education or school district;
2. Knowingly has or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the Department of Education or school district; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the Department of Education or school district.
DISCIPLINE FOR STUDENTS WITH DISABILITIES FLOW CHART

Student with a disability violates the student code of conduct

- Disciplinary removal for current misconduct is for less than ten (10) consecutive school days but removals total more than ten (10) school days in the school year 6A-6.03312(2), F.A.C.
- Disciplinary removal for current misconduct is for eleven (11) or more consecutive school days 6a-6.03312(1), F.A.C.

District may exclude student from the current placement without obligation to provide FAPE, unless the district provides services for students without disabilities who are similarly removed. Types of exclusion may be suspension, removal and assignment to an interim alternative educational setting (IAES). Note that an in-school-suspension (ISS) may be considered a change in placement. 6A-6.03312(5), F.A.C.

Is the current removal one (1) in a series that is part of a pattern of removals that constitutes a change of placement? 6A-6.03312(1), F.A.C.

- NO
  - By the tenth (10th) cumulative school day of removal in the same school year, the district must consult with at least one (1) of the student’s teachers to determine the extent to which FAPE services are needed to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting IEP goals. 6A-6.03312(5)c, F.A.C.

- YES
  - Removal is a change of placement. 6A-6.03312(1), F.A.C.
  - Notify parents immediately of decision to change placement for disciplinary reasons, and of procedural safeguards under IDEA. 6A-6.03312(3), F.A.C.
  - Within ten (10) school days of decision to remove student for disciplinary reasons, the district, the parent, and relevant members of the IEP team must review relevant information and make a manifestation determination. 6A-6.03312(3), F.A.C.

Manifestation determination: Is the conduct a direct result of the district’s failure to implement the IEP? Does the conduct have a direct and substantial relationship to the disability? 6A-6.03312(3)(a), F.A.C.

- YES to either
  - Student’s conduct is a manifestation of the disability. 6A-6.03312(3)(c), F.A.C.

  - Conduct a functional behavioral assessment and develop a behavioral implementation plan, or review and modify an existing plan as needed. 6A-6.03312(3)(c), F.A.C.
  - Return student to placement unless (1) parent and district agree to a different placement, (2) hearing officer orders new placement, or (3) removal is for “special circumstances” under 6A-6.03312(6), and 6A-6.03311(3)(c), F.A.C.

- NO to both
  - Student’s conduct is not a manifestation of the disability. 6A-6.03312(3)(d), F.A.C.
  - May apply relevant disciplinary procedures in the same manner and duration as for students without disabilities 6A-6.03312(3)(d), F.A.C.
  - IEP team determines extent to which FAPE services are needed to enable the student to continue to participate in the general education curriculum and progress toward meeting IEP goals. 6A-6.03312(3)(c), F.A.C.
    - Provide, as appropriate, functional behavioral assessment and behavioral intervention services and modifications. 6A-6.03312(3)(b), F.A.C.
    - Return student to placement when the disciplinary period expires, unless parent and school agree otherwise or student is lawfully expelled.
A. **Expulsion:**

Expulsion is the removal of the right to attend school in Hernando County, be on any school property, on school buses, on school-sponsored transportation or to attend any school. Students may be expelled for the remainder of a school year and one additional year with or without continuing education services.

Students who commit two (2) or more Level III or a Level IV offense may warrant expulsion from school. The principal must follow due process and suspension procedures, informing the parent that expulsion is being recommended. Within twenty-four (24) hours of the infraction, the school-based administrator will suspend the student for ten (10) days and notify the parent in writing that a hearing will be scheduled. A subsequent letter will be issued to the parent from the superintendent or designee notifying them to attend the pre-expulsion hearing with their student.

If the student who committed the infraction is a student with a disability, the school administrator will need to contact the Director of Exceptional Student Education (or designee) and schedule a meeting with an IEP team to conduct a manifestation determination.

When the outcome of the superintendent’s designee hearing is a recommendation to expel the student from school, parents will be notified by certified mail the date and time that this recommendation will be considered by the School Board. The letter shall also set forth the deadline by which the parents may request a hearing with the School Board.

If a hearing before the School Board is not requested, it will proceed as outlined in the parent letter.
If a hearing is requested, such will be scheduled. The decision that the Hernando County School Board reaches at the hearing is final. Florida Statute outlines that the superintendent’s designee may extend the student’s suspension beyond ten days while waiting for the next School Board meeting.

Students who are expelled may not re-enroll for the period of the expulsion. When their expulsion period is complete, students shall be assigned to the Alternative School prior to transitioning back to their zoned school. Upon successful completion of the Alternative School’s prescribed interventions, the student may enroll in their zoned school.

B. Alternative School

Students who chronically commit repeated disciplinary infractions that do not reach Level IV or two (2) or more Level III status may be referred to the District Student Intervention Committee to consider a possible transfer to the Alternative School setting.

Prior to this decision, the school will document efforts to provide tiered behavioral supports/interventions aimed toward changing and teaching appropriate behaviors. Additionally, evidence-based individualized interventions (Tier III) should also be implemented with fidelity and supporting outcome data will be provided to the District Student Intervention Committee. A school-based MTSS Team will be instrumental in this effort and shall include on-going communication with the parent. The school will maintain documentation which will consist of a minimum of school-wide instruction of the Student Code of Conduct and school-wide expectations (Tier I), as well as supplemental, focused interventions aimed to re-teach expectations and deter negative behavior (Tier II).

If problematic behavior persists, the school administration will submit a District Student Intervention Committee. Alternative Education Program Referral Form, along with documentation that outlines the interventions implemented, as well as the results/evidence from the focused interventions, to the District Intervention Committee. It is the school’s responsibility to inform the parent that a possible transfer to the Alternative School setting is being considered.

A meeting will be scheduled with the District Student Intervention Committee, the referring principal or designee, the student and the parent/guardian at which time the case will be presented. All supporting school sponsored/provided intervention information will be outlined. A question and answer session will follow.

The outcome, as determined by the District Student Intervention Committee, will be relayed to all parties involved within two (2) school days. The committee decision to transfer the student to the Alternative School setting is final.

C. Unsatisfactory Completion of Alternative Education Program

The general procedure for a student who enters or returns to the Hernando County School District without completing an assigned Alternative Education Program will be determined by the Superintendent or designee on a case-by-case basis.
D. **Reciprocal Discipline**
Hernando County School District will uphold and enforce disciplinary proceedings from other public school districts. If a student was expelled or alternatively placed in another district, Hernando County will enforce said expulsion or alternative placement.

(F.S. 1006.07)

STUDENTS FROM COMMITMENT PROGRAMS AND THOSE EXPELLED FROM OTHER DISTRICTS

A. **Commitment Programs**
A student entering and/or returning to the Hernando County School District from court adjudicated commitment programs will be enrolled at their zoned school unless charged with a crime involving weapons, drug sale, sex or violence. Under these conditions, the student is entitled to an evaluation meeting to determine proper placement.

1. The Evaluation Meeting shall involve the student, parent(s)/guardian(s), the Department of Juvenile Justice (DJJ) Juvenile Probation Officer (JPO), the Director of Student Services or designee, as well as any other appropriate school staff. The purpose of the meeting is to consider the student’s educational program, commitment charge, and determine a proper school placement.

2. The student and his/her DJJ JPO shall have all pertinent educational records available for the period of time the student was not in attendance at a public school.

B. **Expelled From Other Districts**
The final order of expulsion will be honored and student will not be admitted to school in Hernando County (F.S. 1006.07).
APPENDIX A

BULLYING AND HARASSMENT

The School Board is committed to providing an educational setting and workplace that is safe, secure, and free from bullying and harassment for all students and employees.

The Board will not tolerate unlawful bullying and harassment of any type. Conduct that constitutes bullying and harassment, as defined herein, is prohibited:

A. during any education program or activity conducted by the District;
B. during any school-related or school-sponsored program or activity or on a school bus of the District;
C. through the use of data or computer software that is accessed through a computer, computer system, or computer network within the scope of the District; or
D. through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by the District or school, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by the District or school or substantially disrupts the education process or orderly operation of a school.

This policy has been developed in consultation with District students, parents, teachers, administrators, school staff, school volunteers, community representatives, and local law enforcement agencies as prescribed in F.S. 1006.147 and in conformity with the Florida Department of Education (FLDOE) revised Model Policy (July 2013).

The Superintendent shall develop a comprehensive plan intended to prevent bullying and harassment and to cultivate the school climate so as to appropriately identify, report, investigate, and respond to situations of bullying and harassment as they may occur on school grounds, at school-sponsored events, and through school computer networks. Implementation of the plan by each principal will be ongoing throughout the school year and will be integrated with the school curriculum, District disciplinary policies, and violence prevention efforts.

"Within the scope of the District" means regardless of ownership, any computer, computer system, or computer network that is physically located on school property or at a school-related or school-sponsored program or activity.

Expected Behavior

The District expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The standards for student behavior shall be set cooperatively through interaction among students, parents/guardians, staff, and community member, producing an atmosphere that encourages students to grow in self-discipline. The development of such an atmosphere requires respect for self and others, as well as for District and community property on the part of students, staff, and community members. School administrators, faculty, staff, and volunteers serve as role models for students and are expected to demonstrate appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying.

Consequences and appropriate remedial action for a school employee found to have committed an act of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment shall include discipline in accordance with District policies, administrative procedures, and the
collective bargaining agreement. Egregious acts of harassment by certified educators may result in a sanction against an educator's State-issued certificate. (See the Principles of Professional Conduct of the Education Profession in Florida - F.A.C. 6A-10.081)

Consequences and appropriate remedial action for a visitor or volunteer found to have committed an act of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

**Procedure for Reporting**

The Board designates the principal as the person responsible for receiving all alleged acts of bullying. Any student or student's parent/guardian who believes s/he has been or is the victim of bullying or harassment should immediately report the situation to the school principal. Complaints against the principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board Chair.

All school employees are required to report alleged violations of this policy and alleged acts of bullying and harassment to the principal or as described above. The alleged violations and acts must be reported by school employees to the principal within twenty-four (24) hours.

All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy to the principal or as described above.

Written and oral reports shall be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

The principal shall establish and prominently publicize to students, staff, volunteers, and parents the procedure for reporting bullying and how such a report will be acted upon. A victim of bullying and/or harassment, anyone who witnessed the act, and anyone who has credible information that an act of bullying and/or harassment has taken place may file a report.

**Procedure for Investigation**

The investigation of a reported act of bullying or harassment is deemed to be a school-related activity and begins with a report of such an act. All complaints about bullying and/or harassment that may violate this policy shall be promptly investigated by an individual, designated by the principal, who is trained in investigative procedures. Documented interviews of the victim, alleged perpetrator, and witnesses shall be conducted privately and shall be confidential. The investigator may not be the accused perpetrator or victim. At no time shall the accused perpetrator and victim be interviewed together. The investigator shall collect and evaluate the facts including, but not limited to, the following:
A. a description of the incident, the nature of the behavior, and the context in which the incident occurred;
B. how often the conduct occurred;
C. whether there were past incidents or past continuing patterns of behavior;
D. the relationship between the parties involved;
E. the characteristics of the parties involved;
F. the identity of the alleged perpetrator, including whether the individual was in a position of power over the individual allegedly subjected to bullying or harassment;
G. the number of alleged bullies/harassers;
H. the age of the alleged bully/harasser;
I. where the bullying and/or harassment occurred;
J. whether there have been other incidents in the school involving the same or other students;
K. whether the conduct adversely affected the student's education or educational environment;
L. the date, time, and method in which the parent(s) of all parties involved were contacted.

In accordance with State law, District staff may monitor as part of any bullying or harassment investigation any nonschool-related activity, function, or program.

If, during an investigation of reported acts of bullying and/or harassment, the principal or his/her designee believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on race, color, national origin, sex (including sexual orientation, transgender status, or gender identity), disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), religion, military status, ancestry, or genetic information which are classes protected by State and/or Federal law (collectively "protected classes"), the principal or his/her designee will report the act of bullying and/or harassment to one (1) of the Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Upon the completion of the investigation to determine whether or not a particular action or incident constitutes a violation of the policy, the designated individual who has conducted the investigation shall make a determination based on all the facts and surrounding circumstances and shall include:

A. a recommendation of remedial steps necessary to stop the bullying and/or harassing behavior; and
B. a written report to the principal.

A maximum of ten (10) days should be the limit for the completion of the investigative procedural steps and submission of the incident report. While ten (10) days is the expectation for completion of the investigative procedural steps, more time may be needed based on the nature of the investigation and the circumstances affecting that investigation. The investigator shall document in his/her report the reasons for needing additional time beyond ten (10) days. The highest level of confidentiality possible shall be provided regarding the submission of a complaint or a report of bullying and/or harassment and for the investigative procedures that are employed.

The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action initiated pursuant to this policy.
Scope

The investigator will provide a report on the results of the investigation with recommendations for the principal to make a determination if an act of bullying or harassment falls within the scope of District authority. Computers without web-filtering software or computers with web-filtering software that is disabled shall be used when complaints of cyberbullying are investigated. If the action is within the scope of the District, District procedures for investigating bullying and/or harassment shall be followed. If the action is outside the scope of the District, and believed to be a criminal act, the action shall be referred to the appropriate law enforcement agency. If the action is outside the scope of the District and believed not a criminal act, the principal shall inform parents/guardians of all minor parties.

Parent Notification

The principal shall report the occurrence of an incident of bullying as defined by District policy to the parent/guardian of all students known to be involved in the incident on the same day an investigation of the incident has been initiated. Notification shall be by telephone or by personal conference and in writing by first-class mail and shall be consistent with the student privacy rights under applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). The notice shall advise the individuals involved of their respective due process rights including the right to appeal any resulting determination or action to the State Board of Education.

If the bullying incident results in the perpetrator being charged with a crime, the principal shall inform by first class mail or by telephone the parent/guardian of the identified victim(s) involved in the bullying incident about the Unsafe Schools Choice Option (No Child Left Behind (NCLB), Title IX, Part E, Subpart 2, Section 9532) that states, in pertinent part, as follows:

"…a student attending a persistently dangerous public elementary school or secondary school, as determined by the State in consultation with a representative sample of local educational agencies, or who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school."

Upon the completion of the investigation and if criminal charges are to be pursued against the perpetrator, the appropriate law enforcement agencies shall be notified by telephone and/or in writing.

Appeals Process

If a parent disagrees with the outcome of their students bullying investigation, the parent may appeal the outcome by submitting a request in writing to the Director or Student Services within five (5) days of receiving notification of the bullying investigation outcome. Please note this does not stop the consequence from occurring.

Counseling Referral

The District shall provide a referral procedure for intervening when bullying or harassment is suspected or when a bullying incident is reported. The procedure will include:
A. A process by which the teacher or parent may request informal consultation with school staff (e.g., school counselor, school psychologist, etc.) to determine the severity of concern and appropriate steps to address the concern;

B. A referral process to provide professional assistance or services that may include a process by which school personnel or parent/guardian may refer a student to the school intervention team (or equivalent school-based team with a problem-solving focus) for consideration of appropriate services (parent/guardian involvement is required at this point); or if a formal discipline report or formal complaint is made, the principal must refer the student(s) to the school intervention team for determination of counseling support and interventions (parent/guardian is required at this point);

C. A school-based action to address intervention and assistance as determined appropriate by the intervention team that includes:
   1. Counseling and support to address the needs of the victim(s) of bullying or harassment;
   2. Interventions to address the behavior of students who bully and harass others (e.g., empathy training, anger management, etc.);
   3. Interventions which include assistance and support for parents, as may be deemed necessary or appropriate.

Data Report

The District will utilize Florida's School Environmental Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data as prescribed. If a bullying (including cyberbullying) and/or harassment incident occurs it will be reported in SESIR, coded appropriately using the relevant incident code and the related element code. Discipline and referral data will be recorded in Student Discipline/Referral Action Report and Automated Student Information System. In a separate section, the District shall include each alleged incident of bullying or harassment that does not meet the criteria of a prohibited act under this policy with recommendations regarding such incidents.

The District will provide bullying incident, discipline, and referral data to the Florida Department of Education (FLDOE) in the format requested, through Surveys 2, 3, and 5 from Education Information and Accountability Services, and at designated dates provided by the Department. Data reporting on bullying, harassment, unsubstantiated bullying, unsubstantiated harassment, sexual harassment, and threat/intimidation incidents, as well as any bullying-related incidents that have as a basis sex, race, or disability should include the incident basis. Victims of these offenses should also have the incident basis (sex, race, or disability) noted in their student record.

Training and Instruction

Students, parents, teachers, school administrators, counseling staff, and school volunteers shall be provided training and instruction, at least annually, on the District's policy and administrative procedures regarding bullying and harassment. The instruction shall include evidence-based methods of preventing bullying and harassment, as well as information about how to effectively identify and respond to bullying in schools. Instruction regarding bullying, harassment, and the District's violence prevention and school safety efforts shall be integrated into District curriculum at the appropriate grade levels. The training and instruction shall include recognizing behaviors that lead to bullying and harassment and taking appropriate preventative action based on those observations. The programs of training and instruction authorized by the District shall include, but not be limited to:
A. Olweus Bullying Prevention Program
B. Monique Burr Foundation for Children's Inc.'s - Child Safety Matters
C. PBS/PBIS (Positive Behavior Support/Positive Behavior Interventions and Supports)

**Victim's Parent Reporting**
The principal shall report the occurrence of an incident of bullying as defined herein to the parent/guardian of students known to be involved in the incident on the same day an investigation of the incident has been initiated. Notification shall be by telephone and in writing by first-class mail and shall be consistent with the student privacy rights under applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). According to the level of infraction, the victim's parents will be notified by telephone and/or in writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident.

**Policy Publication**
At the beginning of each school year, the Superintendent shall, in writing, inform school staff, parents/guardians/other persons responsible for the welfare of a student of the District's student safety and violence prevention policy.

The District shall provide notice to students and staff of this policy in the Code of Student Conduct, employee handbooks, and via the District's official website. The Superintendent will also provide such notification to all District contractors.

Each principal shall implement a process for discussing, at least annually, the District policy on bullying and harassment with students in a student assembly or other reasonable format. Reminders of the policy and bullying prevention messages will be displayed, as appropriate, at each school and at District facilities.

**Immunity**
A school employee, school volunteer, students, parent/guardian, or other persons who promptly reports in good faith an act of bullying or harassment to the appropriate school official and who makes this report in compliance with the procedures set forth in District policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident.

Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments. Such immunity from liability shall not apply to any school employee, school volunteer, student, parent/guardian, or other person determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

**Privacy/Confidentiality**
The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative procedures shall be maintained as confidential to the extent permitted by law.

Nothing in this policy shall be construed to abridge the rights of students or school employees that are protected by the First Amendment to the Constitution of the United States.
The School Board strictly prohibits any act of dating violence and abuse committed by one student against another on school property, during a school-sponsored activity, or during school-sponsored transportation.

**Dating Violence and Abuse Defined**

For purposes of this policy, dating violence and abuse shall be defined as emotional, verbal, sexual, or physical abuse of a student who is in a current or was in a past dating relationship by the other person in that dating relationship. Abuse may include insults, coercion, social sabotage, sexual harassment, stalking, threats, and/or acts of mental, physical, or sexual abuse. It may also be a pattern of demeaning, coercive, abusive actions that amount to emotional or psychological abuse. Dating violence and abuse may also include abuse, harassment, and stalking via electronic devices such as cell phones and computers, as well as harassment through a third party.

**Reporting Acts of Dating Violence and Abuse**

Any student who is the victim of an act of dating violence and abuse, or has cause to believe that s/he is in immediate danger of becoming the victim of an act of dating violence and abuse, should report the matter to the Principal or to any member of the school staff.

Any Board employee who receives a report of an act of dating violence and abuse, who directly observes an act of dating violence and abuse perpetrated by one student against another, or who has reason to believe that a student is a victim of dating violence and abuse shall report such report, observations, or suspicions to the Principal.

Any resident of the community or other member of the school community, including students, parents, volunteers, and visitors, who observes an act of dating violence and abuse perpetrated by one student against another, or who has reason to believe that a student is a victim of dating violence and abuse is encouraged to report the matter to the Principal. These reports can be made either in person or anonymously.

**Investigating Reports of Dating Violence and Abuse**

Upon receiving a report of alleged dating violence and abuse, the Principal shall conduct an investigation of the allegation promptly. As part of the investigation, the Principal shall contact the parent(s) of the alleged victim and/or the parent(s) of the alleged perpetrator, if they are under the age of eighteen (18), to inform them of the report.

The investigation of the report should include interviews of the alleged victim, the individual accused of perpetrating the dating violence and abusive behavior, and any other person who may have witnessed the alleged act or who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

The Board reserves the right to investigate a report of dating violence and abuse regardless of whether the student who is allegedly the victim of the dating violence and abuse wants to pursue the matter.

**Consequences**

At the conclusion of the investigation, the Principal will determine whether or not the allegation of dating violence and abuse was substantiated. If the Principal determines that a student has committed an act of dating violence and abuse, that violation of this policy shall result in disciplinary action in accordance with the
Student Code of Conduct, which may include suspension, assignment to another school or program, or recommendation for expulsion. All disciplinary action shall be taken in accordance with State law and applicable Board policy. (See Policy 5500 and Policy 5600) When imposing discipline, the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved, shall be considered.

Suspensions for acts of teen violence and abuse may be appealed in accordance with the procedures set forth in the Student Code of Conduct. (See Policy 5500)

Further, the Department of Children and Families shall be notified if the student who is found to have perpetrated the act of dating violence and abuse is eighteen (18) years of age or older and the student who was the victim of the act of dating violence and abuse is a minor.

In those cases where teen dating violence and abuse is not substantiated, the Principal may consider whether the alleged conduct nevertheless warrants disciplinary action in accordance with the Student Code of Conduct or other Board policies.

Support and Reasonable Accommodations

If requested during or after the investigation, the Principal shall make reasonable accommodations for the student who is allegedly experiencing dating violence and abuse including, but not limited to the following:

A. Stay Away Contract, that is, a contract with the alleged perpetrator to stay away from the victim while on school grounds, on school transportation, and during school sponsored programs and events;
B. Class schedule changes;
C. Protection that will enable safe egress/regress from school, as well as movement within the school; and
D. Referrals for outside support or counseling.

Students should provide the Principal with a copy of an order of protection that has been issued by the court. The Principal shall then contact the student whose behavior is to be regulated by that order of protection and initiate a Stay Away Contract that is consistent with the terms of that order and provides penalties for known violations of the contract. Further, the Principal shall notify law enforcement immediately if s/he knows or has reason to believe that a criminal or civil restraining order has been violated.

Other Violations of the Dating Violence and Abuse Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

A. Retaliating against a person who has made a report or filed a complaint alleging dating violence and abuse, or who has participated as a witness in an investigation of such an allegation.
B. Filing a malicious or knowingly false report or complaint of dating violence and abuse.
C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of dating violence and abuse, when responsibility for reporting and investigating allegations of dating violence and abuse comprises part of one's supervisory duties.
Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related administrative procedures shall be maintained as confidential to the extent permitted by law.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of dating violence and abuse. The Superintendent shall require that the District’s comprehensive health curriculum in grades 7-12 include a component about dating violence and abuse that is age appropriate and includes the content required by State law.

Further, the Superintendent shall provide appropriate training to all members of the School District staff related to dating violence and abuse, and the implementation of this policy.

STUDENT RECORDS

State and Federal law gives parents [and students over eighteen (18) years of age] certain rights concerning student school records.

Annual Notice About Your Rights Concerning Student Records: Parent(s)/guardian(s) have the right to inspect and review all records and data related to their child who is under 18 years of age or over 18 years of age if claimed as a dependent under IRS rules. This includes print, computer media, microfilm, and microfiche records. This may be done by contacting the school administration for an appointment. All requests will be granted within a reasonable period, not to exceed 30 days. Students 18 years of age and older have the right to inspect and review their records by following the same procedure outlined above. Parent(s)/guardian(s) have an opportunity to challenge the content of their child’s record, to ensure that it is not inaccurate, misleading, or otherwise in violation of privacy. Parent(s)/guardian(s) of students over eighteen (18) years of age claimed as a dependent under IRS rules and students over eighteen (18) years of age not claimed as a dependent are provided the opportunity to correct or delete inaccurate, misleading, or inappropriate data by first requesting a meeting with the school administration or department responsible for developing that information. If the school administration or department responsible for developing the information agrees that it needs to be corrected, then it is done, and only a notation that the record has been corrected or deleted is placed in the file. If an agreement is not reached at this level, then the parent(s)/guardian(s) or student over the age of 18 years if not claimed as a dependent, has the right to request a formal hearing under School Board Policy. Military recruiters and institutions of higher education are entitled, under federal law, to a list of names, addresses, and telephone numbers of high school students, unless you object to such release. The Superintendent also authorizes release of this information to companies that manufacture class rings and publish yearbooks. You must notify your child’s school administration in writing, if you do not wish this information released without your consent. APPENDIX E

Student Network and Internet Acceptable Use and Safety Agreement

Telecommunications advances in technologies and proliferations of online media have fundamentally altered ways in which information is accessed, communicated, and disseminated in society. These changes are driving the need for educators to adopt new resources, instructional methods and ways they approach student learning, to harness and utilize the vast, diverse and unique resources available on the Internet. Although the School Board authorizes Internet services to its students, the School Board directs that appropriate restrictions are implemented to assure that use of the District’s network is utilized in accordance with legitimate educational purposes. Student use of the District’s computers, network, and Internet services (“Network”) will be governed by policy 7540.03 and subject to the Student Code of Conduct. The School Board encourages students to utilize the Network in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation and communication skills, and tools that are essential to both life and work. The instructional use of the Network will be guided by the School Board policies on instructional materials.

Technology advancements are such that the District may not always be able to protect access to services through the District’s network/Internet connection to only those that have been deemed appropriate for education purposes. The District will strive to implement and sustain such protections, utilizing software and hardware measures that monitor, block and filter internet access to visual displays/depictions that are deemed obscene, child pornography and/or other materials that are harmful to minors as defined by the Children’s Internet Protection Act (CIPA) as may be reasonably available. Parents/guardians are encouraged to discuss the appropriate use of the Internet and understand that there are risks associated with its use with their children. Parents/guardians assume risks by consenting to allow their child to participate in using the Internet. Parents/guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

The Superintendent will implement procedures to configure District technology to prohibit access to other material deemed inappropriate for students to access. Protective hardware and software may not be disabled at any time that students may be using the Network. The Superintendent may temporarily or permanently unblock access to sites containing appropriate material, if access to such sites has been inappropriately blocked by the hardware and software. Determination of whether a material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material.

District Staff members will provide training to ensure awareness and compliance regarding this policy under their supervision, and for providing guidance and instruction to students on appropriate use of the District’s Network. Pursuant to Federal law, students shall receive education on the following:

A. Safety and security of students while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
B. The dangers of students disclosing personally identifiable information online;
C. The consequences of unauthorized access and other unlawful or inappropriate activities by students online; and,
D. The authorized disclosures, use and dissemination of personal information regarding minors.

Students shall not access social media for personal use through the District’s network. Students shall be permitted to access social media for educational use, in accordance with a teacher’s pre-approved plan for use.
of social media for educational purposes, consistent with School Board policies. Students are responsible for behavior in accordance with standards defined in the Student Code of Conduct on the District’s computers and network just as they are in classrooms, school hallways and other school premises and during school sponsored events. Users granted access to the Internet through the District’s computers assume personal responsibility and liability, both civil and criminal, for inappropriate uses of the Internet as defined by this School Board policy. Users who disregard this policy may have user privileges suspended or revoked and may be disciplined.

**Technology Privacy**

Users have a limited expectation of privacy of the content of personal files and records of online activity while on the District’s network. Monitoring may include, but will not be necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools, in coordination, with Information Technology (IT) personnel, to review browser history and network, server and computer logs.

**Cyber-bullying**

All students and employees will be provided a safe, secure, bullying and harassment free educational/work setting, in accordance with School Board 5517.01 Bullying and Harassment.

**Student Communication**

The School Board encourages positive and professional communication between staff, parents, and students by means which best protect all stakeholders’ interests. The District staff shall comply with all Federal and State laws pertaining to electronic mail, and shall communicate electronically for school related matters through the District-approved parent portal. The School Board recognizes that appropriate use of electronic media may take place during times outside the school hours during school activities (i.e. sport events, FFA events, field trips) when it is useful to use mobile devices and social media to communicate with students. Staff communications with students via private electronic media concerning non-school-related matters may cause the appearance of inappropriate association, and are discouraged. The use of such communication technologies may lead to discipline.

**Bring Your Own Device (BYOD)**

BYOD is an acronym for Bring your Own Device, “device” includes but is not limited to a privately/owned laptop, tablet computing device, net book, notebook, e-Reader, iPod touch and/or smart phone. The District encourages students to use their own devices to further enhance their education in accordance with the following guidelines:

1. In order to utilize the District’s network (specifically Internet access and related applications) as well as participate in the BYOD program, students and a parent/guardian must review and sign the Responsible Use Policy. This will be considered a legally-binding agreement for the privilege of use of the network.
2. The student is fully responsible, at all times, for the personally-owned device brought to school. The District is NOT liable for any loss, damage or theft of a personally-owned device. As such, students should not share devices.
3. The student is responsible for the condition of the device brought to school, including but not limited to updates, antivirus software and repair.
4. Personal devices should be charged and recharged outside of school, unless specific permission is granted. Personal devices should be capable of lasting a full day without recharging.
5. Device use is exclusively limited to schools participating in the BYOD program. Devices should be turned off and should not be visible at schools not participating in the BYOD program.
6. Devices may only be used in certain approved areas of the school. Students may not use devices in parts of the school designated as No Technology Zones or any other areas where devices are not permitted.
