School Board moves toward districtwide rezoning

Brooksville - On Tuesday, February 14, the School Board made the decision to move away from the current plan to rezone Winding Waters K8 for 2023-24. Instead, the Hernando School District will respond to community-wide growth by developing a districtwide rezoning plan for the 2024-25 school year.

The second public meeting scheduled for Thursday, February 16th at Weeki Wachee High is canceled.
