What is a School-Parent-Student Compact?

A School-Parent-Student Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts

- Link to goals of the School Improvement Plan.
- Focus on student-learning skills.
- Describe how teachers will help students develop those skills using high-quality instruction.
- Share specific strategies parents can use at home.
- Explain how teachers and parents will communicate about student progress.
- Describe opportunities for parents to volunteer, observe, and participate in the classroom.

Jointly Developed

The parents, students, and staff of Deltona Elementary developed this School-Parent-Student Compact for Achievement. Teachers suggested home-learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

**Parents are welcome to contribute
comments at any time.**

If you would like to volunteer, participate, and/or observe in the classroom, please contact the DES front desk at 352-797-7040.

Building Partnerships

Family Fun Learning Adventures

Help your child become successful. You and your child will learn how to set learning goals and ways to achieve them.

Join our SAC committee. It provides a place where parents can voice their opinions and suggestions. They have an active role in making decisions that will best serve the students by participating in setting goals and making plans to achieve those academic goals.

Join Us for School-Wide Events:

- Bookapalooza and Stem Night in the fall
- Winter Wonderland in the winter
- Snoozapalooza, Poetry Café, Literacy Week, Numeracy Week, Career Night and Seussabration in the spring.

All events are fun-filled activities to strengthen core curriculum and provide strategies to help your child at home. More details to come!

Communication About Student Learning

Deltona Elementary is committed to frequent two-way communication with families about children's learning. Some of the ways you can expect us to reach you are:

- Weekly homework folders and planners
- Monthly "check in" notes or phone calls
- Updates on the school website and current grades in online grade program
- Postcards
- Parent Square and social media
- Parent-Teacher conferences in October as needed

Our Goals for Student Achievement

School Goals: Increasing student engagement in the classroom. Deltona will increase the Federal Index for students with disabilities and black population to 41%. In addition, DES will increase daily student attendance from 90% to 92% or more.

- **In ESE and ESE Pre K**, our school will focus on student goals in curriculum and learning, social emotional behavior, independent functioning and communication.
- **In Pre K**, our school will focus on letter, number, animal recognition and counting.
- **In Kindergarten**, our school will focus on letter and sound recognition, phonics, writing, listening comprehension, vocabulary, number sense, number computations, science and social studies skills.
- **In 1st Grade**, our school will focus on phonics, reading, writing, vocabulary, number computations, science and social studies skills.
- **In 2nd Grade**, our school will focus on reading fluency, comprehension, vocabulary, number computations, word problems, science and social studies skills.
- **In 3rd Grade**, our school will focus on reading comprehension, vocabulary, writing, math concepts and skills, including multiplication, division, and fractions, as well as science and social studies concepts.
- **In 4th Grade**, our school will focus on problem solving and math facts, develop essay writing skills, reading comprehension and vocabulary, Florida history and science processes.
- **In 5th Grade**, our school will focus on reading comprehension, vocabulary, developing and strengthening writing with evidence, number sense and problem solving skills, science, and social studies concepts.

In the Classroom

The classroom teacher will work with students and their families to support students' successes in science, reading, and math. Some of our key connections with families may include but are not limited to:

- Provide parents with home-learning resources full of fun materials for math, science, and ELA.
- Share monthly links to family-friendly websites for building reading, vocabulary, math skills, and science activities.

Deltona Students

Deltona students joined staff and parents to develop ideas about how they can succeed in school and show their Deltona PRIDE in science, math, and reading. Students thought of the following ideas to make connections between learning at home and school:

- Work with my family using the home-learning resources to practice my standards.
- Play the games/activities from the home-learning resources.
- Attend school every day, complete school and homework assignments daily.
- Have 20/20 log signed daily.
- Attend tutoring and computer camp.
- YMCA homework help and computer lab.
- Ask for help when needed.
- **Bring my charged laptop to school every day.**

At Home

Deltona parents joined staff to develop ideas about how families can support students' successes in reading, science, and math. Families may have other ideas to add to the list.

- Check to see if homework is completed daily (20/20 log is reading with my child for 20 minutes and 20 minutes of math on their 1:1 device).
- Be present; be available. Do research and find out what resources are provided at the school and in the community to help with my child's specific needs.
- **Assist my child with charging their laptop nightly.**
- Communicate with the teacher, check online grades, and check communication app daily for any important updates.
- Make sure my child attends school every day.
- Discuss daily school and classroom happenings.
