School & Classroom Library Book Access Form

This form is required by all parents to designate level of student access to school media center/classroom library materials.

Our media centers and classroom libraries offer a variety of materials with many different reading levels. Parents or guardians can submit an Individualized Library Access Form to limit their student's access to materials in the school or classroom library per House Bill 1069(2023). **If this form is not returned, your student will not have access to check out grade and age-appropriate books available in their school and classroom libraries.**

By completing the Individualized Library Access Form, I understand that I am opting to change the level of access to the school library media center and classroom libraries for my student. I understand that it is my parental responsibility to explain the access level to my child.
