MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2024**

The management of the Hernando County District School Board (the District) has prepared the following discussion and analysis to provide an overview of the District's financial activities for the fiscal year ended June 30, 2024. The information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2023-2024 fiscal year are as follows:

- * Total Net Position is \$361,821,484 which represents a 6.82 percent increase from the 2022-2023 fiscal year.
- * General revenues totaled \$329,204,651 or 91 percent, of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital gains and contributions total \$22,087,017 or .06 percent, of all revenues.
- * Expenses total \$332,188,117 only \$22,087,017 of these expenses were offset by program revenues, with the remainder paid from general revenues.
- * The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$361,821,484.
- * The total combined assigned and unassigned fund balance of the General Fund representing the net fund balance that is spendable and not restricted, totals \$40,849,760, or 18 percent, of total General Fund revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the primary government presented on the accrual basis of accounting. The statement of net position provides information about the government's financial position, its assets, its liabilities, and its deferred outflows of resources using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities, equals net position, which is a measure of the District's financial health.

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2024**

The statement of activities presents information about the change in the District's net position, and the results of operations during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The government activities of the District include such functions as instruction, pupil personnel services, administration, pupil transportation, maintenance, and other items.

The government-wide financial statements include not only the District itself (known as the primary government), but also Brooksville Engineering, Science & Technology, Inc., Gulf Coast Elementary School, Inc., and Gulf Coast Academy of Science and Technology, Inc., all Charter Schools, which the District is required to report as component units. Financial information for the component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 13-14 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be classified under two categories: governmental funds and fiduciary funds.

- * **Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term* inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's *near-term* financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's *near-term* financial decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 12 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Revenue – Federal Education Stabilization Fund, Capital Projects – Local Capital Improvement Fund, and Capital Projects – Other Capital Projects Fund, all of which are considered to be major funds. Data from the other eight governmental funds are combined into a single, aggregated presentation.

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2024**

The District adopts an annual appropriated budget for its governmental funds. A budgetary comparison schedule has been provided for all the major funds to demonstrate compliance with this budget.

The basic governmental fund financial statements and the major budgetary comparison schedules presented as required supplementary information can be found on pages 18-22 and 55-66.

- * **Fiduciary Funds.** Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes. The District uses private-purpose trust funds to account for scholarship funds established by private donors. The District uses agency funds to account for resources held for student activities and groups.

The basic fiduciary funds financial statements can be found on pages 22-23 of this report.

Notes to Financial Statements. The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on pages 24-56 of this report.

Required Supplementary Information. In addition to this management's discussion and analysis, this report also presents certain required supplementary information concerning the District's progress in funding its obligations to provide postemployment benefits other than pensions to its employees. The schedule of funding progress, other postemployment benefits plan, and required supplementary information can be found on pages 67-73 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary Information. Combining and individual fund statements and other schedules can be found on pages 74-79 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following is a summary of the District's net position as of June 30, 2024, compared to net position as of June 30, 2023:

Total Net Position	<u>\$ 361,821,485</u>	<u>\$ 338,736,420</u>

The largest portion of the District's net position reflects its investment in capital assets (e.g., land; buildings and fixed equipment; furniture, fixtures and equipment net of depreciation), less any related debt still outstanding net of unspent debt proceeds. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2024 and June 30, 2023, are as follows:

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2024**

The total governmental net position increased by \$19,106,078 during the current year, as compared to a net increase of \$56,838,969 in the previous year. Total revenues increased by \$11,387,031 compared to the prior year. District expenses increased \$49,122,449.

Direct instructional expenses, including school administration, increased \$28,363,699. Expenses for interest and unallocated depreciation increased by \$1,382,124.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Major Governmental Funds. The focus of the District's governmental funds is to provide information on *near-term* inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$160,568,056, an increase of \$8,011,489 in comparison with the prior year. The following schedule indicates the fund balances and changes in fund balances by major fund and other governmental (non-major) funds as reported in the basic financial statements for the fiscal years ended June 30, 2024 and June 30, 2023.

Fund Balance	June 30, 2024	June 30, 2023	Increase (Decrease)	Percentage Change
Major Governmental Funds:				
General Fund	\$ 48,504,929	\$ 48,154,583	\$ 350,346	0.73%
Other Federal Programs				
Special Revenue - Miscellaneous Fund	2,627,804	2,346,554	\$ 281,250	11.99%
Capital Projects Funds:				
Local Capital Improvement Fund	29,391,987	18,718,069	10,673,918	57.02%
Public Education Capital Outlay	2,965,421	9,274,631		
Other Capital Projects	52,736,166	44,842,744	7,893,422	17.60%
Other Governmental Funds (nonmajor)	24,341,749	35,529,196	(11,187,447)	-31.49%
Total Fund Balance	<u>\$ 160,568,056</u>	<u>\$ 158,865,777</u>	<u>\$ 8,011,489</u>	<u>5.04%</u>

General Fund. The General Fund is the primary operating fund of the District. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$14,833,034 while total fund balance was \$48,504,929. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total revenues. Unassigned fund balance represents 11 percent of General Fund revenues, while total assigned and unassigned fund balance represents 18 percent of that same amount.

During the current fiscal year, the total fund balance of the General Fund increased by 350,346.

Capital Projects – Public Education Capital Outlay Fund. The fund balance of the PECO Fund decreased by \$6,309,210 to \$2,965,421. This decrease was primarily due to the expenditures for Wilton Simpson Technical College.

Capital Projects – Local Capital Improvements Fund. The fund balance of the Capital Projects – Non-Voted Capital Improvements Fund increased by \$10,673,918 to \$29,391,987. This

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2024**

increase was primarily due to a decrease in transfers out for the payment of maintenance and site improvements.

Capital Projects – Other Fund. The fund balance of the Capital Projects – Other Fund increased by \$7,893,422 to \$52,736,166. This fund is restricted for educational capital outlay needs, including new construction, renovations and remodeling projects, and debt service payments.

The following schedule shows the changes in General Fund revenues and transfers in for fiscal years ended June 30, 2024 and June 30, 2023:

General Fund Revenues and Other Financing Sources	June 30, 2024	June 30, 2023	Increase (Decrease)	Percentage Change

ECONOMIC FACTORS AND FORECAST

As of June 2024, the unemployment rate for Hernando County is currently 4.9 percent, which is a increase from the rate of 4.0 percent a year ago. This compares to the State's average unemployment rate of 3.3 percent. These factors were considered in preparing the District budget for the 2024-2025 fiscal year.

During the current fiscal year, the fund balance in the General Fund increased by \$350,346 to \$48,504,929. Included in this total, the District has inventories and prepaid of \$1,373,604 that are classified as non-spendable, \$6,030,627 in State categorical funds reported as restricted, and \$250,938 in Workforce Development. Assigned fund balance includes \$23,510,643, and \$2,506,083 for health insurance rebates and profit sharing, which will be held in fund balance until appropriated. It is anticipated that this use of unassigned fund balance will be replenished at year-end through unspent appropriations and operating fund property tax revenues in excess of the budget. It is anticipated that the fund balance at June 30, 2025, will be in excess of 3 percent of General Fund revenues.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION
For the Fiscal Year Ended June 30, 2024**

Total Fund Balances - Governmental Funds	160,568,056.00
---	----------------

Amounts reported for *governmental activities* in the statement of net position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds.	439,958,723.00
--	----------------

Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	43,160,900.00
--	---------------

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	0.00
---	------

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds.	(281,866,195.00)

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2024**

Net Change in Fund Balances - Governmental Funds	13,320,937.00
---	----------------------

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as a depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period.	23,609,815.00
---	---------------

The statement of activities reflects only the gain/loss on the sale of assets, whereas the governmental funds include all proceeds from these sales. Thus, the change in net position differs from the change in fund balances by the cost of assets sold.	0.00
--	------

Revenues reported in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	241,710.00
---	------------

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds exceeded repayments in the current period.	6,545,457.00
--	--------------

Expenses in the statement of activities that do not require the use of current financial resources are not reported in the governmental funds.	(24,614,368.00)
--	-----------------

Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The net revenue of internal service funds is reported with governmental activities.	0.00
---	------

Change in Net Position of Governmental Activities	19,103,551.00

NOTES TO FINANCIAL STATEMENTS

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

The Hernando County District School Board (the Board) has direct responsibility for operation, control, and supervision of Hernando County School District (the District) schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Hernando County.

Criteria for determining if other entities are potential component units, which should be reported within the District's basic financial statements, are identified, and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the District is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading.

Based on the application of these criteria, the following component units are included within the District's reporting entity:

*** Blended Component Unit**

The Hernando School Board Leasing Corporation (the Leasing Corporation) was formed in July 2011 to facilitate financing for the acquisition of facilities and equipment as further discussed in Note 4. The governing board of the Leasing Corporation is the District's Board. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements of the Leasing Corporation are not published.

*** Discretely Presented Component Units**

The component unit columns in the government-wide financial statements include the financial data of The Hernando County Education Direct Support Organization, Inc., (the Foundation), and the following charter schools: Brooksville Engineering, Science & Technology, Inc., Gulf Coast Academy of Science and Technology, Inc., and Gulf Coast Elementary School, Inc.

The Foundation is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to receive, hold, invest, and administer property and to make expenditures to or for the benefit of the District. The Foundation is considered to be a component unit of the District because of the nature and significance of its relationship. The charter schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the *Florida Not for Profit Corporation Act*, and Section 1002.33, Florida Statutes.

The charter schools operate under a charter of the sponsoring District. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval Of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

Annual audits of the Foundation's and the charter schools' financial statements are conducted by independent certified public accountants and are filed in the District's administrative office at 919 North Broad Street, Brooksville, Florida 34601.

Basis of Presentation

*** Government-Wide Financial Statements**

Government-wide financial statements, including the statement of net position and the statement of activities, present information about the District as a whole. These statements include the non-fiduciary financial activity of the primary government and its component units.

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense associated with the District's motor vehicles is allocated to the applicable functions, while remaining depreciation expense is not readily associated with a particular function and is reported as unallocated.

Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

The effects of inter-fund activity have been eliminated from the government-wide financial statements. Inter-fund services provided and used are not eliminated in the process of consolidation.

*** Fund Financial Statements**

Fund financial statements provide detailed information about the District in the governmental and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Non-major funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliation is presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

Special Revenue – Federal Education Stabilization Fund – to account for *Federal Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) funding provided as emergency relief to address the impact of COVID-19 on elementary and secondary schools.

Capital Projects – Public Education Capital Outlay Fund – to account for financial resources generated by Legislative appropriation through the Public Education Capital Outlay

program (PECO). The State allocates PEO money to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Florida Department of Education. PECO proceeds are to be used for specific educational capital outlay needs as specified within the original appropriation.

Capital Projects – Local Capital Improvement Fund – to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payment on certificates of participation.

Special Revenue – Miscellaneous Fund – to account for resources of the Internal Accounts, which are used to administer monies collected at the District's schools in connection with school, student athletic, class and club activities and financial aid fee collections and expenditures. The fund is made up of all the Internal Account activity of the District's elementary, junior or middle, and high schools, under the supervision of the District, with individual school principals having day-to-day responsibility over their respective school.

Capital Projects – Other Capital Projects Fund – to account for the financial resources generated by the local voted sales tax and the impact fees levied by the Hernando County Board of County Commissioners. The sales tax is to be used for new school construction. The impact fees may be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments.

Additionally, the District reports the following fiduciary fund types:

Private-Purpose Trust Fund - to account for resources of the Hernando High School Renaissance Scholarship Endowment Fund, which are used for student scholarships.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. Inter-fund services provided and used are not eliminated in the process of consolidation. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements to report only the net amount of transfers.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the economic resources measurement focus and accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The District considers property taxes, sales taxes, and interest to be available if they are collected within 30 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for federal, state, and other grant resources, revenue is recognized at the time the expenditure is made.

Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, pensions, and other postemployment benefits, and compensated absences, which are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Revenues can be classified into two kinds of transactions: (a) exchange and exchange-like transactions, in which each party receives and gives up essentially equal value, and (b) non-exchange transactions, in which a government gives (or receives) value without directly receiving (or giving) equal value in exchange. Revenue resulting from exchange transactions is recorded on the accrual basis when the exchange takes place.

Revenues resulting from non-exchange transactions are further classified into: (a) derived tax revenues, (b) imposed non-exchange revenues, (c) government-mandated non-exchange transactions, and (d) voluntary non-exchange transactions. Derived tax revenues (e.g., sales tax) are recorded when the exchange transaction occurs. Imposed non-exchange transactions (e.g., property taxes) are recorded when use of the resource is required or first permitted by time requirements (e.g., for property taxes, the period for which they are levied). Government-mandated and voluntary non-exchange transactions, (e.g., Federal mandates, grants, and donations) are recorded when all eligibility requirements have been met. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

The three charter schools and the Foundation, shown as discretely presented component units, are accounted for as governmental organizations, and follow the same accounting model as the District's governmental activities.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be demand deposits. On June 30, 2024, the carrying amount of the District's bank deposit accounts was \$43,493,550 (Statement of Net Position).

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by federal depository insurance and collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

Investments

The District holds assets that are defined as investments. The District's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance in GASB Statement No. 79.

*** Fair Value Measurement**

The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Level 1 Inputs - are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

Level 2 Inputs - are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

Level 3 Inputs - are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs.

Investments consist of amounts placed in State Board of Administration (SBA) Debt Service accounts for investment of debt service moneys and amounts placed with the SBA for participation in Florida PRIME (formerly known as the Local Government Surplus Funds Trust Fund Investment Pool) investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pools operate under investment guidelines established by Section 215.47, Florida Statutes. Under the fair value hierarchy, SBA Debt Service moneys are considered to be Level 1.

The District's investments in Florida PRIME and the Florida PALM (formerly the Florida Education Investment Trust Fund (FEIT)) are external investment pools and are similar to money market funds in which shares are owned in the fund rather than the underlying investments. In accordance with GASB Statement No. 79, the investments are recorded at amortized costs.

None of the external investment pools have limitations or restrictions on participant withdrawals, including items such as redemption notices, maximum transaction amounts, and the pool's authority to impose liquidity fees or redemption gates.

The District's other investments consist of United States Treasury securities, and are reported at fair value. Under the fair value hierarchy, investments in United States Treasury securities are considered to be Level 1.

Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at average cost, except for transportation and food service inventories which are stated at last invoice, which approximates the first-in, first-out basis. The United States Department of Agriculture donate foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets acquired are reported at cost in the government-wide statement of net position, but are not reported in the governmental funds financial statements. Capital assets are defined by the District as those costing more than \$1,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement should be recorded at acquisition value.

Capital assets are depreciated using the composite method over the following estimated useful lives:

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Fixed Equipment	50 years
Improvements Other than Buildings	25 years
Furniture, Fixtures, and Equipment	7 years
Motor Vehicles	10 years

Current-year information relative to changes in capital assets is described in a subsequent note.

Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

Long-Term Liabilities

Long-term obligations that will be paid from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount. As a result of the implementation of GASB Statement No. 65, debt issuance costs (except for Bond Insurance) are no longer treated as deferred charges.

Governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued, and premiums on debt issuances, are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental funds financial statements only if it has matured, for example, unused reimbursable leave still outstanding following employee resignations and retirements.

Changes in long-term liabilities for the current year are reported in a subsequent note.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has the following items that qualify: deferred outflows related to their pensions and Other Postemployment Benefits

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

(OPEB). The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes.

In addition to liabilities, the statement of net position and the governmental funds balance sheet report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The District has financial items that qualify for reporting in this category related to unearned revenue, gain on refunding of bonds, OPEB, and pensions that are reported only in the government-wide statement of net position. In both the statement of net position and balance sheet a financial item related to unearned revenue is included. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS defined benefit plan and the HIS defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. Other items are unearned revenue from Hernando County impact fees and the State of Florida for Capital Outlay and Debt Service. The gain on refunding is related to premium on debt refunded in a prior period. This amount is recognized as a reduction of interest expense over the life of the new debt.

State Revenue Sources

Revenues from State sources for current operations are primarily from the Florida Education Finance Program (FEFP) administered by the Florida Department of Education (the Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of nine months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years.

The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical educational programs. The Department generally requires that categorical educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental funds financial statements for the balance of categorical educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

District Property Taxes

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District.

Property values are determined by the Hernando County Property Appraiser, and property taxes are collected by the Hernando County Tax Collector.

The Board adopted the 2021 tax levy on September 7, 2021. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental funds financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Hernando County Tax Collector at fiscal year-end but not remitted to the District. Millages and taxes levied for the current year are presented in a subsequent note.

Local Sales Tax

On September 8, 2015, the voters of Hernando County approved a one-half cent sales tax for ten years, commencing on January 1, 2016, to finance capital improvements to school facilities and related costs in accordance with Section 212.055(6), Florida Statutes.

Educational Impact Fees

The District receives residual educational impact fees based on an ordinance adopted by the Hernando County Commission (the County) on October 28, 1986. The fees are collected by the County and each municipality within the County for most new residential construction based on an inter-local agreement. The fees shall be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development, and shall not be used for any expenditure that would be classified as a maintenance or repair expense. The authorized uses include land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development. Because the educational impact fee is similar to a capital-type special assessment, it is reported as program revenue in the government-wide financial statements.

Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

Note 2 - Investments

Cash and Cash Equivalents and Investment Portfolio

On February 15, 2000, the District formally adopted a comprehensive investment policy, as revised on June 13, 2017, pursuant to Section 218.415, Florida Statutes that established permitted investments, asset allocation and issuer limits, credit rating requirements, and maturity limits to protect the District's cash and investment assets. The District maintains a common cash and investment pool for the use of all funds. In addition, cash and investments are separately held by the District's special revenue, debt service, and capital projects funds.

Investment Portfolio

Investment holdings, totaling \$114,680,929 (Statement of Net Position) consist of amounts placed in a Local Government Surplus Funds Trust Fund, Registered Investment Companies (Money Market Mutual Funds), an Intergovernmental Investment Pool, and U.S. Treasury Bonds.

Section 218.415, Florida Statutes, limits the types of investments that the District can invest in unless specifically authorized in the District's investment policy. The District's formal investment policy allows for the following investments: United States Government Securities, United States Government Agencies, Federal Instrumentalities, Non-Negotiable Interest Bearing Time Certificates of Deposit, Commercial Paper, Bankers Acceptances, Corporate Notes, State and/or Local Government Taxable and/or Tax-Exempt Debt, Registered Investment Companies (Money Market Mutual Funds), Local Government Surplus Funds Trust Fund (Florida PRIME), and Intergovernmental Investment Pools.

As of June 30, 2024, the District has the following investments and maturities:

<u>Security Type</u>	<u>Value</u>	<u>Weighted Average Duration</u>
External Investment Pools:		
State Board of Administration:		
Florida PRIME	\$ 53,238,715	5.49
Florida PRIME - Debt Service Accounts	13,763	0.00
Florida Palm	61,428,450	5.22
Total	<u>\$ 114,680,929</u>	5.45

The Florida PRIME (the SBA) June 30, 2024, report was the source for the weighted average maturity and credit rating for Florida PRIME. <https://prime.sbafla.com/>.

The Fund Fact Sheet as of June 30, 2024, was the source for the Florida PALM (formerly Florida Education Investment Trust Fund (FEIT)) credit rating and weighted average maturity. <https://www.fl-palm.com/>.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy limits interest rate risk by attempting to match investment maturities with known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than 24 months. Investments of bond reserves, construction funds, and other non-operating funds (core funds) shall have a term appropriate to the need for funds and in accordance

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

with debt covenants. The maturities of investments of core funds shall not exceed 5 years. Florida Palm (formerly the Florida Investment Trust Fund (FEIT)) and Florida PRIME use a weighted-average days to maturity (WAM).

The District also uses WAM as a measurement of interest rate risk and as of June 30, 2024, the investment portfolio had a weighted average measurement of 5.45 years. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's investment policy permits for investments which are limited to credit quality ratings from nationally recognized rating agencies as follows:

Commercial paper of any United States company that is rated, at the time of purchase, "Prime-1" by Moody's and "A-1" by Standard & Poor's (prime commercial paper). In addition, corporate obligations allowed are corporate obligations issued by financial institutions that participate in the Federal Deposit Insurance Corporation's (FDIC) Temporary Liquidity Guarantee Program and are fully insured by the FDIC and are guaranteed by the full faith and credit of the United States Government.

Bankers' acceptances which are issued by a domestic bank which has at the time of purchase, an unsecured, uninsured, and unguaranteed obligation rating of at least "Prime-1" by Moody's or "A-1" by Standard & Poor's.

Corporate notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum single "Aa" by Moody's and a minimum long-term debt rating of "AA" by Standard & Poor's. In addition, corporate obligations allowed are corporate obligations issued by financial institutions that participate in the FDIC's Temporary Liquidity Guarantee Program and are fully insured by the FDIC and are guaranteed by the full faith and credit of the United States Government.

State and/or local government taxable and/or tax-exempt debt, general obligation and/or revenue bonds, rated at least "Aa" by Moody's or "AA" by Standard & Poor's for long-term debt, or rated at least "MIG-2" by Moody's or "SP-2" by Standard & Poor's for short-term debt.

Registered Investment Companies (Money Market Mutual Funds) shall be rated "AAAm" by Standard & Poor's or the equivalent by another national rating agency.

Investment pools shall be rated "AAAm" by Standard & Poor's or the equivalent by another rating agency.

As of June 30, 2024, \$114,680,929 of the District's investment securities were individually rated "AAAm" by Standard & Poor's.

The District's bank balance of \$43,493,550 was deposited in a qualified public depository, as required by Chapter 280, Florida Statutes.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District's investment policy pursuant to Section 218.415(18), Florida Statutes, requires securities, with the exception of certificates of deposits, shall be held with a third-party custodian; and all securities purchased by, and all collateral obtained by the District should be properly designated as an asset of the District. The securities must be held in an account separate and apart from the assets of the financial institution. A third-party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and is doing business in the State of Florida. Certificates of Deposit will be placed in the provider's safekeeping department for the term of the deposit.

As of June 30, 2024, the District's investment portfolio was held with a third-party custodian as required by the District's investment policy.

Concentration of Credit Risk

The District's investment policy has established asset allocation and issuer limits, which are designed to reduce concentration of credit risk of the District's investment portfolio, for the following investments:

A maximum of 100% of available funds may be invested in the United States Government Securities, 50% of available funds may be invested in United States Government agencies with a 25% limit on individual issuers, 75% of available funds may be invested in Federal Instrumentalities with a 25% limit on individual issuers, 75% of available funds may be invested in non-negotiable interest bearing time certificates of deposit, 30% of available funds may be invested in Commercial Paper with a 10% limit on individual issuers, 25% of available funds may be invested in Corporate Notes with a 5% limit on individual issuers, 25% of available funds may be invested in State and/or Local Government Taxable and/or Tax-Exempt Debt with a 10% limit on individual issuers, 50% of available funds may be invested in Registered Investment Companies (Money Market Mutual Funds) with a 40% limit of individual issuers, and 50% of available funds may be invested in Intergovernmental Investment Pools with a 50% limit of individual users.

Note 4 - Certificates of Participation

The District entered into various financing arrangements each of which was characterized as a financed-purchase agreement, with the Florida School Boards Association, Inc., whereby the District secured financing of various educational facilities in the total amount of \$30,000,000 for the Certificates of Participation, Series 2003A; \$106,670,000 for the Certificates of Participation, Series 2005; and \$29,162,000 for the Certificates of Participation, Series 2013A. The Certificates of Participation, Series 2013A were used to advance refund the outstanding Certificates of Participation, Series 2003A. The financings were accomplished through the issuance of Certificates of Participation to be repaid from the proceeds of the District.

On August 10, 2011, the Florida School Boards Association, Inc., irrevocably assigned to the Leasing Corporation all of its rights, title, and interest under the Master Trust Agreement and the Ground Lease Agreements, no amounts are paid between the blended entities.

As a condition of the financing arrangement, the District has provided the agreement for District property to the Leasing Corporation, with terms ranging from 20 to 30 years.

The properties covered by the agreement are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the agreements and to provide the rent payments through to term, the District may be required to surrender the sites included under the agreements for the benefit of the securers of the certificates for a period of time specified by the arrangement, which may be up to 35 years from the date of inception of the arrangements.

The District properties included in the arrangement include land on which the projects have been constructed. The projects related to the agreement are as follows:

Series 2005 Certificates

Explorer K-8 School
Winding Waters K-8 School
Grade Specific Additions to Pine Grove Elementary
School, West Hernando Middle School, and
Central High School
Improvements and Additions to Hernando High School
Improvements and Additions to Springstead High School
Improvements and Additions to Spring Hill Elementary School

Series 2013 Certificates

Challenger K-8 School of Science and
Mathematics

The payments for the 2016A and 2013A Series are payable by the District, semiannually, on July 1 and January 1, at interest rates ranging from 2.08% to 5%. The payment of principal and interest on the bonds underlying the agreements are due on July 1 and January 1 of each year. The July 1 payment is typically made on or around June 15 and is considered to be a reduction of bond principal as of June 30.

District Revenue Bonds

*** Refunding and Capital Improvement Revenue Bonds, Series 2001**

These bonds were issued in June 2001 to refund the Refunding and Improvement Revenue Bonds, Series 1992, and to finance the costs of various capital improvements within the District. These bonds were authorized by Chapter 79-471, Laws of Florida, which provides that the bonds be secured from racetrack funds and jai alai fronton funds accruing annually to the District from the State's Pari-Mutuel Tax Collection Trust Fund pursuant to Chapter 550, Florida Statutes (effective July 1, 2000, tax proceeds are distributed pursuant to Section 212.20(6) (d) 7.a., Florida Statutes (2001), now Section 212.20(6) (d) 6.a., Florida Statutes (2014). The annual distribution is remitted by the Florida Department of Financial Services to the District.

The District has pledged as sole security for the bonds, the entire annual pari-mutuel tax proceeds of \$209,750, which is remitted by the Florida Department of Financial Services to the District. The pledged revenue is committed until final maturity of the debt, or December 1, 2031. Approximately 98% of this revenue stream has been pledged in connection with the debt service on the revenue bonds. As required by the bond resolution, the District has established the sinking fund and reserve account and has accumulated and maintained adequate resources in the sinking fund and reserve account.

The Series 2001 bonds, totaling \$3.3 million, were issued to provide funds, together with other available funds of the Board, sufficient to refund the District's outstanding Refunding Revenue Bonds, Series 1990, and finance the costs of acquisition, construction, and installation of, and renovation to, certain capital improvements and educational facilities within the District, and pay costs associated with the issuance of the bonds.

District Bonds

*** District Bonds, Financing Arrangement**

These bonds were issued April 2022 for the purchase of school buses in the amount of \$5,960,850. The buses were ordered during the fiscal year but were not received.

Note 8 - Fund Balance Reporting

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Statement No. 54), provides a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

GASB Statement No. 54 provides two major types of fund balances, which are non-spendable and spendable. Non-spendable fund balances are balances that cannot be spent because they are not expected to be converted to cash, or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District has inventory items that are considered non-spendable. The District has no non-spendable funds related to endowment.

Spendable fund balances are classified based on a hierarchy of spending constraints. The District has classified the spendable fund balances as Restricted, Committed, Assigned, and Unassigned and considers each to have been spent when expenditures are incurred. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, and unassigned resources are available for use in governmental fund financial statements, it is the District's policy to use committed resources first, followed by assigned resources, and then unassigned resources as they are needed.

Restricted - The portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations or other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraints on the use of fund balance. The District classifies most of its fund balances other than General Fund as restricted, as well as, unspent State categorical and earmarked education funding that are legally or otherwise restricted. State Categorical funds represent amounts provided the State of Florida to qualifying schools or districts for specific children with special needs, certain programs, or special purposes such as transportation. Unspent State Categorical funds are restricted until utilized for those express purposes. The District's restricted fund balance total is \$118,131,467, which represents \$6,030,627 in State Categorical programs, \$250,938 for workforce development programs, \$12,258,731 for food services, \$7,638,296 for debt service, \$89,325,071 for capital projects, and \$2,627,804 for Internal Accounts.

Committed - The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the highest level of decision-making authority (i.e., resolution that is approved by a majority vote of the Board at a public meeting). These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same action it employed to previously commit the amounts. At the end of the fiscal year, there were no commitments.

Assigned - The portion of fund balance that is intended to be used for specific purposes, but is neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by an authorized government body or official, but the constraint imposed does not satisfy the criteria to be classified as restricted or committed. At fiscal year-end, the assigned fund balance is \$26,016,726 which consists of \$23,510,643 assigned for District project carryforwards, and \$2,506,083 for health insurance rebates received to be used for premium increases.

Unassigned - The portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. Fund balance of the General Fund that is not constrained for any particular purpose. The General Fund is the only fund that reports a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund. The unassigned fund balance for the General Fund is \$14,833,034.

A. Florida Retirement System (FRS) – Defined Benefit Pension Plans

General Information about the FRS

Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, *Florida Administrative Code*; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other non-integrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services website (www.dms.myflorida.com).

FRS Pension Plan

*** Plan Description**

The FRS Pension Plan (the Plan) is a cost-sharing, multiple-employer defined benefit pension plan, with the DROP for eligible employees. The general classes of membership are as follows:

Regular Class - Members of the FRS who do not qualify for membership in the other classes.

Elected County Officers Class - Members who hold specified elective offices in local government.

Senior Management Service Class (SMSC) - Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

NOTES TO FINANCIAL STATEMENTS

*** Benefits Provided**

Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class Members Initially Enrolled Before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class Members Initially Enrolled On or After July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

*** Contributions**

The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2023-2024 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00	10.19
FRS, Elected County Officers	3.00	55.28

Notes:

- (1) Employer rates include 1.66% for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06% for administrative costs of the investment plan.
- (2) Contribution rates are dependent upon the retirement class in which reemployed.

*** Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2024, the District reported a liability of \$101,749,227 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The District's proportionate share of the net pension liability was based on the District's 2023-24 fiscal year contributions of all participating members. At June 30, 2023, the District's proportionate share was 0.25535083700%, which was a decrease of 0.01237792400 from its proportionate share measured as of June 30, 2022.

For the fiscal year ended June 30, 2024, the District recognized the Plan pension expense of \$16,915,463. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 9,553,374	\$ -
Changes in Assumptions	6,632,859	-
Net Difference Between Projected and Actual Earnings on FRS Pension Plan Investments	4,249,323	-

District FRS Contributions Subsequent to the Measurement Date	14,154,080	
	<u>\$ 39,750,383</u>	<u>\$ (3,053,209)</u>

The deferred outflows of resources related to pensions, totaling \$14,154,080 resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial Assumptions

The total pension liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment Rate of Return	6.70 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table projected generationally with Scale MP-2018.

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	2.9%	2.9%	1.1%
Fixed Income	19.8%	4.5%	4.4%	3.4%
Global Equity	54.0%	8.7%	7.1%	18.1%
Real Estate (Property)	10.3%	7.6%	6.6%	14.8%
Private Equity	11.1%	11.9%	8.8%	26.3%
Strategic Investments	3.8%	6.3%	6.1%	7.7%
Total	100.00%			

Assumed inflation - Mean

Note: (1) As outlined in the Plan's investment policy.

* Discount Rate

The discount rate used to measure the total pension liability was 6.70%. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

* Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.70%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.70%) or 1 percentage-point higher (7.70%) than the current rate:

HIS Pension Plan

* **Plan Description**

The HIS Pension Plan (the HIS Plan) is a cost-sharing, multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

* **Benefits Provided**

For the fiscal year ended June 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

* **Contributions**

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2024, the contribution rate was 1.66% of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100% of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

* **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources Related to Pensions**

At June 30, 2024, the District reported a net pension liability of \$55,987,988 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within one year, net of the District's proportionate share of the pension plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The District's proportionate share of the net pension liability was based on the District's 2013-2018 fiscal year contributions relative to all participating members. At June 30, 2024, the District's proportionate share was 0.35253958400%, which was a decrease of 0.00718988600 from its proportionate share measured as of June 30, 2023.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

For the fiscal year ended June 30, 2024, the District recognized pension expense of \$4,637,189 related to the HIS Plan. In addition, the District reported deferred outflows of resources relate to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual

The deferred outflows of resources totaling \$3,001,345 resulting from District Contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Total	<u>(2,335,605.00)</u>

*** Actuarial Assumptions**

The total pension liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases	3.25%, average, including inflation
Municipal Bond Rate	3.54%

Mortality rates were based on PUB-2010 base table projected generationally with Scale MP-2018.

While an experience study had not been completed for the Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

*** Discount Rate**

The discount rate used to measure the total pension liability was 3.65%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. B. FRS – Defined Contribution Pension Plan

The District contributes to the FRS Investment Plan (the Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature.

The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2023-2024 fiscal year were as follows:

Class	Percent of Gross Compensation
FRS, Regular	8.28
FRS, Elected County Officers	47.46
FRS, Senior Management Service	25.57

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS

transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2024, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$5,730,093 for the fiscal year ended June 30, 2024.

Note 13 - OPEB Payable

Plan Description

The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the District and eligible dependents may continue to participate in the District's fully insured group health plan. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report and is not included in the report of a Public Employee Retirement System or another entity. OPEB Plan members receiving benefits contributed from \$760 to \$884 per month for retiree-only coverage and from \$1,446 to \$1,683 for retiree and spouse coverage, depending on the health plan selected.

*** Funded Status and Funding Progress**

As of June 30, 2022, the most recent actuarial valuation date accrued liability for benefits was \$8,797,572, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$8,797,572 and a funded ratio of 0.00%. The covered employee payroll (annual payroll of active participating employees) was \$117,873,547 for the 2023-2024 fiscal year, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 7.46%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the OPEB Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress presents multiyear trend information about whether the actuarial value of the OPEB Plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. The schedule of funding progress can be found on page 68 of this report.

*** Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of the assets, consistent with the long-term perspective of the calculations.

The District's OPEB actuarial valuation as of June 30, 2023, used the projected unit credit actuarial cost method to estimate the unfunded actuarial accrued liability as of June 30, 2023, and to estimate the District's 2023-2024 fiscal year annual required contribution. Because the OPEB liability is currently unfunded, the actuarial assumption included a 2.40 rate of return on invested assets. The actuarial assumptions also included a payroll growth rate of .85% and a wage inflation weight of 3.25% annually and an annual healthcare cost trend of 6.75% for the 2023 fiscal year, reduced by 4.40% per year, to an ultimate rate of 5% after 6 years.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on an open basis over a 30-year period. The remaining amortization period at June 30, 2023, was 30 years. In addition, the actuarial accrued liability is determined using the “entry age normal” method. Under this method, the accrued liability is the difference between the present value of expected future benefits payable and the present value of expected future normal costs.

Discount Rate. There are no invested plan assets held in trust to finance the OPEB Plan liability. The discount rate used equals the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA rating as of the measurement date. For the purpose of the OPEB Plan valuation, the municipal bond rate was 3.54% (based on the daily rate closest to, but not later than, the measurement date of the “Fidelity General Obligation AA Index”). The discount rate was 3.65% as of the beginning of the measurement period.

The District’s annual OPEB expense totaled \$(471,710) for the fiscal year ended June 30, 2024. At June 30, 2024, the District reported deferred outflows and inflows of resources related to the OPEB Plan liability from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$	\$ 901,500

District Contributions Subsequent to the Measurement Date	619,801	
	<u>\$ 1,240,580</u>	<u>\$ 6,195,395</u>

The deferred outflows of resources related to pensions, totaling \$619,801 resulting from District contributions to the OPEB Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Note 14 - Commitments and Contingencies

Encumbrances - The District uses encumbrance accounting for recording purchase order commitments for goods and services. At June 30, 2024, encumbrances totaled \$0 within the General Fund. There were construction commitments for various school construction projects at fiscal year-end.

The District has modified operations to adapt to the restricted environment, including instituting cost reducing measures. While financial markets experienced a temporary decline, many of the financial asset values had recovered by June 30, 2024.

Note 15 - Membership in Non-Profit Corporation

The District participated in a non-profit electric cooperative, the Withlacoochee River Electric Cooperative, Inc. (the Cooperative), established under the provisions of Chapter 425, Florida Statutes. In accordance with this Statute, revenues in excess of operating expenses, unless determined by a vote of the membership, are distributed by the Cooperative on a pro rata basis to its members. The policy of the Cooperative is to credit the excess revenues to members' accounts. Capital credits are distributed only after the Cooperative attains a certain margin of profit required by the Rural Electrification Administration. At June 30, 2024, the accumulated credits to the District's account are \$5,501,966 during the 2023-2024 fiscal year, the District received \$241,710 in capital credits.

Note 16 - Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a participating district of the North East Florida Educational Consortium (the Consortium) under which several district school boards have established a combined limited self-insurance program for property protection, general liability, automobile liability, workers' compensation, money and securities, employee fidelity and faithful performance, boiler and machinery, and other coverage deemed necessary by the members and participants of the Consortium. Section 1001.42(12) (k), Florida Statutes, provides the authority for the District to enter into such a risk management program. The Consortium is self-sustaining through member and participant assessments (premiums), and purchases coverage through commercial companies for claims in excess of

specified amounts. Reinsurance from commercial companies provided excess property coverage of up to \$75 million during the 2023-2024 fiscal year, which is the same excess property coverage provided during the 2023-2024 fiscal year. The Board of Directors for the Consortium is composed of superintendents of all member districts. The Putnam County District School Board serves as fiscal agent for the Consortium. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. Health and hospitalization coverage is being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past three fiscal years.

Note 17 - Litigation and Contingencies

The District is subject to potential litigation in the normal course of business. It is the opinion of management, after giving consideration to the District's related insurance coverage, as well as the Florida statutory limitations on governmental liability on uninsured risks, that the amount of losses resulting from litigation, which exceed the above-mentioned limits, would not be material to the financial position of the District.

Amounts received or receivable from grantors are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures, which may be disallowed by grantors, cannot be determined at this time. In the opinion of the management of the District, no material refunds will be required as a result of expenditures disallowed by grant.

Notes:

- (1) **Basis of Presentation.** The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Hernando County District School Board under programs of the Federal Government for the fiscal year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles*, and *Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position.
- (2) **Summary of Significant Accounting Policies.** Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (3) **Indirect Cost Rate.** The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.

BOARD MISSION

The Hernando County School District collaborates with parents and other community stakeholders to effectively prepare all students for a successful transition into a diverse and changing world.
