Principal's Report

A town hall meeting (Board of County Commissioners) is held at the cafeteria on November 12th. Athletic events are also held on campus. Someone has to 'man' all gates during this event. Gate workers are being paid to 'man' the gates. The funds to pay for gate workers come out of athletic funds.

The county owns the property behind WWHS. The new building will be built near Winding Waters, and they will break ground in January. The building may belong to WWHS. No impact on drop off/pick up will occur.

WWHS students are taking the PERT this week. Guidance will hold informational nights for DE (Dual Enrollment) and an AP (Advanced Placement). The meetings will be held mid-December or early January.
