This tabulation establishes a contract with pre-qualified service providers/contractors to provide charter bus transportation service at firm fixed pricing. Contractors shall be required to provide a safe, reliable and comfortable charter bus service appropriate to the specific needs of each site for such occasions as athletic events, field trips, and other extracurricular activities. It is anticipated that trip itineraries shall vary by vehicle type and size, service duration, and other requirements. Trips normally will be scheduled on school days but will include weekday evenings, weekends, and overnight stays. All orders for services shall be made on an as-needed basis throughout the term of contract and shall require service response at any school and support facility within the District.

Rates provided are to include all fees associated with the trip (i.e. fuel, driver fees/gratuities, mileage, tolls, etc.), as well as deadhead time. No additional fees or gratuities shall be included when providing quotes to service sites.

Note: Cancellations due to Force Majeure (Acts of God) or circumstances beyond reasonable control of either party are exempt from cancellation fees.

The charter company's signed submitted, District issued purchase order and trip quote shall serve as the complete contract between the parties for each trip.
