

# ARLENE COTTO

## Floyd Elementary

– “Mrs. Cotto has a mission to make math fun! The last few years she has spearheaded, motivated and energized our math leadership team. She had helped to make our family math nights a fun filled evening of the great math adventures. The themes of Wild, Wild West and Mardi Gras were math-a-magical! This year she began by getting staff volunteering for the Crazy Eight Math Club after-school. The students love this engaging and exciting club. Mrs. Cotto is amazing.”
