

BRITTANY STATUTO

Challenger K-8

"Mrs. Statuto is a genuinely loving teacher who goes above and beyond to meet her student's needs. She builds relationships that reach beyond the classroom for years after the student has moved on in grade level. She works with myself and our other co-teacher Ms. Silva, in a true coteach model. She works seamlessly to fill in gaps, accommodate, or take time to work individually with those students needing it--not only for her ESE population but also for the entirety of the Gen-Ed students as well. She exemplifies the team-oriented mindset that is the foundation for our classroom. We are so lucky to have her, as are the students."
