

KACIE CALHOUN

Challenger K-8

"Ms. Calhoun is the best teacher because she is the nicest. I was happy to go to school every day to see Ms. Calhoun. She also taught me fractions in kindergarten."

- Former Student

"Mrs. Calhoun goes over and above for all of her students past and present. She holds a family BBQ for our former Kindergarten students every summer to kick off their next journey to 1st grade. She creates an incredible loving and student-centered environment that feels more like a home than a classroom. She is also a great team player helping out wherever she is needed. Her car is usually the last one in the parking lot during the work week and the only car in the parking lot on weekends and over holiday breaks as she is constantly working on activities to enrich the love of learning in her students. Students go back and visit her every single day. Our 8th grade mentors love going back to their kindergarten classroom to help their favorite teacher!"

- Rosemarie Maiorini, CK8 Principal
