Hernando County School District, 919 North Broad Street, Brooksville, FL 34601, (352) 797-7000

A MESSAGE FROM THE SUPERINTENDENT

The Hernando School District has updated its Student Code of Conduct for the 2025-26 school year. The Code of Conduct outlines rules and expectations for student behavior on campus, during school activities, and at school-related events. This code was developed by a committee comprised of school staff, administrators, and parents to set clear guidelines and expectations that play a vital role in promoting a positive school culture.

The framework of our code of conduct aptly reflects our district's priority of maintaining a safe and healthy learning environment and ensures time spent at school is safe for everyone and focused on learning. We are committed to upholding the values of accountability and responsibility and will remain dedicated to the fair enforcement of this code.

Fostering a safe and supportive learning environment is a shared effort between all members of the school community, including students, parents, teachers, and administrators. I encourage you to take part in this mutual effort by reviewing the 2025-26 Student Code of Conduct with your student and aligning your own expectations for their behavior at school. By working together, we can ensure our students receive the support they need to continue pursuing enriching academic endeavors.

Mission

The Hernando County School District collaborates with students, parents and other community stakeholders to effectively prepare all students for a successful transition into a diverse and changing world.

Vision

To inspire and support the pursuit of individual greatness.

Code of Civility

The education of a child happens only through partnership, and among partners must be the child, the school faculty and staff, the parent(s) or guardian(s), the community and district office employees. Partnership is an active state that includes sharing responsibilities, meaningful communication and welcomed participation.

When people who are working together agree, the partnership runs smoothly. But no two people will always agree and that can make partnership difficult. The partnership is most powerful – as children are educated to reach their potential – when we agree on how to disagree. We must be civil in our discourse.

Civility is often described by its absence. We hear of harmful actions such as road rage, physical confrontation, ethnic stereotypes and slurs. But civility is not just an absence of harm. It is the affirmation of what is best about each of us individually and collectively. It is more than saying “please” and “thank you.” It is reflecting our respect for others in our behavior, regardless of whether we know or like them. It also is not simply being politically correct and is not to be used to stifle criticism or comment. It is being truthful and kind and is each of us taking responsibility for our own actions rather than blaming others.

As we communicate with each other, we need to remember that we are working together to benefit the children of this community.

Therefore, the Hernando County School Board requires that as we communicate, students, HCSD faculty and staff, parents, guardians and all other members of the community shall:

1. Treat each other with courtesy and respect at all times.

This means that:

- We listen carefully and respectfully as others express opinions that may be different from ours.
- We share our opinions and concerns without loud or offensive language, gestures or profanity.

2. Treat each other with kindness.

This means that:

- We treat each other as we would like to be treated.
- We do not threaten or cause physical or bodily harm to another.
- We do not threaten or cause damage to the property of another.
- We do not bully, belittle or tease another and we do not allow others to do so in our presence.
- We do not demean and are not abusive or obscene in any of our communications.

3. Take responsibility for our own actions.

This means that:

- We share information honestly.
- We refrain from displays of temper.
- We do not disrupt or attempt to interfere with the operation of a classroom or any other work or public area of a school or school facility.

4. Cooperate with one another.

This means that:

- We obey school rules for access and visitation.
- We respect the legitimate obligations and time constraints we each face.
- We notify each other when we have information that might help reach our common goal. This will include information about safety issues, academic progress, changes that might impact a student's work or events in the community that might impact the school.
- We respond when asked for assistance.
- We understand that we do not always get our way.

Authority and Enforcement of the Code of Civility

Authority and enforcement of a code for civil conduct ultimately depends on the individual and collective will of those involved – students, HCSD faculty and staff, parents, guardians and all other members of the community. However, individuals need to know how to respond to uncivil behavior and how such behavior will be responded to. The school board does not condone a lack of civility by anyone.

Therefore:

1. A student who believes that he or she has not been treated in a manner reflective of the Code of Civility should report such behavior to the appropriate school administrator.
2. A parent, guardian or community member who believes that he or she has not been treated in a manner reflective of the Code of Civility should report such behavior to the staff member's immediate supervisor.
3. An employee who believes that he or she has not been treated in a manner reflective of the Code of Civility should use the following guidelines:
 - A. If personal harm is threatened, the employee may contact law enforcement.
 - B. Anyone on school district property without authorization may be directed to leave the premises by an administrator or security officer. Anyone who threatens or attempts to disrupt school or school district operations, physically harm someone, intentionally cause damage, uses loud or offensive language, gestures, profanity or shows a display of temper may be directed to leave the premises by an administrator or security officer.
 - a. If such person does not immediately and willingly leave, law enforcement shall be called.
 - C. If a telephone call recorded by an answering machine, email, voice mail message or any type of written communication is demeaning, abusive, threatening or obscene the employee is not obligated to respond.
 - a. If personal harm is threatened, the employee may contact law enforcement.
 - b. The employee shall save the message and contact his or her immediate supervisor or school district security.
 - D. If any member of the public uses obscenities or speaks in a demeaning, loud or insulting manner, the employee to whom the remarks are directed shall take the following actions:
 - a. Calmly and politely ask the speaker to communicate civilly.
 - b. If the verbal abuse continues, give appropriate notice to the speaker and terminate the meeting, conference or telephone conversation.
 - c. If the meeting or conference is on school district premises, request that an administrator or authorized person direct the speaker promptly to leave the premises.
 - d. If the speaker does not immediately leave the premises, an administrator or other authorized person shall notify law enforcement to take any action deemed necessary.

Introduction

The Hernando County School District collaborates with parents and other community stakeholders to effectively prepare all students for a successful transition into a diverse and changing world. With this vision in mind, The Hernando County School District has developed the Student Code of Conduct to clearly communicate the behavioral expectations necessary for maintaining a safe and orderly learning environment.

The Student Code of Conduct applies to all students enrolled in the Hernando County School District.

Students enrolled in the Hernando County School District are subject to the law, rules, regulations, and policies of the State of Florida and the School Board of Hernando County, Florida, anytime:

1. a student is on school board-owned property;
2. a student is attending school;
3. a student is being transported to or from school or school-sponsored events at public or school expense;
4. and a student is in attendance at, or participating in, a school-sponsored activity.

All students are subject to the immediate control and direction of teachers, staff members, or bus drivers to whom such responsibility has been assigned by the principal or the principal's designee.

The term “parent” wherever used in this document shall include a student’s parent or parents, legal guardian, legal custodian, or adult recognized by the student’s school as acting “in loco parentis”.

**** PARENT NOTICE ****

If your child commits two or more Level III offenses with documentation of interventions, or any Level III offense that results in injury or campus disruption or one Level IV violation, the result will be immediate administrative action, removal of your child from school and/or recommendation for expulsion. Please refer to pages 12 through 37 of this Student Code of Conduct for specific offenses.

Furthermore, any student who has been determined to have committed a repeat offense of bullying will be subject to this same administrative action. Refer to Appendix A.

Students will be disciplined as outlined in the Student Code of Conduct. Some acts may warrant law enforcement investigation, and there may be additional consequences for acts that violate the law.

Electronic communication and all other forms of communication that take place on or off of school grounds, with students' personal property (non-school property) and causes a major disruption on school campus, will result in disciplinary action.

A parent conference must be held with school administration for any major infraction prior to student returning to school.

Restraint

1. All efforts should be made to contact a parent for assistance with de-escalation prior to a student restraint.
2. For an incident where a student is restrained, the parent must be contacted by telephone, email (or both), as soon as possible, but prior to the end of the school day.

Zero Tolerance:

Zero Tolerance for School Related Violent Crimes: The Hernando County School District believes that all students are entitled to attend schools that are safe and orderly and which provide an environment that fosters learning and high academic achievement. The district will not tolerate the presence of persons who engage in violent criminal acts on school property, on school sponsored transportation, or during school sponsored activities. (F.S 1006.13) The Legislature finds that zero tolerance policies are not intended to be rigorously applied to petty acts of misconduct and misdemeanors, including, but not limited to, minor fights or disturbances.

A threat management team may use alternatives to expulsion or referral to law enforcement agencies to address disruptive behavior through restitution, civil citation, teen court, neighborhood restorative justice, or similar programs. Zero-tolerance policies must apply equally to all students regardless of their economic status, race or disability.

Each district school board shall adopt a policy of zero tolerance that:

- a. Identifies acts that are required to be reported under the school environmental safety (SESIR) incident reporting pursuant to s. 1006.07(9).
- b. Defines acts that pose a threat to school safety
- c. Defines petty acts of misconduct which are not a threat to school safety and do not require consultation with law enforcement
- d. Minimizes the victimization of students, staff, or volunteers, including taking all steps necessary to protect the victim of any violent act from any further victimization. In a disciplinary action, there is rebuttable presumption that the actions of a student who intervened, using only the amount of force necessary, to stop a violent act against a student, staff, or volunteer were necessary to restore or maintain the safety of others.
- e. Establishes a procedure that provides each student with the opportunity for a review of the disciplinary action imposed pursuant to s. 1006.07.
- f. Requires the threat management team to consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act that would pose a threat to school safety.

The School Board has determined that the following acts constitute threats to school safety:

- | | |
|--|---|
| - Aggravated battery | - Homicide |
| - Armed robbery | - Possession, use or sale of any explosive device |
| - Arson | - Possession, use or sale of any firearm |
| - Battery or aggravated battery on a teacher or other school personnel | - Sexual battery |
| - False Alarms, including but not limited to, pulling fire alarms | - Victimization |

**Any student who has been found to have committed one of the enumerated felony offenses in Florida Statutes and has a No Contact Order issued by a judge, will be removed from the school of attendance and transferred to a different school in the district, or must be separated from the victim(s) and the victims' siblings in school and on school transportation.*

Firearms:

A Student shall not bring, possess, handle or transport firearms on any District School Board of Hernando county school or campus, at any school function, or on any school sponsored transportation. A Junior ROTC or color guard, pre-approved activity, exemption may apply.

All students are subject to the policies and penalties stated in this Student Code of Conduct. For the purposes of this

policy, the word student shall mean, but not be limited to, any preschool, elementary, middle, high, secondary, vocational or post-secondary student of a school maintained and operated by the District School Board of Hernando County.

- Violation of this rule will result in automatic out-of-school suspension and possible expulsion. Criminal prosecution is also likely in these instances.

Any student who is determined to have brought a firearm as defined in 18 U.S.C.s. 921 (United States Code) or Florida Statute 790, to any District School Board of Hernando County school or campus, at any school function, or on any school sponsored transportation, will be recommended for expulsion, with or without continuing educational services from the student's regular school for a period of not less than (one) full year and referred for criminal prosecution.

The Superintendent, his designee, and/or the School Board may consider extenuating circumstances in determining the length and type of expulsion. (F.S. 1006.07)

Weapons:

A student shall not bring, possess, handle or transport weapons to or on any District School Board of Hernando County school or campus, at any school function or on any school sponsored transportation.

Florida Statute 790 and the School Board define the term "weapon" to include the following non-exclusive list of items:

- "antique firearm", "tear gas gun", "chemical weapon or device", "dart-firing stun gun", "destructive device", "electric weapon or device", "explosive", "firearm", "handgun", "machine gun", "short-barreled rifle", "short-barreled shotgun", "slungshot", "dirk", "knife", "sword", "sword cane", "razor blade", "box cutter", "metallic knuckles", "billie",
- or any other deadly weapon, or object that's capable of being utilized as a deadly weapon, except a common pocketknife, plastic knife or a blunt-bladed table knife.

Violation of this rule will result in disciplinary action, which may include out-of-school suspension and possible expulsion. Criminal prosecution is also likely in these instances. (F.S.790.001)

Infractions that require Expulsion or One Year Placement in an Alternative Setting: Per Florida Statute 1006.07

This policy shall be applied consistently with all applicable school board, state and federal laws. Students who persistently engage in substantiated bullying behavior will be subject to possible expulsion. See Appendix A.

III. INTERVIEWS/INVESTIGATIONS

A. Administrative

School administration, which may include the School Resource Officer/Guardian, has the right and duty to interview students who are subjects and/or potential witnesses to possible violations of the Student Code of Conduct **without** notifying parent(s). The identity of witnesses will be protected to the greatest extent possible.

B. Written Threats to Commit Mass Violence

In accordance with Florida Statute 836.10, any written or electronic threats to commit mass violence are considered a felony offense. Arrests for such offenses will require an administrative hearing and disciplinary action, regardless of whether the offense occurs on or off campus, as it poses a significant threat to school safety.

Florida Statute 836.10 states that it is unlawful for any person to send, post or transmit, or procure the sending, posting, or transmission of, a written or other record, including an electronic record, in any manner in which it may be viewed by another person, when in such writing or record the person makes a threat to:

- Kill or do bodily harm to another person; or
- Conduct a mass shooting or an act of terrorism.

C. Criminal Offenses On School Campus

School administration has the right to request the assistance of law enforcement to investigate crimes or allegations of a crime committed at school, on a school bus or at a school sponsored activity. If school administration requests assistance, a law enforcement officer may conduct a general investigation and interview students (witnesses and suspects) during the school day. School administration shall be present during the interviews. If the investigation determines that a particular student is a suspect then the parent(s) will be notified.

D. Criminal Offenses Off School Campus

The school administrator shall make every attempt to contact the student's parent(s) before permitting law enforcement to interview a child when the student is a suspect in a criminal investigation for an offense that occurred off school property. When the parent(s) can be reached they will be informed that law enforcement is planning to interview the student and be given a reasonable time to appear before the student is interviewed. School administration shall be present during the interview if the parent(s) cannot be contacted. At the high school level, the student has the right to request that school administration not be present during the interview.

When a student is being interviewed as a victim or witness in a criminal case that occurred off campus, the parent(s) must be notified before permitting the child to be interviewed. Attempts must be documented and if the parent(s) cannot be contacted the school administration shall be present during the interview.

E. Child Abuse

If a student is a suspected victim in a child abuse investigation, school administration may **not** contact the parent(s). This is the sole responsibility of the Department of Children and Family investigator. School administration or their designee may be present, in accordance with Florida statutes, if requested by the student and approved by the DCF /law enforcement official conducting the interview.

F. Removal of a Student from School

A student has certain rights when an officer of the court (law enforcement, Department of Children and Families Investigator/Case Worker) wishes to remove the student from school premises.

1. A student can be removed from campus by law enforcement under the following circumstances:
 - a. With consent from the parent
 - b. To ensure compliance with a subpoena requiring the student to appear in a court proceeding
 - c. In response to a court order authorizing the student's being taken into custody;
OR
 - d. When the student is subject to criminal arrest due to probable cause.School administration should verify the time of removal and that the School Resource Officer has informed the parent(s).
2. When a law enforcement officer/DCF investigator informs school administration that the child needs to be removed pursuant to Florida Statutes, the officer/investigator shall be permitted to do so. The officer/investigator will be responsible for notifying the parent(s). The officer/investigator should follow established sign out procedures. School administration should document the time of removal.

IV. SEARCHES

A. Locker/Vehicle Search

The school administration maintains authority over lockers and desk spaces provided to students and oversees the admission and parking of vehicles on school premises. As a result, principals are empowered and obligated to inspect and search students' lockers, desks, and both student and non-student vehicles if, there is reasonable suspicion of the presence of a prohibited or illegally possessed substance or objects such as weapons within those areas, as outlined in Florida Statue 1006.9 (9). Furthermore, the school may employ the use metal detectors and trained dogs to screen for prohibited weapons and substances. Vehicles brought on school grounds by students are subject to the same criteria for searches as students' personal belongings. If a request to search a vehicle on school premises is denied by the student, parent, or vehicle owner, administration has the right to terminate the student's privilege of bringing a motor vehicle on to school premises. The above actions are taken in accordance with the school's responsibility to uphold discipline and ensure the health and safety of students and the school community. Any items discovered during such searches may be handed over to law enforcement for further investigation and could lead to criminal or juvenile court proceedings, as well as school disciplinary actions.

B. Personal Search

Students and their possessions may be searched by school administrators and/or designee with or without the student's permission, if school administrators have reasonable suspicion that the safety and well-being of that student or other people in the school are in jeopardy, or if the student is suspected to be in possession of a prohibited or illegally possessed substance or objects such as a weapon. If the illegal items are located by school administrators during the search, these items will be turned over to law enforcement for investigation. Furthermore, the school may employ the use metal detectors to screen for prohibited weapons and prohibited items. If the student refuses or parent denies the student to be searched, this may result in a Level III for Gross Insubordination.

House Bill 1537: Any search of a student's personal belongings, including a purse, backpack, or book bag, must be conducted discreetly to maintain the privacy of the student's personal items within such belongings. Personal items that are not prohibited on school grounds must be immediately returned to the student's personal belongings.

C. Canine Search

A trained sniff-screening dog can be walked around school lockers, school grounds or vehicles in the school parking lot without violating student's constitutional rights. Students cannot be detained without reasonable suspicion while the dog is sniffing. For example, walking a trained sniff-screening dog around a student's vehicle in a school parking lot while the student is in class is permissible; however, detaining the same student in the school parking lot, without reasonable suspicion, while a trained sniff-screening dog walks around the student's car is not permissible. An alert by a trained sniff-screening dog that drugs or weapons may be present in a particular location provides school officials reasonable suspicion and law enforcement officers probable cause to conduct a search of the place to which the dog alerted.

D. Cell Phones/Wireless Communication Devices (WCD)

School administration may search a cell phone or other wireless communication devices if they have reasonable suspicion that such a device has been used in violation of the Student Code of Conduct.

E. FortifyFL.

School districts are required to promote FortifyFL, as provided in Section 943.082(4)(b), F.S. Districts are required to:

1. Advertise FortifyFL on the district website, on school campuses, in newsletters, and in school publications;
2. Install the FortifyFL app on all mobile devices issued to students; and

4. Advertise that someone who knowingly submits a false tip through FortifyFL may be subject to further investigation by law enforcement, and may be subject to criminal penalties under Section 837.05, F.S.

(d) Within the first five (5) days of each school year, each district school board must ensure that instruction on the use of FortifyFL is provided to students in accordance with Section 943.082(4)(b). F.S. Instruction on FortifyFL must be developmentally appropriate and must include the consequences of making a threat or false report involving school or school personnel's property, school transportation or a school-sponsored activity.

Guiding Principles

Student success is reliant on collaboration among staff, students, parents and community stakeholders. In order to eliminate disparate rates of discipline and suspensions, each school will implement a school-wide Positive Behavior Intervention and Supports Plan that provides interventions and a tiered system of supports to promote preventive measures that engage students and families as part of the process. When misbehavior occurs, teachers, support staff, and parents work together to identify risk factors contributing to student misconduct as well as consider students developmental/cognitive ability. Use of direct instruction and positive reinforcement, replacement behaviors can be achieved.

The Hernando County School District expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment. Students are expected to comply with established rules, follow directions, and respond respectfully to those in authority. In addition, students should be recognized and praised for demonstrating good conduct, self-discipline, good citizenship, and academic success.

VI. OUT OF SCHOOL SUSPENSION PROCEDURES

When administration selects OSS or bus suspension as the disciplinary action for a student, the following procedural (due process) steps are required:

A. The School Administration Shall:

1. Schedule a conference with the student giving him/her an opportunity to tell his/her side of the story and provide documentation or the names of witnesses. The conference shall occur prior to the suspension except in emergency situations, disruptive conditions or “serious” breaches of this Student Code of Conduct. In these situations, the school administration may suspend the student pending the conference, but it must still take place within two (2) school days except when waived by the student’s parent or for good cause.
2. Provide reasons for recommending suspension.
3. The principal shall make good faith effort to immediately contact parent(s)/guardian(s) by telephone in the presence of the student, if possible, at the time of the suspension and explain the reasons for same.
4. Provide the student with a copy of the discipline referral.
5. Send a letter to the parent(s)/guardian(s) confirming the suspension and the reasons for same.
Notes: Procedures regarding “make-up work” due to suspension may be found in the Student Progression Plan located on the school district website. School administrators have the authority to permit the suspended student on campus for assessment or intervention activities as deemed appropriate.
6. A parent conference must be held with school administration for any major infraction prior to student returning to school.
7. Students must not be on any HCSD school campus without parent during out of school suspension.
8. For students who are athletes and receive OSS please refer to the Athletic handbook on rules applying to practice/game participation.
9. Inform a Valedictorian or Salutatorian who commits a major infraction of the code of conduct and/or felony arrests that pose a safety concern during their graduating year will forfeit their designation and may be prohibited from participating in the graduation ceremony. The next highest-ranked student will be elevated to the Valedictorian or Salutatorian position.

B. Due Process

A student cannot be suspended and, thereby deprived of his or her free and appropriate education, which is provided in the public schools, without appropriate due process of the law. While the appropriate level of procedural due process to be afforded to a student may depend upon circumstances, due process is guaranteed to every American citizen by the Fourteenth Amendment to the Constitution of the United States of America. These rights are not waived or relinquished by a child enrolled in a public school.

A student cannot be deprived of his/her constitutionally guaranteed rights to fair notice, fair hearing, and fair procedures. Personal and constitutional rights must be safeguarded within such rules.

A student may not participate in any athletic competition, extra-curricular activity or co-curricular performances/competition during a suspension (in-school or out-of-school). Students may resume participation in any athletic competitions, extra-curricular and co-curricular activities the next day following the suspension. Students may attend practice and rehearsal while assigned in-school suspension with approval from their school’s administration.

C. Off Campus Felonies

A student who is formally charged by the State Attorney's Office with an offense that constitutes a felony for an incident which occurred off school property that may have an adverse impact on the educational program, school discipline, or welfare of the school, may be suspended pending court determination of his or her guilt, innocence, or dismissal of the charges. School administration should provide written notice to the student and his or her parent(s)/guardian(s) that he or she is being temporarily suspended for a felony occurring off school campus and provide a date for an Administrative Hearing which shall not be less than two (2) school days or more than five (5) school days from the post-marked date of delivery. Appropriate personnel as determined by the Superintendent will be invited to any Administrative Hearing as per Florida Statute 1006.09. The school administration may recommend to the Board that the student be expelled if it is determined by the court the student committed the offense.

Reassignment if Charges Reduced: If the charge(s) are dropped or reduced below the felony level, the student will be reassigned to the assigned school. It is the student's responsibility to provide the proper documentation to his/her currently assigned school.

Note: When anyone is arrested, they are being accused of crime. The accusation is considered a "charge." A charge is defined as a formal accusation of an offense, which serves as a preliminary step to prosecution. This definition is supported by Black's Law Dictionary, which states that a charge is a "formal accusation of an offense as a preliminary step to prosecution." The term "charge" encompasses various forms of formal accusations, including indictments, complaints, and information, which are all mechanisms through which a person is officially accused of committing a crime.

D. Students with Disabilities: In matters relating to the discipline of students with disabilities, the Hernando County School District shall abide by the Federal and State laws regarding suspension, expulsion and alternative placement.

In the case of some students with Individual Education Plans (IEP) or Section 504 Plans, inappropriate behavior may be related to a disabling condition. The behavior must be treated individually and sensitively which frequently requires the use of a wide range of interventions and/or alternatives. The following procedures will be utilized:

1. In all matters, including transportation, students with disabilities shall conform to the same rules outlined in the Student Code of Conduct as their non-disabled peers unless otherwise stated in their IEP or Section 504 Plan.
2. Students with disabilities may be suspended for infractions as defined for all students in the Student Code of Conduct.
3. Suspension for ten (10) days or less: Follow typical disciplinary procedures.
4. Suspension beyond ten (10) days: **Any student with a suspected or identified disability** shall not be suspended more than ten (10) days, either through a single suspension or cumulative shorter suspensions per school year without the IEP or Section 504 Committee meeting to evaluate the extent to which the misconduct has direct and & substantial relationship to the disabling condition and as permitted by state and federal law. Bus suspension and partial day removals may count as suspensions.
5. Before a school district can consider a student with disabilities with an IEP for expulsion:
 - a. Convene an IEP meeting and conduct a manifestation determination within ten (10) school days of decision to remove the student for discipline reasons.
 - b. If the IEP committee determines that the behavior is a manifestation of the student's disability, the IEP team will either conduct, review or revise a functional behavior assessment.

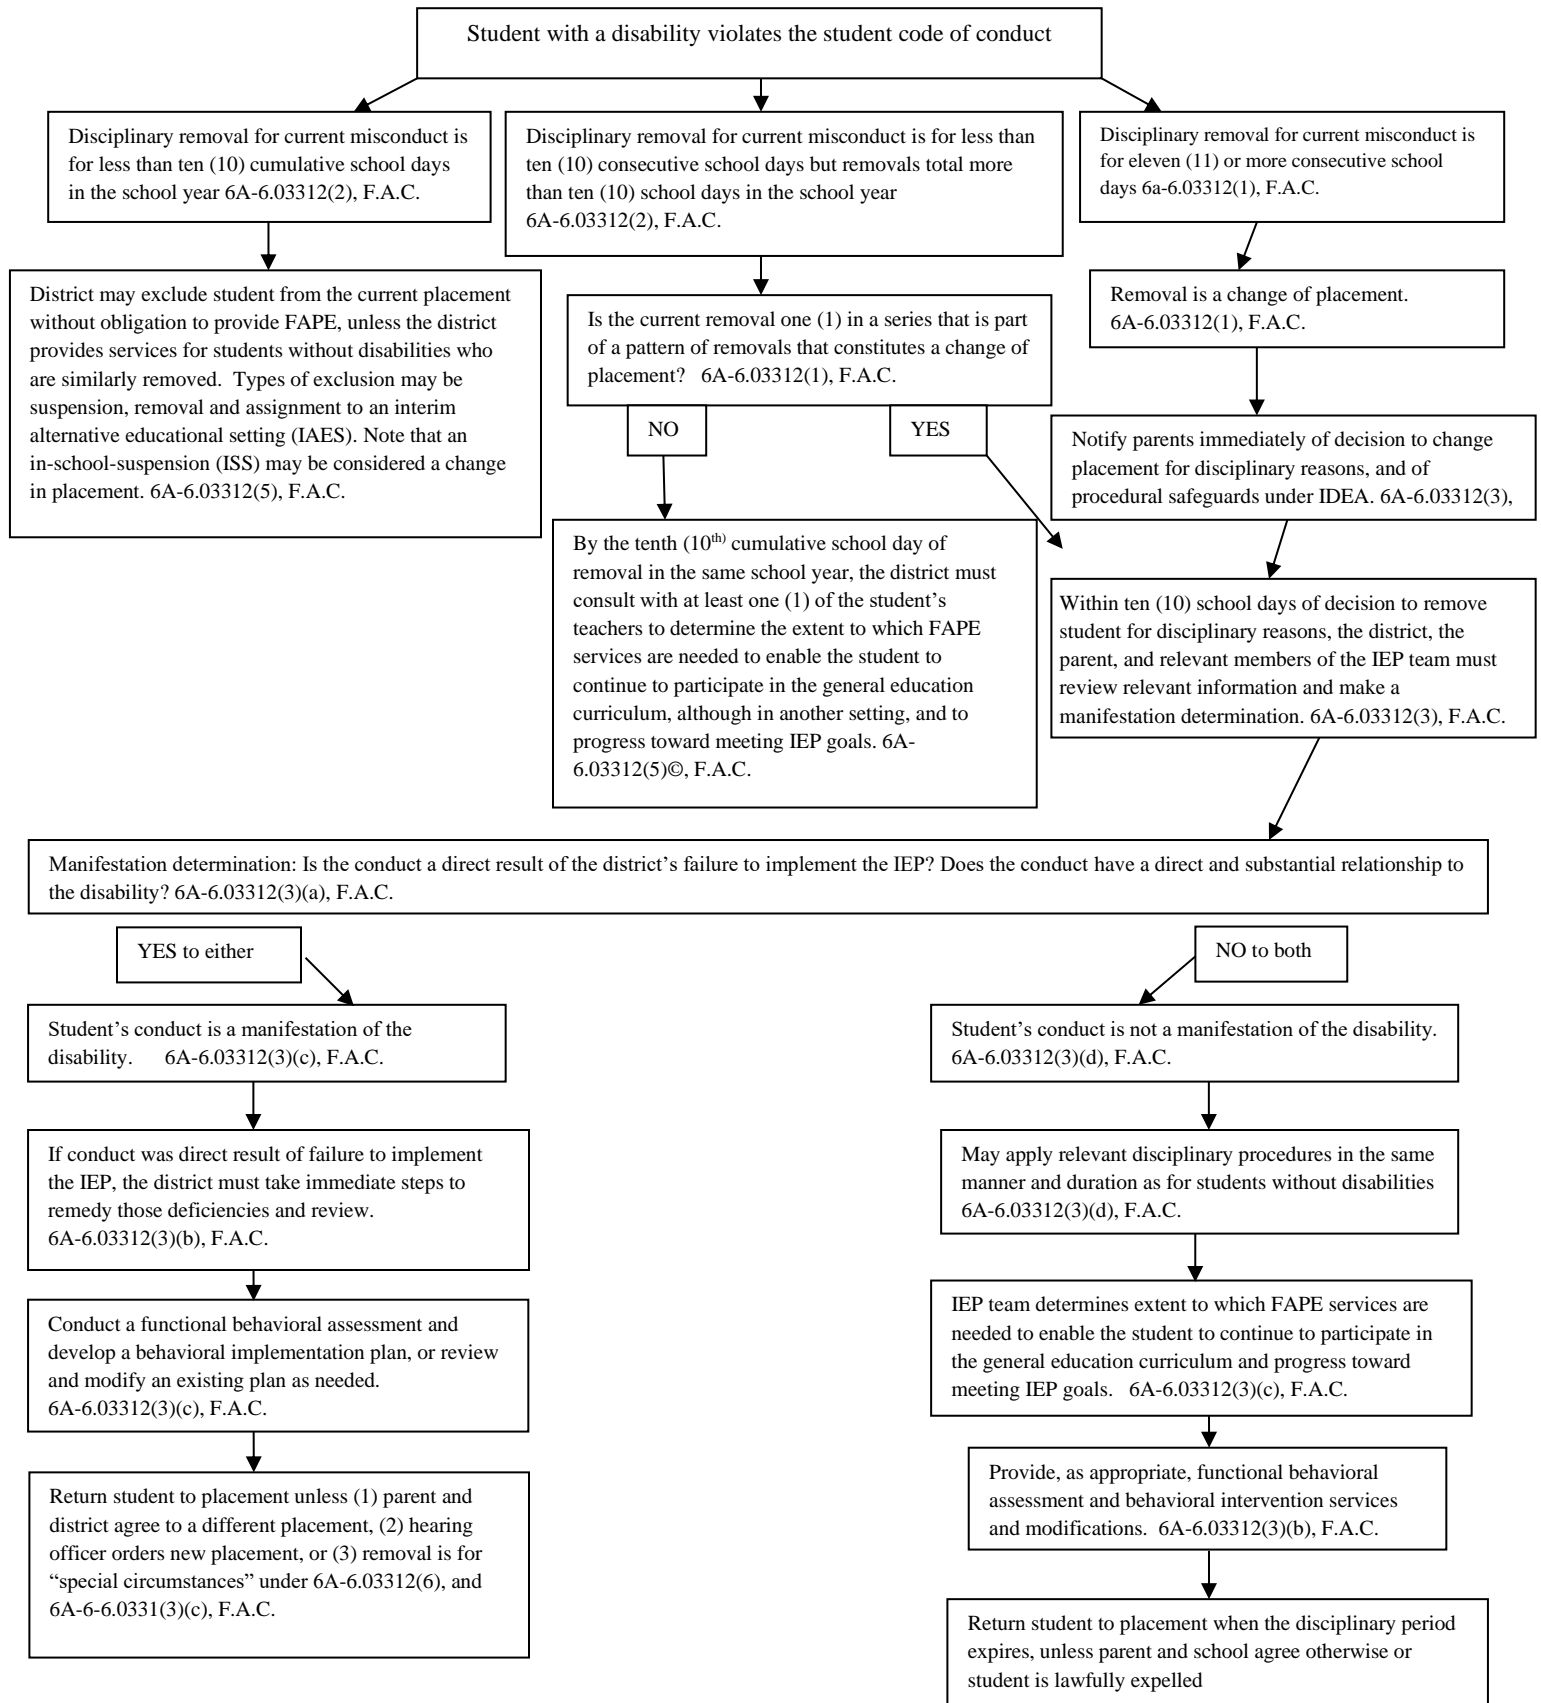

- c. If a behavioral intervention plan already has been developed, review the behavioral intervention plan and modify it, as necessary, to address the behavior. If no behavioral intervention plan exists but one is needed, then develop one based on the current behaviors needing to be addressed.
- d. If the IEP committee determines that the behavior is not a manifestation of the student's disability, then relevant disciplinary procedures in the same manner and duration as for students without disabilities apply, however, educational services must continue.
- e. If the committee determines that the behavior is a manifestation of the student's disability, except as described below under the sub-heading Special Circumstances, the school district must return the student to the placement from which the student was removed, unless the parent and the district agree to a change of placement as part of the behavioral intervention plan.

Special Circumstances

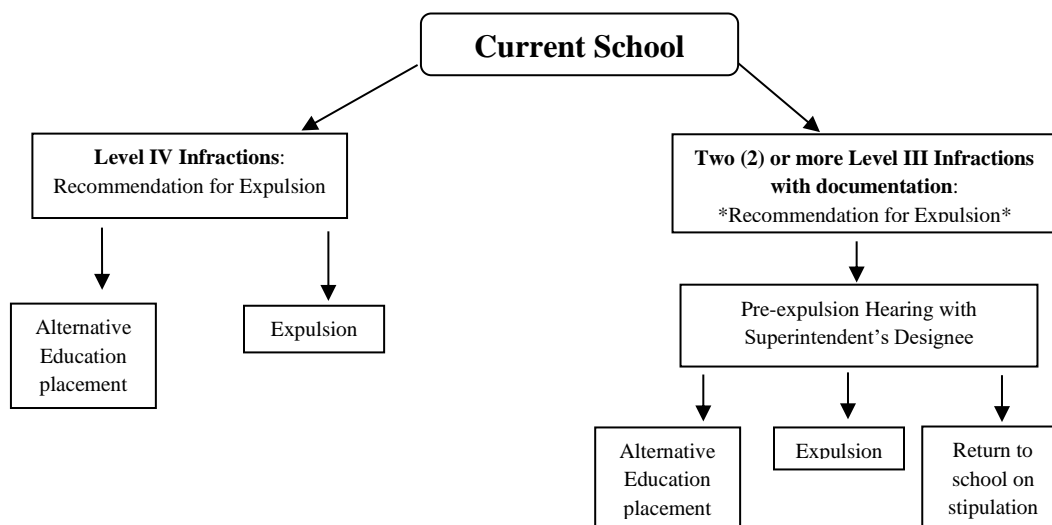

Whether or not the behavior was a manifestation of the student's disability, school personnel may remove a student to an interim alternative educational setting (determined by the student's IEP team) for up to 45 school days, if the student:

- 1. Carries a weapon to school or has a weapon at school, on school premises, or at a school function under the jurisdiction of the Department of Education or school district;
- 2. Knowingly has or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the Department of Education or school district; **or**
- 3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the Department of Education or school district.

DISCIPLINE FOR STUDENTS WITH DISABILITIES FLOW CHART

VII. ALTERNATIVE SCHOOL / EXPULSION PROCEDURES

- A. If the Superintendent designee recommends a disciplinary reassignment in lieu of expulsion, said decision will be considered final and not subject to further appeal, negotiation, or amendment, by any party.**

Students attending Endeavor Academy will adhere to a stricter matrix of consequences.

Expelled students may not be on the campus of the zoned school or any Hernando County School at any time, for any reason, unless accompanied by a parent/guardian for a schedule meeting with school staff.

Any student with a disability or suspected of a disability (504 or ESE non-inclusive of Gifted only) must have the proper Manifestation Determination Meeting (MDM) proceeding prior to being recommended for expulsion discussing said recommendations.

ESE students only: The hearing results letter and the student's disciplinary reassignment contained herein, are subject to the student's educational and behavioral rights as set forth by the IDEA and similar Florida statutes and regulations.

School personnel shall not be held legally responsible for suspensions and recommendations made in good faith.

B. Expulsion:

Expulsion is the removal of the right to attend school in Hernando County, be on any school property, on school buses, on school-sponsored transportation or to attend any school. Students may be expelled for the remainder of a school year and one additional year with or without continuing education services.

Students who commit two (2) or more Level III or a Level IV offense may warrant expulsion from school. The principal must follow due process and suspension procedures, informing the parent that expulsion is being recommended. Within twenty-four (24) hours of the infraction, the school-based administrator will suspend the student for ten (10) days and notify the parent in writing that a hearing will be scheduled. A subsequent letter will be issued to the parent from the superintendent or designee notifying them to attend the pre-expulsion hearing with their student.

If the student who committed the infraction is a student with a disability, the school administrator will need to contact the Director of Exceptional Student Education (or designee) and schedule a meeting with an IEP team to conduct a manifestation determination.

If the student who committed the infraction is a student with a disability and has a 504 plan, the school administrator must request a meeting to conduct a 504 manifestation.

When the outcome of the superintendent's designee hearing is a recommendation to expel the student from school, parents will be notified by certified mail the date and time that this recommendation will be considered by the School Board. The letter shall also set forth the deadline by which the parents may request a hearing with the School Board.

If a hearing before the School Board is not requested, it will proceed as outlined in the parent letter.

If a hearing is requested, such will be scheduled. The decision that the Hernando County School Board reaches at the hearing is final. Florida Statute outlines that the superintendent's designee may extend the student's suspension beyond ten days while waiting for the next School Board meeting.

Students who are expelled may not re-enroll for the period of the expulsion. When their expulsion period is complete, students may be assigned to the Alternative School prior to transitioning back to their zoned school. Upon successful completion of the Alternative School's prescribed interventions, the student may enroll in their zoned school.

Students assigned to Endeavor Academy in lieu of expulsion or are expelled from HCSD for a drug offense, are required to attend an evidence-based substance use course and test negative before students can return to their zoned school.

C. Unsatisfactory Completion of Alternative Education Program

The general procedure for a student who enters or returns to the Hernando County School District without completing an assigned Alternative Education Program will be determined by the Superintendent or designee on a case-by-case basis.

D. Reciprocal Discipline

Hernando County School District will uphold and enforce disciplinary proceedings from other public school districts. If a student was expelled or alternatively placed in another district, Hernando County will enforce said expulsion or alternative placement. (F.S. 1006.07)

STUDENTS FROM COMMITMENT PROGRAMS AND THOSE EXPELLED FROM OTHER DISTRICTS

A. Commitment Programs

A student entering and/or returning to the Hernando County School District from court adjudicated commitment programs will be enrolled at their zoned school unless charged with a crime involving weapons, drug sale, sex or violence. Under these conditions, the student is entitled to an evaluation meeting to determine proper placement.

1. The Evaluation Meeting shall involve the student, parent(s)/guardian(s), the Department of Juvenile Justice (DJJ) Juvenile Probation Officer (JPO), the Director of Student Services or designee, as well as any other appropriate school staff. The purpose of the meeting is to consider the student's educational program, commitment charge, and determine a proper school placement.
2. The student and his/her DJJ JPO shall have all pertinent educational records available for the period of time the student was not in attendance at a public school.

B. Expelled From Other Districts

The final order of expulsion will be honored, and student will not be admitted to school in Hernando County (F.S. 1006.07).

APPENDIX A

BULLYING AND HARASSMENT

Policy 5517.01

The School Board is committed to providing an educational setting and workplace that is safe, secure, and free from bullying and harassment for all students and employees.

The Board will not tolerate unlawful bullying and harassment of any type. Conduct that constitutes bullying and harassment, as defined herein, is prohibited:

- A. during any education program or activity conducted by the District;
- B. during any school-related or school-sponsored program or activity or on a District school bus, or at a District school bus stop;
- C. through the use of data or computer software that is accessed through a computer, computer system, or computer network within the scope of the District, meaning regardless of ownership, any computer, computer system, or computer network that is physically located on school property or at a school-related or school-sponsored program or activity; or
- D. through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by the District or school, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by the District or school or substantially disrupts the education process or orderly operation of a school. This paragraph does not require a school to staff or monitor any non-school-related activity, function, or program.

This policy has been developed in consultation with District students, parents, teachers, administrators, school staff, school volunteers, community representatives, and local law enforcement agencies as prescribed in F.S. 1006.147 and in conformity with the Florida Department of Education (FLDOE) Revised Model Policy (April 2016).

Pursuant to State law, District students, parents, teachers, administrators, school staff, school volunteers, community representatives, and local law enforcement agencies shall be involved in the review of this policy every three (3) years.

The Superintendent shall develop a comprehensive plan intended to prevent bullying and harassment and to cultivate the school climate so as to appropriately identify, report, investigate, and respond to situations of bullying and harassment as they may occur on school grounds, at school-sponsored events, and through school computer networks. Implementation of the plan by each principal will be ongoing throughout the school year and will be integrated with the school curriculum, District disciplinary policies, and violence prevention efforts.

Definitions

"Bullying" includes "cyberbullying" and means systematically and chronically inflicting physical hurt or psychological distress on one (1) or more students or employees. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that creates an intimidating, hostile, or offensive educational environment; cause discomfort or

- K. social exclusion.

"Cyberbullying" means bullying against one (1) or more students or employees, through the use of technology or any electronic communication, which includes, but is not limited to, any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including, but not limited to, electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying also includes the distribution by electronic means of a communication to more than one (1) person or the posting of material on an electronic medium that may be accessed by one (1) or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

"Cyberstalking" means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student or school employee that:

- C. has the effect of substantially disrupting the orderly operation of a school.

"Bullying" and "harassment" also encompass:

Sexual Cyberharassment

Pursuant to Florida law, "sexual cyberharassment" means to publish a sexually explicit image of a person that contains or conveys the personal identification information of the depicted person to an Internet website without the depicted person's consent, for no legitimate purpose, with the intent of causing substantial emotional distress to the depicted person. Sexual cyberharassment may be a form of sexual harassment.

"Within the scope of the District" means regardless of ownership, any computer, computer system, or computer network that is physically located on school property or at a school-related or school-sponsored program or activity.

Expected Behavior

The District expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

Such behavior is essential in maintaining an environment that provides each student the opportunity to obtain a high-quality education in a uniform, safe, secure, efficient, and high-quality system of education.

The standards for student behavior shall be set cooperatively through interaction among students, parents/guardians, staff, and community member, producing an atmosphere that encourages students to grow in self-discipline. The development of such an atmosphere requires respect for self and others, as well as for District and community property on the part of students, staff, and community members. School administrators, faculty, staff, and volunteers serve as role models for students and are expected to demonstrate appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying.

Students are expected to conform to reasonable standards of socially acceptable behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority.

Consequences

Consequences and appropriate remedial action for students who commit acts of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct.

Consequences and appropriate remedial action for a school employee found to have committed an act of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment shall include discipline in accordance with District policies, administrative procedures, and the collective bargaining agreement. Egregious acts of harassment by certified educators may result in a sanction against an educator's State-issued certificate. (See the Principles of Professional Conduct of the Education Profession in Florida - F.A.C. 6A-10.081)

Consequences and appropriate remedial action for a visitor or volunteer found to have committed an act of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

Procedure for Reporting

The Board designates the principal as the person responsible for receiving all alleged acts of bullying. Any student or student's parent/guardian who believes s/he has been or is the victim of bullying or harassment should immediately report the situation to the school principal. Complaints against the principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board Chair.

All school employees are required to report alleged violations of this policy and alleged acts of bullying and harassment to the principal or as described above. The alleged violations and acts must be reported by school employees to the Principal within twenty-four (24) hours. Refer to Policy 1362, Policy 3362, and Policy 4362 for District staff allegations and procedures.

All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy to the principal or as described above.

Written and oral reports shall be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

The principal shall establish and prominently publicize to students, staff, volunteers, and parents the procedure for reporting bullying and how such a report will be acted upon. A victim of bullying and/or harassment, anyone who witnessed the act, and anyone who has credible information that an act of bullying and/or harassment has taken place may file a report.

Procedure for Investigation

The investigation of a reported act of bullying or harassment is deemed to be a school-related activity and begins with a report of such an act. All complaints about bullying and/or harassment that may violate this policy shall be promptly investigated by an individual, designated by the principal, who is trained in investigative procedures. Documented interviews of the victim, alleged perpetrator, and witnesses shall be conducted privately and shall be confidential. The investigator may not be the accused perpetrator or victim. At no time shall the accused perpetrator and victim be interviewed together. The investigator shall collect and evaluate the facts including, but not limited to, the following:

- A. a description of the incident, the nature of the behavior, and the context in which the incident occurred;
- B. how often the conduct occurred;
- C. whether there were past incidents or past continuing patterns of behavior;
- D. the relationship between the parties involved;
- E. the characteristics of the parties involved;
- F. the identity of the alleged perpetrator, including whether the individual was in a position of power over the individual allegedly subjected to bullying or harassment;
- G. the number of alleged bullies/harassers;
- H. the age of the alleged bully/harasser;
- I. where the bullying and/or harassment occurred;
- J. whether there have been other incidents in the school involving the same or other students;
- K. whether the conduct adversely affected the student's education or educational environment;
- L. the date, time, and method in which the parent(s) of all parties involved were contacted.

In accordance with State law, District staff may monitor as part of any bullying or harassment investigation any non-school-related activity, function, or program.

If, during an investigation of reported acts of bullying and/or harassment, the principal or his/her designee believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on race, color, national origin, sex (including sexual orientation, transgender status, or gender identity), disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), religion, military status, ancestry, or genetic information which are classes protected by State and/or Federal law (collectively "protected classes"), the principal or his/her designee will report the act of bullying and/or harassment to one (1) of the Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - *Anti-Harassment*.

Sexual Harassment covered by Policy 2266 - *Nondiscrimination on the Basis of Sex in Education Programs or Activities* is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Upon the completion of the investigation to determine whether or not a particular action or incident constitutes a violation of the policy, the designated individual who has conducted the investigation shall make a determination based on all the facts and surrounding circumstances and shall include:

- A. a recommendation of remedial steps necessary to stop the bullying and/or harassing behavior; and
- B. a written report to the principal.

A maximum of ten (10) days should be the limit for the completion of the investigative procedural steps and submission of the incident report. While ten (10) days is the expectation for completion of the investigative procedural steps, more time may be needed based on the nature of the investigation and the circumstances affecting that investigation. The investigator shall document in his/her report the reasons for needing additional time beyond ten (10) days. The highest level of confidentiality possible shall be provided regarding the

submission of a complaint or a report of bullying and/or harassment and for the investigative procedures that are employed.

The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action initiated pursuant to this policy.

Scope

The investigator will provide a report on the results of the investigation with recommendations for the principal to make a determination if an act of bullying or harassment falls within the scope of District authority. Computers without web-filtering software or computers with web-filtering software that is disabled shall be used when complaints of cyberbullying are investigated. If the action is within the scope of the District, District procedures for investigating bullying and/or harassment shall be followed. If the action is outside the scope of the District, and believed to be a criminal act, the action shall be referred to the appropriate law enforcement agency. If the action is outside the scope of the District and believed not a criminal act, the principal shall inform parents/guardians of all minor parties.

Parent Notification

The principal shall report the occurrence of an incident of bullying as defined by District policy to the parent/guardian of all students known to be involved in the incident on the same day an investigation of the incident has been initiated. Notification shall be by telephone, e-mail, personal conference, or by first-class mail and shall be consistent with the student privacy rights under applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). The notice shall advise the individuals involved of their respective due process rights including the right to appeal any resulting determination or action to the State Board of Education.

If the bullying incident results in the perpetrator being charged with a crime, the principal shall inform by first class mail or by telephone the parent/guardian of the identified victim(s) involved in the bullying incident about the Unsafe Schools Choice Option (the Elementary and Secondary Education Act, as amended) that states, in pertinent part, as follows:

"...a student attending a persistently dangerous public elementary school or secondary school, as determined by the State in consultation with a representative sample of local educational agencies, or who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school."

Upon the completion of the investigation and if criminal charges are to be pursued against the perpetrator, the appropriate law enforcement agencies shall be notified by telephone and/or in writing.

Counseling Referral

The District shall provide a referral procedure for intervening when bullying or harassment is suspected or when a bullying incident is reported. The procedure will include:

- A. a process by which the teacher or parent may request informal consultation with school staff (e.g., school counselor, school psychologist, school social worker, etc.) to determine the severity of concern and appropriate steps to address the concern;
- B. a referral process to provide professional assistance or services that may include a process by which school personnel or parent/guardian may refer a student to the school intervention team (or equivalent

school-based team with a problem-solving focus) for consideration of appropriate services (parent/guardian involvement is required at this point); or

If a formal discipline report or formal complaint is made, the principal must refer the student(s) to the school intervention team for determination of counseling support and interventions (parent/guardian is required at this point).

- C. a school-based action to address intervention and assistance as determined appropriate by the intervention team that includes:
 - 1. counseling and support to address the needs of the victim(s) of bullying or harassment;
 - 2. interventions to address the behavior of students who bully and harass others (e.g., empathy training, anger management, etc.);
 - 3. interventions which include assistance and support for parents, as may be deemed necessary or appropriate.

Data Report

The District will utilize Florida's School Environmental Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data as prescribed. If a bullying (including cyberbullying) and/or harassment incident occurs it will be reported in SESIR, coded appropriately using the relevant incident code and the related element code. Discipline and referral data will be recorded in Student Discipline/Referral Action Report and Automated Student Information System. In a separate section, the District shall include each alleged incident of bullying or harassment that does not meet the criteria of a prohibited act under this policy with recommendations regarding such incidents.

The District will provide bullying incident, discipline, and referral data to the Florida Department of Education (FLDOE) in the format requested, through Surveys 2, 3, and 5 from Education Information and Accountability Services, and at designated dates provided by the Department. Data reporting on bullying, harassment, unsubstantiated bullying, unsubstantiated harassment, sexual harassment, and threat/intimidation incidents, as well as any bullying-related incidents that have as a basis sex, race, or disability should include the incident basis. Victims of these offenses should also have the incident basis (sex, race, or disability) noted in their student record.

Training and Instruction

Students, parents, teachers, school administrators, counseling staff, and school volunteers shall be provided training and instruction, at least annually, on the District's policy and administrative procedures regarding bullying and harassment. The instruction shall include evidence-based methods of preventing bullying and harassment, as well as information about how to effectively identify and respond to bullying in schools. Instruction regarding bullying, harassment, and the District's violence prevention and school safety efforts shall be integrated into District curriculum at the appropriate grade levels. The training and instruction shall include recognizing behaviors that lead to bullying and harassment and taking appropriate preventative action based on those observations. The programs of training and instruction authorized by the District shall include, but not be limited to,:

- A. Olweus Bullying Prevention Program
- B. Monique Burr Foundation for Children, Inc.'s - Child Safety Matters
- C. PBS/PBIS (Positive Behavior Support/Positive Behavioral Interventions and Supports)

Victim's Parent Reporting

The principal shall report the occurrence of an incident of bullying as defined herein to the parent/guardian of students known to be involved in the incident on the same day an investigation of the incident has been initiated. Notification shall be by telephone and in writing by first-class mail and shall be consistent with the student privacy rights under applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). According to the level of infraction, the victim's parents will be notified by telephone and/or in writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident.

Policy Publication

At the beginning of each school year, the Superintendent shall, in writing, inform school staff, parents/guardians/other persons responsible for the welfare of a student of the District's student safety and violence prevention policy.

The District shall provide notice to students and staff of this policy in the Code of Student Conduct, employee handbooks, and via the District's official website. The Superintendent will also provide such notification to all District contractors.

Each principal shall implement a process for discussing, at least annually, the District policy on bullying and harassment with students in a student assembly or other reasonable format. Reminders of the policy and bullying prevention messages will be displayed, as appropriate, at each school and at District facilities.

Immunity

A school employee, school volunteer, students, parent/guardian, or other persons who promptly reports in good faith an act of bullying or harassment to the appropriate school official and who makes this report in compliance with the procedures set forth in District policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident.

Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments. Such immunity from liability shall not apply to any school employee, school volunteer, student, parent/guardian, or other person determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative procedures shall be maintained as confidential to the extent permitted by law.

Nothing in this policy shall be construed to abridge the rights of students or school employees that are protected by the First Amendment to the Constitution of the United States.

Retaliation/False Charges

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry under this policy is prohibited. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. False charges shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions. Suspected retaliation should be reported in the same manner as aggressive behavior and/or bullying.

Florida Department of Education Revised Model Policy (April 2016)

Elementary and Secondary Education Act

Last Modified by Tammy R Shroyer on December 29, 2022

DATING VIOLENCE AND ABUSE

The School Board strictly prohibits any act of dating violence and abuse committed by one student against another on school property, during a school-sponsored activity, or during school-sponsored transportation.

Dating Violence and Abuse Defined

For purposes of this policy, dating violence and abuse shall be defined as emotional, verbal, sexual, or physical abuse of a student who is in a current or was in a past dating relationship by the other person in that dating relationship. Abuse may include insults, coercion, social sabotage, sexual harassment, stalking, threats, and/or acts of mental, physical, or sexual abuse. It may also be a pattern of demeaning, coercive, abusive actions that amount to emotional or psychological abuse. Dating violence and abuse may also include abuse, harassment, and stalking via electronic devices such as cell phones and computers, as well as harassment through a third party.

Reporting Acts of Dating Violence and Abuse

Any student who is the victim of an act of dating violence and abuse, or has cause to believe that s/he is in immediate danger of becoming the victim of an act of dating violence and abuse, should report the matter to the Principal or to any member of the school staff.

Any Board employee who receives a report of an act of dating violence and abuse, who directly observes an act of dating violence and abuse perpetrated by one student against another, or who has reason to believe that a student is a victim of dating violence and abuse shall report such report, observations, or suspicions to the Principal.

Any resident of the community or other member of the school community, including students, parents, volunteers, and visitors, who observes an act of dating violence and abuse perpetrated by one student against another, or who has reason to believe that a student is a victim of dating violence and abuse is strongly encouraged to promptly report the matter to the Principal or other District administrator or official. These reports can be made either in person or anonymously.

Investigating Reports of Dating Violence and Abuse

Upon receiving a report of alleged dating violence and abuse, the Principal shall conduct an investigation of the allegation promptly. As part of the investigation, the Principal shall contact the parent(s) of the alleged victim and/or the parent(s) of the alleged perpetrator, if they are under the age of eighteen (18), to inform them of the report.

The investigation of the report should include interviews of the alleged victim, the individual accused of perpetrating the dating violence and abusive behavior, and any other person who may have witnessed the alleged act or who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

The Board reserves the right to investigate a report of dating violence and abuse regardless of whether the student who is allegedly the victim of the dating violence and abuse wants to pursue the matter.

Consequences

At the conclusion of the investigation the Principal will determine whether or not the allegation of dating violence and abuse was substantiated. If the Principal determines that a student has committed an act of dating violence and abuse, that violation of this policy shall result in disciplinary action in accordance with the Student Code of Conduct, which may include suspension, assignment to another school or program, or

recommendation for expulsion. All disciplinary action shall be taken in accordance with State law and applicable Board policy. (See Policy 5500 and Policy 5600) When imposing discipline, the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved, shall be considered.

Suspensions for acts of teen violence and abuse may be appealed in accordance with the procedures set forth in the Student Code of Conduct. (See Policy 5500)

Further, the Department of Children and Families shall be notified if the student who is found to have perpetrated the act of dating violence and abuse is eighteen (18) years of age or older and the student who was the victim of the act of dating violence and abuse is a minor.

In those cases where teen dating violence and abuse is not substantiated, the Principal may consider whether the alleged conduct nevertheless warrants disciplinary action in accordance with the Student Code of Conduct or other Board policies.

Support and Reasonable Accommodations

If requested during or after the investigation, the Principal shall make reasonable accommodations for the student who is allegedly experiencing dating violence and abuse including, but not limited to the following:

- A. Stay Away Contract, that is, a contract with the alleged perpetrator to stay away from the victim while on school grounds, on school transportation, and during school sponsored programs and events;
- B. Class schedule changes;
- C. Protection that will enable safe egress/regress from school, as well as movement within the school; and
- D. Referrals for outside support or counseling.

Students' parent and/or guardian should provide the Principal with a copy of an order of protection that has been issued by the court. The Principal shall then contact the student whose behavior is to be regulated by that order of protection and initiate a Stay Away Contract that is consistent with the terms of that order and provides penalties for known violations of the contract. Further, the Principal shall notify law enforcement immediately if s/he knows or has reason to believe that a criminal or civil restraining order has been violated.

The School Resource Officer shall respond immediately to a report of a violation of a criminal or civil restraining order

Other Violations of the Dating Violence and Abuse Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging dating violence and abuse, or who has participated as a witness in an investigation of such an allegation.
- B. Filing a malicious or knowingly false report or complaint of dating violence and abuse.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of dating violence and abuse, when responsibility for reporting and investigating allegations of dating violence and abuse comprises part of one's supervisory duties.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related administrative procedures shall be maintained as confidential to the extent permitted by law.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation, including, but not limited to:

- A. all written reports/allegations/complaints/statements;
- B. narratives of all verbal reports/allegations/complaints/statements;
- C. a narrative of all actions taken by District personnel;
- D. any written documentation of actions taken by District personnel;
- E. written witness statements;
- F. narratives of, notes from, or audio, video, or digital recordings of witness statements;
- G. all documentary evidence;
- H. e-mails, texts, or social media posts pertaining to the investigation;
- I. contemporaneous notes in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.) pertaining to the investigation;
- J. written disciplinary sanctions issued to students or employees and a narrative of verbal disciplinary sanctions issued to students or employees for violations of the policies and procedures prohibiting discrimination or harassment;
- K. dated written determinations to the parties;
- L. dated written descriptions of verbal notifications to the parties;
- M. written documentation of any interim measures offered and/or provided to complainants, including no contact orders issued to both parties, the dates issued, and the dates the parties acknowledged receipt; and
- N. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects.

The information, documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal and/or State law (e.g., student records).

The information, documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of dating violence and abuse. The Superintendent shall require that the District's comprehensive health curriculum in grades 7-12 include a component about dating violence and abuse that is age appropriate and includes the content required by State law.

Further, the Superintendent shall provide appropriate training to all members of the School District staff related to dating violence and abuse, and the implementation of this policy.

APPENDIX C

STUDENT RECORDS

State and Federal law gives parents [and students over eighteen (18) years of age] certain rights concerning student school records.

Annual Notice About Your Rights Concerning Student Records: Parent(s)/ guardian(s) have the right to inspect and review all records and data related to their child who is under 18 years of age or over 18 years of age if claimed as a dependent under IRS rules. This includes print, computer media, microfilm, and microfiche records. This may be done by contacting the school administration for an appointment. All requests will be granted within a reasonable period, not to exceed 30 days. Students 18 years of age and older have the right to inspect and review their records by following the same procedure outlined above.

Parent(s)/guardian(s) have an opportunity to challenge the content of their child's record, to ensure that it is not inaccurate, misleading, or otherwise in violation of privacy. Parent(s)/guardian(s) of students over eighteen (18) years of age claimed as a dependent under IRS rules and students over eighteen (18) years of age not claimed as a dependent are provided the opportunity to correct or delete inaccurate, misleading, or inappropriate data by first requesting a meeting with the school administration or department responsible for developing that information. If the school administration or department responsible for developing the information agrees that it needs to be corrected, then it is done, and only a notation that the record has been corrected or deleted is placed in the file. If an agreement is not reached at this level, then the parent(s)/guardian(s) or student over the age of 18 years if not claimed as a dependent, has the right to request a formal hearing under School Board Policy. Military recruiters and institutions of higher education are entitled, under federal law, to a list of names, addresses, and telephone numbers of high school students, unless you object to such release. The Superintendent also authorizes release of this information to companies that manufacture class rings and publish yearbooks. You must notify your child's school administration in writing, if you do not wish this information released without your consent. APPENDIX D

Student Network and Internet Acceptable Use and Safety Agreement

Telecommunications advances in technologies and proliferations of online media have fundamentally altered ways in which information is accessed, communicated, and disseminated in society. These changes are driving the need for educators to adopt new resources, instructional methods and ways they approach student learning, to harness and utilize the vast, diverse and unique resources available on the Internet. Although the School Board authorizes Internet services to its students, the School Board directs that appropriate restrictions are implemented to assure that use of the District's network is utilized in accordance with legitimate educational purposes. Student use of the District's computers, network, and Internet services ("Network") will be governed by policy 7540.03 and subject to the Student Code of Conduct. Student use of email will be governed by policy 7540.06 and subject to the Student Code of Conduct. The School Board encourages students to utilize the Network in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation and communication skills, and tools that are essential to both life and work. The instructional use of the Network will be guided by the School Board policies on instructional materials.

Technology advancements are such that the District may not always be able to protect access to services through the District's network/Internet connection to only those that have been deemed appropriate for education purposes. The District will strive to implement and sustain such protections, utilizing software and hardware measures that monitor, block and filter internet access to visual displays/depictions that are deemed obscene, child pornography and/or other materials that are harmful to minors as defined by the Children's Internet Protection Act (CIPA) and in compliance with Family Educational Rights and Privacy Act (FERPA) 20 U.S.C. § 1232g; 34 CFR Part 99 and its implementing regulations, the Children's Online Privacy Protection Act (COPPA), Florida Statutes Section 1002.22 and Rule 6A-1.0955 as may be amended or replaced from time to time. Parents/guardians are encouraged to discuss the appropriate use of the Internet and understand that there are risks associated with its use with their children. Parents/guardians assume risks by consenting to allow their child to participate in using the Internet. Parents/guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

The Superintendent will implement procedures to configure District technology to prohibit access to other material deemed inappropriate for students to access. Protective hardware and software may not be disabled at any time that students may be using the Network. The Superintendent may temporarily or permanently unblock access to sites containing appropriate material, if access to such sites has been inappropriately blocked by the hardware and software. Determination of whether a material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material.

District Staff members will provide training to ensure awareness and compliance regarding this policy under their supervision, and for providing guidance and instruction to students on appropriate use of the District's Network. Pursuant to Federal law, students shall receive education on the following:

- A. Safety and security of students while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. The dangers of students disclosing personally identifiable information online;
- C. The consequences of unauthorized access and other unlawful or inappropriate activities by students online; and,
- D. The authorized disclosures, use and dissemination of personal information regarding minors.

Students shall not access social media for personal use through the District's network. Students shall be permitted to access social media for educational use, in accordance with a teacher's pre-approved plan for use of social media for educational purposes, consistent with School Board policies. Students are responsible for behavior in accordance with standards defined in the Student Code of Conduct on the District's computers and network just as they are in classrooms, school hallways and other school premises and during school sponsored events. Users granted access to the Internet through the District's computers assume personal responsibility and liability, both civil and criminal, for inappropriate uses of the Internet as defined by this School Board policy. Users who disregard this policy may have user privileges suspended or revoked and may be disciplined.

Technology Privacy

Users have no expectation of privacy of the content of personal files and records of online activity while on the District's network. Monitoring may include, but will not be necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools, in coordination, with Information Technology (IT) personnel, to review browser history and network, server and computer logs.

Cyber-bullying

All students and employees will be provided a safe, secure, bullying and harassment free educational/work setting, in accordance with School Board 5517.01 Bullying and Harassment.

Student Communication

The School Board encourages positive and professional communication between staff, parents, and students by means which best protect all stakeholders' interests. The District staff shall comply with all Federal and State laws pertaining to electronic mail and shall communicate electronically for school related matters through the District-approved parent portal. The School Board recognizes that appropriate use of electronic media may take place during times outside the school hours during school activities (i.e. sport events, FFA events, field trips) when it is useful to use mobile devices and social media to communicate with students. Staff communications with students via private electronic media concerning non-school-related matters may cause the appearance of inappropriate association and are discouraged. The use of such communication technologies may lead to discipline.

Bring Your Own Device (BYOD)

BYOD is an acronym for Bring your Own Device, "device" includes but is not limited to a privately/owned laptop, tablet computing device, net book, notebook, e-Reader, iPod touch and/or smart phone. The District encourages students to use their own devices to further enhance their education in accordance with the following guidelines:

1. In order to utilize the District's network (specifically Internet access and related applications) as well as participate in the BYOD program, students and a parent/guardian must review and sign the Responsible Use Policy. This will be considered a legally-binding agreement for the privilege of use of the network.
2. The student is fully responsible, at all times, for the personally-owned device brought to school. The District is NOT liable for any loss, damage or theft of a personally-owned device. As such, students should not share devices.
3. The student is responsible for the condition of the device brought to school, including but not limited to updates, antivirus software and repair.
4. Personal devices should be charged and recharged outside of school, unless specific permission is granted. Personal devices should be capable of lasting a full day without recharging.

5. Device use is exclusively limited to schools participating in the BYOD program. Devices should be turned off and should not be visible at schools not participating in the BYOD program.
6. Devices may only be used in certain approved areas of the school. Students may not use devices in parts of the school designated as No Technology Zones or any other areas where devices are not permitted.

Student use of Artificial Intelligence and Natural Language Processing Tools (AI/NLP tools)

The School Board recognizes the positive impact that Artificial Intelligence (AI) technology may have in the District's educational program and operations. The Superintendent is authorized to support the use of artificial intelligence technology when its use is consistent with the District's mission, goals, and operational integrity.

Any use of artificial intelligence technology in the District's educational program or operations must be in accordance with State and Federal law as well as Board policies including, but not limited to the following: Policy 5505 – *Academic Honesty*; Policy 5500 – *Student Conduct*; Policy 5517 – *Anti-Harassment*; Policy 5517.01 – *Bullying and Harassment*; Policy 2266 – *Nondiscrimination on the Basis of Sex in Education Programs and Activities (The Board's Policy and Grievance Procedures for Responding to Sexual Harassment Alleged to Have Occurred Prior to 8/1/2024)*; Policy 8330 – *Student Records*; Policy 2240 – *Controversial Issues*; Policy 7540.03 – *Student Internet Safety and Acceptable Use*; and Policy 7540.04 – *Staff Technology Acceptable Use and Safety*.

Utilization of AI/NLP tools is strictly prohibited for the completion of schoolwork. The use of AI/NLP tools, without the express permission/consent of a teacher, undermines the learning and problem-solving skills that are essential to academic success and that the staff is tasked to develop in each student. Students are encouraged to develop their own knowledge, skills, and understanding of course material rather than relying solely on AI/NLP tools and they should ask their teachers when they have questions and/or need assistance. Unauthorized use of AI/NLP tools is considered a form of plagiarism and any student found using these tools without permission or in a prohibited manner will be disciplined in accordance with the Student Code of Conduct.

Notwithstanding the preceding, students can use AI/NLP tools in the school setting if they receive prior permission/consent from their teacher, so long as they use the AI/NLP tools in an ethical and responsible manner. Teachers have the discretion to authorize students to use AI/NLP tools for the following uses:

- A. Research assistance: AI/NLP tools can be used to help students quickly and efficiently search for and find relevant information for their school projects and assignments.
- B. Data Analysis: AI/NLP tools can be used to help students to analyze, understand, and interpret large amounts of data, such as text documents or social media posts. This can be particularly useful for research projects or data analysis assignments – e.g., scientific experiments and marketing research.
- C. Language translation: AI/NLP tools can be used to translate texts or documents into different languages, which can be helpful for students who are learning a new language or for students who are studying texts written in a different language.
- D. Writing assistance: AI/NLP tools can provide grammar and spelling corrections, as well as suggest alternative word choices and sentence structure, to help students improve their writing skills.
- E. Accessibility: AI/NLP tools can be used to help students with disabilities access and understand written materials. For example, text-to-speech software can help students with specific learning disabilities or visual impairments to read texts and AI-powered translation tools can help students with hearing impairments understand spoken language.

As outlined above, under appropriate circumstances, AI/NLP tools can be effectively used as a supplement to and not a replacement for traditional learning methods. Consequently, with prior teacher permission/consent, students can use such resources to help them better understand and analyze information and/or access course materials. If a student has any questions about whether they are permitted to use AI/NLP tools for a specific class assignment, they should ask their teacher.

Violation of this policy may result in disciplinary consequences. Students may be disciplined for violations, up to and including suspension or expulsion.

The administration will refer any illegal acts to law enforcement.

(1)(a) A district school board must establish, through its code of student conduct, student eligibility standards and related student disciplinary actions regarding student participation in interscholastic and intrasccholastic extracurricular activities. The code of student conduct must provide that:

1. A student not currently suspended from interscholastic or intrasccholastic extracurricular activities, or suspended or expelled from school, pursuant to a district school board's suspension or expulsion powers provided in law, including F.S. 1006.07, 1006.08, and 1006.09, is eligible to participate in interscholastic and intrasccholastic extracurricular activities.
 2. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in s. 1006.15 (3)(h).
 3. A student's eligibility to participate in any interscholastic or intrasccholastic extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to s. 1006.20 (2)(b).
- b) Students who participate in interscholastic and intrasccholastic extracurricular activities for, but are not enrolled in, a public school pursuant to s. 1006.15 (3)(c)-(e) and (8), are subject to the district school board's code of student conduct for the limited purpose of establishing and maintaining the student's eligibility to participate at the school.
- c) The provisions of this subsection apply to interscholastic and intrasccholastic extracurricular activities conducted by charter schools and private schools, as applicable, except that the charter school governing board, or equivalent private school authority, is responsible for the authority and responsibility otherwise provided to district school boards.

(2)(a) The Florida High School Athletic Association (FHSAA) continues to retain jurisdiction over the following provisions in s. 1006.20, which may not be implemented in a manner contrary to this section: membership in the FHSAA; recruiting prohibitions and violations; student medical evaluations; investigations; and sanctions for coaches; school eligibility and forfeiture of contests; student concussions or head injuries; the sports medical advisory committee; and the general operational provisions of the FHSAA.
