Weeki Wachee HS ¹		1715	0	125		1748	1374	571	0	1945	94% ₁₀

¹ Includes SREF utilization factors of **0.90** for Combination, MS, and HS < 1,500 SS; **0.95** for HS > 1,500 SS.

² Enrollment posted on HCSD's Intranet:
[PK-12 FLDOE Portal](#) (PK-12 Portal > Students > Enrollment > School Level > 27-Hernando > School Name)

³ School capacity reserved for developments approved as of:

⁴ FISH report does not designate classrooms by elem (K-5) and middle school (6-8). Instead classrooms are categorized into K-3 and 4-8. So, while enrollment is easy to break down by grade, that's not the case with capacity. For concurrency reviews, we presume any available capacity at a K-8 school can serve whatever grade levels are needed for the development.

⁵ CHS Relocatable Capacity **excludes 350 Student Stations at Endeavor Academy**;

Combination school calculated at 90% utilization

⁶ Excludes Portable Capacity (Pre-1998)

⁷ JDFES Relocatable Capacity excludes 125 Student Stations at PACE

⁸ **WWK8's 110 relocatable student stations in FISH are NOT LONG-TERM, therefore are NOT included in the calculation for concurrency.**

⁹ Includes new capacity (Expansion Plan, Phase 1) and removal of portables authorized in 2023-24 Work Plan. (WWK8/WWHS Flex Distribution: 25 MS + 5 HS Classrooms)

¹⁰ This percentage is inflated as it includes new capacity not yet built.
