

Public Gifts/Donations to the Schools

Any person or organization wishing to make a gift or donation to the schools of the district or to a particular school in the district shall submit to the Board of Education a statement giving information relative to the nature of the gift or donation and its proposed use.

At the time of acceptance, there shall be a definite understanding with regard to the use of the gift, including whether it is intended for the use of one particular school or for all schools in the district.

When the gift or donation has been accepted by the Board of Education, it shall become the property of the district.

The Board reserves the right to accept or decline the proposed gift or donation. However, the Board or district shall accept a donation of an automated external defibrillator (AED) that meets standards established by the federal food and drug administration and that is in compliance with the manufacturer's maintenance schedule. The Board or district shall also accept gifts, grants and donations, including in-kind donations, designated for obtaining an AED and for inspection, maintenance, and training in the use of an AED.
