GIFTED AND TALENTED

The Montezuma-Cortez School District's Gifted and Talented Program identifies and provides appropriate educational experiences for students who give evidence of high performance capability in areas such as intellectual ability, creative, artistic, or leadership capacity, or in specific academic areas. The district provides opportunities or experiences to fully develop their capabilities that are not ordinarily provided by the school curricula.

According to the Colorado Department of Education Office of Gifted Education, gifted and talented students are those "whose abilities, talents, and potential for accomplishment are so exceptional or developmentally advanced that they require special provisions to meet their educational programming needs."
