

We're excited to start registering students for the upcoming school year! After studying state and local health guidelines, and listening to the needs and concerns of our families, staff, and community, we're happy to offer two learning experiences this fall:

Montezuma County will open all PreK-12 schools on August 17. All may choose to attend school in person, five days a week, Monday - Friday. We'll adhere to rigorous safety measures throughout the day and after class hours. Occasional home learning will occur when needed.

Families also have the choice of fully remote/online learning. This option remains remote throughout the year, and will meet all state learning requirements.

As you know, so much is **still in flux** as we plan with you for the upcoming months. In order for us to prepare as best we can, please register all students by **August 7**. Below are the simple steps you will take to register both remote and in-school learners. You can register either in person or online for new and returning students. If your student went to school here last year and was promoted to their next school, consider them a returning student.

While registering online is easy, we will also have **in person registration days**, with all necessary safety protocols. MCHS registration will start at 8am on July 30, and K-8 students will register on August 6 at their individual schools, starting at 8am. You will get help setting up your Parent Portal account on these days.

## For online registration, starting July 27:

NEW

If you're enrolling a **new student** in our district, first head to the MCSD website and fill out a **New Student Form**. There is an option on the form for **remote learning**.

Click here for New Student Form

1

In early August our admin will process new student info, and will contact you if more info is needed.

Provide Info if Needed

2

We understand you'll have questions! Please call the district office anytime, or your school starting in August.

Contact Your School or the District Office

3

In early fall your school will provide student access codes and passwords so you can create a **Parent Portal account**. It's like a bank account, where you track your most valuable treasures! ☺ See the Parent Portal Instructions for more info.

Click here for Parent Portal

RETURNING

Registering a **returning student**? You probably already have a **Parent Portal account**. When you log in you'll see tabs for returning student(s) and tabs for **registering them**. See the following pages for helpful screenshots. There is an option here to choose **remote learning**.

Click here for Parent Portal

1

Not sure if you have a **Parent Portal account**? Forgot the email and password for your account? Did you log in, but no returning student shows up? Just email **PowerSchool** at the link below and we'll get you the info you need.

Click here to email PowerSchool

2

If you don't have a **Parent Portal account** just email **PowerSchool** to get returning student access codes and passwords so you can create an account. Don't worry, it's easy. See the Parent Portal Instructions for more info.

4

Questions? Please call the district office anytime, or your school starting in August.

**Our first commitment** is to the health and safety of our staff and students. We all need to approach this year with flexibility and the ability to adapt as conditions change locally and guidance changes from the state. We all have a role to play in keeping ourselves and each other healthy. Let's continue a strong partnership and help our students reach their full potential!
