

Foreign Language Options at Butte Falls Charter School

BFCS does not offer Foreign Language classes at this time because we do not have a teacher certified in this area. We know that this is an inconvenience because most universities require 2 years of Foreign Language as an entry requirement.

However, there are several options for students who are serious about earning the credit. BFCS will help to fund the classes that are completed by the student. BFCS will not be responsible for paying tuition of classes that are not completed. In that respect, tuition will be reimbursed after a student has completed the course.

Students will be most successful if they **consult with their college of choice** to see what requirements are needed and how they can earn those credits independently. Some universities are OK with students taking a crash course at a community college the summer before they enter the university.

Independent Study

RCC – offers in class courses (www.roguecc.edu) Must register as a student, then sign up for class.

KCC – offers online courses (www.klamathcc.edu) Must register as a student, then sign up for class.

Edgenuity - (Online through Crater Lake Charter) Mrs. Gorman will assign.

Rosetta Stone – BFCS has a CD version of several foreign languages. Students will study on their own, then take a placement test before entering their college of choice.

Waivers

Oregon Universities will generally waive the requirement with a letter from the Principal. Students will take the foreign language classes when they get to the University.

California Universities will waive the requirement for certain majors. Please consult with your college of choice to see what their requirements are.
