Introduction

The purpose of this handbook is to assist with Complaint Procedures provided for by federal and state law and District policy. It is not an all-encompassing document and may not cover every possible situation or circumstance. Refer to the actual District policies for further information.

The Polson School District Board of Trustees reserves the right, and has the sole discretion, to change any District policies. Complete copies are available at the District Office or the District web site (www.polson.k12.mt.us).

The Polson School District Board of Trustees does not discriminate on the basis of race, color, national origin, age, religion, sex, or disability in employment, educational programs or activities.

Handling Complaints

Informal procedures can resolve many complaints. Informal procedures solve complaints without formal paperwork and are not subject to filing a form 1700F. The District will consider complaints that are resolved using informal procedures to be as serious as complaints handled under formal procedures. Informal procedures have the following advantages to the affected parties and the District:

- Processes are less frightening. Less litigious and less costly
- Confidentiality is easier to protect for all parties
- Publicity is less and peer pressure may be less
- Process can be educational for perpetrators
- Process is less adversarial – less “your word against theirs”
- Sanctions used can be more creative and effective

Note: Informal procedures are only possible if the parties voluntarily agree.

Formal procedures may be initiated at any time during informal procedures, or initiated without taking any informal procedures. The following are formal procedures:

- File a formal complaint using the Uniform Grievance Procedure- Policy 1700
- File a formal complaint using collective bargaining agreement grievance procedure.
- File a formal complaint with the Montana Human Rights Bureau (either under state or federal law with the EEOC)
- File a formal complaint with the US Department of Education, Office for Civil Rights in Seattle

Filing a Complaint

The Complainant may file a complaint with any District Principal or Supervisor. If a Complainant is not sure of the appropriate person with whom to file a complaint, he/she may ask for assistance from the Superintendent in identifying the appropriate Principal or Supervisor. Harassment, Intimidation, Hazing and Bullying of Students Prohibited - Policy 3226

The Board will strive to provide a positive and productive learning and working environment. Bullying, harassment, intimidation, or hazing, by students, staff, or third parties is strictly prohibited and shall not be tolerated.

Harassment, intimidation, or bullying means any act that substantially interferes with a student's educational benefits, opportunities, or performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation, or at any official school bus stop, and that has the effect of:

- physically harming a student or damaging a student's property;
- knowingly placing a student in reasonable fear of physical harm to the student or damage to the student's property; or
- creating a hostile educational environment.

Harassment, intimidation and bullying can take many forms - verbal, written, electronic, visual, physical and psychological - and is often, but not always, associated with race, ethnicity, religion, gender, sexual orientation, socioeconomic status, or physical differences.

Hazing includes, but is not limited to, any act that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or as a condition or precondition of attaining membership in or affiliation with any District-sponsored activity or grade-level attainment.

No person, including a district employee or agent, or student, shall harass, haze, bully or intimidate another based on the provisions of applicable local, state and federal laws and regulations that prohibit discrimination. It is the policy of the board to comply with all nondiscrimination laws.

Complaints of harassment/intimidation, hazing and bullying will be handled according to the provisions on sexual harassment, below. The Superintendent shall use reasonable measures to inform staff members and students that the District will not tolerate harassment, by including appropriate language in school handbooks.

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. Any person, including a district employee or agent, or student, engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and engages in other verbal or physical conduct of a sexual or sex-based nature, imposed on the basis of sex, that:

Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or

Has the purpose or effect of:

- substantially interfering with a student's educational environment;

- creating an intimidating, hostile, or offensive educational environment;
- depriving a student of educational aid, benefits, services, or treatment; or
- making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms "intimidating," "hostile," and "offensive" include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include, but not limited to, touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities.

Students, who believe they are victims of sexual harassment or have witnessed sexual harassment, are encouraged to discuss the matter with the Title IX Coordinator or Principal. Students may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Formal complaints will be handled pursuant to the Uniform Grievance Procedure.

Any District employee who is determined, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to and including discharge. Any student who is determined, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action, including but not limited to, suspension and expulsion consistent with the District's discipline policy. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action up to and including discharge, with regard to employees, or suspension and expulsion, with regard to students.

1. Students who believe that they may have been subjected to bullying, harassment, intimidation, or hazing, by students, staff, or third parties should contact a counselor, teacher, District Title IX coordinator, or administrator, who will assist them in the complaint process either by informal procedures or through a formal procedure using the **Uniform Grievance Procedure, Policy 1700**.
2. Student-to-student complaints should be resolved at the school level through informal or formal procedures.
3. Employee-to-student complaints should be forwarded to the District Title IX coordinator to initiate a formal complaint using the **Uniform Grievance Procedure, Policy 1700**.

Privacy of Medical Records- Policy 5510

It shall be the policy of the District to protect and safeguard the protected health information (“PHI”) created, acquired, and maintained by the school district consistent with the Standards for Privacy of Individually Identifiable Health Information (the “Privacy Rule”) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”), and any case law arising from the interpretation thereof, and applicable state laws.

All health information created and maintained by the District and its agents that is considered part of a student’s “education record” under FERPA (“Family Educational Rights and Privacy Act”) is not subject to this policy.

The Board and administration recognize that, as an employer and health plan sponsor, and as a provider of health care services, certain components within the school district engage in HIPAA-covered functions and must comply with the HIPAA Privacy Rule (hereafter the “Covered Component(s)"); however, there are other components of the school district that engage in non-covered functions and so are not required to comply with the HIPAA Privacy Rule (hereafter the “non-Covered Component(s).” Therefore, Board hereby designates itself as a “Hybrid Covered Entity” under HIPAA and its rules and regulations.

The Superintendent is the Privacy Officer, who will, with individuals appointed by the Superintendent as members of a “Privacy Team,” undertake the following tasks to ensure compliance with the HIPAA Privacy Rule:

1. Conduct a thorough initial assessment of all existing policies, procedures, and practices for creating, maintaining, using, disclosing, and destroying health information to determine where the gaps may be with respect to meeting HIPAA and/or FERPA standards and as to whether there are reasonable administrative, technical, and physical safeguards to protect the privacy of PHI.
2. Draft, adopt, and maintain administrative policies and procedures to allow the school district to meet the requirements of the HIPAA Privacy Rule as they may apply to the employee health plan and/or its health care provider Covered Components.
3. Draft and adopt a “Notice of Privacy Practices” that describes, among other things, the uses and disclosures that the District is permitted or required to make under the HIPAA Privacy Rule, its obligations under HIPAA, and the rights related thereto for employees, and students who may receive services from the school district’s health care provider Covered Component.
4. Draft and adopt HIPAA-compliant written authorizations to use or disclose PHI for purposes unrelated to treatment, payment, health care operations, and other designated purposes under the HIPAA Privacy Rule.
5. Identify Business Associates and enter into Business Associate Agreements with all third parties that access PHI when providing services on behalf of the District in relation to its employee health plan and/or health care provider component(s).

7. Establish a training program for all members of the District workforce on HIPAA and the District's policies and procedures related thereto "as necessary and appropriate" for said employees to carry out their functions. Such a training program shall include periodic refresher courses.
8. Develop a process for handling complaints, such process to include the designation of a specific individual to handle such complaints and appropriate procedures for documenting said complaints and the disposition thereof.

The Privacy Officer shall ensure the appropriate development and implementation of sanctions against those members of the workforce who fail to comply with the administrative policies and procedures developed hereunder. In addition to ensuring that appropriate administrative policies and procedures are adopted and implemented to ensure compliance with the HIPAA Privacy Rule, the District will mitigate, to the extent possible, any harmful effects of improper disclosures of PHI and will refrain from any activity that may intimidate, threaten, coerce, discriminate against, or retaliate against an individual for exercising his/her rights under HIPAA.

Complaints

If an employee believes their privacy rights have been violated, they may file a written complaint using the **Uniform Grievance Procedure, Policy 1700** with the Privacy Officer.
