

Governor's Guidelines for All Phases

- Individuals should continue to practice good hygiene by adhering the following guidelines:
 - Wash your hands with soap and water or use hand sanitizer, especially after touching frequently used items or surfaces.
 - Avoid touching your face.
 - Sneeze or cough into a tissue or the inside of your elbow.
 - Disinfect frequently used items and surfaces as much as possible.
 - Strongly consider using non-medical face coverings while in public, especially in circumstances that do not readily allow for appropriate physical distancing (e.g., grocery/retail stores, pharmacies, public transportation).
- People who feel sick should stay at home.
 - Do not go to work or school.
 - Contact and follow the advice of your medical provider.
 - Follow local health department guidance on isolation and quarantine.
- Employers should:
 - Develop and implement appropriate policies, in accordance with federal, state, and local regulations and guidance, and informed by industry best practices, regarding:
 - Social distancing and protective equipment.
 - Temperature checks for symptomatic students and staff
 - Testing, isolating, and contact tracing, in collaboration with public health authorities.
 - Sanitation. Use and disinfection of common and high-traffic areas.
 - Monitor workforce for indicative symptoms. Do not allow people with symptoms of COVID-19 to work.
 - Collaborate with public health officials when implementing policies and procedures for workforce contact tracing following an employee's COVID-19 positive test result.
 - Encourage voluntary participation of employees in any surveillance testing designed to provide community-wide early warning by local public health officials.
- If schools plan to reopen, they should consider:
 - Implementing an alternative educational delivery model that includes a mix of in-person and remote learning.
 - Providing focused individual education, especially for at-risk students.
 - How to reconnect and meet the educational needs of students who fall behind in a remote learning environment.
 - The importance of maintaining the connection between students, teachers, and parents.
 - The important role that schools play in the health of students, families, and communities.

Health Department Guidance

If there is a positive case in the school we will do contact tracing to determine close contacts. Close contacts would be defined as anyone that had at least 15 minutes of exposure within 6 feet of the case. All close contacts will be required to quarantine for a period of 14 days from last exposure.
