

# Cherry Valley News

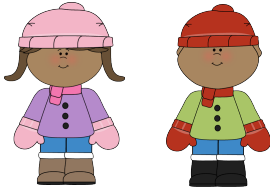

# January 2021

## Dates To Remember:

- January 18<sup>th</sup> - NO SCHOOL Teacher PIR

## Warm Clothes

With winter in full swing, please make sure your child has warm clothes each day for the playground. **They should have a winter coat, hat, gloves, boots, and snowpants.** If you need help acquiring any of these items please let us know. Please also mark your child's clothes with their name. **Don't forget to check lost and found for missing items as well.**

## Head Lice

We have had several cases of head lice reported here at Cherry Valley. Although head lice are not considered a communicable disease by the CDC, they are highly contagious in a school environment. Children with live head lice need to be treated with a lice shampoo/rinse, and the eggs removed before they can return to school. Please remind your children to not share coats, hats or brushes with other children. If you have any questions, please feel free to contact our school nurse, Dakota Killingworth at 883-6333, extension 523.

## REMINDER!!

### NO SCHOOL on January 18<sup>th</sup>

There will be NO SCHOOL on January 18<sup>th</sup> due to Professional Development for teachers. School will resume on January 19<sup>th</sup>.

## Immunizations Reminder

Montana State Law requires that all school aged children be up-to-date on their immunizations before being allowed to attend school, or that the schools have a Religious Exemption form on file. For the safety of all children, please double check to make sure your child's immunizations are current! Thank you!

***Have a wonderful, healthy and happy 2021!***
