

Polson School District #23

September 16, 2021

Polson School District #23 Families

The start of the school year has been successful and it was great to see the kids as they returned with smiles on their faces. We continue to maximize the highest quality in-person instruction. We are committed to full-time, in-person instruction, activity participation, and parent engagement in our schools.

We are continuing to monitor COVID-19 in Lake County and specifically our school community. Our district/school website reporting of our COVID-19 data has changed. It can be found at www.polson.k12.mt.us. It is updated daily in order to keep you informed.

Absenteeism has increased which was to be expected. We ask you to continue to self-monitor your children's health and keep them home when they exhibit any symptoms of COVID-19. Please contact your building principal and or teacher for missing schoolwork and how it can be completed.

If you are interested in working with our outstanding staff, we do have a shortage of substitute teachers, para-professionals, custodians, kitchen staff, secretaries, and bus drivers. Please contact Scott Boen at 883-6355 ext. 603 or sboen@polson.k12.mt.us if you are interested in any of these positions.

Respectfully,

Mike Cutler
Superintendent
