**DOLTON WEST SCHOOL DISTRICT 148 TO CONTINUE REMOTE LEARNING THROUGH
THE 2020-2021 SCHOOL YEAR**

Tonight, the Board of Education approved my recommendation that Dolton West School District 148 continue to implement remote learning for all students and staff through the end of the 2020-2021 school year. Under this approach, students will continue to participate in teacher-led online lessons five days a week using a computer and home internet access provided by the District at no cost to families.

I am confident that the Board's decision is in the best interest of our school community, and also hopeful and optimistic that our students and staff will be back in District 148 schools and classrooms for full, in-person learning for the 2021-2022 school year.

In the meantime, District 148 administrators, teachers and support staff will do everything we can to continue to deliver a quality education with appropriate and necessary social-emotional supports in this next phase of remote learning. If you have questions or comments, please send them to feedback@district148.net.

As always, thank you for your support of Dolton West School District 148, our students and staff.

Educationally yours,
