March 18, 2021

Greetings Dolton West School District 148 Community and Staff,

The Board of Education approved my recommendation for the continuation of remote learning for the remainder of the 2020-2021 school year. During these remaining months of this academic school year, the Administration will continue to work on preparation to receive all students for in-person learning for the 2021-2022 school year.

As many of you are aware, assessment tests are generally administered to our students during the spring every academic year. Due to the implications of the pandemic, the Illinois State Board of Education ("ISBE") have made exceptions to the issuance of assessment testing.

Information was shared by ISBE, in which Districts were offered a choice of assessment testing in the spring or fall of 2021. In following the approved recommendation to stay remote for the remainder of the 2020-2021 school year, it is my recommendation that assessment testing for District 148 students will be conducted in fall 2021. It is my hope that at this time, the District will have all students able to return to school for in-person instruction and testing.

I thank you for your continued support and entrusting in the Board of Education, myself, administrative team and staff of Dolton West School District 148 as we continue to work towards the pursuit of a healthy and safe return to a quality way of teaching and learning. If you have any questions or concerns, please do not hesitate to contact me directly at 708.841.2290.

Educationally yours,

A handwritten signature in black ink, appearing to read "Kevin J. Nohelty".

Dr. Kevin J. Nohelty
Superintendent of Schools
