

HASSAN I. ELMINYAWI

Work Experience

New York State Thruway Authority

12/2016 - present

Senior Administrative Analyst – E-ZPass Operations

- Conducting in-depth analysis of NYSTA cashless tolling facilities, state by state license plate issues and DMV relations. Routinely prepare reports and lead meetings that implement loss prevention strategies and back end system efficiency.

Urban Aftermath Books

9/2010 - present

Retail & Online Book Business

- Owns and operates a third-party online bookstore through Amazon.com. Offering 30,000 new and used books, music, games and toys to customers worldwide. Retail store open limited weekly hours for inventory purchasing and local presence.

New York State Neighborhood Preservation Coalition

8/2013 – 6/2014

Urban Policy Assistant

- Promoted the preservation of affordable housing and community development by providing technical assistance for nearly 160 member groups. Completed research and writing projects related to local, state, and federal housing policies through extensive analysis and preparation of Census data and map creation.

New York State Department of Transportation

6/2008 – 9/2011

Highway Data Analyst – Highway Data Services Bureau

- Provided high-quality highway data and information services to support the department's capital and operating programs. Assisted in creating a consistent and accurate highway inventory through rectifying spatial discrepancies in DOT highway data. Maximized provision of federal transportation funds to New York State. Required skills in GIS and MS Office.

Planning Intern – System Planning and Asset Management

- Responsible for evaluating and mapping critical transportation infrastructure using GIS and geo-spatial analysis. Often checking for issues of compliance, this position demanded specific knowledge of FHWA standards and ADA regulations.

New York State Senate

12/2007 – 6/2008

Legislative Session Assistant – Office of State Senator Antoine M. Thompson

- Responsible for the research and evaluation of legislation pertaining to environmental and city planning. Reported on technical and logistical analyses of environmental legislation. Handled all correspondence from elected officials, the public and interest groups. Drafted official letters, conducted meetings, and created databases to streamline office duties.

Nutrition Consortium of NYS

8/2010 – 10/2010

Grant Consultant

- Consultant for federally funded Summer Food Service Program (SFSP). Created and analyzed statewide database of SFSP sites. Constructed interactive statewide map of summer food sites for both internal and external use.

Research Foundation - State University of New York

7/2007 – 5/2012

COLI Research Assistant

- Conducted research, data collection/input, and results analysis for nationwide cost of living index project.

Camp GEOG Instructor

- Prepared and taught geography curriculum that was engaging and fun for inner city youth enrolled in the program.

Education

State University of New York at Albany

8/2005 – 5/2012

M.R.P – Transportation Planning (thesis remaining)

- Advanced Institute for Transportation Education (AITE) Scholarship Recipient.
- Coursework in transportation & community planning, planning law, environmental preservation, and economic development.

B.A. – Urban Planning & Geography

- Double major, graduated Cum Laude. Coursework in city planning, economic development, transportation policy, and GIS.
- Independent studies in urban design, community asset mapping, environmental contamination, and NYS history.
