

**FISCAL MANAGEMENT POLICY**

As trustee of local, state, and federal funds allocated for use in public education, the Board will be vigilant in fulfilling its responsibility to see that these funds are used wisely for achievement of the purposes to which they are allocated.

Recognizing this, it is essential that the district take specific action to make sure education remains central and that fiscal matters are ancillary and contribute to the educational program. This concept shall be incorporated into Board operations and into all aspects of district management and operation.
