Sixth Grade Welcome Letter

AUGUST 2020

Dear Students and Families,

Welcome to the beginning of a new school year and to sixth grade! The sixth grade team is looking forward to the start of a new and exciting year and getting to know students and parents in our enriched virtual learning format. The start of a new school year is always busy as we familiarize ourselves with new routines and expectations.

We know you must be wondering what supplies you may need to stock up on. The following list is suggested and helpful, but not mandatory.

- A spiral bound notebook for each class (5)
- A pocket folder for each class. (5)
- A binder (1)
- Pencils
- Colored pencils

Students will be provided with a computer and an agenda prior to the beginning of the year. We look forward to meeting you in the fall!
