A. Adjourn

2020-2021 Objective Statement

Strategies that support an informed community remain critical to the continued success and future development of the North Hampton School. The School Board's 2020-2021 yearly goals will focus on 3 areas of strategic communication that will support and align with the established SIP (School Improvement Plan).

1) In conjunction with and support of the School Improvement Plan, the School Board will work with the Administration and the SAU to provide the North Hampton School community with a clear outline and continuous updates on what social and emotional practices the school is adopting to support the students, staff and working professionals.

2) In conjunction with and support of the School Improvement Plan, the School Board will work with the Administration and the SAU to provide the North Hampton School community with regular progress updates on the multiple teaching platforms that the Remote Learning Academy, Enhanced Remote Learning and In-Person teams are utilizing. In addition, the Board will coordinate with the Administration and SAU to keep the community informed as expanded back-to-school opportunities develop.

3) In conjunction with and support of the School Improvement Plan, the School Board will work with the Administration and the SAU to provide the North Hampton School community with scheduled updates and additional learning opportunities around the implementation of Competency-based education initiatives in the North Hampton School.
