January 22, 2021

Dear SAU 21 Families and Community,

This has been a momentous week in our country. The Presidential Inauguration brings a new administration to our White House, a new beginning, and perhaps many questions regarding the future. In addition to political change, we are facing change due to the pandemic and all that is involved at this point in time in our Districts. As we approach the third trimester at SAU 21, we will continue to honor the diverse perspectives and needs of our families and employees as we work with you to prepare for the upcoming months.

I was particularly moved by Amanda Gorman, the first-ever youth poet laureate, as she recited her poem, “The Hill We Climb” during the inauguration of President Biden on January 20th, 2021. Her words offer inspiration for unity, diplomacy, strength, and hope. Gorman’s words: “And so we lift our gazes not to what stands between us but what stands before us” can provide a sense of unity over division as we band together to tackle the challenges that lie ahead.

I have included links to the transcript as well as the video if you haven’t seen it or would like to view again and again (as I have).

Thank you for your ongoing support. We know that the required health protocols due to pandemic are an additional layer of coordination and detail that is not usually part of your school routine. However, we continue to have limited disruption in academics due to your diligence and cooperation! We couldn’t do it without our supportive families. As usual, please feel free to be in touch with your building principal, counselors, or the SAU if you have any questions or thoughts you’d like to share. We’d love to hear from you. We are a community.

Sincerely,

Caroline Arakelian
Interim Superintendent of Schools

If we merge mercy with might, and might with right, then love becomes our legacy

Amanda Gorman, “The Hill We Climb”

The new dawn blooms as we free it
For there is always light, if only we’re brave enough to see it
If only we’re brave enough to be it

Amanda Gorman, “The Hill We Climb”
Lincoln Akerman School will be using spring professional development time to reinvigorate their focus on Social Emotional Learning (SEL) for students and teachers. SEL is the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

They will be spearheading this work in three ways: first, they are developing a central repository by which teachers are able to share resources and materials for classroom use. Second, they are focused on building common language and classroom expectations around these skills; given this structure, students will have consistent expectations as they move from class to class and grade to grade. Lastly, they are improving teaching practice by creating opportunities to model, or ‘guest present,’ SEL lessons for other teachers throughout the school. We clearly have a reason to celebrate their emphasis on such important components of student learning.

- Dr. Hobbs, Assistant Superintendent of Curriculum, Assessment, & Instruction

Previously Shared Information

The following information was shared in a previous communication to families. The information is still relevant for this week and month and has been updated where appropriate.

SAU 21 Updates & Notices

In the case of **inclement weather**, all SAU 21 Districts will either have a remote learning day or be closed for the day.

**Remote Learning Day:** All staff and students will work remotely during a remote learning day. This day counts as a school day and will not have to be made up at the end of the year. Schools/grades that are currently remote will adhere to the same schedule. Schools that are in-person (full or hybrid) may have an augmented schedule (published by your building principal).

**Closed:** Families and staff will receive a message regarding a school being “closed” meaning no students are attending virtually or in person. These days are reserved for severe weather and/or substantial power outages across our region. These days will resemble the “snow days of the past” and will need to be made up at the end of year.
