School Spotlight: Equity Planning 2022

I'm proud to report that SAU 21 Equity Team representatives were able to meet to debrief the work of the year, and begin the planning process for 2021-2022. In the final meeting of the school year, the team was able to:

- Review the SAU 21 Equity Strategic Framework and reflect on the progress of our goals.
- Review all faculty and staff feedback from this spring's professional development opportunities, including building-based conversations and targeted needs.
- Discuss priorities for the 2021-2022 school year, including concrete training and integration with current efforts around social emotional learning, as well as the development of common practices/ language.
- Articulate needs around [community outreach and participation](#) in these efforts throughout the next school year.

Sincere thanks to the members of this team and their dedication to our shared understanding and commitment to these issues.

-Dr. Hobbs Assistant Superintendent of Curriculum, Instruction & Assessment
