**Audio recording**

It was the consensus of the Policy Committee members to bring the subject of audio recording of Board of Education meetings to the full board for discussion at the regular September meeting. The questions that the Board of Education should consider as to whether this project/pilot should move forward are:

1) Is this something the Board is interested in doing?
2) Is audio the desired way to make the meetings more transparent?
3) Are there any other concerns potentially about inappropriate use of the audio?
4) What is the cost of staff time?

Mr. Carioscio explained that he was exploring how to index the audio recordings to the agendas. He noted that it was a time-consuming, manual task and that software was not available from the vendor. An off-brand software would have difficulty connecting. The Board of Education may want to post the entire audio recording without an index. Going forward a separate timer could be kept to keep track of new topics and then link that to the agenda.

**Student Discipline**
The Policy, Evaluation and Goals Committee unanimously recommended a 15-minute discussion be had by the Board of Education at its regular September meeting on allowing the administration to determine a facilitator for the Parent teacher Advisory Committee, and if under $25,000, secure that person with a contract without Board of Education approval. The Committee was informed that Restorative Justice would be folded into the student discipline discussion. This will help frame how the District moves forward. The members identified for the Parent Teacher Advisory Committee will include the following: SIDS, faculty members, Director of Safety & Support, Police, students, parents, substance abuse coordinator, division heads, and counselors. Its charge will be to develop a philosophy statement, aligned to student discipline. While one committee member suggested considering the following as well, either as members of the core committee or part of constituent focus groups, another suggested that they be part of focus groups in order to keep the committee from being too large and unmanageable. A budget for the facilitator will be needed.

**Update on Chicago VOYCE**
The Policy Committee unanimously agreed to move the update on Chicago VOYCE to the full Board of Education as an informational item at its regular September meeting. The next planning meeting with the students is September 17. A student-led discussion is scheduled for October 10 from 1:00 to 4:00 p.m. and the hope is that 200 to 300 students will attend.

**Superintendent Evaluation Instrument**
After looking at other districts’ evaluation instrument for the superintendent, the attached was designed. It was used to evaluate Dr. Isoye and the previous superintendent. It was the consensus of the PEG Committee that it be provided to all of the Board of Education members for their review and consideration via EOWN and they would be asked whether this same tool should continue to be used. Responses should be sent to Mr. Ruhland with a copy to Ms. Kalmerton. The timeframe for completing the revision of this instrument is December.

**Adjournment**
At 6:30 p.m., Ms. Spivy moved to adjourn the Policy Evaluation and Goals Committee; seconded by Ms. Cassell. A voice vote resulted in motion carried.
