The SAT has become a rite of passage for juniors. In fact, because of the pivotal role this test plays in college admission, Illinois will be underwriting the cost of the SAT for every student in the Class of 2021. To prepare its junior class, Oak Park and River Forest has invited ExcelEdge to offer SAT 1600. In fact, since our first classes in 1989, over 7,100 Oak Park and River Forest grads have increased their scores, thanks to ExcelEdge test preparation.

Our curriculum, our strategies and our instructors make the difference. A leader in Midwest test preparation since 1987, we at ExcelEdge have meticulously monitored the College Board SAT to make sure students receive a highly-specialized program tailored to the test. You can count on experienced instructors who are certified content specialists to teach you point-producing offensive and defensive strategies to navigate difficult items. We will show you exactly what to expect on the SAT. We will teach you how to eliminate choices, how to answer items quickly, and how to maximize your score. We will teach you how to think like the test maker. To see what our schools, our parents, and the graduates of our program have said, please visit our website: www.exceledgeinc.com.

Timing is everything. We have deliberately scheduled SAT 1600 to wrap up just before the April 14th, SAT exam. By spring, students will have mastered junior curriculum, which the exam targets. By completing the program in the weeks just before the SAT, students can master test content and strategy and put these skills to immediate use. Students may enroll in our eight-week test preparation program on Saturday mornings, 9:00 to 11:00, or on Wednesday after school or evenings, 4:30 to 6:30 or 6:45 to 8:45. Absent students may make up at an alternate class. Please visit the ExcelEdge website for details.
