Extra-Curricular Academic Support Program (Study Table) - Tutoring Center - 293 West

All students participating in activities or athletics that violate the C Pass to Play Policy (Rule) must attend the Academic Support Program for three (3) 50 minute sessions during that week or receive assistance from an OPRFHS teacher (approved tutor) for 150 minutes during that week. Failure to meet the time requirements (hours) for academic support will result in the student becoming ineligible for extra-curricular activities the following week. The Academic Support Program functions in alignment with our Tutoring Center and meets in the Tutoring Center (293 West) from 7:00 a.m. – 7:45 a.m. (Monday - Friday), 3:05 p.m. – 5:00 p.m. (Monday-Thursday) and 3:05 p.m. - 4:30 p.m. on Fridays. Students may also choose to receive academic support during our Late Start Wednesdays. On designated Wednesdays, students can receive academic support in the Tutoring Center from 7:00 a.m. - 9:45 a.m.

Motivational Mentorship
The Motivational Mentorship Program aims to draw on the experience of OPRFHS alumni and mentors to help current students successfully navigate their way through high school. The program aims to address organizational and life skills, conflict resolution and effective effort. The goals are to improve student attitudes towards school, increase self-esteem, improve grades, establish an ability to work collaboratively, improve attendance and make positive decisions.

F.R.E.E. (Females Reaching for Educational Excellence)
This group was created to provide support to female students. Establishing a safe and calm environment where students can co-exist in harmony under one roof is the driving force behind this program. The F.R.E.E. program promotes good decision-making and problem-solving skills.

Pupil Support Services

Pupil Support Services (PSS)
Every student is automatically assigned to a Pupil Support Services (PSS) Team. The PSS Team enhances the school's ability to work with students on behaviors that undermine their academic or social/emotional success. The PSS Team provides a formal, consistent opportunity for key staff members to share vital information that supports student success. The teams consist of three counselors, a dean of students, a student youth therapist and if applicable the substance abuse prevention coordinator. All teams are located in Rooms 207, 208, 272 and 308.

Counselors: Upon entering the high school, each student is assigned a Counselor who works with the student until graduation. While at OPRFHS, students and their families will have the opportunity to develop a close relationship with their Counselor. This continuous relationship is an essential element of our guidance and counseling program.
The Counselor functions as the student’s personal, academic and college counselor. In addition to counseling and advising students, the Counselors have responsibilities in the college application process, four-year planning, career exploration, post-secondary planning, scholarships and financial aid, and scheduling.

Students may schedule appointments with their Counselor during their study halls, before or after school, or during their lunch periods.

Dean of Students:

Upon entering the high school, each student is assigned a Dean of Students. The Dean of Students assumes the responsibility of ensuring that the learning environment is safe for all students.

The Dean of Students will work with the student’s family, counselor, teachers and social worker in an effort to assist students with behavioral issues, student conflicts, and any other issues that may interfere with the student’s safety and success here at OPRF. The Dean of Students will hold each student accountable for daily attendance and for any violation of the Behavior Education Plan and will assign appropriate consequences.

School Social Workers: Students may receive individual or small group counseling for social/emotional issues which interfere with their education. Services include assessment and linkage to community agencies when appropriate, crisis intervention, drug/alcohol assessment, and small group problem solving. Students may be referred by teachers, counselors, Dean of Students, staff members, parents, classmates, or they may initiate their own referrals.

Prevention and Wellness Coordinator: Our Prevention and Wellness Coordinator works with the high school student population to provide effective drug and alcohol prevention; assessment, referral, and linkage to outside services; and short-term counseling and relapse-prevention services. The goal of these services are to provide educational awareness on effective drug and alcohol prevention programming that addresses the unique needs of the OPRFHS student population and is designed to become an integral part of the high school community.

Expectations Regarding Written Assignments

For any assignment given in any class, if there is a concern about a student’s writings (i.e. suicidal, homicidal references or allusions, involvement in dangerous activities, etc.) the teacher who made the assignment will refer the situation to the student’s PSS team for further review and intervention if necessary. Parents will be notified.
Academic Learning Program

The Academic Learning Program is an in-house resource for students with specific learning needs and profiles. There are two components to the program that address some of the unique needs of students within the district.

In-School Credit Recovery (ISCR) - An online academic program designed to support students with credit completion. Students in the program demonstrate a need to accelerate their academic progress and/or demonstrate a need for a different learning venue and format. Students are typically referred through PSS Teams and must complete an in-take process before being enrolled. The credit recovery program is designed to support learners with the following profile:

- multiple failures
- limited options towards credit recovery
- a proficient level of literacy skills
- the ability to work independently and to self-monitor academic progress
- desire or need to remain at OPRFHS
- a recommendation from PSS Team

Part-time Credit Recovery Option - Students who fit the program profile and who need to recover credits, due to multiple failures, can have credit recovery courses added to their schedule during study halls as a way of recovering credits. Students will participate in the in-take process and courses must be approved, prior to starting the program.

Full-time Credit Recovery Option - Students who fit the program profile, who need a full-time credit recovery option, can take ISCR between 8:00 a.m. – 3:04 p.m. Students will have a full course-load and will be released for lunch as assigned.

Academic Enrichment (AE) - This course is designed for students who have not fully maximized their success in school and who need daily hands-on mentoring support and skill development to better ensure their academic success. These are semester-long, credit bearing courses taught by certified teachers.

Academic Enrichment is a course designed for students with extensive needs in the following areas:

- executive functioning skills
- social emotional support to manage daily obstacles that interfere with learning
- mentoring, guidance and increased adult advocacy to better ensure success

(Please note: Academic Enrichment is a general education support and is accessed through PSS Team referrals and approval).
EXTRA-CURRICULAR ACTIVITIES

Frequently Asked Questions About Extra-Curricular Activities

HOW CAN I GET INVOLVED?

Q: Do I have to join a club?
A: No, it is not mandatory to join a club. However, it is our goal that every student be involved in at least one club, activity or athletic team. Most students are involved in more than one extra-curricular activity.

Q: What if I just want to assist with school-wide events and not commit to any one club or activity?
A: We encourage you to find a club that fits you; however, there are several opportunities to be on committees to plan all school events, or prom planning.

Q: How do I find out about clubs and activities, when they meet, and how to get involved?
A: There are many ways to get connected with activities at OPRF.
   • First, you can always go to the Student Activity Center (Room 174) to ask for information about club meetings, times and dates.
   • Many clubs inform students about upcoming meetings and events during daily announcements in Advisory.
   • If you missed the announcements, or cannot hear them, they are posted each day at www.oprfhs.org/activities. They are also emailed to all students.
   • Follow @oprfactivities on Instagram to stay well informed!

Q: If I did not join a club in the fall or first semester, is it too late?
A: No! Most clubs and activities are open to students all year. Most clubs have open door policies, and welcome members at any time, even if you cannot be there every week.

Q: How do I make time to get involved in clubs and activities? I want to be sure to focus on my schoolwork.
A: Absolutely, schoolwork is number one, but getting involved fosters a sense of belonging, networking and time management that creates even better academic success. In fact, research shows that students who are engaged in extra-curricular activities actually do better in school. The benefits are many.

Lock and Locker Guidelines

Locks and lockers are provided for the safety and convenience of students. It is important to keep your locker locked at all times and follow the guidelines listed below:

- Push lock down until it clicks; then spin the dial.
- Blue combination locks are for hallway lockers and Gray combination locks are for P.E locker rooms.
- Keep the lock combination private and use only the assigned locker.
- Do not share lockers with other students.
- To prevent someone from switching your lock with theirs, do not leave your lock unattended at any time.
- Report any trouble with your lock or locker to the Welcome Center.
- Do not deface lockers.
- Clean out your contents at the end of the school year, BUT KEEP YOUR LOCK ON YOUR LOCKER. If this is not done, the contents will be removed by the school and may be discarded. SENIORS should take their locks home at the end of the school year.
- Hall lockers must have school-issued locks.
- Do not use hall lockers during summer school.

Note: All student lockers are the property of Oak Park and River Forest High School and are accessible to school authorities at any time. If there is suspicion that a locker contains unauthorized material, designated school personnel have the right to search it. In cases where dangerous or illegal materials are present, the police will be called and parents/guardians will be notified.

Books/Supplies

The Instructional Materials Fee (IMF) of $268 per student enrolled at OPRFHS both on and off campus, covers all instructional materials for all courses during both semesters of the school year. This mandatory fee should be paid online along with the mandatory District Fee, Technology Fee and Drivers Education Fee, if applicable.

The Instructional Material Fee includes the first set of:

- District-loaned textbooks (checked out to individual students). All textbooks must be returned at the end of the year (or semester, for semester long classes) by publicized deadlines to avoid replacement and late return charges.
- Paperback books and workbooks (students keep)
- Course article packet handouts (students keep)
- Initial art and photo supply kits (students keep)
- Lab kits (students keep)

The items NOT included in the fee are:

- PE uniforms
- Calculators
- Locks
- Purchase of additional art and photo supplies as needed throughout the year
- Lost or damaged books – always call the Bookstore before replacing or paying the replacement fee.
- Personal school supplies (notebooks, pens, pencils, binders, etc.)

If a family feels their fees would cause economic hardship, they can apply annually for a Fee Waiver by applying for the Free or Reduced Lunch Program with the current form by August 1. If a student qualifies for Free Lunch per the Federal Guidelines, then all fees would be waived. If a family qualifies for Reduced Lunch, then their student’s fees would be reduced to equal 10% of each individual fee. Obligations that are not included in the Fee Waiver or Reduction Plans consist of those such as late or damaged book charges; ID replacement charges; unreturned library books; unreturned ice packs; etc. If a family does not qualify for a waiver or reduction, payment plans can be set up in the Bookstore. Call 708-434-3940 for more information.

Please note: Unpaid monetary obligations will stop a transcript from being sent to your next high school, college, university, or employer.

NOTE: Students may annotate paperback novels; HOWEVER, students will be billed the replacement cost of any textbook they annotate, highlight, or damage in any way. Students are strongly encouraged to keep a plastic bag in their backpack to cover their books in case of rain.
Lost and Found

Students are responsible for their belongings at all times. Care should be taken to lock hall and gym lockers securely. Lock combinations should never be shared. All items that are found should be taken directly to the Welcome Center. Items will only be stored for a short period of time prior to disposal; books and backpacks are taken to the Bookstore. Clothing items are taken to the Lost and Found Closet near room 139, and all other valuables are kept in the Welcome Center safe. If the student's name, ID # and the current year are listed, the Bookstore makes every attempt to inform the student that the book/backpack has been found.

Transportation

PACE and CTA are both using the Ventra system for student fare cards. Ventra student permits can be applied for by mail. Log into the Ventra website (www.ventrachicago.com), print out the application for a student permit, and mail to Ventra with a $2 check, money order, or cashier's check. The student card will be mailed to the school and you will be notified when it arrives in approximately two weeks. While generally a reduced student fare is deducted from the card on school days during school hours, please refer to the Ventra website for specifics about the fare restrictions. Cards must be renewed for each summer term, and again each fall for the new year. To renew, one must fill out the RENEW Student Reduced Fare Riding Privileges form for that time period, which the student can pick up from the OPRFHS Bookstore as it has the necessary school signatures, and return it to Ventra by email, fax or mail. If your card is lost or stolen, you will need to use the REPLACEMENT Form and call Ventra to deactivate the lost or stolen card.

Library

Students are encouraged to take advantage of the many library resources available both on and off campus. The library maintains a collection of books, databases, eBooks, play scripts, and audiobooks. The library encourages students to participate in the Abraham Lincoln Illinois’ High School Readers’ Choice Award. The library catalog, eBook collection, LibGuides, Abe Lincoln Award Books, and databases (such as JSTOR and PsycARTICLES) are available at www.oprfhs.org under the Academics tab.

The student ID serves as a library card for checking out books. The library is open each school day from 7:30 a.m. until 3:30 p.m.

Students are encouraged to take responsibility for all materials they check out. While fines are not incurred for overdue books, students must pay for damaged or lost items.

Students will benefit from using the library and its resources during their years at OPRFHS. It is a place to read and research on their own, and to come with their teachers and classes for in-depth research and book talks. All are welcome.
OPRF STUDENT DRESS CODE

Dress Code Philosophy

Similar to many districts that are rethinking dress codes based upon race and gender equity, the OPRF student dress code supports equitable educational access and is written in a manner that does not reinforce stereotypes. To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size.

Our values are:

- All students should be able to dress comfortably for school and engage in the educational environment without fear of or actual unnecessary discipline or body shaming.
- All students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.
- Student dress code enforcement should not result in unnecessary barriers to school attendance.
- School staff should be trained and able to use student/body-positive language to explain the code and to address code violations.
- Teachers should focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
- Reasons for conflict and inconsistent and/or inequitable discipline should be minimized whenever possible.

Our student dress code is designed to accomplish several goals:

- Maintain a safe learning environment in classes where protective or supportive clothing is needed such as chemistry/biology (eye or body protection), dance (bare feet, tights/leotards), or PE (athletic attire/shoes).
- Allow students to wear clothing of their choice that is comfortable.
- Allow students to wear clothing that expresses their self-identified gender.
- Allow students to wear religious attire without fear of discipline or discrimination.
- Prevent students from wearing clothing or accessories with offensive images or language including profanity, hate speech and pornography.
- Prevent students from wearing clothing or accessories that denote, suggest, display or reference alcohol, drugs or related paraphernalia or other illegal conduct or activities.
- Prevent students from wearing clothing or accessories that will interfere with the operation of the school, disrupt the educational process, invade the rights of others, or create a reasonably foreseeable risk of such interference or invasion of rights.

- Prevent students from wearing clothing or accessories that reasonably can be construed as being or including content that is racist, lewd, vulgar or obscene, or that reasonably can be construed as containing fighting words, speech that incites others to imminent lawless action, defamatory speech, or threats to others.

- Ensure that all students are treated equitably regardless of race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size.

Dress Code

Oak Park and River Forest High School expects that all students will dress in a way that is appropriate for the school day or for any school sponsored event. Student dress choices should respect the District’s intent to sustain a community that is inclusive of a diverse range of identities. The primary responsibility for a student’s attire resides with the student and their parent(s) or guardian(s). The school district is responsible for seeing that student attire does not interfere with the health or safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student, and that dress code enforcement does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size. Any restrictions to the way a student dresses must be necessary to support the overall educational goals of the school and must be explained within this dress code.

1. Basic Principle: Certain body parts must be covered for all students at all times.

   Clothes must be worn in a way such that genitals, buttocks, breasts, and nipples are fully covered with opaque fabric. However, cleavage should not have coverage requirements. All items listed in the “must wear” and “may wear” categories below must meet this basic principle.

2. Students Must Wear*, while following the basic principle of Section 1 above:
   - A Shirt (with fabric in the front, back, and on the sides under the arms), AND
   - Pants/jeans or the equivalent (for example, a skirt, sweat pants, leggings, a dress or shorts), AND Shoes.

   *Courses that include attire as part of the curriculum (for example, professionalism, public speaking, and job readiness) may include assignment-specific dress, but should not focus on covering bodies in a particular way or promoting culturally-specific attire. Activity-specific shoes requirements are permitted (for example, athletic shoes for PE).

3. Students May Wear, as long as these items do not violate Section 1 above:
   - Hats facing straight forward or straight backward. Hats must allow the face to be visible to staff, and not interfere with the line of sight of any student or staff
- Religious headwear
- Hoodie sweatshirts (wearing the hood overhead is allowed, but the face and ears must be visible to school staff).
- Fitted pants, including opaque leggings, yoga pants and “skinny jeans”
- Pajamas
- Ripped jeans, as long as underwear and buttocks are not exposed.
- Tank tops, including spaghetti straps; halter tops
- Athletic attire
- Visible waistbands on undergarments or visible straps on undergarments worn under other clothing (as long as this is done in a way that does not violate Section 1 above).

4. Students Cannot Wear:

- Violent language or images
- Images or language depicting drugs or alcohol (or any illegal item or activity)
- Hate speech, profanity, pornography
- Images or language that creates a hostile or intimidating environment based on any protected class or consistently marginalized groups
- Any clothing that reveals visible undergarments (visible waistbands and visible straps are allowed)
- Swimsuits (except as required in class or athletic practice)
- Accessories that could be considered dangerous or could be used as a weapon
- Any item that obscures the face or ears (except as a religious observance)

5. Dress Code Enforcement

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently using the requirements below. School administration and staff shall not have discretion to vary the requirements in ways that lead to discriminatory enforcement.

- Students will only be removed from spaces, hallways, or classrooms as a result of a dress code violation as outlined in Sections 1 and 4 above. Students in violation of Section 1 and/or 4 will be provided three (3) options to be dressed more to code during the school day:
  - Students will be asked to put on their own alternative clothing, if already available at school, to be dressed more to code for the remainder of the day.
  - Students will be provided with temporary school clothing to be dressed more to code for the remainder of the day.
  - If necessary, students' parents may be called during the school day to bring alternative clothing for the student to wear for the remainder of the day.

- No student should be affected by dress code enforcement because of racial identity, sex assigned at birth, gender identity or expression, sexual orientation, ethnicity, cultural or religious identity, household income, body size/type, or body maturity.
School staff shall not enforce the school's dress code more strictly against transgender and gendernonconforming students than other students.

Students should not be shamed or required to display their body in front of others (students, parents, or staff) in school. “Shaming” includes, but is not limited to:

- kneeling or bending over to check attire fit;
- measuring straps or skirt length;
- asking students to account for their attire in the classroom or in hallways in front of others;
- calling out students in spaces, in hallways, or in classrooms about perceived dress code violations in front of others; in particular, directing students to correct sagged pants that do not expose the entire undergarment, or confronting students about visible bra straps, since visible waistbands and straps on undergarments are permitted; and,
- accusing students of “distracting” other students with their clothing.

These dress code guidelines shall apply to regular school days and summer school days, as well as any school-related events and activities.

Students who feel they have been subject to discriminatory enforcement of the dress code should contact the Student Advocate or a Dean of Students.

*Many thanks to ETHS and Oregon Public Schools/Oregon Now for sharing their policies!

Modified Campus Lunch Options

Freshman and Sophomore Lunch
All freshman and sophomore students are required to eat lunch in the South Cafeteria during their assigned lunch period. Gathering for lunch at lockers or in the halls is not permitted.

Junior and Senior Lunch Options
Junior and senior students will have the option of eating in the North Student Cafeteria or leaving the campus during their assigned lunch period. Students may leave campus provided that parent permission for open campus lunch is on file with the school, and the conditions set forth by the
Administration to earn the privilege of open campus lunch are met. Eligible juniors and seniors who choose to leave the building must exit the building within the five-minute passing period. Gathering for lunch at lockers or in the halls is not permitted. Students who leave the building and wish to re-enter during the lunch period must use the North Cafeteria Exit 9. STUDENTS ARE NOT PERMITTED TO LOITER AROUND THE PERIMETER OF THE BUILDING.

Modified Closed Campus (MCC) Eligibility Requirements
Juniors and seniors who have been granted parent permission that is on file with the school and who meet the eligibility requirements set forth by the administration have the option of leaving campus for lunch.

Juniors and seniors may go off campus for their assigned lunch periods providing...

- They have parent approval documented in Family Access...

And... they meet these other conditions:
- Have their official picture IDs (no temporary IDs);
- Have five or fewer tardies in a given 4 ½ week period;
- Have no more than 1 unexcused absence in a given 4 ½ week period;
- Are passing all courses (i.e. no Fs) at the mid-quarter progress reporting or end-of-quarter time;

Additionally, any student involved in specific disciplinary infractions will lose off-campus lunch privileges for the remainder of the semester. Please refer to the Behavior Education Plan.

Juniors and seniors who choose to stay at school for their lunch period will eat in the North Café. Students who leave campus for their assigned lunch period must exit and re-enter through the Mall doors by the North Cafeteria ONLY. Students will not be permitted to loiter around the building perimeter during off campus lunch.

A student will lose off-campus privileges for the remainder of the quarter if he/she fails to meet any of these conditions. We will reset the system every 4 ½ weeks (middle and end of each quarter) so that students have the opportunity to regain the privilege if it was lost due to any of the aforementioned conditions. ALL juniors and seniors who have parent approval documented in Family Access will begin the 2020-21 school year with the off-campus lunch privilege.

Passes and Lunch Time Supports-Frequently Asked Questions (FAQs)

Q: When does a student need a pass?
A: To ensure that students have a purpose for leaving the classroom or other designated areas, other than passing periods, students will need to have a pass written for them every time they are released from an area.

Q: Does this mean a student can't go to the Library or Tutoring Center during study halls or lunch?
A: Students may go to the Library or Tutoring Center. Students must check into the study hall first and obtain a pass from the study hall supervisor after attendance has been taken. During lunch periods, students may obtain passes to the Library to “Read or Research” or Tutoring Center simply by asking one of the lunch monitors to issue a pass.

Q: If a student wants to go to the Library or to the Tutoring Center during lunch, can they go?
A: Yes. There will be a designated member of the Safety and Support Team (SST) outside of the lunch room that will provide students with passes to these areas during the lunch periods.

Q: Why do students need to report to study hall first before going to a different location for support?
A: Since we are responsible for knowing where our students are and helping them identify supports, we think it is important for students to touch base with the study hall supervisor before going to other locations. Study hall supervisors will have an opportunity to input accurate attendance and to discuss with students possible options to obtain the support they are requesting. Since study halls are considered an academic support area, students should know and feel that study halls are spaces for them to complete academic work and they are scheduled for this purpose.

Q: Will a student still be able to visit teachers/counselors/Dean of Students/resource managers during study halls or lunch?
A: Students can still use their lunch or study hall periods to visit teachers and other staff members. To ensure a teacher, counselor, Dean of Students or other staff person is present and available; students should make an appointment and obtain a pass in advance from the faculty/staff person they plan to visit. The pre-signed study hall pass verifies for the study hall supervisor that the teacher is available and has agreed to use that time to support the student. This was the expectation in the past.

Q: If a student wants to eat lunch in their teacher’s room, or other locations, can they?
A: As noted above, we are fortunate to have teachers, counselors, etc. who gladly meet with students during their own planning and lunch periods. We will continue to support and encourage those connections. However, we simply cannot meet the needs of students and staff with food allergies – nor can we keep mice and bugs at bay -- if we allow food consumption and disposal in our classrooms and instructional spaces. Food needs to stay in the cafeterias (and a few other designated areas with prior arrangement through Food Services). As outlined above, students can get a pass in advance from any staff member they hope to spend time with, thereby ensuring the person is expecting them. A student can use the pass to leave from the Cafeteria area, so they can eat lunch first.

Q: If a student does not have a pass, what will happen?
A: Students without a pass will be directed back to the location they last visited to obtain one.

Q: Why do students need to wait 5 minutes in their study hall room before being allowed to go to a different location?
A: Five minutes provides time for study hall supervisors to take attendance, check in with students regarding their needs and complete passes to go to other locations, if needed. This will also allow us to clear the halls after the bell rings and help deter tardies and unexcused absences.

Q. Can a student ask for a pass during the first 5 minutes of class?
A. We are discouraging any hallway movement during the first 5 minutes of each class period, as noted above. But certainly, teachers can give their students hall passes at any time to attend to any necessary personal care needs. This is at the teacher's discretion.

Q: What are the hours of the Tutoring Center?
A: The Tutoring Center is open from 7:00 a.m. – 5:00 p.m. Monday thru Thursdays, and 7:00 a.m. – 4:30 p.m. Fridays.

Q: Where is the Tutoring Center located?
A: The Tutoring Center is now located on the 2nd floor in the Library West.

Q: If a student needs support in an academic area and a teacher whose expertise in the area is not available during the time the student is available, what do you recommend?
A: Besides before school and after school, we will have two or more academic areas represented in the Tutoring Center. We recommend that students and staff consult the schedule that will be provided but we also recommend that students stop by the Tutoring Center to talk with the monitor. There are times when the needs of a student do not require a lot of content knowledge and any teacher assigned to the center can provide assistance. The monitor will help students match the need they have with the appropriate staff member for support.

Q. Are the lunch rooms crowded?
A. We have seating for 727 in the South Café and 433 in the North Café capacity. The South Café is designated for overflow. Typically, about 1,200 juniors and seniors have been given parental permission to go off campus for lunch.

Q. Can a student order lunch and have it delivered to school?
A. Students are not permitted to order lunch for delivery into the building.

Q: Can a student use the restroom during lunch?
A. Students are permitted to leave the cafeterias without passes to go to the restrooms. Our directive for our staff is to simply allow students who need to go to the bathroom during lunch to go.

Q: What about accessing lockers?
A. We do not take attendance at or record tardies in the lunchroom. Students are free to go to their lockers prior to heading down to the cafeteria. They are not marked tardy for arriving at the cafeterias after the bell rings. Once the period starts, students in the lunchroom may not leave to go to their lockers.
Places to Go During Lunch Periods

As indicated in the Modified Closed Campus procedures, after five minutes, students may leave the cafeteria to study in designated areas. A Safety and Support Team member will be stationed outside Room 174 in the Student Activities Center to write passes. Students may request a pass to the:

- Library
- Tutoring Center
- Huskie Hub
- Studio Study Balcony Area

No food or drink is allowed in any of these areas, with the exception of the balcony, where drinks are permitted as long as empty containers are disposed of properly. Sometimes these areas fill up and students will be told there is no longer any room. They can choose one of the other locations listed above or remain in the cafeteria until the period is over.

Restricted Lunch

Students who violate the Behavior Education Plan may be assigned to Restricted Lunch by a Dean of Students. Students will report to an assigned area during their lunch period for a period of time determined by their Dean of Students. Students assigned to Restricted Lunch will be provided lunches for purchase delivered from the cafeteria or may bring their own lunch.

Food Deliveries

Students are NOT allowed to order food and have it delivered to the school. Students are welcome to purchase a lunch from the school or to bring a lunch from home. Students who order food to be picked up at the Welcome Center will not be permitted in the area and the delivery personnel will be turned away, which may possibly result in the student losing his/her money that was paid for the food.

- Restricted from attending future events;
- Possibly referred to the Oak Park Police Department.

If school personnel reasonably suspect that a student is under the influence, they will employ the use of non-invasive drug tests (for marijuana) and breathalyzers (alcohol) to determine whether or not a student has used either substance. The use of such tests is in accordance with the Illinois School Code (see Student Handbook). Any dance attendee that has a positive test result or who refuses to submit to a test will be considered "under the influence” and removed from the dance and their parents will be called. Consequences will be administered according to the OPRF Behavior Education Plan.

Health Services - Room 234

Illness or Injury During School
Students who are too ill to remain in class or who have been injured are to inform their classroom teacher or other appropriate staff. The student will be issued a pass to go to the Health Services Office. If necessary, the nurse will call the student's parent or guardian to arrange and excuse the early dismissal. Otherwise the absence(s) will be unexcused. In an emergency medical situation, the nurse will obtain the appropriate medical treatment and contact the parent or guardian.

Administration of Medications
Pursuant to District Policy number 7:270, students may not possess or consume any medications, including over-the-counter medications, without the express written orders of a physician. Designated faculty and staff members will administer all medication to students during school hours and during school-sponsored activities. Parents should make every effort to give prescribed doses of medication at home. If medication is necessary to maintain the student in school, the District’s “School Medication Authorization Form” must be completed by the student's physician and signed by a parent/guardian.

Elevator Use
Students must obtain a special permit from the school nurse in order to use the elevators. Permits are limited to students with temporary and permanent disabilities. Use of the elevator requires a physician's written order.

Defibrillator
The Board of Education provides automated external defibrillators (AED) in designated areas of the building for use in emergency situations. They are located at the following areas: 1st Floor at Exit 8, Health Services Office, Trainers Office, Student Center, East Pool, West Pool, Fieldhouse Corridor, Stadium (2), Monogram Room Corridor, Corridor of 3 East Dance Studio, Corridor outside of 3rd Floor Library, and 4th Floor SE Stairway.

Student Accidents and Injuries
Oak Park and River Forest High School provides accidental medical and dental insurance coverage for injuries incurred during school hours and during any school sponsored event. Students are covered while traveling to and from such events when transportation is provided by the District. Full coverage plans are offered to families through the District’s plan administrator. Withdrawals and Transfers
In accordance with Section 2-3.13 (a) of the Illinois School Code, all public school districts must provide a student transfer form to any student who is moving out of the school district. This form verifies whether that student is in good standing and if his or her medical records are up-to-date and complete. "In good standing" means that the student is not being disciplined by an out-of-school suspension or expulsion, and is currently entitled to attend classes. No public school district is required to admit a new student unless he or she can produce this information from the student’s previous public school.

Transcripts
- Current Students – Current OPRFHS students will submit a Transcript Request Form to your counselor’s secretary for each college or scholarship for which you are applying for. You may pick-up copies of the Transcript Request Form from your counselor’s office.
- Alumni – Former OPRFHS students may request a transcript from the registrar’s office by calling 708-434-3260 or by requesting it at www.oprfhs.org/registrar/transcript-request-information.

Residency Requirements
According to the Illinois School Code, every student who attends Oak Park and River Forest High School must reside in Oak Park or River Forest with his or her legal guardian. It is against the law to:

1) Enroll or attempt to enroll a student on a tuition-free basis when the person enrolling the student knows that the student is not a resident of Oak Park and River Forest High School, District 200.
2) Knowingly or willfully present to Oak Park and River Forest High School, District 200, any false information regarding the residency of a student for the purpose of enabling the student to attend on a tuition-free basis.

Note: Evidence of these crimes may be turned over to law enforcement authorities, and violations are punishable by up to 30 days in prison and a $500 fine. District 200 will charge tuition beginning on the day the student was enrolled illegally in the District through the time the student is dropped.
Student Records Policy – 7:340

School student records are confidential and information from them shall not be released other than as provided by law. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except as provided in state or federal law as summarized below:

1. Records kept in a staff member’s sole possession.
2. Records maintained by law enforcement officers working in the school.
3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials for disciplinary or special education purposes regarding a particular student.
4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 17 years who has been arrested or taken into custody.
5. Other exempt records as provided by state or federal law.

State and federal law grants students and parents/guardians certain rights, including the right to inspect, copy, and challenge school student records. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The District may release directory information as permitted by law, but a parent/guardian shall have the right to object to the release of information regarding his or her child. However, the District will comply with an ex parte court order requiring it to permit the U.S. Attorney General or designee to have access to a student’s school records without notice to, or the consent of, the student’s parent/guardian. Upon request, the District discloses school student records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law.

The Superintendent shall fully implement this policy and designate an official records custodian for each school who shall maintain and protect the confidentiality of school student records, inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records.

Attendance
Attendance Line: (708) 434-3104 -- (24 Hour Voicemail is Available)

In accordance with the requirements of the School Code of Illinois and in recognition of the responsibilities of parents or guardians, it is the policy of District 200 that students must attend school on a regular basis. We regularly seek to increase student attendance and also respond to attendance concerns equitably. Ultimately, we are led by the knowledge that consistent, daily classroom instruction with as few interruptions as possible provides the best foundation for students to reap the obvious benefits in this learning environment. OPRF recognizes that many factors such as family needs, medical conditions and others contribute to a student’s ability to make it to school each day. Our procedures described below reflect our efforts to establish a system that takes these factors into account while also striving to achieve the desired outcome. Students are expected to attend each class and study hall daily. Parents are obligated to contact the school when their student is absent. If a parent/guardian is leaving their student in the care of another adult for a short period of time, please call the Attendance Office ahead of time to provide the name and contact information of that adult.

Village Ordinance School Curfew
Under the School Code of Illinois, it is unlawful for any person over the age of five (5) and under the age of eighteen (18) who is enrolled in any public or parochial school to be present in any public place, building, street, or assembly in the Village of Oak Park, other than school, while school is in session during the regular school term. A police officer may stop and detain a person whom the officer reasonably suspects to be violating this section. Any student violating this section shall, if practical, be taken to school authorities or a parent/guardian and may be issued a notice to appear in the municipal court.

Visitors
For the protection of students, staff and school property, visitors are subject to administrator approval. In general, Oak Park and River Forest High School will not permit students to bring visitors to school. During the school day, visitors may enter the building only at the main front doors and must submit their photo ID and secure a pass from the Welcome Center (Room 105).

Transfer Student Tours
For incoming freshman families who are residents of Oak Park or River Forest, OPRFHS schedules Huskie Transition Tours and a Q & A parent program in the fall of the 8th grade year. The high school does not provide other student shadowing or visitation opportunities.

Reporting An Absence
Full Day Absences
In order for a full day absence to be considered excused, the student’s parent/guardian is required to make a telephone call to the Attendance Office before 9:00 p.m. on each day of the absence. Voice-
mail is available to leave messages. Parents/Guardians will be asked to supply the following information:

- Student’s name;
- ID number;
- Date(s) of absence(s);
- Reason for absence.

Failure to contact the Attendance Office before 9:00 p.m. the day of the student’s absence will result in an unexcused absence and the student will be considered truant.

Partial Day Absences
For the safety of all students, advance notice from or contact with a parent/guardian is required to excuse any absence related to an early dismissal or late arrival.

1. For late arrivals where students will miss a whole period or more, parents/guardians must call the Attendance Office prior to the end of the period(s) missed in order for the absence to be excused. For example, if a student is going to miss periods 1 and 2, the call must be received prior to the end of period 2.

2. Parents/guardians are to call the Attendance Office in advance when the need for an early dismissal is anticipated. The call must be made by the end of the first period of missed class. For example, if a student needs to leave school after 6th period, the parent/guardian must call the attendance office by the end of 7th period in order for the partial-day absence to be excused. When a student is excused to leave school early, he/she must report to the Attendance Office (Room 104) to receive an authorized early dismissal pass. This early dismissal pass must be presented to Safety and Support staff (security) when leaving the building.

3. Students who return to school before the end of the day must report to the Attendance Office when re-entering the building. The Attendance Office will supply students with an excused admit pass to their next class.

4. Students who need to leave school due to illness or injury may be excused only by the OPRFHS Health Service Office. Students are not to leave the building due to illness or injury on their own. The nurse will then contact a parent/guardian to authorize the early dismissal. For safety reasons, students authorized by the school nurse to go home on their own are to call the Health Service Office when they arrive home.

5. Absences for students who leave school without proper authorization as outlined above will be unexcused. Parent/guardian calls after a student leaves school without following the above procedures will not excuse the absence(s) and will be subject to school consequences for unexcused absences.

Students are allowed full make-up privileges for all excused absences. The following is a list of acceptable reasons for absences to be excused.
• Observance of a religious holiday
• Illness
• Appointments (doctor, dentist, therapy, etc.)
• Hospitalizations
• Death in the immediate family
• Family emergency/personal reasons
• Pre-arranged absence (explained below)
• School-sponsored field trip
• Visits to school nurse
• In-school meetings with school staff (counselor/dean/social worker, etc.)
• In-school and out-of-school suspensions
• College visits

Extended Pre-Arranged Absences
Absences for an extended period such as for medical purposes, college visits, and civic and religious programs must be arranged in advance. Whenever possible, activities should be planned during vacation periods. The student has the responsibility for making prior arrangements with his or her teachers to make-up homework and tests.

1. The student must obtain a pre-arranged Absence Form from the Attendance Office (Room 104).
2. The form must be signed by all of the student’s teachers.
3. The form must be taken home, read, and signed by the student’s parent.
4. The form must be signed by the student’s Counselor.
5. The form must be returned to the Attendance Office prior to the absence.

Unexcused Absences
Failure to contact the Attendance Office before 9:00 p.m. on the day of the absence will result in an unexcused absence and the student will be considered truant. In addition, any absence not covered by the reasons listed for excused absences will be considered unexcused. A tardy of more than 10 minutes will be considered an unexcused absence. Single-period absences will only be excused if they are pre-arranged through the Attendance Office. Oak Park and River Forest High School does not recognize or condone any “ditch days.” Truancy is an infraction as described in the Behavior Education Plan. The Dean of Students handle all attendance related infractions.

Parent or Guardian Notification of Unexcused Absences
Unexcused student absences will be reported to the parent or guardian via the automated calling system. Calls will be made to the primary phone number listed in Skyward. It is extremely important that the parent/guardian promptly notify the school when there is a change in phone numbers.
Excessive Absences*
*The 12 Absence Policy for the 2020-2021 school year has been suspended. This policy is under revision for any subsequent school year.

Once a student has reached six (6) unexcused absences in a class in the same semester, the student is now AT RISK OF LOSING CREDIT in that class, REGARDLESS OF THE GRADE BEING EARNED. A notification will be made via automated email and by a member of the student’s PSS team to the parent/guardian warning of this risk of credit loss. Once the risk of credit loss has been communicated, the student must refrain from accumulating more unexcused absences and pass the class in order to be eligible to receive credit. At the end of the semester, the Dean of Students will review the files of all students who reached the above absence limit to determine whether or not credit should be given. This decision will be made in collaboration with each student’s PSS team members and will include consideration of feedback from the classroom teacher. The outcome of this review will be printed on each student’s report card. If credit is lost, a notation of N (No Credit due to excessive absences) will appear. If credit is given, the grade earned in the class will be printed. If a student earns an F in the class, that grade will be given and override the N described above.

Tardies to class of more than 10 minutes are considered Gross Tardies. Gross Tardies count toward the 6 unexcused absence limit. For example, if a student has 4 excused absences and two gross tardies, they have now reached the 6 unexcused absence limit and are now at risk of losing credit.

Extended Pre-Arranged Absences

Absences for an extended period such as for medical purposes, college visits, and civic programs should be arranged in advance. Whenever possible, these activities should be planned during vacation periods. When that is not possible, the student has the responsibility for making prior arrangements with his or her teachers so that make-up work can be provided. Below are the steps students should follow when preparing for a pre-arranged absence.

1. The student must obtain a pre-arranged Absence Form from the Attendance Office (Room 104).
2. The form must be signed by all of the student’s teachers.
3. The form must be taken home, read, and signed by the student’s parent.
4. The form must be signed by the student’s Counselor.
5. The form must be returned to the Attendance Office prior to the absence.

FREQUENTLY ASKED QUESTIONS

- **Question:** “Can school staff provide any support to my family if we have a student struggling with attendance?”
- **Answer:** Yes. Your student’s Pupil Support Services (PSS) team (counselor, dean, social worker, and Multi-Tiered System of Support [MTSS] specialist) will work with your family to determine the needs and what interventions and supports can be
provided. Please reach out to your counselor to request support if they haven’t already reached out to you.

- **Question:** “How will I know that my student is getting close to the unexcused absence limit?
  - **Answer:** Parents/guardians should regularly check their student’s attendance via Family Access. Parents/guardians will also be notified via calls and emails through Skyward and from PSS team members alerting them to their students’ attendance counts and how close they are to the limit. Automated calls also go out every day informing of unexcused absences to classes.

**Tardy Procedures (To Be Determined)**
Board of Education Policy – 7:12 Racial Equity

Oak Park and River Forest High School (OPRFHS) provides a dynamic, supportive learning environment that cultivates knowledge, skill, and character and strives for equity and excellence for all students. OPRFHS values the racial and ethnic diversity of its students and recognizes that an educational environment in which diversity is respected and valued contributes to successful educational outcomes for all students. OPRFHS also acknowledges that complex societal and historical factors, such as racism, contribute to inequities in our society. Institutional racism, cultural biases, and other societal factors can negatively impact a student’s sense of belonging and contribute to inequitable opportunity gaps as well as disparities in achievement and graduation rates between students of different races. OPRFHS aims to combat such concerns and provide all students the support and opportunity they need to succeed. This policy aims to address the systemic barriers to equity and access that disproportionately affect our students of color, who have experienced marginalization as shown through our historical data, and to take into account how race plays out in our daily lives and in our education system.

While this policy primarily and explicitly addresses racial equity, it does so with the declaration that racial inequities are often intertwined with and compounded by disparities tied to other identities and factors. In order to realize equitable opportunities and outcomes for everyone, equity must be applied across, including but not limited to, race, ethnicity, gender, gender identity, gender expression, sexual orientation, socioeconomic status, religion, national origin, foster status, involvement with the juvenile justice system, IEP status, disability, learning difference, immigration status, or language.

Educational equity and equality are not the same principles and should not be used interchangeably. Equality means treating all students the same regardless of differences. Equality can only succeed if all students start with the same needs and challenges. Equity rests on principles of justice and fairness and aims to remove barriers to provide each student the opportunity to benefit equally from the high-quality educational experience and outcomes that OPRFHS offers. OPRFHS recognizes that fostering educational equity may require allocating resources unequally to focus on barriers that may uniquely impact students of diverse backgrounds.

The Board of Education will follow this policy in conducting its business and exercising its responsibilities. The Board of Education believes that student success is broadly shared by District staff, families, our community, and our students’ own efforts. Every adult in the school community should have the moral imperative, collective ownership, and will to act to eliminate racial bias and disparities.

Definitions

For the purposes of this policy, the following terms shall have the following meanings:
“Bias” means prejudice in favor of or against a person or group relative to another, usually in a way considered to be unfair.

“Discrimination” refers to the unequal treatment of a person or group based on a protected characteristic such as race, gender, sex, sexual orientation, disability, or religion.

“District staff” includes all employees, consultants, and contractors of District 200.

“Diversity” or “Diverse” means variety in race or ethnicity; a range of races and ethnicities of people, as well as people with different beliefs.

“Opportunity Gap” means the unequal or inequitable distribution of educational resources and opportunities on the basis of race and/or ethnicity; resources may include staffing, academic supports, social and emotional supports, high-quality curriculum, and other programs. This gap can contribute to or intensify lower educational aspirations, achievement, and attainment for members of affected groups.

“Racial Equity” means the systematic fair treatment of people of all races and ethnicities that allows equitable outcomes. Once racial and ethnic inequities are eliminated, race and ethnicity are not factors in outcomes.

“Racism” means the prejudice, discrimination, or antagonism directed against someone of a different race based on the belief that one's own race is superior.

- **Equitable Practices, Procedures, and Programs.** The administrative procedures shall include a process for review of OPRFHS practices, procedures, and programs to consider whether they result in over- or under-representation of any group of students on the basis of race. If such disparity is found, the District will consider revision or elimination of the practice, procedure, or program.

- ** Racial Incident Protocol.** The administrative procedures shall address the District’s robust enforcement of Board policies 7:10, *Equal Educational Opportunities*, and 7:20, *Harassment of Students Prohibited*, which prohibit discrimination and harassment on the basis of, among other characteristics, race. The procedures shall further outline the process for students or other members of the District community to file complaints regarding an alleged incident of discrimination, pursuant to Board policies 7:10, 7:20, or 2:260, whichever is applicable.

Restorative Philosophy

Oak Park and River Forest High School is a restorative institution that believes in creating and maintaining healthy relationships to create a caring culture where every member thrives. We believe that it is critical to engage in repairing harm in order to transform conflict into teachable moments that create opportunities for behavior education. Restorative practices as a form of consequence can be presented in a number of ways. Listed below are some examples of repairing harm caused by racial misconduct:

- Peace circles
- Racial equity coaching
- Parent/student meetings
- Reconciliation through apology
- Impact letters

Retaliation

Retaliation, including threats or other forms of intimidation, against a reporting party or any other party involved in implementing the District 200 Racial Incident Protocol are violations of the policy and may be grounds for disciplinary action.

Intentionally Dishonest Complaints of Racial Misconduct

Lack of corroborating evidence should not discourage complainants from reporting racial misconduct to Oak Park and River Forest High School. If, however, complaints are found to have been intentionally dishonest or made maliciously without regard for truth, may be subject to disciplinary action.

- For students: Appropriate action will be taken in accordance with the Behavior Education Plan.
- For adults: Appropriate disciplinary measures will be taken, in accordance with District policy.

Appointing Nondiscrimination Coordinator and District Complaint Managers

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District’s efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the District’s Title IX Coordinator.

The Superintendent shall appoint at least one Complaint Manager to administer the complaint process in this policy. If possible, the Superintendent will appoint 2 Complaint Managers, one of each gender. The District’s Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

The Superintendent shall insert into this policy and keep current the names, addresses, and telephone numbers of the Nondiscrimination Coordinator and the Complaint Managers.

Nondiscrimination Coordinator: Ms. Roxana Sanders, OPRFHS, Room 214, 708-434-3214

Complaint Managers: Ms. Roxana Sanders, OPRFHS, Room 214, 708-434-3214

and

Mr. Greg Johnson, OPRFHS, Room 215, 708-434-3215

A student, parent/guardian, employee, or community member should notify any District Complaint Manager if he or she believes that the Board of Education, its employees, or agents have violated his or her rights guaranteed by the State or federal Constitution, State or federal statute, or Board policy, or have a complaint regarding any one of the following:

1. Title II of the Americans with Disabilities Act
2. Title IX of the Education Amendments of 1972
6. Bullying, 105 ILCS 5/27-23.7
7. Misuse of funds received for services to improve educational opportunities for educationally disadvantaged or deprived children
8. Curriculum, instructional materials, and/or programs
11. Provision of services to homeless students
The District Nondiscrimination Coordinator will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Nondiscrimination Coordinator will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this policy may forego any informal suggestions and/or attempts to resolve it and may proceed directly to the grievance procedure. The Nondiscrimination Coordinator will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with a simultaneous investigation under this policy.

Deadlines

All deadlines under this policy may be extended by the Nondiscrimination Coordinator as he or she deems appropriate. As used in this policy, school business days means days on which the District's main office is open.

Filing a Complaint

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed.

For bullying and cyber-bullying, the Complaint Manager shall process and review the complaint according to Board Policy 7:180 Prevention of and Response to Bullying, Intimidation, and Harassment, in addition to any response required by this policy.
Investigation
The Nondiscrimination Coordinator will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Nondiscrimination Coordinator shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student under 18 years of age, the Nondiscrimination Coordinator will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Nondiscrimination Coordinator will inform, at regular intervals, the person(s) filing a complaint under this policy about the status of the investigation. Within 30 school business days of the date the complaint was filed, the Nondiscrimination Coordinator shall file a written report of his or her findings with the Superintendent. The Nondiscrimination Coordinator may request an extension of time. If a complaint of unlawful harassment contains allegations involving the Superintendent, the written report shall be filed with the Board, which will make a decision in accordance with the following section of this policy. The Superintendent will keep the Board informed of all complaints.

Decision and Appeal
Within five school business days after receiving the Nondiscrimination Coordinator report, the Superintendent shall mail his or her written decision to the Complainant and the accused by first class U.S. mail, as well as to the Nondiscrimination Coordinator. All decisions shall be based upon the preponderance of evidence standard.

Within 10 school business days after receiving the Superintendent’s decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Nondiscrimination Coordinator. The Nondiscrimination Coordinator shall promptly forward all materials relative to the complaint and appeal to the Board. Within 30 school business days, the Board shall affirm, reverse, or amend the Superintendent’s decision or direct the Superintendent to gather additional information. Within five school business days of the Board’s decision, the Superintendent shall inform the Complainant and the accused of the Board’s action.

This grievance policy shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.
Parents Right-to-Know
In accordance with ESEA Section 1111(h)(6) PARENTS RIGHT-TO-KNOW, District 200 is notifying every parent that you have the right and may request information regarding the professional qualifications of your child’s classroom teacher. This information regarding the professional qualifications of your child’s classroom teachers including, at a minimum, the following:

2. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If at any time your child has been taught for 4 or more consecutive weeks by a teacher not highly qualified, the school will notify you. If you have questions, please feel free to contact Gregory Johnson at 708-434-3215 or at gjohnson@oprhhs.org.
Academic Honesty Guidelines

Staff, parents and students are responsible for maintaining the academic integrity of the school. The atmosphere in each classroom, gymnasium, laboratory, library or support center should actively foster academic honesty, as should the atmosphere in the home of each student. Staff should be clear in their advocacy of academic honesty by discussing this topic with their students. Faculty will attempt to employ strategies that reduce the opportunity for dishonesty. Parents should continually emphasize academic honesty and integrity to their children.

Any action intended to obtain credit for or recognition for work that is not one’s own is considered academic dishonesty. These actions include, but are not limited to, the following:

- Submitting another’s work as one’s own work.
- Sharing or accepting a copy of a test or scoring device.
- Sharing quiz/test questions with students in the same or other classes.
- Copying from another student’s homework or class project.
- Cheating on a quiz/test by copying from another student or using unauthorized sources of information.
- Plagiarizing.
- Fabricating data or sources of information.
- Copying materials in violation of the copyright laws.
- Using technology to commit academic fraud.
- Using technology in violation of the district Acceptable Use Policy.
- Accessing restricted computer files without authorization.

Procedures Related to Academic Honesty Policy:

1. If a student is suspected of violating the academic honesty policy, the faculty member will alert the student and take appropriate action to eliminate the opportunity to cheat. Following the class, the student and faculty member will meet and attempt to resolve the issue. Consequences may include, but are not limited to, the following:
   - Requirement to re-do the assignment.
   - Grade reduction for the assignment.
   - Grade reduction for the quarter.
   - Grade reduction for the semester.

2. If a student denies committing academic fraud or if a student and teacher cannot mutually resolve the issue, the teacher will refer the suspected incident to the Division Head for further review.

3. The Division Head will determine if there is sufficient evidence to substantiate the allegation of Academic Dishonesty. If so, then the procedures below will be followed. If not, the matter will be dropped.

4. For documentation purposes, the teacher will submit an electronic referral for violation of Academic Honesty Policy via Skyward and notify the parent of the suspected academic fraud.

5. In the event that an appeal is requested by the parent, a meeting will be convened within 10 school days of the request. The meeting should include the student, parent, teacher, Division Head, and Director of Student Learning.
6. The Director of Student Learning will issue a final decision within 10 school days of the meeting. Examples of appropriate consequences are listed above. If the incident occurs at the end of a grading period a student will be given an incomplete (I) grade until the final ruling is rendered.

7. Final decision can be appealed to the Superintendent or designee for review.

Note: A record of the student’s violation will be kept as part of a student’s temporary file. Any student who is found guilty of academic dishonesty is not eligible for membership in the District’s honors societies. Current members of the societies found guilty of academic fraud are subject to removal from the academic societies.

Overview

The Behavior Education Plan is driven by the word “education” and at its core is a teaching and learning plan designed to support every student in their social, emotional, and academic development.

We know behavior education is complex work that happens in classrooms and cafeterias, on buses and playing fields, and even offices and auditoriums. Whether you are a student, family member, community member, or staff member, we all have a responsibility to embody our beliefs, our expectations, and our commitments.

We Believe....

- In authentic relationships and a supportive community that fosters a sense of belonging
- In a thriving school environment where staff and students are physically and emotionally safe
- In the importance of student and staff voice in decision-making
- Families and school staff must be collaborative partners in supporting every student

We Expect…

- Students, staff, and families to demonstrate respect to one another and hold high expectations for behavior
- Students, staff, and families to build and sustain ongoing positive and authentic relationships
- Students, staff, and families to contribute to a safe learning environment

We Will…

- Utilize innovative strategies and supports to create a positive school community where students, staff and families feel safe
- Provide school staff with the necessary resources, professional development and technical assistance to implement the Behavior Education Plan
When we decided to take this approach as a District, we developed the following key Guiding Principles that will drive this work.

**Guiding Principles**

- **We are grounded in a strong focus on engagement and learning**
- **Whenever possible, we avoid exclusionary practices**
- **We believe in teaching and intervention over consequences and punishment**
- **We support progressive discipline, not “zero tolerance”**
- **We believe that strong school-family partnerships are important**
- **We will use disaggregated data to identify disparities, monitor progress, and drive decisions**
- **We believe that every child, when provided with appropriate support, can learn and succeed**
- **We support proactive problem-solving on behalf of students**

At our core, we believe that a student’s race should not be a predictor of their involvement in the discipline system.
Rights and Responsibilities

Supporting positive student behavior requires a high level of commitment from students, parents/guardians, teachers/staff, administrators, and members of the Board of Education. These stakeholder groups have the following rights and responsibilities that are designed to reflect both the mutual respect and accountability required of all people involved in supporting student behavior.

The Behavior Education Plan is founded on principles of Restorative Justice in Education. At the center of this model is mindset, including the belief that all people are inherently worthy and want to be in strong relationships. We as a school are being supported in and increasing the use of a variety of Restorative Practices.

As a District, we work toward the transformation of school culture so that all members of the learning community, including students, teachers, staff, administrators, families, and community members feel they belong.

Restorative Practices focus on:

- Building and maintaining healthy relationships to create a caring culture where every member thrives
- Engaging in repairing harm and transforming conflict
- Establishing communities of re-entry and support after harm in order to welcome, integrate, and support students after an extended absence or for individualized support to build a more equitable learning environment

In order to do this work, staff and students will learn to teach and reinforce foundational beliefs and core practices. These include building and maintaining a just and equitable school community and culture, developing strong relationships, and using Restorative Practices such as a “circle process” as both a proactive and responsive strategy to prevent, identify, and repair harm through healthy dialogue.

We also believe in empowering, encouraging, and supporting student, family, and staff well-being. A focus on resiliency can help us regulate and respond to our challenging and complex realities and are directly linked to Restorative Practices.
Restorative Practices Continued

Below you will find the restorative practices that staff have and will continue to be trained in that will be woven into our daily work with students and families and are an integral part of the execution of this plan.

| RESTORATIVE CONVERSATION          | Conversation to recognize harm & impact one has caused on self and others, repair the harm, and create action steps to prevent further harm from happening/not make the same harmful choices moving forward; a precursor to having a Peace Circle  | • Students voluntarily participate  
• Students are given time to talk about the conflict, reflect on role in conflict, reflect on impact on self, others and school community  
• Students prepare for a Peace Circle if needed or plan to communicate their reflections on role, impact, harm, and action steps to stakeholders as needed  
• Students discuss self-regulation methods while waiting to engage in a Peace Circle process |
| PEACE CIRCLE                      | Circle to resolve a conflict between multiple students; requires having Restorative Conversations with each participant prior to Peace Circle                                                                 | • Students are de-escalated  
• Students voluntarily participate  
• Students are given time to talk together about the conflict, reflect on roles in conflict, reflect on impacts on self, others and school community, determine ways to repair harm, determine next steps for preventing further harm from happening |
| STAFF/STUDENT MEDIATION           | Conversation to resolve a conflict between staff and a student; requires having Restorative Conversations with each participant prior to mediation                                                                 | • Students and staff voluntarily participate  
• Students and staff meet with Peace Room staff prior to mediation to pre-conference  
• Students and staff hear each others’ perspectives, acknowledge roles in harm/conflict, and create agreements together about future harm prevention and resolution |
| RE-ENTRY INTERVentions            | Conversations and/or circles done with students returning from suspension to support successful return to school, assess need for potential conflict resolution interventions/additional supports, and encourage relational repair | • School community is ready to welcome student back with positive regard and clear commitment to support moving forward  
• A re-entry action plan is created so that the same harm/conflict does not reoccur |

**COMMUNITY BUILDING CIRCLE**

| Circles done with and in classrooms to build community (PROACTIVE) or address a class-wide challenge (RESPONSIVE) | Teacher/Staff requesting circle meets with Peace Room staff ahead of time to discuss circle goals and set expectations for circle facilitation  
Peace Room staff meets with key students prior to circle if needed to set behavior expectations  
When addressing challenges or setting norms, multiple circles may be necessary  
Teachers/Staff implement take-aways from outcomes from circle in classroom |

**HEALING INTERVENTIONS**

| Conversations or circles for students who are grieving or needing to heal | On a crisis/once-time basis; not a clinical or on-going approach to grief/trauma  
Can be done in conjunction with counselors/mental health professionals |

**TALKING CIRCLE**

| Circle between a group of students to discuss a specific topic | Hosted during non-academic time (before/afer school, lunch periods)  
The circle topic relates to student interests, current events, school culture, etc.  
Lived as a way to orient students to circle structure while engaging in conversation relevant to student interests and needs |

**CELEBRATION CIRCLE**

| Circle between a student/group of students, staff, and family members (optional) to celebrate successes in academics or behavior | Specific growths or successes have taken place  
Purely celebratory and positive |
## Overview of the Progression of Discipline

We recognize that even in the most supportive environment, we know students will make mistakes. The Behavior Education Plan is intended to help turn mistakes into authentic learning experiences and to pair appropriate consequences with additional support. The Behavior Response Grid provides staff and administrators with guidance in making decisions about how to respond to student behavior. The Behavior Education Plan identifies 5 levels of possible responses to student behavior. Each behavior is assigned to one or more of these Response Levels. Staff and administrators may use only the Response Levels identified for each behavior. Further, an intervention must be put in place before progressing to the next Response Level for a repeat of the same behavior.

### Level 1
- Classroom managed
- Is not a referral that appears in Skyward
- Classroom intervention before progressing to Level 2

### Level 2
- Administrative facilitated restorative response,
- May result in removal from class
- May result in an In-School Reflection (ISR) for up to 1 day

### Level 3
- Administrative facilitated restorative response,
- May result in 1-3 days of In-School Reflection (ISR)

### Level 4
- Administrative facilitated restorative response,
- May result in 1-3 days of Out of School Suspension (OSS)

### Level 5
- Intensive Administrative Intervention,
- May result in 4 or more days of Out of School Suspension (OSS) and/or recommendation for expulsion

Response Level 1 is used when behaviors are supported within the classroom by staff assigned to those classrooms.

Response Level 2 may require an additional staff member and might be provided in the classroom, outside the classroom, or in another environment. Behaviors assigned to Response Levels 1 and 2 do not need to be responded to at Level 1 prior to being responded at Level 2.

In situations at Response Level 3 and 4 or when behaviors are repeated, it is important for Student Services staff to be involved in looking more deeply at the student’s needs to determine the most effective intervention.
Example
If a student is being disruptive and the teacher successfully supports the student in the classroom to change their behavior, the behavior is responded to at Level 1. If a student is being disruptive and the behavior requires additional support from Support Staff, the behavior is responded to at Level 2. For behaviors that are assigned response Levels 2 and 3, the behavior must first be responded to at Level 2 prior to that behavior being responded to at Level 3. The following three pages include the full Behavior Response Grid, providing the specific language and Response Levels for each behavior.

Overview of Suspension, Expulsion, and Other Procedures

Detentions
Response Level 2 conduct may result in a consequence to be served outside the normal school day. A detention or Saturday detention may be issued. Detentions are scheduled in sessions that are hour increments – one, two, or three hours. However the actual length of the detention is slightly shorter than an hour per session. Detention hours are from 7:10-7:50 a.m., during all lunch periods, and 3:10 to 5:50 p.m. Monday through Friday. Students who fail to serve detentions will receive Loss of Privileges and may be ineligible to participate in or attend extra-curricular or other after-school activities. Any junior or senior student who fails to serve detentions may also lose their off-campus lunch privilege.

Saturday Detentions
Saturday detention begins promptly at 8 a.m. and ends at 11 a.m. Students assigned to Saturday detention must bring appropriate work and/or reading material. Students who do not come prepared, arrive late, sleep, talk, or otherwise disrupt detention will be sent home and/or assigned additional consequences. Failure to report to detention may result in additional disciplinary consequences. Students must bring a photo ID to be admitted. Students will be required to obtain their own transportation to Saturday detention.

Loss of Privileges
Failure to serve outstanding detentions and certain conduct that falls within Response Level 4 or 5 may result in a Loss of Privileges for a length of time to be determined by the administration. Students with a Loss of Privileges are not allowed to attend any athletic or extra-curricular activities at OPRF or away from OPRF when our school is a participant. Students serving an In-School Reflection or Out-of-School Suspension automatically receive a Loss of Privileges throughout the duration of their reflection/suspension.

In-School Reflection (ISR)
In-School Reflection Center is a disciplinary response in which a student is removed from the classroom environment and assigned to work in a different location within the school building. This space is designed to give students a chance to reflect on decisions that the student made that caused a disciplinary assignment to be issued but also help them in improving their decision making process in the future. Supports will also be given in the areas of academics, social/emotional, and restorative practices.

What are the key components of ISR?
- School work/Academic support: School work will be provided from teachers.
- Repair/reflection: the student reflects on the incident that occurred and collaboratively develops a plan with adults to repair harm, restore relationships, and/or support social and emotional growth of oneself and the school community.
- Behavior support: if the student needs behavior support, that is also provided.
- Social/Emotional Support: will be provided by Social Work staff, including the creation of a Behavior Support Plan.

Out of School suspension (OSS)
During an Out of School Suspension (OSS) the student is not allowed to attend regular classes or other extracurricular activities associated with the school. Prior to any OSS, students must have the opportunity to share their version of the incident. If a student is suspended, parents/guardians must be notified promptly of the suspension, by phone if possible. They will also be given written notice of the suspension. The OSS process includes a right to appeal the suspension (Board Policy 7:200).

Re-entry Meeting
Following any Out of School Suspension, a Re-entry Meeting will be scheduled; parents and students will be invited to participate and school staff will facilitate the conference. The purpose of the Re-entry Meeting is to provide an opportunity for the student to reconnect with the school community in a positive way and to address any unresolved issues related to the suspension. The development of a Behavior Support Plan will be initiated at this meeting. The development of this plan will be one of the first interventions utilized to help the student successfully move forward having learned skills and strategies to use in the future that will hopefully prevent them from engaging in similar behaviors.

Expulsion
Response Level 5 conduct may result in a student being recommended for expulsion from school unless prohibited by the IDEA and/or state law. The District’s legal authority for expelling a student and the steps to be followed are explained in Board Policy 7:210. All recommendations for expulsion will be reviewed by the Administrative Student Discipline Review Committee. This district-level
administrative committee will determine whether or not to approve moving forward with the expulsion process.

In circumstances where a student’s conduct falls into Response Level 3 or 4 AND causes a serious physical injury (defined in Glossary of Terms) to another person, a recommendation for expulsion may be initiated.

Surrender for Safety

Surrender for safety acknowledges that students make mistakes and may unintentionally bring inappropriate items to school. Students are expected to learn from these mistakes. If a student voluntarily surrenders possession of a weapon or other inappropriate item to a school or alternative program staff member before being asked about the item or being discovered to be in possession, they will not be subject to the disciplinary consequences set forth above.

Extra-Curricular Code of Conduct

Because participation in OPRF extra-curricular and athletic programs is a privilege and not a right, the Extra-Curricular Code of Conduct provides additional expectations, consequences, and interventions in place for student participants.

Student Searches

In accordance with state and federal law (105 ILCS 75, 5/10-20.14, 5/10-22.6, 5/10-22.10a.), students and their personal belongings are subjected to search whenever school authorities have a reasonable suspicion that the search will produce evidence that the student has violated a school rule or the law.

Other property and areas are subject to search in accordance with the Illinois School Code (10-22.6): "To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school’s policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities." (Board Policy 7:140)

Use of Breathalyzers and Non-Invasive Drug Tests

The use of non-invasive drug tests (for marijuana) and breathalyzers (alcohol) is considered a search under the U.S. Constitution. Therefore, if school personnel reasonably suspect that a student is under the influence at school or at a school-sponsored function, they may employ the use of such tests to determine whether or not a student has used marijuana or alcohol. The use of such tests is in accordance with the Illinois School Code reference above.

Loss of Personal Property

School is not the place for valuable items like expensive jewelry and electronic devices. These items become easy targets for theft when students fail to lock their hallway or PE locker or when they leave them unattended around the school. Students who choose to bring these items to school do so at their own risk. OPRF is not responsible for these items and will not pursue the recovery of such items.

Gangs, Secret Societies, Fraternities or Sororities

Any form of organized group activity not approved by the school, or which is disruptive to the school environment in any way, will not be allowed.
Collaboration is Key

Typically, staff, students, and families should have collaborative discussions when disciplinary responses are used for behaviors. Any time there is a behavior that requires a response under the Behavior Education Plan, the school, student, and parent/guardian should work together to create a Behavior Support Plan that will specifically target the behaviors in question and facilitate the development of tools the student can use to respond to situations differently in the future. This collaboration should result in an authentic learning experience that will promote student growth.

Due Process

Due process protects the rights of individuals. It includes a clear explanation of the behavior that occurred, an explanation of why it violates the Behavior Education Plan, and a chance for the student to be heard. Some violations of the Behavior Education Plan can lead to a referral for a disciplinary hearing. Policy 7:200 and 7:210 are designed to ensure that a student's due process rights are not violated, that rights of students with special needs are respected, and that a safe and orderly environment is maintained. Parents will be advised of their right to request a formal hearing if the allegations against their student could lead to the student's suspension or expulsion.

Scope of the Plan and Jurisdiction

The Behavior Education Plan applies to all educational programs and placements utilized by the district. Consequences may be imposed for behaviors that occur while the student is at school, during school hours and immediately before and after school; participating in any school-sponsored or supervised activity, including athletic events and field trips; under the direct supervision of a District employee or volunteer; or while using District-provided transportation (e.g. yellow buses). Consequences may apply to behavior that occur outside the school day and off school property only if that conduct endangers the property, health or safety of others at school or under the supervision of a school authority or endangers the property, health or safety of any employee or school board member of the District. This may include behaviors that involve social media that endanger the health and safety of those in the school.
Glossary of Terms

Aggressive Physical Contact: Any act having the potential to cause injury to another person but does not rise to the level of fighting. Examples include play fighting, hitting, slapping, pushing, grabbing, tripping, shoving, spitting, etc.

Bomb Threat: Written, verbal or physical threats falsely suggesting the presence of a bomb in the building.

Bullying: See Board Policy 7:180. Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
- Substantially interfering with the student’s or students’ academic performance; or
- Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Child Pornography: In Illinois, a person commits the offense of child pornography by videotaping or photographing anyone he or she should know is under the age of 18 and who is engaged in any sexual act or in any pose involving lewd exhibition of unclothed or transparently clothed genitals, pubic area, buttocks, or female breast. There is no exception for taking pictures of oneself.

Consent: Consent is a clear and unambiguous agreement, through mutually understandable words or actions, to engage in a particular activity. Consent occurs when someone agrees, gives permission or says “yes” to sexual activity with another person(s). Consent is always freely given and may not be valid if a person is being subjected to actions or behaviors that elicit emotional, psychological, physical or reputational pressure or threats. Consent is also not valid if it is given
under pressure, force, threat, coercion, or without the full and informed consent of all persons involved. Consent may not be given if the person is 1) a minor under certain circumstances that may result in a violation of State or federal law, 2) mentally disabled, 3) mentally incapacitated, 4) physically helpless, 5) under the influence of alcohol or drugs to the point of being unable to make rational decisions, or 6) unconscious or asleep. Consent can be withdrawn at any time. Consent of one sexual activity or past sexual activity does not imply consent to other sexual activities. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another person.

Disruptive Behavior: Behavior that intentionally interferes with instruction in a manner that inhibits other students from accessing instruction, including refusal to comply with the specific directions of a person in authority.

Distribution: Sharing, selling (for money or other consideration), or giving away drugs or alcohol. In instances of sharing (where no money or other consideration is exchanged), only the student who brought the drugs or alcohol to school or a school-sponsored event shall be cited for distribution.

Drugs: All illegal drugs, controlled substances, narcotics, and prescription medications. The definition does not include prescription medications that are possessed 1) while under the care of a licensed healthcare provider who prescribed the drug to the student AND 2) in conformance with District policies regarding the administration of medication at school.

Drug Paraphernalia: Any object and/or material intended to assist in the use of drugs.

Due Process: The procedure that protects the rights of individuals. It includes a clear explanation of the behavior that occurred, an explanation of why it violates the Behavior Education Plan, and a chance for the student to be heard. Policy 7:200 and 7:210 are designed to ensure that a student's due process rights are not violated, that rights of students with special needs are respected, and that a safe and orderly environment is maintained. Parents will be advised of their right to request a formal hearing if the allegations against their student could lead to the student's suspension or expulsion.

Electronic Cigarette/E-Cigarette: Handheld electronic device that simulates the feeling of smoking. It works by heating a liquid to generate an aerosol, commonly called a “vapor”, that the user inhaled.

Expulsion: Removal from school by the Board of Education for a period longer than ten (10) school days and up to two school years.

Failure to Identify Self: Lack of current school ID, refusal to present an ID upon request, failure to present one's own ID to identify self upon request, or failure to correctly identify self.

False Alarm: Activating the school's fire alarm or other alarm system for a reason other than the intended purpose of the alarm, reporting a fire when no fire exists, or making a false alarm call to 911.

Fighting: Repeated physical contact between two or more students that is harmful, injurious, or disruptive. 5:90 Abused and Neglected Child Reporting

Any District employee who suspects or receives knowledge that a student may be an abused or neglected child or, for a student aged 18 through 21, an abused or neglected individual with a disability, shall: (1) immediately report or cause a report to be made to the Illinois Dept. of Children and Family Services (DCFS) on its Child Abuse Hotline 1-800-25-ABUSE (1-800-252-2873)(within Illinois); 1-217-524-2606 (outside of Illinois); or 1-800-358-5117 (TTY), and (2) follow directions given by DCFS concerning filing a written report within 48 hours with the nearest DCFS field office. Any District employee who believes a student is in immediate danger of harm, shall first call 911.

The report shall include, if known:

1. The name and address of the child, parent/guardian names, or other persons having custody;
2. The child’s age;
3. The child’s condition, including any evidence of previous injuries or disabilities; and
4. Any other information that the reporter believes may be helpful to DCFS for its investigation.

The employee shall also promptly notify the Superintendent or Principal that a report has been made. The Superintendent or Principal shall immediately coordinate any necessary notifications to the student’s parent(s)/guardian(s) with DCFS, the applicable school resource officer (SRO), and/or local law enforcement.

Any District employee who discovers child pornography on electronic and information technology equipment shall immediately report it to local law enforcement, the National Center for Missing and Exploited Children’s CyberTipline 1-800-THE-LOST (1-800-843-5678) or online at report.cybertip.org/ or www.cybertipline.com. The Superintendent or Principal shall also be promptly notified of the discovery and that a report has been made.

Any District employee who observes any act of hazing that does bodily harm to a student must report that act to the Principal, Superintendent, or designee who will investigate and take appropriate action. If the hazing results in death or great bodily harm, the employee must first make the report to law enforcement and then to the Superintendent or Principal. Hazing is defined as any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

**Abused and Neglected Child Reporting Act (ANCRA), School Code, and Erin’s Law Training**

The Superintendent or designee shall provide staff development opportunities for District employees in the detection, reporting, and prevention of child abuse and neglect. All District employees shall:

1. Before beginning employment, sign the **Acknowledgement of Mandated Reporter Status**
The Superintendent or designee shall ensure that the signed forms are retained.

2. Complete mandated reporter training as required by law within one year of initial employment and at least every five years after that date.

The Superintendent will encourage all District educators to complete continuing professional development that addresses the traits and identifiers that may be evident in students who are victims of child sexual abuse, including recognizing and reporting child sexual abuse and providing appropriate follow-up and care for abused students as they return to the classroom setting.

**Special Superintendent Responsibilities**
The Superintendent shall execute the requirements in Board policy 5:150, *Personnel Records*, whenever another school district requests a reference concerning an applicant who is or was a District employee and was the subject of a report made by a District employee to DCFS.

The Superintendent shall notify the State Superintendent and the appropriate Intermediate Educational Service Center in writing when he or she has reasonable cause to believe that a license holder was dismissed or resigned from the District as a result of an act that made a child an abused or neglected child. The Superintendent must make the report within 30 days of the dismissal or resignation and mail a copy of the notification to the license holder.

**Special School Board Member Responsibilities**
Each individual Board member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in the Act, direct or cause the Board to direct the Superintendent or other equivalent school administrator to comply with the Act’s requirements concerning the reporting of child abuse.

**7:12 Racial Equity Policy (Printed on an earlier page in the Handbook)**

**7:20 Harassment of Students Prohibited**

**Bullying, Intimidation, and Harassment Prohibited**
No person, including a District employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity; gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. The District will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

**Sexual Harassment and Sexual Misconduct Prohibited**
Sexual harassment of students is prohibited. Any person, including a district employee or agent, or student, engages in sexual harassment whenever he or she makes sexual
advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Is sufficiently serious, pervasive, and or persistent and denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student’s academic status;

2. Has the purpose or effect of:
   a. Substantially interfering with a student’s educational environment;
   b. Creating an intimidating, hostile, or offensive educational environment;
   c. Depriving a student of educational aid, benefits, services, or treatment; or
   d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms “intimidating,” “hostile,” and “offensive” include conduct that has the effect of humiliation, embarrassment, or discomfort. Individuals shall not make unwelcome sexual advances or request sexual favors or engage in any unwelcome conduct of a sexual nature whether explicitly or implicitly and when such conduct has the purpose or effect of substantially interfering with an individual’s performance or creating an intimidating, hostile, or offensive environment. Sexual harassment prohibited by this policy includes verbal or physical conduct. The terms intimidating, hostile, or offensive include, but are not limited to, conduct that has the effect of humiliation, embarrassment, or discomfort.

A hostile educational environment is created when conduct by an individual is so severe, pervasive or persistent that it denies or limits an individual’s ability to participate in or receive the benefits, services or opportunities of the District’s educational programs. In determining whether a hostile environment has been created, the conduct in question will be considered from both a subjective and an objective perspective of a reasonable person in the alleged victim’s position, considering all the circumstances.

Consent is a clear and unambiguous agreement, through mutually understandable words or actions, to engage in a particular activity. Consent occurs when someone agrees, gives permission or says “yes” to sexual activity with another person(s).

Consent is always freely given and may not be valid if a person is being subjected to actions or behaviors that elicit emotional, psychological, physical or reputational pressure or threats. Consent is also not valid if it is given under pressure, force, threat, coercion, or without the full and informed consent of all persons involved. Consent may not be given if the person is 1) a minor under certain circumstances that may result in a violation of State or federal law, 2) mentally disabled, 3) mentally incapacitated, 4) physically helpless, 5) under the influence of alcohol or drugs to the point of being unable to make rational decisions, or 6) unconscious or asleep. Consent can be withdrawn at any time. Consent of one sexual activity or past sexual activity does not imply consent to other sexual activities. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another person.

Examples of sexual harassment include touching, crude jokes or pictures, sexting, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person’s alleged sexual activities. Sexual harassment does not include the: (a) expression of gender or sexual orientation or preference, or (b) consensual, non-disruptive display of affection during non-instructional time. The term sexual violence includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion, indecent exposure (including mooning), and child pornography.

The term “Sexting” is defined as the practice of sending nude or semi-nude pictures by cell phone or other electronic media, including sending or receiving a sexualized text ("sext")
message from a minor. A minor who engages in sexting, or a recipient of a sext message, may be in violation of Illinois law and subject to criminal penalties. “Child pornography” has the meaning set forth in Illinois law and may be found at 720 ILCS 5/11-20.1.

**Jurisdiction**

This policy applies to students, faculty, staff, or third-parties, regardless of sexual orientation or gender-identity, whenever the misconduct occurs:

A. On District property; or
B. Off District property if:
   1. The conduct was in connection with a District or District-recognized program or activity; or
   2. The conduct may have the effect of creating a hostile environment for a member of the District community.

**Reporting Procedures**

All members of the school community, including students, parents/guardians, school employees, and community members are encouraged to report claims or incidences of bullying, harassment, sexual harassment, or any other prohibited conduct to the Nondiscrimination Coordinator, Principal, Assistant Principal, Dean of Students, a Student Intervention Director, counselors, social workers, a Complaint Manager, or any staff member with whom the student is comfortable speaking. A student may choose to report to a person of the student’s same sex.

An allegation that a student was a victim of any prohibited conduct perpetrated by school personnel, including a school vendor or volunteer, shall be processed and reviewed according to policy 5:90, Abused and Neglected Child Reporting, in addition to any response required by this policy. The Superintendent shall insert into this policy the names, addresses, and telephone numbers of the District’s current Nondiscrimination Coordinator and Complaint Managers. At least one of these individuals will be female, and at least one will be male.

**Investigation**

The District will follow its Uniform Grievance Procedure investigation process as outlined in 2:260 and as further detail below in investigating student sexual harassment and sexual misconduct complaints pursuant to this policy. The Superintendent, Principal, or designee will investigate the complaint or appoint a qualified person to undertake the investigation on his
or her behalf. The designated investigator shall ensure both parties have an equal opportunity to present evidence and witnesses during an investigation. If the Complainant is a student under 18 years of age, the designated investigator will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant. The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The designated investigator will inform, at regular intervals, the person(s) filing a complaint under this procedure about the status of the investigation. Within 30 school business days of the date the complaint was filed, the designated investigator shall file a written report of his or her findings with the Superintendent. The designated investigator may request an extension of time. If a complaint of unlawful harassment contains allegations involving the Superintendent, the written report shall be filed with the Board, which will make a decision in accordance with the following section of this policy. The Superintendent will keep the Board informed of all complaints.

**Interim Measures**

During the course of an investigation, the District will remain ever mindful of the victim’s well-being and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Students shall not be retaliated against by other students, teachers, administrators, or other school staff for filing a sexual harassment complaint, reporting sexual harassment, or participating in a sexual harassment investigation. The District will also:

- Assist the victim in accessing available community and school supports, such as victim advocacy services, academic support, counseling services, disability, health, or mental health services, and legal advocacy agencies.
- Provide other security and support, which could include the District implementing a no-contact order, changing class schedules (including for the alleged perpetrator(s) pending the outcome of an investigation) or adjustments for assignments or tests; and
- Inform the victim of the right to report a crime to law enforcement simultaneously with filing a complaint pursuant to this policy – and provide the victim with assistance if the victim wishes to do so.

The District may not require a victim to participate in any Title IX investigation or in a disciplinary proceeding against a student.

Because the District is under a continuing obligation to address the issue of sexual discrimination, harassment and misconduct, reports of such incidents (including non-identifying reports) will also prompt the District to consider broader remedial action – such as increased monitoring, supervision, or security at locations where the reported incident occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/victimization surveys; and/or revisiting its policies and practices.

**Decision and Appeal**

Within five school business days after receiving the designated investigator’s report, the Superintendent shall mail his or her written decision to the Complainant and the accused by first class U.S. mail as well as to the designated investigator. All decisions shall be based upon the preponderance of evidence standard.
Within 10 school business days after receiving the Superintendent's decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board. Within 30 school business days, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within five school business days of the Board's decision, the Superintendent shall inform the Complainant and the accused of the Board's action.

This procedure shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this investigation/grievance procedure shall not prejudice any party.

**Notice of Policy**
The Superintendent shall use reasonable measures to inform staff members and students of this policy by including:

1. For students, age-appropriate information about the contents of this policy in the District’s student handbook(s), on the District’s website, and, if applicable, in any other areas where policies, rules, and standards of conduct are otherwise posted in each school.
2. For staff members, this policy in the appropriate employee handbook(s), if applicable, and/or in any other areas where policies, rules, and standards of conduct are otherwise made available to staff.

**Investigation Process**
Supervisors, Building Principals, or administrators who receive a report or complaint of harassment must promptly forward the report or complaint to the Nondiscrimination Coordinator or a Complaint Manager. A supervisor or administrator who fails to promptly comply may be disciplined, up to and including discharge.

Reports and complaints of harassment will be confidential to the greatest extent practicable, subject to the District’s duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

The District shall investigate alleged harassment of students when the Nondiscrimination Coordinator or a Complaint Manager becomes aware of an allegation, regardless of whether a written report or complaint is filed.

**Alleged Incidents of Sexual Abuse**
An alleged incident of sexual abuse is an incident of sexual abuse of a child, as defined in 720 ILCS 5/11-9.1A(b), that is alleged to have been perpetrated by school personnel, including a school vendor or volunteer, that occurred: on school grounds during a school activity; or outside of school grounds or not during a school activity. Any complaint alleging an incident of sexual abuse shall be processed and reviewed according to policy 5:90, Abused and Neglected Child Reporting, in addition to any response required by this policy.

**Enforcement**
Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action up to and including discharge. Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action, including but not limited to, suspension and expulsion consistent with the behavior policy. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to disciplinary action up to and including discharge, with regard to employees, or suspension and expulsion, with regard to students.
Responding to Sexual Harassment
In response to the investigation, the District will take any and all appropriate actions to remedy violations of this policy. Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action up to and including discharge. Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action, including but not limited to, suspension and expulsion consistent with the discipline policy. Such actions taken against an employee or student who, after an investigation, is determined to have engaged in conduct prohibited by this policy, shall be instituted in order to prevent the recurrence of any sexual harassment or sexual violence and to remedy the effects of such action on the Complainant or others. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to disciplinary action up to and including discharge, with regard to employees, or up to and including suspension and expulsion, with regard to students.

- **Harassment of Students Prohibited;** Policy 7:20
- **Uniform Grievance Procedure;** Policy 2:260. Covers a range of concerns, including Title II of Americans with Disabilities, Title IX, and more.
When a student reports an allegation of sexual harassment and/or sexual misconduct, the following will occur:

- The student will be interviewed by the Complaint Manager and possibly other staff such as a Dean of Students, a Counselor, or a Social Worker. If a student has a preference to be interviewed by someone of a different gender, that request may be made. A student may have a trusted friend or adult be with them during the interview as well. After the interview, the student will be asked to provide a written statement.

- An investigation will be conducted by the Complaint Manager in collaboration with a Dean of Students. The investigation will include interviews of the alleged offender and any witnesses. All interviewed students will be asked to provide a written statement.

- While the investigation is occurring, supports will be put in place to ensure the victim feels physically and emotionally safe. These accommodations can include schedule adjustments, connection with a Social Worker, referral to an outside agency, an “Anytime Hall Pass” to see support personnel, or any other measures needed.

- All investigations will begin as soon as possible after the report is made and the victim and his/her parents/guardians will be communicated with regularly along the way. Every effort will be made to complete investigations as quickly as possible.

- If there is a need for police involvement, police interviews will not occur until parental consent has been given first for any student under 18 years of age. An exception to this is any case that involves sexually inappropriate images which could be considered child pornography. If there is a suspicion that there are sexually inappropriate images in a student’s possession, school officials are legally required to immediately involve the School Police Liaison. In this situation, parents will still be notified of any police involvement.

- A determination of sexual harassment or sexual misconduct will be made by the Complaint Manager in collaboration with the Dean of Students. The victim and parents/guardians will be notified of the outcome of the investigation.

- If necessary, at the conclusion of the investigation, additional supports can be put into place for any involved students who need them. Support staff will regularly check-in with the victim and other involved students throughout and after the investigation.
Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item(4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any non-school-related activity, function, or program.

Definitions from 105 ILCS 5/27-23.7.
Bullying includes cyberbullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;
2. Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
3. Substantially interfering with the student’s or students’ academic performance; or
4. Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more
persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students’ behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Bullying Prevention and Response Plan
The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District’s goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:

The District uses the definition of bullying as provided in this policy. Staff of the District will be expected to reinforce the plan and the commitment that: (1) the District prohibits bullying, and (2) all students should conduct themselves with a proper regard for the rights and welfare of other students.

1. Bullying is contrary to State law and the policy of this District. However, nothing in the District’s bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.

2. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted.

The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District’s jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

5. The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

6. A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

7. A student will not be punished for reporting bullying or supplying information, even if the District’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

8. The District’s bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.

9. The Superintendent or designee shall post this policy on the District’s website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. District staff will be expected to: (1) intervene immediately to stop a bullying incident that they witness or immediately contact building security and/or law enforcement if the incident involves a weapon or other illegal activity, (2) report bullying, whether they witness it or not, to an administrator, and (3) inform the administration of locations on school grounds where additional supervision or monitoring may be needed to prevent bullying. Where appropriate in the staff development program, providing strategies to staff members to effectively prevent bullying and intervene when it occurs. Establishing a process for staff members to fulfill their obligation to report alleged acts of bullying.

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student’s misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student’s conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.

Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician’s or licensed practitioner’s instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under Ashley’s Law.

e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student’s use of asthma or other legally prescribed inhalant medications.

f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.

g. Look-alike or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.

h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a weapon as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.

5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student’s individualized education program (IEP); (c) it is used during the student’s lunch period, (d) it is used in the hallways, or (e) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
6. Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.
8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
11. Teen dating violence, as described in Board policy 7:185, Teen Dating Violence Prohibited.

20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term possession includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control
of the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

**Disciplinary Measures**

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), look-
alikes, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Weapons**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a Billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

**Re-Engagement of Returning Students**

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

**Required Notices**

A school staff member shall immediately notify the office of the Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Principal or designee shall immediately notify the local law enforcement agency, Ill. Dept. of State Police (ISP), and
any involved student’s parent/guardian. “School grounds” includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority
Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Principal, Assistant Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook
The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District’s disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students’ parents/guardians within 15 days of the beginning of the school year or a student’s enrollment.
7:200 Suspension Procedures

In-School Suspension
The Superintendent or designee is authorized to maintain an in school suspension program for certain infractions of the Code of Conduct. In school suspensions can be assigned for a full school day or for a partial school day and shall not exceed 5 school days. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in school suspension, the Student Intervention Director will explain the charges and the student will be given an opportunity to respond to the charges.
2. The Principal or designee shall ensure that the students are supervised by licensed school personnel.
3. Students are given the opportunity and expected to complete classroom work during the in school suspension for equivalent academic credit.
4. All students who are assigned a full day of in school suspension will receive additional interventions and supports if needed to change behavior.

Out-of-School Suspension
The Superintendent or designee shall implement suspension procedures that provide, at a minimum, each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
   a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
   b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
   c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
   d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
   e. Depending upon the length of the out-of-school suspension, include the following applicable information:
      i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:
         a) A threat to school safety, or
         b) A disruption to other students' learning opportunities.
      ii. For a suspension of 4 or more school days, an explanation:
         a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,
         b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and
         c) That the student's continuing presence in school would either:
            i) Pose a threat to the safety of other students, staff, or members of the school community, or
            ii) Substantially disrupt, impede, or interfere with the operation of the school.
            iii. For a suspension of 5 or more school days, the information listed in section
4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.

6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board’s written suspension decision shall specifically detail items (a) and (e) in number 4, above.

7:210 Expulsion Procedures

The Superintendent or designee shall implement expulsion procedures that provide, at a minimum, for the following:

1. Before a student may be expelled, the student and his or her parent(s)/guardian(s) shall be provided a written request to appear at a hearing to determine whether the student should be expelled. The request shall be sent by registered or certified mail, return receipt requested. The request shall:
   a. Include the time, date, and place for the hearing.
   b. Briefly describe what will happen during the hearing.
   c. Detail the specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion.
   d. List the student's prior suspension(s).
   e. State that the School Code allows the Board of Education to expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis.
   f. Ask that the student or parent(s)/guardian(s) or attorney inform the Superintendent or Board Attorney if the student will be represented by an attorney and, if so, the attorney's name and contact information.

2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from the Dept. of Human Services to consult with the Board.

3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled. After presentation of the evidence or receipt of the hearing officer’s report, the Board shall decide the issue of guilt and take such action as it finds appropriate.
4. If the Board acts to expel the student, its written expulsion decision shall:

      environment is in the best interest of the school.
   b. Provide a rationale for the specific duration of the recommended expulsion.
   c. Document how school officials determined that all behavioral and disciplinary
      interventions have been exhausted by specifying which interventions were
      attempted or whether school officials determined that no other appropriate and
      available interventions existed for the student.
   d. Document how the student's continuing presence in school would (1) pose a threat
      to the safety of other students, staff, or members of the school community, or (2)
      substantially disrupt, impede, or interfere with the operation of the school.
5. Upon expulsion, the District may refer the student to appropriate and available support
   services.
Board of Education Policy 6:235 – Access to Electronic Networks

Electronic networks, including the Internet, are a part of the District’s instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication. The Superintendent shall develop an implementation plan for this policy and appoint system administrator(s).

The School District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Curriculum and Appropriate Online Behavior

The use of the District’s electronic networks shall: (1) be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials. As required by federal law and Board policy 6:60, Curriculum Content, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) cyber-bullying awareness and response. Acceptable Use

All use of the District’s digital resources must be: (1) in support of education and/or research, and be in furtherance of the goals stated herein, or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District’s networks or cloud services or District devices. General rules for behavior and communications apply when using district digital resources. The District’s Acceptable Use Policy contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, delete test here may be monitored or read by school officials.

Technology protection measures shall be used on each District device. They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by federal law and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy’s implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,
2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,

All users of the District’s computers to access the Internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network.

The failure of any student or staff member to follow the terms of the Authorization for Electronic Network Access, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.
Board of Education Policy – 7:140 Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, including school electronic devices, as well as of students and their personal effects, including personal electronic devices. “School authorities” includes school liaison police officers.

School Property and Equipment and Personal Effects Left There by Students
School authorities may inspect and search property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without individualized suspicion or notice to or consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. In addition, the Superintendent or designee shall require each high school student, in return for the privilege of parking on school property, generally to consent in writing to school searches of his or her vehicle and personal effects therein without individualized suspicion or notice or specific consent of the student.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including inspections conducted through the use of specially trained dogs and metal detectors.

Students and Personal Effects in Student Possession
School authorities may search a student, the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, cell phones, tablet and laptop computers, etc.), and the student’s vehicle parked on school property where no general consent is on file, when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating the law or the District's policies or rules. The search must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students;
2. In the presence of a school administrator or adult witness; and
3. By a certified employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent or his/her designee.

Seizure of Property
If a search produces evidence that the student has violated or is violating the law or the District’s policies or rules, such evidence may be seized and impounded by school authorities and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites
The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.
Drill/Evacuation Procedures

Fire
The fire drill/evacuation procedure for leaving the building is available in each area of the building. Specific instructions regarding the route to be followed and the location of the assembly area outside the building is provided. It is extremely important that these specific routes are followed and that groups assemble far enough away from the building so the fire department has access to the school. Teachers should periodically review the procedures with their students throughout the school year.

Whenever the fire alarm sounds, everyone must evacuate the building immediately. It is unsafe and illegal for anyone to delay the evacuation process by getting coats or other forms of outerwear before leaving the building. Students are not permitted to go to their lockers for any reason.

• Students must leave classrooms immediately after attendance is taken and form a double line close to the wall outside of the classroom. They will remain in the hall until everyone has vacated their classroom and all windows and door(s) have been closed.
• The teacher or supervisor will lead the students along the designated route to the designated area outside of the building. Groups must be taken far enough away from the building to permit easy access by the fire department.
• Order and quiet must be maintained at all times.
• State law prohibits smoking during a fire drill/evacuation.
• Stay with the class. Ensure that the private property of school neighbors is protected and that all school rules are respected. All school rules are in effect during a fire drill. All streets, alleys and drives must be kept clear so that fire department equipment can move around the building.
• The teacher will check attendance upon arrival at designated area using the red/green card system. If a student violates the code of conduct (smoking, leaving the area, etc.), the teacher will refer the student to the Dean of Students after the drill is over.
• When the signal is given to re-enter the building, everyone must return to their rooms via the reverse route used to exit the building. If a significant change in the schedule is necessary, a modified schedule will be announced on the emergency speaker system and/or distributed to all rooms.

NOTE: If an alarm sounds at a time when students are not in designated classes (i.e. passing periods, assemblies, etc.) all students must evacuate the building in an orderly fashion and wait outside until the signal is given to re-enter the school.

Tornado
When the school has been notified that a “warning condition” exists or a Tornado Drill should commence, a special alarm will be sounded throughout the school building and the outside campus.

• Everyone is to remain in the building. Those individuals that are outside of the building at the time the alarm sounds must move into the building immediately.
• Students will proceed to the designated shelter area after attendance is taken. Some classes are assigned to remain in their rooms while others are assigned to move into interior corridors. Students should check the attached shelter area assignments for their classroom’s location.
• Order and quiet must be maintained at all times.
• Upon arrival at the assigned shelter location, students are expected to crouch down on their knees and cover their head. Students will practice this posture for at least one minute during the drill. They should remain in this posture during a real emergency.
• Everyone must remain in the assigned location until the “all clear” announcement is given on the P.A. Once this announcement is given, classes assigned to the interior corridors may return to their classrooms. In case of an actual emergency, an emergency announcement may be given with additional instructions.

**Hard Lockdown**

A Hard Lockdown Condition means that a substantial conflict/disturbance has begun or is imminent, i.e. hostage, gunman or an explosive device. A Hard Lockdown Condition requires a tight lockdown response. Anyone can initiate a Hard Lockdown if he or she observes an extremely dangerous situation: call the emergency line 2222. They will call 911.

Once the P.A. System notifies the school of a Hard Lockdown Condition, staff will assume the lockdown position.

- All doors and windows will be locked.
- Lights will be turned off.

Everyone will be instructed to move away from the doors and windows and sit quietly on the floor.

- Order and quiet must be maintained at all times.
- Students and staff should remain in their classroom/offices until notified by a uniformed Police Officer that it is safe to leave the room. The Police will give instructions regarding what to do next.

*Note: no one will be allowed to leave his/her area during a hard lockdown drill/condition.*

**Soft Lockdown**

A Soft Lockdown Condition means there is a need to keep everyone in their rooms, e.g. protest, threat outside of the school but nearby, etc.

- Students in the nearby hallway and bathrooms should be brought into the classroom or office.
- All doors and windows will be locked, but leave all window coverings open unless otherwise advised.
- Take attendance
- If outside the building, immediately return to your classroom or office areas.
- Remain in classroom or office areas and continue with normal activities until further notice.

Note no one will be allowed to leave or enter the building during a soft lockdown without authority of administration.

**Emergency Closing of School**

If it becomes necessary to close the high school because of inclement weather or other emergencies, metropolitan radio and television stations will be notified. Watch and/or listen for periodic announcements relative to the closing. The school district will be identified as Oak Park and River Forest High School, Cook County, District No. 200. Information will also be posted on the school's website, www.oprfhs.org.
