

WHEN TO WEAR A FACE COVERING

ALWAYS

- At public places like grocery stores, pharmacies, banks, clinics and other essential businesses
- When getting takeout from restaurants
- When caring for someone sick or with other health issues
- In places where more than 10 people are present
- While using public transit

EXEMPTIONS

- Under 2 years old
- While exercising if able to practice social distancing
- When face covering would cause impairment due to existing health condition
- While on your own property, such as collecting your mail or doing yardwork
- While in your personal vehicle or boat
- While working with no face-to-face interactions with public
- While working where use of a face covering will not be compatible with job duties

The Face Covering Order is intended to stop the spread of COVID-19. According to the CDC's guidance, a face covering can help stop the spread of the virus, especially if someone is asymptomatic. We all wish to educate the public on the need to pursue these protective measures for the overall well-being of our community at this time.
