30 **SECOND ORDER OF BUSINESS**

Approval of the Agenda

31
32 On a MOTION by Mr. Murphy, SECONDED by Ms. Frank, WITH ALL IN FAVOR, the
33 Board approved the March 23, 2026, Final Agenda, for the Epperson Ranch
34 II Community Development District.

35
36 **THIRD ORDER OF BUSINESS**

Audience Comments

37 There were no audience comments.
38

39 **FOURTH ORDER OF BUSINESS**

Business Administration

40 **A. Consideration of the Regular Meeting Minutes from January 22, 2026**
41

42 On a MOTION by Ms. Frank, SECONDED by Mr. Casellas-Gil, WITH ALL IN FAVOR, the
43 Board approved the January 22, 2026, Regular Meeting Minutes, for the Epperson Ranch
44 II Community Development District.

45 **B. Consideration of the Regular Meeting Minutes from February 5, 2026**
46

47 On a MOTION by Mr. Casellas-Gil, SECONDED by Ms. Frank, WITH ALL IN FAVOR, the
48 Board approved the February 5, 2026, Regular Meeting Minutes, for the Epperson Ranch
49 II Community Development District.

50
51 **FIFTH ORDER OF BUSINESS** **Staff Reports**

52 **A. District Accountant**

53 **1. Review of the January Financial Report**

54 Mrs. Sowani presented the District's financial report to the Board. The Board requested that
55 the accounting team incorporate monthly contract expenditures, and comparison of contract costs
56 from last fiscal year to current and provide this information at the next meeting.

57 **2. Consideration of the January Check Register**

58 The Board approved the January 2026 Check Register.

59 On a MOTION by Mr. Murphy, SECONDED by Mr. Casellas-Gil, WITH ALL IN FAVOR, the
60 Board approved the January 2026 Check Register, for the Epperson Ranch II Community
61 Development District.

62
63 **B. Landscape Update Report**

64 Mr. Wumkes presented his report to the Board. The Board requested that the gates on Curley
65 Road, across from the Beacon Townhomes, be opened. Mr. Wumkes also informed the Board that
66 proposals for freeze plants will be presented at the next meeting.

67
68 **1. Consideration of Viburnum Replacement Proposal**

69 The Board approved the Viburnum Replacement Proposal in the amount of \$1,970.00.
70

71 On a MOTION by Mr. Murphy, SECONDED by Ms. Frank, WITH ALL IN FAVOR, the
72 Board approved the Viburnum Replacement Proposal in the amount of \$1,970.00, for the
73 Epperson Ranch II Community Development District.

74
75 **2. Consideration of Dead Plant Removal Proposal**

76 The Board approved the Dead Plant Removal Proposal in the amount of \$1,883.00.
77

78 On a MOTION by Mr. Murphy, SECONDED by Ms. Frank, WITH ALL IN FAVOR, the
79 Board approved the Dead Plant Proposal in the amount of \$1,883.00, for the Epperson Ranch II
80 Community Development District.

81

82 **C. Aquatic Maintenance Report**

83 Mr. Riemensperger presented his report to the Board. A discussion followed regarding sediment
84 accumulation in Pond 19. The Board requested a ballpark estimate for removing sediment across
85 two to four acres of the pond. Mr. Riemensperger indicated that the cost would be approximately
86 \$8,000. A discussion on Pond 17 ensued. The District Engineer mentioned the developer designs
87 out the parcels and Pond 17 was permitted under Epperson Ranch II CDD. The District Engineer
88 recommended approaching the Master Association with a maintenance agreement. District
89 Counsel set the expectation for the maintenance agreement. The District Engineer stated he
90 would check with water management regarding Pond 17.

91

92 **1. Consideration of Steadfast Alliance Sediment Removal Proposal**

93 The Board elected to table the matter indefinitely and continue monitoring the situation, noting
94 that they do not consider it to be urgent at this time. The Board discussed Pond 7 and requested
95 that a new quote be prepared for the next meeting. Questions regarding Pond 8 were also reviewed,
96 and the Board requested a new proposal, not to exceed \$5,000.

97 On a MOTION by Mr. Murphy, SECONDED by Ms. Frank, WITH ALL IN FAVOR, the
98 Board requested a new proposal, NTE \$5,000, for the Epperson Ranch II Community
99 Development District.

100

101

102 **D. District Counsel**

103 Mr. McGee provided an update on Metro response activities to the letter sent by District
104 Management regarding a cost-share agreement for the continued maintenance and repair of the
105 monument and fountain and presented his recommendations to the Board. Discussion followed
106 regarding the DRB monument cost-share, and the Board requested that a discussion of the DRB
107 agreement be added to the agenda for the next meeting. The Board requested that proposals for a
108 flowerbed and filler mulch be presented at the next meeting.

109

110 **E. District Engineer**

111 Discussion ensued regarding the towers under construction. The Board noted that towers are
112 not permitted for Epperson Ranch North. Mr. Kostakis has contacted Metro to confirm whether
113 towers are permitted for Epperson Ranch II and is awaiting a response.

114

115

116 **1. Update on Earthen Weir**

117 Mr. Vasili informed the Board that he had spoken with the Vice President of Heidt Design
118 LLC regarding the as-builts from September 2020. Mr. Vasili is requesting a timeline for the weir
119 constructed in 2021 by the developer due to an issue occurring from when it was built to now. The
120 Board requested that two proposals for the weir repair be prepared and presented at the next
121 meeting. The Board requested a ballpark for the weir repair, and Mr. Vasili stated that the cost
122 would be between \$10,000 to \$15,000 to repair.

123 **2. Update on Pond 17**

124 Discussion of the update on Pond 17 ensued after the Aquatics Maintenance Report.

125 **F. District Manager**

126 Discussion ensued regarding the vacancy of the open seat and potential options, including the
127 possibility of appointing an Inframark employee. The Board requested that further discussion be
128 continued at the next meeting.

129
130 **1. Discussion of Towing Policy**

131 Ms. Anipot reviewed the towing policy with the Board and noted that the HOA will be
132 responsible for enforcement, with the CDD remaining uninvolved. Further discussion followed.
133 All towing-related issues will be reported to the HOA, Metro branding will be removed from the
134 website, and updated contact information will be posted accordingly.

135
136 **SIXTH ORDER OF BUSINESS** **Business Items**

137 **A. Consideration of Fencing Proposals**

138 The Board agreed to table the fencing proposals and requested that the District Manager
139 obtain additional quotes from other vendors for cost comparison. The updated pricing is to be
140 presented at the next meeting. Discussion ensued. The Board agreed to make Mr. Casellas-Gil a
141 liaison for the fencing project.

142
143 **B. Ratification of Visitor Sign near DRB Townhomes Proposal**

145 On a MOTION by Ms. Frank, SECONDED by Mr. Casellas-Gil, WITH ALL IN FAVOR, the
146 Board ratified the Visitor Sign near DRB Townhomes Proposal in the amount of \$400.00, for the
147 Epperson Ranch II Community Development District.
148

149
150
151

152 **C. Discussion Regarding Street Signs**

153 Mr. Montagna provided an update on the street signs and the expected delivery dates for the
154 new signage. A discussion followed regarding the sign colors, and the Board agreed to maintain
155 the existing color scheme. A discussion on signs for the dog park ensued, and the Board requested
156 proposals for large and small dog park signs for the dog park to be included on the agenda for the
157 next meeting. Inframark replaced the street signs at no cost to the District.

158

159 On a MOTION by Mr. Murphy, SECONDED by Ms. Frank, WITH ALL IN FAVOR, the
160 Board approved the Additional Dog Waste Station Installation Proposal in the amount of
161 \$475.00, for the Epperson Ranch II Community Development District.
162

163

164 **SEVENTH ORDER OF BUSINESS**

Audience Comments

165 There were no audience comments.

166

167 **EIGHTH ORDER OF BUSINESS**

Supervisor Requests

168 Mr. Murphy requested to terminate Cooper Pools.
169

169

170 On a MOTION by Mr. Casellas-Gil, SECONDED by Ms. Frank, WITH ALL IN FAVOR, the Board
171 agreed to terminate the contract with Cooper Pools, for the Epperson Ranch II Community Development
172 District.

173

174 **NINTH ORDER OF BUSINESS**

Adjournment

175

176 On a MOTION by Ms. Frank, SECONDED by Mr. Casellas-Gil, WITH ALL IN FAVOR, the Board
177 adjourned the meeting at 6:50 p.m., for the Epperson Ranch II Community Development District.

Epperson II CDD

Field Inspection Report - March 2026

Tuesday, March 31 2026

Prepared For Board Of Supervisors

18 Items Identified

18 Items Incomplete

John Fowler

Inframark

Item 1

Assigned To: Maintenance

Noting an exposed wire wrapped around a faucet, heading into the small dog park.

Item 2

Assigned To: Maintenance

Noting the bottom of the fence needs repaired between the small dog park and large dog park. Working on a proposal being generated to install poles at the bottom.

Item 3

Assigned To: Maintenance and Fieldstone

Suggest adding soil and a couple pieces of sod to both the concrete pads with benches at the small and large dog park that poses a possible trip hazard.

Item 4

Assigned To: Maintenance

Need to repair the bench at the large dog park.

Item 5

Assigned To: Board

Noting a tree was removed by Pond 12. Asking if a replacement tree is being considered for here or should we remove the stump and install sod?

Item 6

Assigned To: Fieldstone

Need to remove the dead fronds in the Bismarck palms at the entrance and exit corner of Overpass Road and Epperson Boulevard intersection.

Item 7

Assigned To: Board

I understand we are in the process of determining the ownership and responsibility for monuments upkeep at the entrance and exit corners of Overpass Road and Epperson Boulevard intersection. I will continue to include on the report in case notation is needed in the future.

Item 8

Assigned To: Board

Noting there is no water in the fountain in the median island of Anchor Point Dr. this area is currently under the CDD map and will continue to inspect unless advised otherwise.

Item 9

Assigned To: Clearvue

Noting small algae blooms starting to form around the edge of pond 10. Treatment needed.

Item 10

Assigned To: Fieldstone

Asking if irrigation is working properly at the CDD field between the townhomes at pond 10?
Area is very dry.

Item 11

Assigned To: Fieldstone

Noting two leaning trees with staking straps on both, but not attached to the ground. This is on the CDD portion of Blue Passing Loop.

Item 12

Assigned To: Clearvue

Noting small algae blooms starting to form along the edge of pond 4.

Item 13

Assigned To: Clearvue

Treat non-desirable grassy weeds and pond 1.

Item 14

Assigned To: Clearvue

Asking if Pond 16 has been adopted into the CDD? If so, it needs treatment.

Item 15

Assigned To: Clearvue

Treatment needed for pond 14.

Item 16

Assigned To: Fieldstone

Diagnose and treat declining shrubs on Curly Road between Turtle Grace Loop and Elam Rd. Do these need a rejuvenation cut back or will they not survive?

Item 17

Assigned To: Clearvue and Engineer

Treat non-desirable grassy weeds along pond 5 edge. Also, asking district engineer about possible compromised pond bank with erosion?

Item 18

Assigned To: Fieldstone

Diagnose and treat a couple declining Viburnums along the perimeter wall of Epperson Boulevard ROW across the street from Sea Air Dr.

FIELDSTONE

Terms & Conditions

Acceptance of Work

- **Fieldstone Landscape Services, LLC (Contractor)** and **Epperson Ranch II Community Development District (Client)** agree to services, conditions, materials, and total dollar amount.
- Contractor will commence the Work at the agreed time and place, and continue such Work diligently and without delay, in a good and workmanlike manner, and in strict conformity with the specifications and requirements contained herein and in any related Order.

Payment Terms and Conditions

- The client is subject to a Progress Billing & Payment Schedule based on the total size of the proposed project. Payment Schedule may include up to a 50% Deposit to schedule work.
- Client agrees to pay the balance before the due date on final invoice to avoid 1.5% penalty for late payment.

Procedure for Extra Work and Changes

- If it shall become necessary for the Contractor to make changes in any designs, drawings, plans, reports, or specifications for any part of the project or reasons over which Contractor has no control, or are put to any extra work, cost or expense by reason of any act or matter over which it has no control, the Client will pay to the Contractor a fee for such changed or extra Work calculated on a time and materials basis.
- All changes to Work or pricing or the terms of this Agreement will be read and understood within the context and meanings of this Agreement unless stated explicitly to the contrary.
- Extras to the Contract are payable by the Client forthwith upon receipt of the Contractor's invoice.

Warranty and Tolerances

- **Payments Received:** The Warranty for the contract is only valid if payment is received in full on acceptance of the work.
- **Diligence:** the Contractor agrees to carry out its Work diligently and to provide sufficient supervision and inspection of its staff and subcontractors and that it's work will be of proper and professional quality, and in full conformity with the requirements of the contract.
- **Site Unknowns:** It is the responsibility of the Client or the Client's Representative to fully inform the Contractor of all the information regarding site unknowns that may include difficult buried materials, cables, and pipes, tree stumps, drainage or water table issues, rock, and shale sub-surfaces and/or other impediments, issues or factors that could otherwise impact the quality, cost, and timeliness of project completion. Failure to notify the Contractor may lead to additional costs to the Client (at the Contractor's discretion) and schedule time not included in the Quotation and may require changes in design and construction to overcome such problems – all for which the Client will be responsible.
- **Underground Utilities:** Should damage occur to utilities during construction, the Contractor is only liable for the cost of the repair. the Contractor is not liable in any way for inconvenience to the Client caused by damage to the utilities. Damage to neighbor's utilities on the Client's property is the responsibility of the Client.

Material Tolerances

- **Landscape:** Contractor warrants the installation, workmanship, and material. Material is guaranteed to be true to name and maintain a healthy condition except for normal shock of installation.
 - **Hardwood & Palm Trees:** (6) Months
 - **Plants/Shrubs/Ornamentals/Groundcover:** (3) Months
 - **Sod:** (30) Days
 - **Seasonal Annual Flowers:** (30) Days
- **Irrigation/Drainage/Lighting:** Contractor warrants the installation, workmanship, design, and

materials employed in connection with the underground irrigation system for six (6) months following installation completion.

- Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone.
- The warranty is not valid on relocated material, annuals and any existing irrigation, drainage, and lighting systems. Warranty is not valid on new plant material or sod installed without automatic irrigation. Warranty does not cover damage from pests or disease encountered on site, act of God, or damaged caused by others. Failure of water or power source not caused by Contractor will void warranty.

MANAGEMENT SUMMARY

Cooler days are behind us now that Spring has started. Daylight hours are already increasing and rain is slowly becoming more frequent. We're ramping up for growing season with more catered herbicide and algaecide mixes. Pre-emergents added to herbicide mixes throughout the winter have had great effect at keeping grasses at bay for the time being. Algae will likely be more of a focus for now as daytime temps hover in the mid-80's and rain often only comes once per week. We have recently added a product to our algaecide mixes intended to mitigate phosphorous in the water column of a pond and aid in slowing algae growth.

While conditions are varied, no issues noted are raising any alarms. The new additive in our algaecide mixes has been highly effective on planktonic algae, often making a notable difference in a few hours. Those ponds mentioned with this type of growth will be addressed later this week. Grasses have stayed minimal. Technicians have become more vigilant, as most of them have mentioned this is one of the strongest starts to a growing season we've had in years. Seasonal adjustments to herbicide mixes are already in place to combat this.

RECOMMENDATIONS

Continue to treat ponds for algae, administer follow-ups to ponds experiencing extended decay times.

Administer treatments to any nuisance grasses growing along exposed shorelines and within beneficial plants.

Continue to apply treatment to overgrown littoral areas.

Avoid over treating ponds, to prevent fish kills or toxic blooms.

Stay alert for debris items that find their way to the pond's shore.

Thank you for choosing Steadfast Environmental!

Terms & Conditions

Acceptance of Work

- **Fieldstone Landscape Services, LLC (Contractor)** and **Epperson Ranch II Community Development District (Client)** agree to services, conditions, materials, and total dollar amount.
- Contractor will commence the Work at the agreed time and place, and continue such Work diligently and without delay, in a good and workmanlike manner, and in strict conformity with the specifications and requirements contained herein and in any related Order.

Payment Terms and Conditions

- The client is subject to a Progress Billing & Payment Schedule based on the total size of the proposed project. Payment Schedule may include up to a 50% Deposit to schedule work.
- Client agrees to pay the balance before the due date on final invoice to avoid 1.5% penalty for late payment.

Procedure for Extra Work and Changes

- If it shall become necessary for the Contractor to make changes in any designs, drawings, plans, reports, or specifications for any part of the project or reasons over which Contractor has no control, or are put to any extra work, cost or expense by reason of any act or matter over which it has no control, the Client will pay to the Contractor a fee for such changed or extra Work calculated on a time and materials basis.
- All changes to Work or pricing or the terms of this Agreement will be read and understood within the context and meanings of this Agreement unless stated explicitly to the contrary.
- Extras to the Contract are payable by the Client forthwith upon receipt of the Contractor's invoice.

Warranty and Tolerances

- **Payments Received:** The Warranty for the contract is only valid if payment is received in full on acceptance of the work.
- **Diligence:** the Contractor agrees to carry out its Work diligently and to provide sufficient supervision and inspection of its staff and subcontractors and that it's work will be of proper and professional quality, and in full conformity with the requirements of the contract.
- **Site Unknowns:** It is the responsibility of the Client or the Client's Representative to fully inform the Contractor of all the information regarding site unknowns that may include difficult buried materials, cables, and pipes, tree stumps, drainage or water table issues, rock, and shale sub-surfaces and/or other impediments, issues or factors that could otherwise impact the quality, cost, and timeliness of project completion. Failure to notify the Contractor may lead to additional costs to the Client (at the Contractor's discretion) and schedule time not included in the Quotation and may require changes in design and construction to overcome such problems – all for which the Client will be responsible.
- **Underground Utilities:** Should damage occur to utilities during construction, the Contractor is only liable for the cost of the repair. the Contractor is not liable in any way for inconvenience to the Client caused by damage to the utilities. Damage to neighbor's utilities on the Client's property is the responsibility of the Client.

Material Tolerances

- **Landscape:** Contractor warrants the installation, workmanship, and material. Material is guaranteed to be true to name and maintain a healthy condition except for normal shock of installation.
 - **Hardwood & Palm Trees:** (6) Months
 - **Plants/Shrubs/Ornamentals/Groundcover:** (3) Months
 - **Sod:** (30) Days
 - **Seasonal Annual Flowers:** (30) Days
- **Irrigation/Drainage/Lighting:** Contractor warrants the installation, workmanship, design, and

materials employed in connection with the underground irrigation system for six (6) months following installation completion.

- Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone.
- The warranty is not valid on relocated material, annuals and any existing irrigation, drainage, and lighting systems. Warranty is not valid on new plant material or sod installed without automatic irrigation. Warranty does not cover damage from pests or disease encountered on site, act of God, or damaged caused by others. Failure of water or power source not caused by Contractor will void warranty.

- If requested, Site Masters can perform - ADD \$2400
- Watering of new sod is not included

Proposal for Weir Repair & Installation Project

Prepared For: Epperson Ranch CDD

Contractor: Advanced Drainage Solutions (ADS)

Date Created: 04/16/2026

Proposal No. : 1246

Project Location: Epperson Ranch CDD

Project Overview

ADS proposed to complete the repair and/or installation of two 20-foot weirs in accordance with engineered plans, including survey layout, excavation, and geoweb stabilization with rock backfill. The project includes sod restoration over the weirs and returning all disturbed areas to original condition, along with removal of construction debris.

Scope of Work

- 1.Repair and/or installation of two (2) weirs, each measuring 20 feet in width, in accordance with the engineered plans.
- 2.A licensed surveyor will establish proper elevations per design specifications and provide staking for accurate layout.
- 3.Excavation of the designated areas to achieve required elevations, including removal and disposal of excess materials.
- 4.Installation of geoweb stabilization system per plans, followed by backfilling with appropriate rock material.
- 5.Upon completion of structural work, the weirs will be sodded over the top to ensure proper stabilization and aesthetic finish.
- 6.All disturbed areas will be restored to their original condition.
- 7.All construction debris and excess materials will be removed and properly hauled off- site.

Project Pricing

The cost for this project is \$6,750.00 per weir, for a total of \$13,500.00 for both weirs.

Total Project Cost
\$13,500.00

Workmanship Warranty

ADS LLC warrants that all work performed under this proposal will be free from defects in workmanship for a period of one (1) year from the date of completion. This warranty covers installation and labor only and does not include damage caused by unforeseen conditions or factors beyond contractor control.

Description	Qty	Rate	Total
Epperson Ranch II CDD Geoweb/Geocell Weir Restoration			
FPM POND 6A - Provide all labor, equipment, and materials required to install two (2) weirs in accordance with the Heidt Design construction plans. The work includes installation of 4-inch Geoweb/Geocell systems filled with #4 Granite Railway Ballast. The Geoweb/Geocell installation will begin approximately two (2) feet below the pond's normal water level and extend up and over the top of bank, continuing past the crown of the berm. On the wetland side, the Geoweb/Geocell will be trenched a minimum of twelve (12) inches. Non-woven filter fabric will be installed beneath the Geoweb/Geocell, extending from the pond bottom and toed in along the slope. The Geoweb/Geocell will be securely staked and fastened together in accordance with the manufacturer's recommendations. A total of four (4) inches of #4 Granite Railway Ballast will be placed within the Geoweb/Geocell system. All disturbed areas will be stabilized with Bahia grass upon completion. This scope includes clearing of vegetation surrounding the western weir to facilitate installation. Surveying services are excluded; weirs will be constructed at existing field elevations. **Irrigation is highly recommended for newly installed sod**	1	25,900.00	25,900.00
30% deposit due prior to commencement of work. Amount to be deducted from final invoice.		0.00	0.00
Please sign and return if accepted:	Total		\$25,900.00

** All warranties exclude acts of God.
 ** There is a 3.5% fee for all payments made via credit card. Page 58
 ** All contracts over \$10,000.00 will receive a notice to owner (NTO).
