Management Summary

Overall, the property is in good condition. There is a bit more shoreline weeds than I would like to see, particularly on pond 10, time of year. Warm weather combined with large exposed banks and rainfall is causing rapid growth of shoreline weeds. We will continue to spray it out through routine maintenance.

Last month we identified and treated Hydrilla in Pond 30. The treatment was very successful and an algae bloom was observed today. It is very common to see a significant algae bloom after a successful submerged vegetation treatment. We will treat the algae and hopefully should have this pond cleared right back up.

Over the next month, we expect to see a significant increase in water levels. Typically, my main concern is having submerged vegetation in good control prior to this time, which there is no submerged vegetation on the property at this time. I am very happy with that aspect of the community as it has set us up for success in the summer months. High water levels will also assist in drowning out a lot of the broadleaf weeds on the exposed banks, as a good portion of them cannot survive in the water.

We appreciate your business!

178	5/24/2026	Field Manager, David Turner, Jean Williams	Leonard	5014 Wabash Pl	The CDD has suddenly stopped maintaining the center medians of Magnolia Park Blvd North of Progress Blvd after years of maintaining it, while at the same time continuing to maintaining the other medians. When directed to contact the county, after some time, they have come back and pointed out this map below that shows the CDD is responsible for this maintenance and it will not be maintained by the county. (https://gis2017-01-10t133755357z-hillsborough.opendata.arcgis.com/datasets/hillsborough::community-development-districts/explore?location=27.899238%2C-82.351597%2C16) Why would the CDD suddenly stop maintaining this median (after years of maintaining) and while continuing to maintain others throughout the community? Additionally, let's say the county is incorrect and they are responsible for maintaining, why would the CDD just stop without a transition plan in place? (To be clear, the county says they will not maintain)	
175	5/22/2026	District Manager	Selvaraj	5016 Fallen Leaf Dr	I see a dead pigeon in my patio now. What should I do, do I remove it myself, or wait for your assistance. Please clarify.	
174	5/15/2026	Aquatics	Garcia	4761 White Sanderling Ct	Hello again! A neighbor of ours has mentioned to me that there is another dead duck near the pond in west, behind 4925 White sanderling Ct. Looks to have been there for over a week, not noticeable due to the long grass back there. She never reported it, figured I'd reach back out. Thank you!	
172	5/10/2026	Landscape	Pleslak	4833 White Sanderling Ct	The HOA is telling me they are not responsible for giving me sod for the rear and that I need to contact the CDD. I'm reaching out because I'm entitled to have the same green lawns in the rear as all other homeowners and I am reaching out to request this be done. Magnolia west townhomes.	
171	5/10/2026	Aquatics	Garcia	4761 White Sanderling Ct	Theres been a dead Muscovy duck near the pond for the last 5 days. Im wondering if this was reported. Thank you!	
169	5/5/2026	Landscape	Griffin	9318 Grand Harvest Ct	The entrance off of Progress Blvd into Magnolia Park East is incredibly unkempt. The medians require mowing, trimming, and weed removal. I have never seen it so tall and abandoned looking. What are my CDD fees going toward if not to maintain the appearance of my neighborhood? Every other entrance is maintained, why is this one being skipped? Please let me know when I can expect this to be fixed. Thanks.	
168	4/29/2026	Assessments/Bo	MacNeil	5339 Fallen Leaf Dr	Please send me proof that there are no HOA pending fees due for this address ASAP	
167	2026-04-06	Field Manager	Alvarez	8859 Turnstone Haven Pl	The rear fence behind Magnolia Park west was removed last year by the CDD. This has caused a major security issue for our neighborhood. We have had trespassers on multiple occasions sneak in from the rear area near our lift station in Magnolia Park West. We don't know if these trespassers are criminals or homeless people are coming to harm somebody in our neighborhood. We didn't have these issues when the fence was there but now that we have no fence and no barrier between our neighborhood and the lot next-door it now poses as a major security issue. We need a fence to be erected once again before someone is victimized by somebody sneaking into the neighborhood.	
166	2026-04-06	Landscape	Alvarez	8859 Turnstone Haven Pl	I live in Magnolia Park west. Last year, the CDD removed offense that we had due to it being their responsibility to maintain that area and do mowing. Unfortunately, no one has come out to mow or maintain that area in close to a year now. Also, due to the removal of the fence we have had trespassers Sneak in through that open area. Something needs to be done about the security situation that the removal of that fence has caused to our neighborhood as well as the fact that no one has come to mow or maintain that back area of Magnolia Park West in a year.

160	2025-12-22	District Manager	Meadows	8516 Bassett Ct	This is my 2nd request- when will the no fishing signs be replaced on the big lake in South on or Falkenburg Rd.? They were washed away over a year ago during the storms. People are still fishing. Saw people loading buckets and driving away this weekend. I stopped and told them no fishing, but they did not speak English. When will the signs be replaced? And check the gate as I hear that it is not even locked, so they walk right in. Would do not good if I called the police as they were driving away. Why does it take so long to get anything done? We are still missing street signs from Ian or is that HOA responsibility?	Ordered to be replaced

Over time, the area has become significantly overgrown with shrubs, trees, and debris, which are now obstructing the lake view from my property. When I purchased my home, I paid a premium for the lake view, which has been an important feature of my property's value and enjoyment. Unfortunately, the current overgrowth has diminished this view substantially. I was advised that the CDD is responsible for the maintenance and upkeep of this area, and I would greatly appreciate having it restored to its original, well-maintained condition as shown in the images attached below. Please let me know when this maintenance can be scheduled, as I would like to see the area cut back and cleaned up in a timely manner. If you need any additional details or would like to meet onsite to review the area, I would be happy to arrange that at your convenience. 155	2025-10-28	Field Manager	Petit-Frere	6111 Magnolia Park Boulevard, Riverview, FL 33578	<p>I am writing to formally escalate a long-standing and unresolved maintenance issue regarding the neglected pond area and surrounding trees near my residence at 6111 Magnolia Park Blvd, Riverview, FL. Since June 2025, I have contacted Property Services multiple times (including Mr. Heath Beckett and Mr. Michael Bush) regarding this matter. Despite acknowledgment and assurances that the area would be inspected, no corrective action has been taken. The pond remains severely overgrown, and the trees many of which were damaged during the 2024 hurricane still have not been trimmed. This situation has persisted for months and now poses both safety and environmental concerns, including potential wildlife hazards and property damage risk. It also reflects poorly on the overall upkeep and management of the Magnolia Park CDD. At this point, I am requesting immediate intervention from district management to ensure that this issue is resolved promptly. Please confirm receipt of this message and provide a specific date by which the pond maintenance and tree trimming will be completed. I have included my prior correspondence for your reference. Thank you for your immediate attention to this matter. I look forward to your prompt response.</p> <p>Sincerely, Loris Petit-Frere</p>

153	2025-10-27	1 Landscape	Peloquin	9007 Sienna Moss Lane	<p>Previous to this landscaping ticket, I emailed Barry Jeskewich back on September 1, 2025, September 8, 2025, and October 11, 2025. I have not received confirmation or receipt of my email or acknowledgement of the problem I have reported, with respect to the bank erosion of pond # 6 and 7. My property is adjacent to pond # 6.</p> <p>Date: September 1, 2025 Subject: Request for Erosion Mitigation and Retaining Wall Installation – Retention Pond Behind 9007 Sienna Moss Lane</p> <p>Dear Magnolia Park CDD Board Members. I am writing as a homeowner and resident of Magnolia Park East to formally raise concern regarding erosion along the banks of the retention pond located directly behind my property at 9007 Sienna Moss Lane, Riverview, FL 33578 (and my neighbors to the right and left of my property). Since moving into my home (built in 2008), I have observed ongoing erosion of the pond banks. In the recent year, this issue has worsened significantly, with a portion of the bank collapsing in during/just after Hurricanes Helene and Milton. To prevent further damage, I personally placed concrete bags and back-filled soil in an effort to stabilize the area. However, this is not a longterm or sufficient solution, as the erosion continues to progress along several feet.</p> <p>As the CDD is responsible for maintaining the retention ponds and surrounding lands, I believe it is imperative that the District monitor these areas regularly and address erosion issues before they impact adjacent homeowners’ property and structures. At the August 11, 2025, CDD meeting, I raised this concern during the meeting, asking for clarification about a ‘pond bank erosion repair schedule’ mentioned and found on the May 12, 2025, agenda and meeting notes. Clarification was provided that this board agenda item was for a different pond, referenced with a pond ID number that didn’t appear on the CDD maintenance map published on the CDD website, at the time of the meeting. I specifically referenced pond numbers 6 and 7 found in Magnolia Park East, which sit at the southern end of Watson Woods Way, and due south of Sienna Moss Lane. I even referenced my home address, after a gentleman in attendance to the meeting (perhaps either on the Board or a contractor of the Board) stated that he would be out in the area tomorrow (August 12, 2025) and would stop by. I let him know that I work from home and would appreciate him stopping by to observe and assess the banks behind our house. To date, I have not received any follow-up communication.</p> <p>I respectfully request that the CDD:</p> <ol style="list-style-type: none"> 1. Conduct a thorough inspection of the pond banks for pond number 6 behind our property and the surrounding areas (pond 7). 2. Provide a clear plan and timeline for erosion control measures. 3. Subject: Ongoing issue with 'trespassers' and fishing - Magnolia Park East (ponds 6 and 7)

External Sender - From: ("Corey J. Peloquin"
<coreyjpelequin@gmail.com>)

This message came from outside your organization.

Barry, Michael, & Magnolia Park CDD Board.

This email is to memorialize the ongoing concern and issue that I've raised with Barry by phone a couple of times and with the Magnolia Park CDD Board, first dating back in October/November 2025, and last addressed with the CDD Board at the February 9, 2026 (I addressed it virtually during public comment of the agenda). In addition to my below email, I expect to attend the upcoming June CDD meeting. However, given 3-minutes per person during the 'audience comments - new business' of the agenda, I wanted to organize and convey homeowner experiences and details in this email, since the ongoing situation we are facing can't easily be shared in 3 minutes. While there are 3 homeowners impacted, 2 of which are CC'd on this email, all 3 homeowners are more than willing to speak further with the CDD to problem-solve, collaborate, and work to resolve the ongoing issue we are still dealing with.

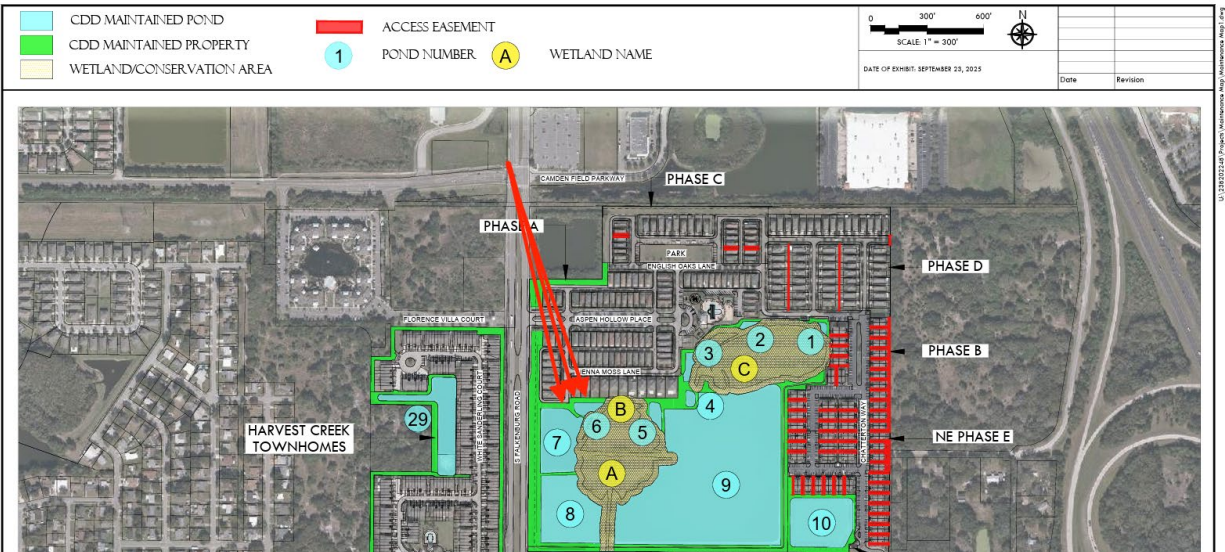

Area of Concern

There are three Magnolia Park homeowners, whose properties are adjacent to ponds 6 and 7:

- 4617 Watson Woods Way - Wenford & Maria Coleman
- 9005 Sienna Moss Lane - Robyn Markley
- 9007 Sienna Moss Lane - Corey Peloquin & Jer Long

For reference, the ongoing area of concern is marked with red arrows below.

Ongoing Issues

The CDD's property found on the north side of ponds 6 and 7 continues to be problematic for the above homeowners, likely because the ponds are visible to traffic traveling on South Falkenburg round, they are very close to the entrance of the community, easily accessible by foot, bike, or car via Watson Woods Way - the road leads them right to the ponds, and there is no security post, barrier, or even deterrent (as per Hillsborough County Sheriff's Office). Understandably to the homeowners, these are water retention/storm water ponds with some wetland conservation areas. However, they seem to be perceived as easy-to-access favorable fishing ponds to others. One could argue if the ponds weren't there, we wouldn't be having this conversation, however, this conversation is more so about how to limit or deter access, as currently we are subject to teens and adults parking on the sidewalks, grass, and street; walking freely onto the CDD property surrounding ponds 6 and 7 and wandering onto homeowner property; ignoring or blatantly disregarding the posted signage; fishing at various hours; garbage being left behind on the grass and in the water; causing commotion - music, yelling, altercations with homeowners; and even damage to homeowner property.

We've all lived in our homes for 10+ years, and haven't experienced the level of disturbance that we've had to endure over the last 12+ months. The frequency and interactions/situations had grown increasingly since last year, which prompted me to first start addressing it with the CDD Board along with a CDD property/pond erosion issue affecting the same area (separate, but related). Since, homeowners have kept a watchful eye; compared notes; spoken with the Hillsborough County Sheriff's Office (HCSO); filed reports with HCSO when escalation is warranted; corresponded with Vesta District Services; and attended CDD meetings. Yet, unfortunately, there hasn't been much attention or progress made by the CDD to attempt to quell the issue taking place on the CDD's property. At the February CDD meeting, the signage originally installed by the

builder was proposed to be inspected and replaced with new and updated signage. Shortly thereafter, 1 small 'no fishing pond treated with chemicals' sign was installed.

It goes without saying, it's not as if we can just pick up our houses and move them elsewhere. After a long day of work, when we should be able to come home to a sanctuary and safe space, instead we are having to contend with individuals of whom, from we've experienced, 90% do not even live in or have a vested interest or ownership in the community.

Most Recent Confrontation With People on CDD Property

Affected homeowners want to ensure all entities - Vesta District Services, CDD Board Members, Magnolia Park's management team, and HOA - are all aware of what we continue to deal with, the frequency for which non-residents are coming through the gate, and the recurring interactions. For example, just this past weekend, all three homeowners endured 3 days back-to-back of people coming and going on the CDD's property:

On Saturday, May 23, 2026, a group of 5 people came by to fish on pond 6 and 7 for 3 hours, leaving behind garbage. While I was not home at the time, my two neighbors were, and snapped the picture from their back porch. In looking out for their own safety, neither neighbor addressed the group... never know if they are carrying a gun on them, or have one in the vehicle. One homeowner (4617 Watson Woods Way) has already had their lanai screen slashed/cut twice, which they attribute to having confronted people on the CDD's property that clearly did not belong there.

On Sunday, May 24, 2026, all 3 homeowners had the pleasure of, yet again, dealing with people on pond 6 and 7 of the CDD's property. Three guys from Saturday came back and brought four people with them to hang out and fish - some by car and some by bike. As you will see in the photo below, they pulled up to the end of Watson Woods Way and parked, then hung out around their car while fishing intermitently. A neighbor did call the Hillsborough County Sheriff's Office and asked for a sheriff to come out, as the kids were more interested in listening to their car audio. However, the sheriff didn't arrive until long after they left.

I had just gotten home around 6:30 pm to the same group of guys walking behind our house, hanging their back pack and shirts on our fence, and enjoying their time on the CDD property along pond 6. Already knowing how it was going to play out, I told two of the guys to remove their stuff from our fence and that there is no fishing on the ponds, plus there are signs posted that they had to have walked right past that say private property and no fishing. Per usual, I was met with "f [redacted] you," "I'll do what I want," "what are you gonna do about it?" "go back inside," among other profanities and slurs. I was even told by one guy "you don't wanna meet my dad, so I suggest you stop talking to me, walk away, and leave me the f [redacted] alone.... you b [redacted] n [redacted]." Imagine buying a house in Magnolia Park and paying extra to be on a lot with no houses or people behind you, paying HOA and CDD fees, wanting to enjoy your yard and view in peace, and having to endure this type of traffic and behavior!

After finally leaving around 7:30 pm, my neighbor at 9005 Sienna Moss Lane and I went out and picked up the trash struned through both of our yards and on the peninsula, as we always end up doing - we aren't keen on looking out into our yard and onto the CDD property surrounding the pond and seeing garbage. Just like most of the inconsiderate visitors we continue to pick up after, they leave behind food wrappers, plastic and styrofoam cups, fishing lures, hooks, plastic shopping bags, and the occasional condoms and drug paraphernalia. Aside from a couple of styrofoam cups thrown into the water and a couple of Publix plastic grocery bags that I fished out of the pond, here's just some of the trash Robyn and I picked up that Sunday visitors left behind. Don't know if the CDD Board understands or realizes it, but the reason the north banks of ponds 6 and 7 and the land that's adjacent to 9005 and 9007 Sienna Moss Lane looks like it does (free of garbage) is because we continue to pick it up so it doesn't blow around or get run over by the lawn crews (United and YellowBird), which we've seen done before, and get to enjoy picking up several small shredded pieces.

On Monday May 26, 2026, yet again - same story, same type of verbal confrontation, long strings of profanities and slurs. However, this time, the Hillsborough County Sheriff's Office had a sheriff that was in the area and arrived just about 30-minutes from the time I had called (HCSO Case # 26-S22152). The sheriff trespassed three people, and as expected they weren't homeowners or residents in the community. Beyond coming on-site and telling them they need to leave (and hoping they listen), that is the extent to which the sheriff was able to provide assistance.

Several times in the past calling the Hillsborough County Sheriff's Office proved to be 'hit or miss' and, unfortunately, a waste of time and effort as (1) it's not an emergency (2) they

have to dispatch someone to come by, which typically takes 45+ minutes (3) the Sheriff dispatched has to be able to observe them in action (4) they have very limited capability, other than to ask them if they live in the community, ask them if they own the property they are standing on, and ask them to leave. Even at that, we have observed teens and adults swear at the officers, tell them to f off and just walk south along pond 7 to distance themselves from the officer. Essentially, that leaves us homeowners with no support or resolution.

Homeowner Next Steps

Aside from increased signage, to deter people in this area, homeowners are in the process of purchasing and installing Ring cameras to mount on the front/back of their houses to surveil the property adjacent to CDD ponds 6 and 7. The homeowner at 9005 Sienna Moss Lane is also seeking quotes from fencing companies to install fencing in their backyard, particularly parallel to Watson Woods Way. She is hopeful that installing 4-foot spear-point top aluminum fencing (which conforms with the HOAs fencing guidelines) will keep people from accessing the water spicket and outdoor power outlets (which has occurred before at both 9005 Sienna Moss Lane and 4617 Watson Woods Way), walking up to her back patio door and cutting across her property to fish the banks of pond 6 or cut-through to access other ponds.

Homeowner Request of the CDD

Aside from the homeowner actions above that can be done on our individual properties, we still need to help and support of the CDD. We would appreciate the CDD giving serious consideration to installing fencing to limit open, unsecured access to the CDD's property

and ponds 6 and 7 via Watson Woods Way. It would certainly be helpful if the CDD would obtain quotes and allocate funds for fencing to be installed that would tie into the fencing of 9005 Sienna Moss Lane.

Indeed, there is a cost to installing fencing. However, one could argue that it's necessary to secure the CDD's property and interest, and the deterrent and support options available up to now are not effective or realistic in resolving the ongoing issue. Additionally, in past meetings, the CDD has authorized and approved expenditures such as \$33k on mulch replenishment, \$6k on removal of flowers and installation of petunias (beatification with a 90-day life span), and \$25k+ on replacing/installing new trees. Although we have not obtained any quotes for fencing on CDD property, using Google Maps there looks to be about 200 - 240 feet on footage. At \$60 per linear foot x 240 feet = \$14,400.00

26 Mr. Woodcock noted that he had attended the EPC meeting regarding the Wetland
27 U rip rap project, and that their application fee was \$380. Mr. Woodcock noted that
28 the SWFWMD application fee was an additional \$250, and that with an estimated
29 \$1,400 in engineering fees for a wetland determination and staking, the total cost
30 for permitting would be \$2,030. Mr. Woodcock advised that with the Board's
31 approval, they would target the submission of the relevant applications by the end
32 of the following week.

33 On a MOTION by Mr. Turner, SECONDED by Ms. Williams, WITH ALL IN FAVOR, the Board
34 approved for Stantec to proceed with the permitting process, including application submissions
35 with the EPC and SWFWMD, in a total amount not to exceed \$2,030.00, for the Magnolia Park
36 Community Development District.

37 Mr. Woodcock also noted that Stantec had reviewed three SWFWMD permits for

75 1. Exhibit 5: Aquatic Maintenance Services Report – *Premier Lakes*

76 Mr. Kurth presented the report, noting a significant increase in growth over
77 the past month.

- 78 2. Exhibit 6: Landscape Maintenance– *Cristi Cochran, United Land Services*
79 Ms. Cochran presented the report. The Board commented on the issues
80 identified during the April inspection and asked whether there were any
81 specific recurring issues, and Ms. Cochran clarified that these were all new
82 issues, though this was also expected wear and tear with the age of the
83 system and the number of zones covered.
- 84 a. Consideration of United Land Services Proposals (if any):
85 b. Exhibit 7: Irrigation Repairs for Issues Found During April
86 Inspection - \$3,243.11

87 On a MOTION by Mr. Turner, SECONDED by Mr. Shannon, WITH ALL IN FAVOR, the Board
88 approved the United Land Services Irrigation Repairs proposal for issues found during the April
89 inspection, in the amount of \$3,243.11, for the Magnolia Park Community Development District.

- 90 c. Exhibit 8: Remove and Haul Overgrowth South of Pond 29 -
91 \$8,380.68

92 On a MOTION by Mr. Turner, SECONDED by Mr. Lloveras, WITH ALL IN FAVOR, the Board
93 approved the United Land Services overgrowth removal proposal, in the amount of \$8,380.68, for
94 the Magnolia Park Community Development District.

- 95 d. Exhibit 9: Quarterly Cleaning Pond 29 Perimeter - \$3,024.44
96 The Board and Ms. Cochran discussed approving this quore for one-
97 time work and reassessing after completion as to the scope of work
98 needed for regular maintenance.

99 On a MOTION by Mr. Turner, SECONDED by Ms. Williams, WITH ALL IN FAVOR, the Board
100 approved the United Land Services proposal to clean the perimeter of Pond 29, on a one-time
101 basis, in the amount of \$3,024.44, for the Magnolia Park Community Development District.

- 102 3. Exhibit 10: Field Operations Report – *Michael Bush, Vesta District Services*
103 4. Exhibit 11: Review of Magnolia Park CDD Website Maintenance Request
104 Log Through 05/06

105 Mr. Bush verbally presented the Field Operations Report and explained the
106 photos of ponds and landscape that were provided. Mr. Bush went over the
107 new maintenance requests in the spreadsheet. Mr. Bush noted that he had
108 observed landscapers working along Falkenburg Road, and that the items
109 related to Pond 29 overgrowth were being addressed with the ULS
110 proposals that the Board had approved. Mr. Bush added that the “No
111 Fishing” signs were being replaced as needed, whenever any appeared too
112 faded or illegible.

113 Prior to proceeding with discussions about the Proposed FY 2026-2027
114 budget, Mr. Jeskewich introduced Ms. Barlow to the Board, who presented
115 a request for automatic approval for well repair costs under the cost-share
116 agreement between the HOA and CDD. Ms. Barlow explained that this was
117 related to streamlining the process for well repairs and inspections, and not

118 delaying payment of invoices. Ms. Barlow explained that the inspections
119 would involve checking Wells 1-12 with a specific punch list, and the Board
120 requested for the reports to be provided if the proposal was to be approved.
121 Mr. Jeskewich noted that the current language of the agreement had some
122 ambiguity in the threshold requiring prior written approval of the CDD. Ms.
123 Mackie advised that it would be helpful for the HOA to provide a redlined
124 draft of proposed agreement changes to expedite review. Mr. Jeskewich also
125 noted that it may be more appropriate for this to be a wells cost-share
126 agreement rather than an irrigation cost-share agreement. Ms. Barlow stated
127 that she could get with HOA's counsel to draft a redlined agreement for
128 presentation and acceptance at a future CDD Board meeting. Mr. Jeskewich
129 also noted that the quarterly inspection cost Ms. Barlow had mentioned was
130 within the spending threshold and could be approved as-is.

131 C. Exhibit 12: Presentation of Preliminary Proposed FY 2026-2027 Budget

132 Mr. Jeskewich presented the proposed FY 2026-2027 budget, explaining that this
133 was a high watermark budget and could be reduced prior to final adoption but not
134 increased overall. Mr. Jeskewich noted that the Pond & Lake Maintenance Special
135 Services line item had been moved to Field Contingencies and reduced to \$10,000
136 from \$14,790. Mr. Jeskewich also noted an increase to irrigation maintenance to
137 account for COL increases and provide a buffer. Mr. Jeskewich explained that with
138 the changes being made, the assessments would be increasing if the budget was
139 adopted as-is, in a monthly amount ranging from \$13.97 to \$47.27 depending on
140 the lot size, reiterating that this number could come down after the initial approval.
141 Ms. Williams observed that this would be the first increase to assessments in several
142 years.

143 D. Exhibit 13: Consideration & Adoption of **Resolution 2026-03**, Approving
144 Proposed Budget and Setting a Public Hearing

145 Mr. Jeskewich noted that this resolution would set a public hearing for August 10,
146 2026, at 5:30 p.m., at the Hilton Garden Inn Tampa Riverview Brandon. Ms.
147 Williams noted that she would not be able to attend a public hearing scheduled for
148 August 10.

149 On a MOTION by Ms. Williams, SECONDED by Mr. Shannon, WITH ALL IN FAVOR, the
150 Board adopted **Resolution 2026-03**, Approving Proposed Budget and Setting a Public Hearing for
151 August 10, 2026, for the Magnolia Park Community Development District.

152 **FIFTH ORDER OF BUSINESS: Staff Reports 2**

153 A. District Counsel – *Tucker Mackie, Kutak Rock*

154 Ms. Mackie noted that a mail notice would be required to go out to residents
155 regarding the proposed increase to CDD assessments, and offered to provide
156 additional language for more lay communication to the community.

157 1. Exhibit 14: Presentation of Revised Rules of Procedure

158 Ms. Mackie explained that Kutak Rock had prepared revised rules of
159 procedure for all CDD clients to account for statutory changes and improved

160 efficiencies, and that the adoption of the revised rules would require a public
161 hearing. Ms. Mackie stated that the public hearing date would be set the
162 same as the public hearing date for adopting the final FY 2026-2027 budget.

163 Ms. Williams noted a typographical error on the table of contents for Rule
164 1.2. Ms. Mackie stated that this would be corrected. Additional discussion
165 ensued regarding the RFP process and publication requirements.

166 2. Exhibit 15: Consideration & Adoption of **Resolution 2026-04**, Setting a
167 Public Hearing on Revised Rules of Procedure

168 Mr. Jeskewich noted that this resolution would set a public hearing for
169 August 10, 2026, at 5:30 p.m., at the Hilton Garden Inn Tampa Riverview
170 Brandon.

171 On a MOTION by Mr. Shannon, SECONDED by Ms. Williams, WITH ALL IN FAVOR, the
172 Board adopted **Resolution 2026-04**, Setting a Public Hearing on the Revised Rules of Procedure
173 for August 10, 2026, for the Magnolia Park Community Development District.

174 Following the motion, Ms. Mackie stated that she had else nothing specific to report
175 unless the Board had any further questions.

176 B. District Manager – *Barry Jeskewich, Vesta District Services*

177 1. Water Fowl Briefing

178 2. Exhibit 16: Presentation of Registered Voter Count – 2,595 (as of April 15)

179 **SIXTH ORDER OF BUSINESS: Consent Agenda**

180 A. Exhibit 17: Consideration and Approval of the Minutes of the Board of Supervisors
181 Regular Meeting Held April 20, 2026

182 B. Exhibit 18: Consideration and Acceptance of the March 2026 Unaudited Financial
183 Report

184 On a MOTION by Ms. Williams, SECONDED by Mr. Shannon, WITH ALL IN FAVOR, the
185 Board approved all items of the Consent Agenda, as presented, for the Magnolia Park Community
186 Development District.

187 **SEVENTH ORDER OF BUSINESS: Supervisor Requests (Includes Next Meeting**
188 *Agenda Item Requests)*

189 The Board discussed the August meeting date and potentially moving it from August 10 to
190 August 19 to allow for full Board attendance. Mr. Jeskewich noted that the District admin
191 would check with the meeting space for availability on the new date, and that Resolutions
192 2026-03 and 2026-04 would need to have their public hearing dates amended if so.

193 **EIGHTH ORDER OF BUSINESS: Audience Comments – New Business (Limited to**
194 *3 minutes per individual for non-agenda items)*

195 Ms. Barlow discussed mass email communication with the Board and District Counsel.

196 **NINTH ORDER OF BUSINESS: Next Meeting Quorum Check**

197 *The next Magnolia Park Community Development District meeting is scheduled for 5:30 p.m. on*
198 *June 8, 2026, at the Hilton Garden Inn Tampa Riverview Brandon, 4328 Garden Vista Drive,*

200 All Board members stated that they would be present for the meeting scheduled on June 8,
201 which would constitute a quorum.
