33 ➤ Discussion on Bingo and Poker at Amenity Facilities

34 Mr. Davenport provided an update on his research and findings with regards to gaming at
35 amenity facilities, explaining that while the games themselves could proceed, there were
36 strict restrictions on playing for money or prizes with monetary value that would apply to
37 governmental entities. Discussion ensued, with Ms. Olson highlighting that a total of
38 three residents had comprised the group initiating complaints about potential gambling
39 through games. Ms. Harden thanked Mr. Davenport for the research, and stated that she
40 would work with him to inform the Association and put together a letter to send to the
41 community via eblast.

➤ Update on Pulte Parcel

Mr. Davenport stated that Kimley-Horn had requested that the CDD send a letter in support of Pulte's request to have a conservation easement placed over the parcel tract rather than conveying it to the District. Additional comments were heard regarding Jr. Davis reaching out to Kimley-Horn to attempt to secure their participation in the lawsuit.

EIGHTH ORDER OF BUSINESS – Discussion Topics

NINTH ORDER OF BUSINESS – Supervisors Requests

Mr. Myslicki requested for an update on the balance of the reserve fund, as he was unsure of the amount carried over from the FY 2025 budget that had gone into the fund. Ms. Harden stated that this would be provided by the 30th.

Mr. Dickinson asked for clarification on a recent cancellation of an HOA event, and some confusion regarding events from the HOA or social club potentially being preempted by CDD events. Discussion ensued regarding management of community events and the possible need for a dedicated activity director position to manage scheduling and event coordination.

In light of concerns regarding events, Ms. Harden suggested that the CDD could plan some events in the interim and determine a course of action moving forward after the new year. Ms. Harden suggested that potlucks could be organized for 4:00 p.m. on November 14 and 12:00 p.m. on Thanksgiving Day, with the CDD to provide the meat, plates, and utensils, and for other attendees to be encouraged to bring side dishes. Following discussion, Ms. Harden stated that ham and turkey would be provided by the District. The Board additionally spoke in favor of organizing a White Elephant event for December 12 at 4:00 p.m., with guests encouraged to bring dishes for sharing.

The Board discussed hosting a town hall meeting to explore the possibility of selling amenity access passes to DLP residents as a new revenue stream, and to get community input on the impact of the passes, pricing details, and implementation. Mr. Davenport advised that multiple Supervisors would be able to attend if this were to be advertised as a workshop meeting with the appropriate public notice.

TENTH ORDER OF BUSINESS – Audience Comments For Non-Agenda Items – *(limited to 3 minutes per individual)*

An audience member asked for clarification on the findings on the legality of hosting gambling games at CDD facilities. Mr. Davenport advised that this was not allowed, and that he had been asked to research the matter following previous inquiries. The audience member indicated his opposition to the prohibitions, commenting negatively on the change in light of concurrent rising costs.

An audience member expressed dissatisfaction with divisions between HOA and CDD leadership and how this was affecting community events, programming, and general morale. The audience member urged the Board to work to mend relationships for the good of the community.

An audience member acknowledged the ban on the gambling component for games, and asked whether entry fees could still be charged to help cover material costs of games such as bingo if the monetary prize component were removed. Mr. Davenport stated that this had been outside of the scope of the inquiry he had researched, but could look into whether this would be allowed under statute.

ELEVENTH ORDER OF BUSINESS – Action Items Summary

ESTIMATE # 3401

DATE 10/14/2026

DATE	ACTIVITY	DESCRIPTION	QTY	RATE	AMOUNT
10/14/2026	Technicians Notes	This is an estimate to add controlled access for the driveway pedestrian gate. The driveway Door King system is separate and different from the clubhouse access control system. Door King device credentials will not be compatible with current clubhouse system credentials. This would require residents to have separate device credentials (fob and/or cards) for both the driveway pedestrian gate and clubhouse entry points. The addition of an access controlled Wiegand keypad at the pedestrian gate proves to be a viable cost-effective solution. Access can be logged and entry keypad codes can be programmed from the attached driveway Door King system and its management database. Proposed access control addition for pedestrian gate would include a push to exit button for egress, a gate maglock, and Door King Wiegand entry code keypad for ingress. The pedestrian gate keypad would utilize the same entry codes for residents that exist for the driveway call box. This proposed equipment would be wired to the driveway Door	1	0.00	0.00T
