### Exciting News – New Fitness Center Access Coming Soon!

The issue relative to accessing the fitness center in the evening hours will shortly be resolved. Residents will be able to access the fitness center using the side gate to the right of the amenity center.

In order to make this accessway safe during the evening hours pathway lighting is being installed this week and weather permitting should be completed by the end of next week.

We are coordinating gate access at this particular gate to coincide with the new extended hours.

This will provide access to the fitness center without going through the pool area and allow us to expand hours in the fitness center.

Once this has been finalized and completed, we will post another notice with the details of when the new accessway is ready for resident use in the evening hours.

The new access path will be as follows:

Until then, the current hours for the gym and pool are 7:30 am to 8:00 pm. We appreciate your patience and look forward to seeing you at the fitness center with evening hours in the very near future.

Best regards,

Your District Management Team
