ENGINEER'S REPORT FOR SEPTEMBER 10th, 2026 BOARD MEETING

Ongoing Projects Report and Updates:

Sidewalk Repair Project

SiteMasters communicated that they had completed the sidewalk repairs. After completing an inspection, BDi determined that there was one location that was missing. We have communicated the shortfall in the project to SiteMasters and they have agreed to mobilize to fix it.

Shoreline Restorations – Pond 9

Attached is the updated proposal that covers the shoreline restoration at pond 9 for Board of Supervisor consideration.

Country Walk Roof Replacement RFP:

The District received five proposals for replacement of the roofs on the Clubhouse, Pool House, Entrance Tower, Guard House, and Pavilion. Base proposals range from \$52,800 to \$70,559. BDi has completed a reconciliation of the proposals to identify differences in roofing systems, decking allowances/unit pricing, warranties, and other scope considerations. BDi has identified several contractual clarifications that should be resolved prior to an award of a contract, including conflicting language regarding complete underlayment removal and the stated workmanship warranty, as well as confirmation of the potential additional cost for roof-to-wall flashing repairs. All terms for the agreement should match the request for proposals document circulated to bidders. BDi will discuss the bid reconciliation and these scope differences with the Board and obtain direction regarding contractor selection. We have provided a reconciliation of the bids below with notes and all of the bid packets received from contractors are attached to this report for Supervisor review.

Contractor	Total Bid	Additional Plywood	Proposed Shingle	Notes
SC Signature Roofing	\$52,800.00	\$85/sheet (plus \$8.50/LF boards)	Owens Corning TruDefinition Duration	Includes \$2,000 wood allowance; additional plywood \$85/sheet and boards \$8.50/LF. Owens Corning dimensional shingles / VentSure; 10-year contractor workmanship warranty. Scope calls for peel-and-stick, but if existing peel-and-stick/SWR remains, contractor proposes one-ply synthetic over it. No wind mitigation report. Permits/NOC included; payment due upon completion. Estimated start immediate and 2-3 week duration.
Five Star Roofing	\$58,543.37	First 5 sheets included, then \$80/sheet	Owens Corning TruDefinition Duration	First 5 decking sheets included, then \$80/sheet. Owens Corning TruDefinition Duration with ProEdge; 10-year workmanship + limited lifetime shingle warranty. Permits/inspections included; employee crews; gutters detached/reset as needed. 50% down, balance due day of install independent of final inspection. No wind mitigation report included.
Tampa Bay Roofing Services	\$64,000.00	First 25 sheets included, then \$80/sheet	Atlas Pinnacle	Atlas Pinnacle Pristine base system; lifetime material warranty / stated 130-MPH wind warranty. Includes first 25 plywood sheets; additional plywood \$80/sheet, other decking \$10/LF, specialty cedar \$30/LF. Full self-adhered premium underlayment over workable deck; permits/NOC, deck re-nailing, new drip edge/valley metal/boots/vents, cleanup included. Includes wind mitigation after final payment (\$800-\$1000 Value) . Wall flashings are inspected, but replacement of rusted/damaged wall flashing is an additional fee with no unit price stated. 0% down / 100% due on installation/substantial completion.
Shamrock Roofing Co.	\$64,680.00	\$2,000 allowance (~20 sheets), then \$100/sheet	GAF Timberline HDZ	GAF Timberline HDZ complete system with full self-adhered peel-and-stick and GAF Silver Pledge 10-year manufacturer-backed workmanship coverage. Includes \$2,000 decking allowance (~20 sheets), then \$100 per 4x8 sheet. Roof-to-wall flashing is inspected/documented; concealed flashing replacement requiring stucco cut/restore/paint is EXCLUDED from base and billed at \$50/LF. Includes detailed photo documentation and a 3-year maintenance program with 3 inspections/year. IMPORTANT CONTRACT CONFLICTS: boilerplate states only a 2-year Shamrock workmanship warranty and says felt removal may be discretionary/new felt may be placed over existing felt; these conflict with the project-specific 10-year GAF warranty/full tear-off scope and should be expressly superseded before award. Payment schedule: \$15k signing, \$15k material delivery, \$15k dry-in, \$19,680 after final inspection; max 5% retainage.
Westfall Roofing	\$70,559.00	\$105-\$125/sheet depending on thickness	Owens Corning TruDefinition Duration	Owens Corning TruDefinition Duration with Rhino G peel-and-stick; 10-year Westfall workmanship warranty plus Owens Corning limited lifetime shingle warranty. Includes \$2,000 wood allowance; additional plywood 1/2 in. \$105, 5/8 in. \$115, 3/4 in. \$125 per sheet; lumber/fascia/rafter unit pricing also provided. Wind mitigation inspection/report included after final payment (\$800-\$1000 Value). Roof-to-wall L flashing is to be inspected/repared, but additional charges may apply; extras schedule lists roof-to-wall flashing/counterflashing and other repairs. 10% deposit, balance due within 1 day of substantial completion; Contract allows required code/unforeseen work as extras and wood prices may fluctuate.

Country Pointe Boulevard / Meadow Pointe Boulevard Intersection Improvements

BDi recently met by phone with Pasco County and its design consultant to review the ongoing intersection improvement project at Country Point Boulevard and Meadow Pointe Boulevard. The County confirmed that the project continues to advance and that the improvements associated with the nearby school project will not affect the County's plans for the proposed traffic signal at the Country Walk intersection. The project has now progressed to approximately the 90% design stage, with the latest plans provided to the District for general review prior to the consultant's internal quality-control review and formal submittal to the County.

During the coordination meeting, the project team reviewed several elements of particular importance to the District. The current concept includes pedestrian crossing upgrades, and the team discussed modernization of the overall intersection, including LED upgrades to the existing streetlighting. The District also requested that the County evaluate extending the milling and resurfacing limits so that the entire reconstruction area receives a consistent pavement treatment, including consideration of any underlying base deficiencies to which the County agreed the milling and resurfacing of the section of roadway outlined in the plans on Country Pointe Blvd will be completed. The plans are also intended to address an existing low area near the pump station where drainage/ponding has been a concern.

The County will need two 40' triangle shaped easements from the District at the NW & SW corners of the intersection for utility improvements and to install the traffic signal poles. The County is seeking approval of granting those easements from the Board. As part of the development, landscaping will be removed. The County has stated that the CDD will need to be responsible for putting back the landscaping for screening the poles to the CDD's aesthetic preference.

The County previously provided schedule anticipates final plans in January 2027, construction beginning in January 2028, and construction completion in January 2029. The District Engineer will continue coordinating with the County as the plans are finalized, including follow-up on the requested pavement limits, pedestrian improvements, lighting upgrades, and drainage correction.

We have included site plan pictures from the full 90% completion plan set the County has provided for Board review. The full plans packet is available for review on request.

Comments:

The algal bloom here has been persistent. I treated this one myself last week and I suspect it is actually a type of cyanobacteria. It's not responding to typical algaecides so it's going to take either a specialized product, or just rain and time to flush it out.

No nuisance grass observed.

MANAGEMENT SUMMARY

We're finally starting to see expected seasonal pond conditions. While rain is almost a daily occurrence now, we're still in a drought; D1/Moderate for your area at this moment. This is bringing more frequent algal blooms and accelerated grass growth on top of an already heavy growing season. A bit more effort and some smart spraying techniques will make a notable difference during treatment. We're asking a lot of our technicians right now and all of them have risen to the challenge. Fortunately we're at the back end of summer and conditions should settle in a month or so. Until then, we're ready for whatever comes our way.

The ponds look surprisingly good today given recent weather conditions. If this persists, I don't expect any major issues for the remainder of summer. A solid storm or at least a few days of heavy rain could change this quickly, though. For now aside from the bloom on pond 28, any nuisance growth can be easily managed with standard treatment methods.

RECOMMENDATIONS

Continue to treat ponds for algae, administer follow-ups to ponds experiencing extended decay times.

Administer treatments to any nuisance grasses growing along exposed shorelines and within beneficial plants.

Continue to apply treatment to overgrown littoral areas.

Avoid over treating ponds, to prevent fish kills or toxic blooms.

Stay alert for debris items that find their way to the pond's shore.

Thank you for choosing Steadfast Environmental!

(#3 Cont.)....remove the stink vine. It is starting to grow through the top of the canopies. Inspect for spider mites, I am noticing some curling leaves with some areas of the shrub. Also, remove any fallen deadwood from the pine trees in the area.

9. **Front Entrance—North Side:** Recent rain has caused mulch to wash onto the walkway in several areas. During the next visit, rake the mulch back into the beds and shovel any soil or debris from the concrete. (Pic 9)

10. **Front Entrance:** With the holiday seasons approaching, begin hard pruning the ligustrum, switchgrass, and any hedges growing aggressively over or through the iron fencing, pavilion area, and surrounding features.

11. **Pavilion Area:** The recently cut-back of the bougainvillea is recovering nicely. Please have the crew lightly tip/shape any leggy branches beginning to encroach over the pavilion and planting bed. (Pic 11)

12. **West of the Pavilion:** A dead pine tree requires removal. Please provide a proposal that includes a flush cut and off-site disposal of the tree. See proposal section. Also, check the surrounding areas of the pine trees, I found another one that is showing signs of decline just west

13. **Pond Edge:** Continue leaving an 8 to 10-inch buffer of taller turf along the pond edge, as this will help significantly reduce erosion.

14. In the same general area of #12, weed out the beds, clean up the trash debris, and prune the plumbago's to be shaped around the tree trunks. That way it gives the tree space and the allows an adequate airflow.

27. Tennis Courts: Remove the weedy mess under the feijoa shrubs behind the tennis courts, and edge the bed to help give this bed a nice “pop” of detailing. Once fall arrives, reduce it by at least half to encourage the shrubs to fill in more densely. (Pic 27)

28. Irrigation Well – East of the Clubhouse:

Continue removing weeds around the irrigation well and clean up the bed edge line.

31. In the same area as #30, the mulch washes into the parking spaces after heavy rain. Please deepen the trench along this area to help stabilize and contain the mulch.

32. Large Roundabout: Bermuda turf is beginning to encroach into several planting beds. Treat it promptly and aggressively before it spreads further. Also remove the skink vine and Virginia creeper growing throughout the coontie palms.

35. Dog Park – Adjacent Viburnum Hedge: Remove the deadwood hanging from the wax myrtle. Ensure the oleanders in this area are included in the proposal for removal and replacement with a different species. (Pic 35a, 35b>)

36. Clubhouse – Large Front Turf Area: Treat the turf weeds, including Bermuda grass, sorrel, and crabgrass, growing in scattered pockets throughout the turf.

37. Country Pointe – Median: In front of the clubhouse, there is median with a flag marking a possible irrigation break. Please confirm whether the repair has been completed.

38. Fieldstone Manor Roundabout: Remove dead branches from the bougainvillea and weed the beds, focusing on growth along the edges. Also tamp down the small ruts in the pine-straw bed that appear to have been caused by animals.

39. Waterville Ave: In the common area, near the southern end of Wetland C-2, line-trim the edge of the large common area strip. Please document a detailed Narrative of events that took place during your detail:	Provided a community security and traffic control detail for COUNTRY WALK CDD. While in the CDD I maintained a visible law enforcement presence with the use of roaming and static patrols. I also conducted specific patrols in the areas around the communities' outdoor amenities areas to include the clubhouse and playground. While on one of my sweeps of those areas I observed two teenagers in the playground areas after dark. They were shown the park rules posted on the sign and they vacated

without incident.

Upon my arrival to the CDD I met with CDD staff at the clubhouse. I was told they had been receiving numerous complaints about illegal parking in two specific areas. The areas were 4141 Waterville Ave and 30603 White Bird Avenue. To that end, while on patrol I kept a close eye on those specific areas.

I made multiple passes near Waterville Ave, and the roadway was clear on multiple occasions.

On White Bird Ave, I observed multiple illegally parked vehicles that were on pavement of the road and blocking the flow of traffic as they were parked across from each other. The vehicles were parked there during multiple passes on patrol. Ultimately there were a few vehicles which had already been issued Written Warnings by other deputies. Vehicles that had previously been issued written warnings were issued parking citations.

In addition, while on patrol I conducted Speed Enforcement on Country Point Boulevard and conducted multiple traffic stops and issued citations as necessary. The highest speed observed was fourteen miles per hour over the speed limit.

Finally, while I was conducting one of the traffic stops, a CDD staff member flagged me down about irate subject inside of the clubhouse. Once I finished my traffic stop, I responded to the clubhouse. Upon my arrival, the subject had already fled the scene once staff members told him deputies were on their way. No criminal allegations were alleged by staff members.

No other incidents of note to report.

Please document a detailed Narrative of events that took place during your detail:

The majority of the time was spent running radar as requested at various locations as requested. The majority of traffic was within 5 mph of the posted speed limit. Upon checking in with clubhouse staff they advised of a problem residence located at 4141 Waterville and parking in the stret. I immediately responded to the area and located a vehicle parked in the road, but at the neighboring property. I made contact with the resident and had them remove the vehicle from the road. I later responded back to 4141 and issued a write warning to the vehicle parked in the road. I conducted a traffic stop on a vehicle driving with no lights on after dark. There were no major incidents that occurred during this shift.

NOTICE OF SUSPENSION OF CDD AMENITY ACCESS

Residents: Ananta Patel and Pankaj Patel

Address: 4640 Royal Birkdale Way, Wesley Chapel, FL

Date: August 12, 2026

Dear Mr. and Mrs. Patel:

This letter serves as formal notice that your household's access to the CDD amenities is **suspended for one week, effective immediately**, due to an incident that occurred at the community clubhouse.

During the incident, an individual identified as **Rusha** arrived at the clubhouse seeking access to the community amenities. Clubhouse staff requested identification in order to verify the individual's identity and eligibility to use the amenities. The individual did not provide acceptable identification when requested.

Because staff were unable to verify the individual's identity and eligibility for amenity access, access was denied. During the interaction, the individual became argumentative and berated clubhouse staff. Staff reported feeling intimidated by the individual's conduct, and law enforcement was contacted and responded to the clubhouse.

The CDD takes the safety and well-being of its residents, guests, and amenity staff seriously. In light of the circumstances surrounding this incident, including the inability to verify the individual's identity, the conduct toward staff, and the involvement of law enforcement, the household's amenity privileges are being suspended.

The suspension is effective immediately and will remain in effect for one week (7 days). During this period, Ananta Patel, Pankaj Patel, and members of the household are not permitted to use or access CDD amenity facilities. This suspension is intended to reinforce the requirement that all residents and guests comply with CDD amenity rules and treat staff and other amenity users in a respectful and appropriate manner.

We appreciate your cooperation during this suspension period and expect that all future interactions with CDD staff and amenity personnel will be conducted respectfully and in accordance with the community's established rules and policies. If you would like to discuss this matter with the Country Walk Community Development District Board of Supervisors, you are welcome to attend the next meeting on September 10, 2026, at 6:00 PM at the Country Walk Clubhouse. The board will review this matter during that meeting.

Thank you,

Lisa Castoria

Response to Notice of Suspension of CDD Amenity Access

Dear Members of the Country Walk Community Development District Board of Supervisors:

We are writing in response to the August 12, 2026 Notice of Suspension of CDD Amenity Access. We respect the CDD's responsibility to enforce community rules, but we believe the circumstances described in the notice are incomplete and that the manner in which this situation was handled warrants the Board's review.

1. An important identification requirement was enforced without showing a written policy

The notice states that the individual did not provide "acceptable identification." From our perspective, the individual offered to show digital photo of identification, but the staff member refused to look at it and insisted on a physical ID. We have still not been shown any written policy establishing what constitutes "acceptable identification" or requiring a physical ID.

This is particularly concerning because the staff member subsequently identified the individual as **Rusha, even though the individual was not Rusha**. Had the staff member simply made any reasonable effort to review the identification being offered, this could have been established immediately and the situation potentially resolved without escalation.

We are not objecting to reasonable identification requirements. If this requirement was important enough to escalate the situation to the point of calling law enforcement, it is reasonable to expect that a clearly established policy existed and could have been shown to the resident. When the resident repeatedly asked to see the written rule or policy defining what constitutes "acceptable identification," none was provided.

2. Our household was suspended without hearing our side or investigating the incident

Our household's amenity access was suspended **based on the staff's account** of the incident without first giving the resident an opportunity to provide their side of the story. The notice characterizes the individual's behavior as argumentative and intimidating, which we dispute.

We also believe the staff member's conduct contributed to the escalation. The staff member threatened the resident with calling the police if the resident did not walk away, rather than first attempting to resolve the identification question by reviewing the identification offered or explaining the applicable requirement.

We believe that when there are two different accounts of an incident, both sides should be heard and the circumstances investigated before imposing a penalty on an entire household.

3. We ask the Board to investigate and take appropriate action

We are bringing this matter to the Board because we believe the Board should be aware of how its management company and amenity staff are interacting with residents. We respectfully ask that the Board investigate the identification requirement, the staff member's handling of the interaction and escalation to law enforcement, and **the decision to suspend our household without first hearing our side**.

We are not seeking special treatment or trying to make this matter larger than it needs to be. We simply believe residents should be treated fairly and professionally, rules should be clearly communicated before they are enforced, and disputed incidents should be investigated before penalties are imposed.

We respectfully ask that the Board and CDD management review these concerns.

We also ask that this response be retained with the CDD's records relating to the August 12, 2026 notice so that our position and the disputed nature of the incident are accurately reflected.

Thank you for your attention to this matter.

Sincerely,

Ananta Patel

Re: Country Walk Community Development District
Suspension of Amenity Privileges

Dear Ms. Hicks:

I am writing to you on behalf of the Country Walk Community Development District (the “**CDD**”). **This letter serves as formal notice that your access privileges to the Community Amenities Center and all associated amenity facilities are suspended effective immediately for a period of seven (7) days.**

This action is being taken as a result of conduct reported at the Amenities Center on August 11, 2026, involving your guest, Mauricio Sandoval. Staff reported that Mr. Sandoval failed to wipe down the gym equipment after use, in violation of the District’s amenity rules. When staff addressed the violation and instructed Mr. Sandoval to comply, he continued to dispute the instruction and engaged in an extended back-and-forth with staff. Mr. Sandoval ultimately refused to leave the facility when directed to do so, and the report further indicates that he intentionally flicked sweat toward a staff member.

As a resident, you are responsible for ensuring that your guests comply with the District’s amenity rules and policies while using the facilities. Because the violation occurred while your guest was using the District’s amenities under your guest privileges, the District has suspended both your privileges and your guest’s privileges in accordance with the District’s suspension policy. During the suspension period, you, your guest, and any individuals using your access credentials are prohibited from entering or utilizing the Amenities Center, pool facilities, fitness center, clubhouse, and any other District amenity facilities. Any attempt to access District amenities during the suspension period will be considered trespassing and law enforcement will be contacted.

We expect and hope that you take this matter seriously and there will be no further incidents in the future. If you have any questions about this letter, please contact me at your convenience via email lcastoria@rizzetta.com.

Sincerely,

Lisa Castoria

Dear Michael & Krystal Heasley,

The Country Walk Community Development District (“**District**”) is writing regarding the drainage easement located along the north eastern side of your property at 4766 Rolling Greene Drive (the “**Drainage Easement**”).

The District is writing as a courtesy to advise you that the District and its maintenance vendors may periodically need to access the Drainage Easement located on your property in connection with the inspection, maintenance, repair, and operation of the District’s stormwater management facilities, including the pond located behind your home.

Preferred Claims Administration

Preferred Governmental Claim Solutions, Inc. ® (PGCS) is the premier governmental third-party claims administrator in the state of Florida and administers the claims for Preferred Governmental Insurance Trust (*Preferred*). Since its founding in 1956, PGCS has provided claims administration services exclusively to over 450 governmental entities including schools, cities, towns, counties, community development districts, and fire districts. Therefore, PGCS's adjusters are extremely qualified to handle governmental tort liability and public sector workers' compensation claims. They are experts at investigating and handling police and firefighters presumption claims. PGCS is sensitive to the politics involved in the handling of public entity claims.

PGCS's claims administration program consists of workers' compensation, general liability, bodily injury, personal injury, property, auto liability, auto physical damage, employment practices liability, school leaders/educators liability and public officials liability. Their claims staff has over 630 years of combined insurance experience and each has been with PGCS an average of 8 years. Claims are handled under strict supervision in accordance with the PGCS workers' compensation and liability claim handling procedure manuals and the PGCS claim best practices manual. A random sampling of each adjuster's claim files are audited on a monthly basis by a Quality Assurance Manager to ensure compliance.

PGCS provides their clients with a dedicated Subrogation Unit to pursue reimbursements from at-fault third parties. Their current recovery rate is fifty-nine (59) percent of the claim costs expended. PGCS also has a dedicated excess reporting and recovery unit for communication to and securing reimbursement from the excess and/or reinsurance carriers. In addition, PGCS provides a state-approved Special Investigation Unit (SIU) to prevent and pursue fraudulent claims. PGCS offers rewards up to \$10,000.00 for the arrest and conviction of persons committing workers' compensation fraud. This service is provided via a twenty-four hour seven day a week hotline.

PGCS utilizes the RiskMaster system for claims processing. This system captures a wide variety of data and allows the adjuster to enter an unlimited number of claim notes, process reserve changes, and issue claim payments. Customized reports can be obtained from PGCS's on-line system containing a multitude of data parameters that a client may choose to analyze. The system can be accessed by clients via their website at www.pgcs-tpa.com.

Communication with PGCS's clients is the cornerstone of their claims administration program. Professional adjusters, nurses, management, quarterly in-depth claim review meetings, 24/7 claim reporting, utilization of attorneys specializing in public entity defense, litigation management, and return to work programs are just a sample of how PGCS has set the standard for the industry.

PGCS is committed to partnering with their clients to provide professional and aggressive claim management programs. While they are recognized as the leader in the industry, PGCS is always striving to improve the quality of their programs and expand the services that they offer.

***Preferred* Safety and Risk Management Services**

The success of any public sector community is tied to its ability to protect and preserve its human physical assets. This basic premise serves as the cornerstone of an effective Safety Management program and underscores the importance of Safety and Risk Control to the community. *Preferred's* Safety and Risk Management Department is very aware of the valuable contribution a comprehensive safety and risk control program makes to the bottom-line of any organization.

At *Preferred*, Safety consultations originate with one basic thought—to recommend specific measures to minimize or eliminate the exposures that cause accidents. This does not mean that the workplace become no-risk utopias, but we expect our consultants to recommend measures to control and minimize all types of accidents, injuries and illnesses to our *Preferred* members' operations and premises.

Preferred is dedicated to meeting the challenge of the complex issues facing public sector organizations. Disarming these issues and converting them into solutions which work to the advantage of our goal. *Preferred's* approach to risk control incorporates the following elements:

- **Exposure Identification** – Assist management in determining areas where a chance of loss might exist through cause trend analysis, work site evaluations, and facility inspections.
- **Exposure Measurement and Loss Analysis** – Loss analysis and a review of the consequences of the exposures will be considered to develop alternative methods of control.
- **Determination and Selection of Appropriate Risk Control Methods** – Based on measurement and analysis, specific recommendations and/or custom designed risk control plan will be formulated. OSHA, as well as other Agency Standards will be applied and/or used as a "Best Practice" measure when designing and formulating safety and risk control plans.

Important Note:

Preferred's quote covers two (2) annual twelve-month periods, from 10/01/2026 12:01:00 AM to 10/01/2027 12:01:00 AM and from 10/01/2027 12:01:00 AM to 10/01/2028 12:01:00 AM. The following conditions apply in addition to all other conditions of this quote:

- A. All Aggregate limits reset for the period 10/01/2027 12:01:00 AM to 10/01/2028 12:01:00 AM. Losses applying to one annual coverage period will not erode the aggregate limits of another annual coverage period.
- B. The premium for the period 10/01/2027 12:01:00 AM to 10/01/2028 12:01:00 AM will be determined based on updated exposure values for the period.

In the event of an approved workers' compensation rate decrease, we will honor the reduced rates for the second twelve-month installment. Premiums in any case are subject to the following:
 - 1. NCCI Experience modification factors will be applied as promulgated.
 - 2. Changes to Schedules: Property, Inland Marine, and Automobile
 - 3. Payroll
 - 4. Number of Employees
- D. Due to scheduled changes in rating algorithms, there may be some fluctuation in property premium per location, however, the composite property rate for the building & contents schedule will remain the same.
- E. In the event of cancellation of any line of business within 90 days after the first day of either annual coverage period, the premium for such line(s) shall be 25% minimum earned. In the event of cancellation of any line of business following the initial 90 days of each annual coverage period, a penalty equal to 60 days premium of such line(s) of business shall become earned, any provision of the agreement to the contrary notwithstanding.
 - 1. This penalty is earned and payable regardless of when notice of such cancellation is given, or the effective date of such cancellation.

Notes of Importance:

1. Quotes provided in the proposal are valid until 10/01/2026. After this date terms and conditions are subject to change by the underwriters.
2. *Preferred* is not subject to the Florida Insurance Guaranty Act, in the event it becomes unable to meet its claims payment obligations. However, insured is named on excess of loss policies.
3. Some of the Carriers of the *Preferred* excess of loss policies are issued pursuant to the FL Surplus Lines laws. Entities insured by surplus lines carriers do not have the protection of the FL Insurance Guaranty Act to the extent of any right of recovery for the obligation of an insolvent, unlicensed insurer.
4. Quote is subject to review and acceptance by *Preferred* Board of Trustees.
5. Premiums are subject to change if all lines of coverage quoted are not bound. **Premiums are subject to 25% minimum premium upon binding.**
6. Not all coverages requested may be provided in this quotation.
7. Flood quotes from NFIP may be available. Please advise your agent if you have property located in zones A or V and would like to have separate NFIP quotes.
8. Property values are based on information supplied by you. You should have reviewed your property schedule and as you deem necessary have appraisals done to verify your reported values are accurate based on current market conditions.
9. The Trust requires all Members to maintain valid and current certificates of workers' compensation insurance for all work performed by persons other than its employees.
10. **The total premium is due within 30 days of inception. Premium financing can be arranged if needed.**
11. Quote is not bound until written orders to bind are received from the insured and the Trust subsequently accepts the risk.
12. Should signed application reveal differing details/data than original application received, the entire quote/binder is subject to revision and possible retraction.
13. Higher limits of liability may be available. Please consult with your agent.
14. This proposal is based upon exposures to loss made known to Brown & Brown. Any changes in exposures (i.e. new operations, new acquisitions of property or change in liability exposure) need to be promptly reported to us in order that proper coverage may be put into place.

Retail Compensation Disclosure

Compensation: As a licensed insurance producer/broker/agent, Brown & Brown entities (“we”) are generally authorized by our license to confer with insurance purchasers about the benefits, terms and conditions of insurance contracts; to offer advice concerning the substantive benefits of particular insurance contracts; to sell insurance; and to obtain insurance for purchasers. Our role as an insurance producer in any ordinary transaction typically involves one or more of these activities.

We will receive compensation in the form of commission or fees for assistance with the placement, servicing, claims handling, or renewal of your insurance coverages. Commission compensation will be based on the insurance contract you purchase and may vary depending on a number of factors including the insurance contract(s) and the insurer(s) the purchaser selects. In addition to the commissions or fees received by us for assistance with the placement, servicing, claims handling, or renewal of your insurance coverages, other parties, such as excess and surplus lines brokers, wholesale brokers, reinsurance intermediaries, underwriting managers and similar parties, some of which may be owned in whole or in part by Brown & Brown, Inc., may also receive compensation for their role in providing insurance products or services to you pursuant to their separate contracts with insurance or reinsurance carriers. That compensation is derived from your premium payments. Additionally, it is possible that we, or our corporate parents or affiliates, may receive contingent payments or allowances from insurers based on factors which are not customer-specific, such as the performance and/or size of an overall book of business produced with an insurer. We generally do not know if such a contingent payment will be made by a particular insurer, or the amount of any such contingent payments, until the underwriting year is closed. That compensation is partially derived from your premium dollars, after being combined (or “pooled”) with the premium dollars of other insureds that have purchased similar types of coverage. We may also receive invitations to programs sponsored and paid for by insurance carriers to inform brokers regarding their products and services, including possible participation in company-sponsored events such as trips, seminars, and advisory council meetings, based upon the total volume of business placed with the carrier you select. We may, on occasion, receive loans or credit from insurance companies. Additionally, in the ordinary course of our business, we may receive and retain interest on premiums you pay from the date we receive them until the date of premiums are remitted to the insurance company or intermediary. In the event that we assist with placement and other details of arranging for the financing of your insurance premium, we may also receive a fee from the premium finance company.

If an intermediary is utilized in the placement of coverage, the intermediary may or may not be owned in whole or part by Brown & Brown, Inc. or its subsidiaries. Brown & Brown entities operate independently and are not required to utilize other companies owned by Brown & Brown, Inc., but routinely do so. In addition to providing access to the insurance company, the Wholesale Insurance Broker/Managing General Agent may provide additional services including, but not limited to: underwriting; loss control; risk placement; coverage review; claims coordination with insurance company; and policy issuance. Compensation paid for those services is derived from your premium payment, which may on average be 15% of the premium you pay for coverage, and may include additional fees charged by the intermediary.

You may obtain information about compensation expected to be received by us based in whole or part on the sale of insurance to you, and (if applicable) compensation expected to be received based in whole or part on any alternative quotes presented to you by us, by requesting such information from us.

Questions and Information Requests. If you have any questions, or require additional information, please contact your Brown & Brown team, or, if you prefer, submit your question or request online at <https://www.bbrown.com/us/contact/contact-general/>

YOU ARE ELECTING NOT TO PURCHASE CERTAIN VALUABLE COVERAGE WHICH PROTECTS YOU AND YOUR FAMILY OR YOU ARE PURCHASING UNINSURED MOTORISTS LIMITS LESS THAN YOUR BODILY INJURY LIABILITY LIMITS WHEN YOU SIGN THIS FORM. PLEASE READ CAREFULLY.

Uninsured Motorist coverage provides for payment of certain benefits for damages caused by owners or operators of uninsured motor vehicles because of bodily injury or death resulting there from. Such benefits may include payments for certain medical expenses, lost wages, and pain and suffering, subject to limitations and conditions contained in the Coverage Agreement. For the purpose of this coverage, an uninsured motor vehicle may include a motor vehicle as to which the bodily injury limits are less than your damages.

Florida law requires that automobile liability coverage agreements include Uninsured Motorist coverage at limits equal to the Bodily Injury limits in your coverage agreement unless you select a lower limit offered by the Trust or reject Uninsured Motorist entirely. Please indicate whether you desire to entirely reject Uninsured Motorist coverage, or, whether you desire this coverage at limits lower than the Bodily Injury Liability limits of your Coverage Agreement:

☐

a. I hereby reject Uninsured Motorist coverage.

☒

b. I hereby select the following Uninsured Motorist limits which are lower than my Bodily Injury Liability Limits:
\$100,000 each person (enter limit if applicable):
\$100,000 each accident.

☐

c. I hereby select Uninsured Motorist coverage limits equal to my Bodily Injury Liability limits. (If you select this option disregard the bold face statement above.)

ELECTION OF NON-STACKED COVERAGE

(Do not complete if you have rejected Uninsured Motorist)

You have the option to purchase, at a reduced rate, non-stacked (limited) type of Uninsured Motorists coverage. Under this form if injury occurs in a vehicle owned or leased by you or any family member who resides with you, this Coverage Agreement will apply only to the extent of coverage (if any) which applies to that vehicle in this Coverage Agreement. If an injury occurs while occupying someone else's vehicle, or you are struck as a pedestrian, you are entitled to select the highest limits of Uninsured Motorist coverage available on any one vehicle for which you are a Named Covered Party, covered family member, or covered resident of the Named Covered Party's household. This Coverage Agreement will not apply if you select the coverage available under any other Coverage Agreement issued to you or the Coverage Agreement of any other family member who resides with you.

If you do not elect to purchase the non-stacked form, your Coverage Agreement limit(s) for each motor vehicle are added together (stacked) for all covered injuries. Thus, your Coverage Agreement limits would automatically change during the Coverage Agreement term if you increase or decrease the number of autos covered under the Coverage Agreement.

☒

I hereby elect the non-stacked form of Uninsured Motorist coverage.

I understand and agree that selection of any of the above options applies to my liability Coverage Agreement and future renewals or replacements of such Coverage Agreement which are issued at the same Bodily Injury Liability limits. If I decide to select another option at some future time, I must let the Trust or my agent know in writing.

- (g) To pay for or provide to participating Members coverage for any other risk authorized under Florida law to be self-insured;
- (h) To pay for or provide to participating Members all or a part of such coverages.

This Agreement is not intended to create a partnership or other legal entity whereby one Member assumes the obligations of another Member, or the obligations of the Fund in general.

3.4 NON-ASSESSABILITY. Should a deficit develop in the Trust, after excess reinsurance recoveries, whereby claims or other expenses cannot be paid, each individual Member shall assume liability for the costs of claims brought against that Member as if such Member were individually self-insured. Each individual Member shall thereafter be responsible for its individual costs including, but not limited to, claims administration without an obligation to, or a right of contribution from, other Members.

3.5 POWERS. - (g) To indemnify and hold harmless any Trustee, officer of the Fund, or any person acting on behalf of the Fund, to the fullest extent such indemnification is permitted by law, against (1) reasonable expenses actually and necessarily incurred in connection with any threatened, pending or completed action, suit or proceeding, whether civil, administrative or civil investigative, including any action, suit or proceeding by or on behalf of the Fund, seeking to hold said person liable by reason of the fact that he or she was acting in such capacity, and (2) reasonable payments made by him or her in satisfaction of any judgment, monetary decree or settlement for which he or she may have become liable in any such action, suit or proceeding by reason of the fact that he or she was acting in such capacity. This indemnification is not intended to, and does not, waive any immunities provided to Members of the Fund, Trustees serving in their capacity as Trustees to the Fund, or to officers or employees of the Fund, by virtue of the laws of the state of Florida, but is merely in addition to such rights, privileges and immunities. (Ref. 624.489 and 768.28, FS).

participate in the Fund unless such prospective member is a public agency of the state. As used herein, the phrase "public agency" includes, but is not limited to, the state, its agencies, counties, municipalities, special districts, school districts, and other governmental entities; the independent establishments and constitutional officers of the state, counties, municipalities, school districts, special districts, and other governmental entities; and corporations primarily acting as instrumentalities or agencies of the state, counties, municipalities, special districts, school districts, and other governmental entities. The Board of Trustees shall be the sole judge of whether or not an applicant for membership shall be eligible to participate in the Fund; provided, however, the Board of Trustees may delegate the functions associated with approval of Members to the Administrator.

- 5.8 REPORTING.** The Board of Trustees shall be responsible for and shall cause to be prepared and filed such annual or other periodic audits, reports and disclosures as may be required from time to time pursuant to applicable federal and state statutes and rules and regulations, including, but not limited to, periodic payroll audits, periodic summary loss reports, periodic statements of financial condition, certified audits, appropriate applications filed by prospective new members, reports as to financial standings, payroll records, reports relating to coverage, experience, loss and compensation payments, summary loss data statements, periodic status reports, and any other such reports as may be required from time to time to accomplish the purpose of the Fund or to satisfy the requirements of appropriate governmental entities.

- 5.10 RELIANCE ON COUNSEL'S OPINION.** The Board of Trustees may employ and consult with legal counsel concerning any questions which may arise with reference to the duties and powers of the Board of Trustees or with reference to any other matter pertaining to this Agreement or the Fund created thereby; and the opinion of such counsel shall be full and complete authorization and protection from liability arising out of or in respect to any action taken or

suffered by the Board of Trustees or an individual Trustee acting hereunder in good faith and in accordance with the opinion of such counsel.

- 5.11 BY-LAWS, RULES AND REGULATIONS.** The Board of Trustees may adopt and enforce such by-laws, rules and regulations as between the Members of the Fund and the Fund governing the operation of the Fund as are consistent with the terms of this Agreement and as are reasonably necessary to accomplish the purposes of the Fund.

SECTION VI

The powers, duties and responsibilities of the Administrator retained by the Board of Trustees shall be set forth in an Administrative Agreement executed between the Board of Trustees and the Administrator.
- 6.2 CONTRIBUTIONS.** The Administrator shall deposit into the account or accounts designated by the Board of Trustees, at the financial institution or institutions designated by the Board of Trustees, all contributions as and when collected from the Members and said monies shall be disbursed only in the manner provided by this Agreement, the Coverage Agreements, the rules, regulations and by-laws of the Board of Trustees, and the Agreement entered into by and between the Board of Trustees and the Administrator.

SECTION VII

MEMBERS

- 7.1 MEMBERSHIP CANCELLATION, SUSPENSION OR EXPULSION.** The Board of Trustees shall be the sole judge of whether membership in the Fund may be cancelled, or whether a member may be suspended or expelled from the Fund; provided, however, the Board of Trustees may delegate the functions associated with cancellation, suspension or expulsion of a Member to the Administrator. Written notice of any such cancellation, suspension or expulsion shall be provided by the Fund to the member no less than thirty

(30) days prior to the effective date of such cancellation, suspension or expulsion, and no liability under this Agreement or any other agreement, certificate, document, or other instrument executed by the Fund and the member pursuant to this Agreement, shall accrue to the Fund following the effective date of such cancellation, suspensions or expulsion. The minimal notice provisions of this paragraph shall not apply in the event a member fails to make the requisite contributions for coverages under this Agreement when such contributions are due.

- 7.2** **RESPONSIBILITIES OF MEMBERS.** By execution of a Participation Agreement agreeing to be bound by the terms and conditions of this Amended Interlocal Agreement, each Member agrees to abide by the following rules and regulations:
- (a) The Trustees have the sole responsibility to govern and direct the affairs of the Fund pursuant to this Agreement.
 - (b) Any Member who formally applies for Membership in this Fund, and who is accepted by the Board of Trustees, shall thereupon become a party to this Amended Interlocal Agreement and shall be bound by all of the terms and conditions contained herein. The Participation Agreement shall constitute a counterpart of this Amended Interlocal Agreement, and this Amended Interlocal Agreement shall constitute a counterpart of the Participation Agreement.
 - (c) To maintain a reasonable loss prevention program in order to provide the maximum in safety and lawful practices as such may relate to the potential liability assumed by the Fund under this Agreement or any other agreement, certificate, document, or other instrument executed by the Fund and the Member pursuant to this Agreement.
 - (d) To comply with the conditions of the Florida Workers' Compensation Law.
 - (e) To provide immediate notification in the event an accident or incident occurs which is likely to give rise to a claim within the scope of this Agreement, or any other agreement, certificate, document, or other instrument executed by the Fund and the Member pursuant to this Agreement.
 - (f) To promptly make all contributions for coverages arising under this Agreement, or any other agreement, certificate, document, or other instrument executed by the Fund and the Member pursuant to this Agreement, at the time and in the manner directed by the Board of Trustees.

Said contributions may be reduced by any discount, participation credit, or other contribution reduction program established by the Board of Trustees.

(g) In the event of the payment of any loss by the Fund on behalf of the Member, the Fund shall be subrogated to the extent of such payment to all the rights of the Member against any party or other entity legally responsible for damages resulting from said loss, and in such event, the Member hereby agrees, on behalf of itself, its officers, employees and agents, to execute and deliver such instruments and papers as is required, and do whatever else is reasonably necessary, to secure such right to the Fund, and to cooperate with and otherwise assist the Fund as may be necessary to effect any recovery sought by the Fund pursuant to such subrogated rights.

(h) The Board of Trustees, its Administrator, and any of their agents, servants, employees or attorneys, shall be permitted at all reasonable times and upon reasonable notice to inspect the property, work places, plants, works, machinery and appliance covered pursuant to this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement, and shall be permitted at all reasonable times while the Member participates in the Fund, and up to and including two (2) years following the termination of its membership in the Fund, to examine the Members' books, vouchers, contracts, documents and records of any and every kind which show or tend to show or verify any loss that may be paid or may have been paid by the Fund on behalf of the Member pursuant to this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement, or which show or verify the accuracy of any contribution which is paid or payable by the Member pursuant to the terms of this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement.

(i) The Fund is to defend in the name and on behalf of the Member any claims, suits or other legal proceedings which may at any time be instituted against the Member on account of bodily injury liability, property damage, property damage liability, errors and omissions liability or any other such liability, monetary or otherwise, to the extent such defense and liability has been assumed by the Fund pursuant to his Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement, subject to any and all of the definitions, terms, conditions and exclusion contained in said

agreements, or any other agreement, certificate, document, or other instruments, although such claims, suits, allegations or demands are wholly groundless, false, fraudulent, and to pay all costs taxed against the Member in any such legal proceedings defended by the Fund or the Member, all interest, if any, legally accruing before and after entry of judgment in such proceedings, and all expense incurred in the investigation, negotiation or defense of such claims, suits, allegations or demands. Such defense shall be subject to the control of the Fund and its Administrator, which may make such investigations and settlement of any such claim, suit, or other legal proceeding, monetary or otherwise, as they deem expedient. The Member agrees to cooperate fully with the Fund, its administrator and their agents, with respect to the investigation, adjustment, litigation, settlement and defense of any claim, suit, or other legal proceeding, monetary or otherwise, which would be covered by the terms of this Agreement and/or any policies of insurance, excess insurance or re-insurance which have been purchased to provide protection against such claims and liabilities. The Member acknowledges that failure to cooperate fully in the investigation, defense or litigation of such claims, suits, or liabilities may constitute grounds for denial of coverage pursuant to this Agreement and/or the applicable policies of insurance.

(j) The liability of the Fund is specifically limited to the discharge of the liability of its Members assumed pursuant to this Agreement or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement; the coverage of the Fund does not apply to punitive or exemplary damages.

(k) Unless the Fund and the Member otherwise expressly agree in writing, coverage by the Fund for a Member under the terms of this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement, shall expire automatically on the last day of September of each calendar year, and no liability under this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement, shall accrue to the Fund beyond such expiration date unless such Member renews its coverage.

(l) Except as otherwise provided herein, a Member's coverage may be cancelled by the Fund or the Member at any time upon no less than thirty (30) days prior written notice by the Board of Trustees or Administrator to

the Member, or by the Member to the Board of Trustees. The notice shall state the date such cancellation shall become effective.

(m) Excess monies remaining after the payment of claims and claims expenses, and after provision has been made for the payment of open claims and outstanding reserves, may be distributed by the Board of Trustees to the Members participating in the Fund in such manner as the Board of Trustees shall deem to be equitable.

(n) There will be no disbursements out of the reserve fund established by the Fund by way of dividends or distributions of accumulated reserves to Members until after provision has been made for all obligations against the Fund and except at the discretion of the Board of Trustees.

(o) Qualified service providers, including attorneys selected by the Fund, shall defend, investigate, settle and otherwise process and dispose of all claims, suits, allegations or demands that may result in liability assumed by the Fund on behalf of the Member pursuant to this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement.

(p) The Member, through the Board of Trustees, does hereby appoint the Administrator as its agent and attorney-in-fact, to act on its behalf and to execute all necessary contracts, reports, waivers, agreements, excess insurance contracts, service contracts, and other documents reasonably necessary to accomplish the purposes and to fulfill the responsibilities of the Fund; to make or arrange for the payment of claims, claims expenses, and all other matters required or necessary insofar as they affect the matters covered pursuant to the terms of this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement, and the rules and regulations now or hereafter promulgated by the Board of Trustees.

(q) To make prompt payment of all contributions and penalties as required by the Board of Trustees, said contributions or penalties to be determined by the Board of Trustees. Any disputes concerning contributions or penalties shall be resolved after the payment of said contributions or penalties.

(r) To pay reasonable penalties as determined by the Board of Trustees for late payment of contributions required under this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement.

(s) Coverage by the Fund under the terms of this Agreement, or any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement, shall expire and be cancelled, upon no less than ten (10) days prior written notice from the Fund to the Member, for nonpayment of contributions.

(t) To abide by all the terms and conditions of this Agreement, the Participation Agreement, the Fund's by-laws, the rules and regulations, the terms of any coverage document issued by the Fund to the Member, and any other agreement, certificate, document, or other instrument executed by the Member and the Fund pursuant to this Agreement.

(u) Each Member voluntarily transfers to the Trust any rights and privileges such Member enjoys under the laws of the State of Florida, including Sections 163.01, and 768.28, Florida Statutes, and specifically those statutory provisions pertaining to such Member's sovereign immunity and the applicable limitations of the Member's liability to \$100,000.00 per individual claim, and to \$200,000.00 for multiple claims, arising out of the same transaction. The purchase of insurance or indemnity hereunder shall not be deemed or be construed as a waiver of sovereign immunity by the Members.

SECTION VIII

True and complete accounts shall be kept of all transactions and of all assets and liabilities of the Trust. The accounts of the Trust shall be audited annually by a firm of independent certified public accountants, which shall be selected by the Board of Trustees.

SECTION IX

DURATION

This Agreement shall continue in full force and effect until it is terminated by the mutual consent of all the Members; provided, however, that this Section IX shall not be construed to preclude the termination and winding up of the Trust within the discretion of the Board of Trustees, or the amendment of this Agreement pursuant to Section X.

To Board of Supervisors
Country Walk Community Development District
12750 Citrus Park Lane, Suite 115
Tampa, Florida 33625

We are pleased to confirm our understanding of the services we are to provide Country Walk Community Development District, Pasco County, Florida ("the District") for the fiscal year ended September 30, 2026. We will audit the financial statements of the governmental activities and each major fund, including the related notes to the financial statements, which collectively comprise the basic financial statements of Country Walk Community Development District as of and for the fiscal year ended September 30, 2026. In addition, we will examine the District's compliance with the requirements of Section 218.415 Florida Statutes. This letter serves to renew our agreement and establish the terms and fee for the 2026 audit.

Accounting principles generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis
- 2) Budgetary comparison schedule

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that information:

- 1) Compliance with FL Statute 218.39 (3) (c)

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the District and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of the District's financial statements. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or add emphasis-of-matter or other-matter paragraphs. If our opinion on the financial statements is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or issue a report, or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the District is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

We will also issue a management letter as required by Chapter 10.550, Rules of the Auditor General of the State of Florida. As part of our audit, we will apply financial condition assessment procedures pursuant to Section 218.39(5), Florida Statutes, and Rule 10.556(8), Rules of the Auditor General, and will report, as applicable, whether the District met any of the conditions described in Section 218.503(1), Florida Statutes.

Examination Objective

The objective of our examination is the expression of an opinion as to whether the District is in compliance with Florida Statute 218.415 in accordance with Rule 10.556(10) of the Auditor General of the State of Florida. Our examination will be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and will include tests of your records and other procedures we consider necessary to enable us to express such an opinion. We will issue a written report upon completion of our examination of the District's compliance. The report will include a statement that the report is intended solely for the information and use of management, those charged with governance, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or add emphasis-of-matter or other-matter paragraphs. If our opinion on the District's compliance is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the examination or are unable to form or have not formed an opinion, we may decline to express an opinion or issue a report, or may withdraw from this engagement.

Other Services

We will assist in preparing the financial statements and related notes of the District in conformity with U.S. generally accepted accounting principles based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

Management is responsible for compliance with Florida Statute 218.415 and will provide us with the information required for the examination. The accuracy and completeness of such information is also management's responsibility. You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. In addition, you will be required to make certain representations regarding compliance with Florida Statute 218.415 in the management representation letter. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Management is responsible for designing, implementing and maintaining effective internal controls, including evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that we report.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also

responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all confirmations we request and will locate any documents selected by us for testing.

The audit documentation for this engagement is the property of Grau & Associates and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to a cognizant or oversight agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Grau & Associates personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies. Notwithstanding the foregoing, the parties acknowledge that various documents reviewed or produced during the conduct of the audit may be public records under Florida law. The District agrees to notify Grau & Associates of any public record request it receives that involves audit documentation.

Our fee for these services will not exceed \$3,600 for the September 30, 2026 audit, unless there is a change in activity by the District which results in additional audit work or if additional Bonds are issued.

We will complete the audit within prescribed statutory deadlines, with the understanding that your employees will provide information needed to perform the audit on a timely basis.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. Invoices will be submitted in sufficient detail to demonstrate compliance with the terms of this agreement. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate.

This agreement may be renewed each year thereafter subject to the mutual agreement by both parties to all terms and fees. The fee for each annual renewal will be agreed upon separately.

The District has the option to terminate this agreement with or without cause by providing thirty (30) days written notice of termination to Grau & Associates. Upon any termination of this agreement, Grau & Associates shall be entitled to payment of all work and/or services rendered up until the effective termination of this agreement, subject to whatever claims or off-sets the District may have against Grau & Associates.

We will provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2025 peer review report accompanies this letter.

We appreciate the opportunity to be of service to Country Walk Community Development District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

Grau & Associates

Antonio J. Grau
