AN IMPORTANT NOTICE TO STUDENTS AND PARENTS
ABOUT THIS HANDBOOK

The Laurel School District has made every effort to present in this handbook, student policies sufficient in depth and breadth to provide the necessary guidelines for effective school management. The inclusion of those policies and other important information in this handbook and its distribution to each student constitute “adequate notification” by this school district. It then becomes the responsibility of each student to become familiar with this handbook and seek an immediate clarification from school officials of anything not clearly understood.

Realizing that it is humanly impossible to develop student policies that address every matter arising in the daily operation of a school, it may become necessary from time to time to amend a portion of this handbook or develop new policies or administrative rules between printings.

Student notification of such changes may be written or oral, but in either case considered by this school district to be legally enforceable as long as school officials have “adequately notified” students of such changes or additions between printings.

Informal rules and policies of individual classroom teachers, some of which may be oral and in addition to, but not inconsistent with this handbook, are also considered by this district to be legally enforceable.

It is important for the reader of this handbook to keep in mind that even though an item or infraction is not covered specifically herein, it may be covered in a general statement and therefore legally enforceable.

With the realization that such a booklet at best has its limitations, parents and students are urged to contact the teachers, the counselors, or the principal concerning all phases of the school program, whether adequately treated herein or not.

The term “adequate notification” means in writing through general distribution of a handbook or other printed matter, or orally in a classroom or homeroom, or orally in general assembly by a staff person, or orally through individual counseling by teachers, counselors, or school administrators.

The term guardian as used throughout this handbook means a person responsible for a child, other than the parent, who is legally appointed by a court of competent jurisdiction.

The term custodian means any person having the present care or custody of a child, other than a parent, or guardian of said child.
FOREWORD

The purpose of the handbook is to present our students and their parents with the rules and regulations of the elementary schools. We hope this handbook will make it easier for each pupil to enjoy a full program. If the handbook does not answer your questions, please feel free to ask your teacher or inquire at the principal’s office for any additional information.

Student Complaints and Grievances

Student/Parent Concerns, Complaints, and Grievances

Students have both the right and the responsibility to express school-related concerns and grievances to the administration. For the discussion and consideration of a grievance, any student or group of students may request a meeting with the principal.

In addition, parents, guardians, or students who are aggrieved by a decision or action of a teacher or other school personnel should present their grievances to the principal or administrator assigned to that level. If the aggrieved continue to be dissatisfied after meeting with the principal or appropriate administrator, then an appeal may be made to the appropriate district assistant superintendent or superintendent designee. Further, the board feels that it is incumbent upon the involved administrator to provide parents/guardians with a timely response when a grievance has been presented. In some cases, the administrator may request that the grievance be set forth in writing so that there is clarity in managing the grievance and so that an appropriate response may be given. In each case, the appropriate administrator shall provide a response and document the response within five working days of the date the grievance is submitted and a response is required or indicated.
EQUAL EDUCATIONAL OPPORTUNITY

The superintendent or his/her designee will make the necessary factual determinations as required under this policy.
Examples of situations where "in loco parentis" authority of an adult will be recognized to establish residency of the minor include but are not limited to the following:

a. Death or serious illness of the child's parent(s) or guardian(s);

b. Abandonment of the child;

c. Child abuse or neglect;

d. Unstable family relationships or undesirable conditions in the home of the child's parents or guardians having a detrimental effect on the child;

Whenever appropriate the person who has assumed responsibility for the care and custody of the child shall be encouraged to obtain legal guardianship of the child.

D. The school district may require additional documentation and verification at any time.

E. No inter-district transfer shall be approved unless such transfer shall have been approved in compliance with state law and unless the receiving and sending school district has analyzed the effect of such transfer on their respective school and determined that the transfer does not impede desegregation in their respective district or their affected school. Where more than one (1) transfer is sought to or from an individual school, the receiving or sending school district respectively, shall analyze the cumulative impact of the transfers on its respective district.

F. The school district shall provide transportation only to those inter-district transfer students who have been verified as being properly enrolled in the school district pursuant to Paragraph E above.

Notification shall state that the student shall have a period of ten (10) days from the date of the notice to provide verification of residency as required in Paragraph A above. If the required verification is not provided within that period, the school district shall immediately transfer the student’s records to the appropriate school district administrative office and so notify the student and his or her legal guardian.

H. At the minimum, this school district shall maintain in a file a written instrument identifying the types of documents used to verify each student's residency and copies of any relevant guardianship petition or decree.

I. The provisions of this policy do not apply to students who reside outside the school district, but who have legally transferred into the school district.

Any court ordered procedure shall take precedent over any procedure contained herein.

TRANSFER STUDENTS
(See also Policy JBCD C Transfers and Withdrawals of Students)

1. No student is to be enrolled in this school district until any and all questions regarding residence or immunizations have been resolved.

2. Students suspended or expelled from another school or school district may not be allowed to enroll. ' 37-15-9 (3)

3. No pupil shall be permanently enrolled in a school in this school district who formerly was enrolled in another school within the state or outside the state until the cumulative record of said pupil shall have been received from the school from which he transferred. Should such record have become lost or destroyed, then it shall be the duty of the superintendent or principal of the school where the pupil last attended school to initiate a new record. ' 37-15-9 (1) The maximum length of the temporary enrollment shall be twenty (20) school days. Should the principal fail to receive the required information and documents within the twenty (20) school
day maximum, he/she immediately notify the parent or guardian school attendance is being denied and remove the student from school.

4. Unless a transfer student is tested in the manner provided in paragraph 5 below, the student will be permanently enrolled and placed in a grade or class on the basis of an official transcript of credits from the last school attended. ' 37-15-33

5. All students seeking to transfer from any school, public, private or home school, within or outside of the boundaries of the State of Mississippi, to this school district shall be required to take a standardized test to determine the grade and class to which the pupil shall be assigned at the time of pupil transfer.

The administrative head of the school shall administer the test or tests to such pupil or pupils as shall apply for transfer to such public school. Such test or tests shall be administered within thirty days after the filing of each such application for transfer. Notice of the giving of such test shall be given the applicant not less than five days prior to the date of the administration of such test.

No transfer of a pupil shall be affected until the test has been given and the pupil is assigned to the grade and class for which the test shows he is best suited. No pupil shall be assigned to a grade and class more than three (3) grades above or below the grade or class that the pupil would have been assigned to had the pupil remained in the school from which the transfer is being made. Pending the administration of the test herein provided for and its grading and an assignment based thereon the superintendent of this school district or the attendance center principal to which the pupil seeks admission may assign the pupil temporarily to a grade and class comparable to that in which the pupil would have been had the pupil continued in the school from which the transfer was being made.

If any student is transferred or reassigned within this school district by an order of the board of trustees of this school district as designated by law of the State of Mississippi and not at his own request, the requirement of that pupil's taking the standardized test shall be waived. Likewise, if a pupil shall transfer from one school district to another school district in the manner provided and required by the laws of the State of Mississippi, the requirement of such pupil taking the standardized test shall be waived.' 37-15-33

6. Any legal guardianship formed for the purpose of establishing residency for school district attendance purposes shall not be recognized by this school board.' 37-15-31 (1) (d)

ADDRESS VERIFICATION PROCEDURE

1. A registration check list for each prospective student shall originate with the homeroom teacher or other person conducting registration.
2. This registrar must see any two (2) of the required items and verify that all addresses match the addresses shown on the Declaration of Residence Form.
3. When satisfied, the registrar shall complete all appropriate spaces on the checklist and sign.

The Mississippi Public School Accountability Process Standard for this policy is standard 7.

PROMOTION & RETENTION OF STUDENTS

The promotion and retention policy of the Laurel School District serves as the primary basis for the design and implementation of a grading, marking and reporting system for communicating academic performance and progress to students and parents. Through this, the Board of Trustees establishes expectations for student and staff performance which meet the district’s mission of serving the community by challenging each student to realize his or her potential through access to a quality education that requires accountability from all students and employees.

Promotion and retention of students in grades K-12 will be based on the grades earned and reported to parents as well as proficient mastery of grade level standards as set by the district. The retention of a student or repetition of a grade in K-12 for the sole purpose of participating in extracurricular activities is prohibited in the Laurel School District.

Classification of students as 9th, 10th, 11th, or 12th graders will be based on Carnegie units earned toward graduation requirements. Earning of Carnegie unit credit in grades 7-12 will be based on the student’s academic achievement and progress on the curriculum adopted by the Laurel School District. Awarding of Carnegie units will be based on the grades earned and reported to parents as well as mastery of district standards for each course.

Part 1: The District Promotion and Retention Process

Promotion and retention decisions will reflect the student’s academic achievement and progress on the curriculum adopted by the Laurel School District for each course taught. The grading and reporting system of the district and mastery of district grade level and course -standards will be used to assess academic achievement. Specific criteria for use in making promotion and retention decisions are provided.

English Language Learners (ELL): The Educational Team at each school (principal, counselor, classroom teacher, ELL teacher) will make a retention/promotion decision on an individual basis for English Language Learners not showing academic achievement due to language proficiency.
Students with Disabilities: The Individual Education Program committee at each school (Principal, Parent, Teachers and assigned Central Office Staff) will consider the retention/promotion on individuals who have not met the course requirement for grade - to - grade progression with typical aged peers. In addition, the consideration for credit recovery will be considered in order to ensure FAPE and Educational Benefit.

Kindergarten: Individual progress of kindergarten students will be based on each student’s academic performance and progress on the Laurel School District grade level objectives in language arts and math. Information for use by teachers, principals, and other school staff members in making promotion and retention decisions relative to kindergarten students will be as listed:

1. It is the responsibility of each teacher to identify students who are not making satisfactory progress toward meeting the academic requirements. Students who fail to make satisfactory progress shall enter the Multi-Tier System of Support.

Grades 1-5: Progress of Grades 1 & 2 students will be based on each student’s performance and progress on identified objectives in language arts and mathematics computation and application. Progress of Grades 3-5 students will be based on each student’s performance and progress on identified standards in language arts and mathematics computation and application and science.

Information for use by teachers, principals, and other staff members in making promotion and retention decisions relative to Grades 1-5 is as follows:

1. A student shall be promoted if the student is making academic achievement and progress on the Laurel School District curriculum for Grades 1-2 by earning a minimum grade average of “D” (65-69) in language arts and mathematics and for grades 3-5 by earning a minimum grade of average of “D” (65-69) in language arts, math and science.

2. It is the responsibility of each teacher to identify students who are not making satisfactory progress toward meeting the academic requirements described in item #1 above. Appropriate instructional interventions shall be implemented for those students. Students, who fail to make satisfactory progress, shall enter the Multi-Tier System of Support.

3. Students achieving a minimum grade average below a “D” (65-69) are not showing academic achievement and shall be retained.

4. In accordance with the Literacy-Based Promotion Act, 3rd grade students who do not obtain a passing score as indicated by the 3rd grade summative assessment shall not be promoted to the 4th grade unless the student meets the good cause exemption for promotion.

Grades 6 – 8. Individual progress of students in Grades 6 - 8 will be based on each student’s academic achievement and progress for the various courses that make up the content requirements for Grades 6 - 8. Information for use by teachers, principals, and other staff members in making promotion and retention decisions relative to students in Grades 6 - 8 will be as listed:
1. Academic achievement and progress on the curriculum for students in Grades 6 - 8 shall be reflected by a minimum grade average of “D” (65-69) in five of eight subject areas; which must be in the core areas of Language Arts, Mathematics, Social Studies, Reading and Science. The exception being Carnegie unit courses, Technology Foundation, Algebra I, Mississippi Studies, Geography and Spanish I, that can be repeated in grades 9-12, or through credit recovery, without hindrance of graduation.

2. It is the responsibility of each teacher to identify students who are not making satisfactory progress toward meeting the academic requirements as stated in item # 1. Appropriate instructional interventions shall be implemented for these students. Students who fail to make satisfactory progress shall enter the Multi-Tier System of Support.

3. Students not showing academic achievement proficiency of district requirements with a minimum grade average of “D’ (65-69) will be retained.

**Part II – Students Not Meeting Promotion Requirements**

1. Refer to Part 1

2. To the extent that resources are available, supplemental instructional classes and programs will be created to provide assistance to students in danger of not meeting promotion requirements and students must be referred to the Multi-Tier System of Support Team.

Decisions of conditional placement based on failure to meet promotional requirements with documented evidence of unsuccessful interventions will be made by the principal and forwarded to the Superintendent. The Superintendent will recommend conditional placement to the board for review and approval.
**Grades 9-12:** Pupil progression through Grades 9-12 will be based on each student’s accumulation of Carnegie unit credits. Awarding Carnegie unit credit in individual courses will be based upon the following: data on instructional management plan standards, class attendance, classroom assignments, class participation, completion of projects, and other criteria approved by the Principal. Students enrolled in Advanced Placement courses must take the College Board exam for that class for both quality points and Carnegie units to be issued under that course title. Students must meet an attendance requirement of 20 unexcused absences (10 unexcused for a semester class) or less for each class, and an end-of-course assessment requirements for each class for those individuals Carnegie units to be issued. The School Board of the Laurel School District recognizes school attendance as an important responsibility of the student and school staff. Many problems arise from students with excessive tardies and/or absences. It is the duty of the parent, guardian or custodian to encourage and support each student in school attendance.

I. General
A. All students must attend 63% of the student’s individual scheduled school day in order to practice for or participate in any school related activities scheduled for that day.

B. Absences due to out-of-school suspension are not excused absences; however, students may make up work as indicated in the Student Code of Conduct Policy (JCD II.C. or JCDAA II.C.).

II. Exceptions to Compulsory Attendance

A parent, guardian or custodian of a compulsory-school-age child in this district shall cause such child to enroll in and attend school except under the following circumstances:

A. When a compulsory-school-age child is physically, mentally or emotionally incapable of attending school as determined by the appropriate school official based upon sufficient medical documentation.

B. When a compulsory-school-age child is enrolled in and pursuing a course of special education, remedial education or education for handicapped or physically or mentally disadvantaged children.

C. When a compulsory-school-age child is being educated in a legitimate home instruction program.

Each of the following shall constitute a valid excuse for temporary nonattendance of a compulsory-school-age child enrolled in school. A written excuse signed by the parent shall be accepted for the first five (5) excused absences; thereafter, documentation signed by a doctor, dentist, or other appropriate authority shall be provided by the student. If proper documentation is not provided, the absence shall be counted as unexcused. Work shall be
made up by the student. Work shall be made up within the first five (5) school days of the student’s return; for any work not made up the student will receive a grade of “0”.

A. Such activities may include field trips, athletic contests, student conventions, musical festivals and any similar activity.

B. An absence is excused when the absence results from illness or injury which prevents the compulsory-school-age child from being physically able to attend school.

C. An absence is excused when isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.

D. An absence is excused when it results from the death or serious illness of a member of the immediate family of a compulsory-school-age child. The immediate family member of a compulsory-school-age child shall include children, spouse, grandparents, parents, brothers and sisters, including stepbrothers and stepsisters.

E. An absence is excused when it results from a medical or dental appointment of a compulsory-school-age child where an approval of the Superintendent of the school district or his designee is gained prior to the absence, except in the case of emergency.

F. An absence is excused when it results from the attendance of a compulsory school-age child at the proceedings of a court or an administrative tribunal if such child is a party to the action or under subpoena as a witness.

G. An absence may be excused if the religion, to which the compulsory-school-age child or such child’s parents adheres, requires or suggests the observance of a religious event. The approval of such absence is within the discretion of the Superintendent of the school district or his designee, but approval should be granted unless the religion’s observance is of such duration as to interfere with the education of the child.

H. An absence may be excused when it is demonstrated to the satisfaction of the Superintendent of the school district or his designee that the purpose of the absence is to take advantage of a valid educational opportunity such as travel including vacations or other family travel. The student and parent/guardian must request extended absences in writing. Approval of such absences must be gained from the Superintendent or his designee prior to the absence with the exception of catastrophic circumstances.

I. An absence may be excused when it is demonstrated to the satisfaction of the Superintendent of the school district or his designee that conditions are sufficient to warrant the compulsory-school-age child’s nonattendance.

2. Tardiness to class
   Does not apply to elementary students.

Laurel High School and Laurel Middle School

A student is considered tardy if he/she arrives at school after the tardy bell has rung.

A student is tardy to class if he/she is not in the assigned classroom before the tardy bell rings.

A. Absence Reporting by Principal or Designee: Students are expected to be in attendance all 180 school days, for academic growth and success are based upon regular attendance.

B. Students who are pregnant do not qualify for the Family Medical Leave Act (FMLA). As a result they are responsible for all work that is missed during and after the pregnancy.

E. Instructional Day - Minimum Requirements to meet 63% of an instructional day

Accreditation standard (19.2) requires that each school day provide at least 330 minutes of instruction. The following guidelines will be used to document what constitutes 63% of instructional day for student attendance purposes.

Laurel Middle School - The middle school will meet from 7:20 – 2:50 each instructional day. The following guidelines will be used to document what constitutes 63% of an instructional day for student attendance purposes.

330 minutes multiplied by 63% = 208 minutes. The middle school uses a 7 period schedule with 48 minute classes (48 mins x 180 days/60 mins = 144 hours for Carnegie Unit)

7:20 – 11:39 = 209 minutes
11:22 – 2:50 = 208 minutes

Lunch time cannot be counted toward the 208 minute minimum.

Student who check out and return to school will have their individual schedule evaluated to see if they meet the 208 minute 63% standard.

Seniors are only required to enroll in the number of classes that meet their individual graduation credit requirements.

Students on reduced schedules (i.e. Seniors) will have their individual schedule evaluated each day to see if they meet 63% of their individual daily schedule.

Laurel High School - The high school will meet from 7:45 - 3:11 each instructional day.

Laurel High School - The high school uses a 4-period block schedule with 94 minute classes.

7:45 - 11:30 = 209 minutes
10:45 - 3:11 = 211 minutes

Students who check out and return to school will have their individual schedule evaluated to see if they meet the 211 minute (63%) standard.

Lunch time cannot be counted toward the 211 minute minimum.

Seniors are only required to enroll in the number of classes that meet their individual graduation credit requirements. Students on reduced schedules (i.e. Seniors) will have their individual schedule evaluated each day to see if they meet 63% of their individual daily schedule.

STUDENT CONDUCT POLICY
For Grades PreK4 through Twelve

I. The superintendent and principal of a school shall have the power to suspend a pupil for good cause, including misconduct in the school or on school property, as defined in Section 37-11-29, on the road to and from school, or at any school-related activity or event, or for conduct occurring on property other than school property or other than at a school-related activity or event when such conduct by a pupil, in the determination of the superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole, or for any reason for which such pupil might be suspended, dismissed, or expelled by the School Board under state or federal law or any rule, regulation or policy of the local school district.

The disciplinary philosophy of the Laurel School District supports the teacher’s right to teach and the student’s right to learn. Behavior which stops the teacher from teaching and/or any student from learning is discouraged and will not be tolerated. We recognize that maintaining effective discipline and safety on buses, in classrooms, on campuses, and at school-related activities is a shared responsibility of parents, students, and school personnel.

The assistance of parents is needed in the following ways:

1. Review discipline policies with your children to make sure they understand them and the conditions set forth.
2. Know where your children are, what they are doing, and with whom they are associating.
3. Take action against anyone who commits offenses against your child, and support action by school, police, and court officials in dealing with offenders.
4. Respond in a timely manner to requests for conferences.

Teachers will provide students and parents with a list of rules and consequences, both positive and negative, which will be used in their classrooms. When a student chooses to break the rules and is referred to the office, disciplinary action will be taken according to the following prescribed steps:
When a student is referred to the office, disciplinary action will be taken according to the following prescribed steps/consequences. Based on the severity of the offense the administrator has the authority to modify consequences.

Discipline shall be administered in accordance with the levels stated on Appendix I attached hereto and incorporated herein by reference.

II. Assignment of Discipline, General Procedures, and Disciplinary Review Committee

Students may be either required to serve an Out- of- School Suspension of 10 or more days or expelled as follows:

1. The Principal shall conduct an informal due process hearing to determine the appropriate penalty and shall recommend the penalty to the Superintendent or his designee. Thereupon the Principal may suspend the student for no more than ten (10) consecutive school days pending a hearing by the Discipline Review Committee (DRC). The DRC shall be composed of three (3) members appointed by the Superintendent who shall be administrators, principals, or assistant principals.

2. The Superintendent or his designee will review the information received from the Principal and if the Superintendent or his designee believes expulsion may be warranted, he shall schedule a due process hearing before the DRC. The hearing shall be held on or before the tenth (10th) school day after suspension was initiated.

3. The Superintendent or his designee shall give written notice of the hearing before the DRC to the student and his parent, legal guardian or legal custodian consistent with State or Federal due process requirements. The notice shall be given at least five (5) calendar days prior to the hearing. The notice shall contain a statement of the charges, date, time and place of the hearing, the right to be represented by an attorney, the right to present witnesses and evidence and to examine witnesses presented by the District.

4. At the hearing, informal procedure shall be followed and formal rules of evidence shall not apply. The accused student may be represented by parent, legal guardian, legal custodian or an attorney at the hearing and shall be allowed to cross-examine witnesses and to present arguments and evidence on his behalf. The DRC shall record all the facts considered before making a decision. If action of the Laurel School Board (Board) is required, a written summary (including findings, decision and recommendation) of the hearing shall be reported and presented at the next regular or specially called meeting of the Board. If no Board action is required, the Superintendent or his designee shall advise the student or his parent, legal guardian, legal custodian or attorney and the Principal of the school of the DRC’s decision verbally and in writing the next school day following the DRC hearing.

5. The hearing summary of the DRC, for cases not requiring Board action, shall be made available to the student, his legal guardian, legal custodian or attorney upon request. Failure of the student or his parent, legal guardian, legal custodian or attorney to appear at the appointed time and place for the hearing shall waive the student’s right to a hearing. In the event the hearing is waived, the DRC shall consider the facts, take appropriate action, or recommend appropriate action to the Board along with submitting the summary of the case.

6. In the event the hearing before the DRC was not waived, the accused student, his parent, legal guardian, legal custodian or attorney shall be notified of the date, time and place of
the Board meeting at which the decision and recommendation of the DRC will be presented, and will be given an opportunity to make a statement to the Board before the Board acts on the recommendation of the DRC. In making its decision, the Board shall base its decision upon the written summary of the DRC and the statement on behalf of the student, if any. The student or his parent, legal guardian, legal custodian or attorney shall be notified verbally and in writing of the Laurel School Board’s decision the next school day following the date of the decision.

7. When deciding on the appropriate penalty, the Principal, Superintendent or designee, DRC and Laurel School Board shall exercise discretion and shall consider the circumstances surrounding the violation as well as the penalty and make a determination on the facts and circumstances that the penalty being recommended or finally determined is warranted. If, in the exercise of such discretion, it is determined that a lesser penalty than that prescribed be imposed, such lesser penalty may be imposed.

8. In all cases of suspension, the parent, guardian or custodian shall be notified within twenty-four (24) hours of the suspension and the reasons for the suspension.

Students have no expectation of privacy with regard to the contents in the locker assigned to the student. All lockers in the Laurel School District are subject to general, random and reasonable suspicion searches at any time. Any time a reasonable suspicion search of a locker is conducted the student should be present, but not near the locker.

4. Parking a car on campus is a privilege, not a right. The student shall be present during the search.

B. Investigations

1. School administrators and teachers have the right to investigate and interrogate students regarding their conduct, the conduct of others, disciplinary offenses or criminal activity conducted in the school or on school property, on the road to and from school, or at any school-related activity or event, or for conduct occurring on property other than school property or other than at a school-related activity or event, when such conduct by a pupil, renders that pupil’s presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teachers of such class as a whole.

2. Unless a minor student is first placed under arrest by the Laurel Police Department, the Jones County Sheriff’s Department, or other law enforcement agency, their officers may not interrogate the student without the knowledge and consent of the parent, guardian or custodian.

V. Bus Conduct/Discipline

expelled from school for infractions. It is advisable for parents to review the safety rules listed below with their child.

**For the safety of your child, transportation changes must be in writing and received by 10:00 a.m. Faxed or email letters and phone calls will not be accepted.**

2. Exercise extreme caution in getting to and from your assigned bus stop.
3. Don’t play near the road while waiting for the bus to arrive.
4. If you must cross the road to enter the bus, don’t cross until the bus arrives and the proper signal to cross is given. Look both ways for traffic.

**While on the Bus:**

1. Do not distract the driver’s attention other than when absolutely necessary.
2. Talk to your friends in a normal tone and do not shout. Do not talk or make unnecessary noises when the bus is approaching and crossing a railroad or a highway intersection.
3. Keep head, hands, and other articles inside the bus.
4. Do not bring unauthorized articles on the bus (i.e. pets, drinks, combustibles, food, large articles, weapons)
5. Do not smoke or use profane language.
6. Do not fight or scuffle.
7. Be courteous to and follow the instructions of your bus driver.
8. Do not throw objects.
9. Do not stand while on the bus unless loading or unloading.

**Note:** Parents must teach students to be on the alert for all dangers and explain possible consequences for not obeying the above rules. Safety on the bus is of utmost importance in transporting students to and from school in the Laurel school District. With this goal in mind, discipline on school buses will be handled according to the following:

*Based on the severity of any offense, the principal and/or designee will determine whether or not the student lose bus privileges for the remainder of the semester, an entire semester, and/or the remainder of the school year. VI. The School Safety Act of 2001

The School Safety Act of 2001 provides a procedure for disciplining students whose behavior, as determined by the Principal or designated administrator of each school, seriously interferes with the school environment as defined by the act. These provisions are cumulative and in addition to existing school district discipline procedures.

A. The teacher is the authority in the classroom and, as such, is charged with classroom management. The administration will continue to support the teacher in decisions made in compliance with the written Discipline Code of Conduct, School Policies and Procedures.

B. Teachers continue to have the authority to remove students from their classrooms under existing policy and statutes for certain behavior and/or actions, and such behavior would semester and/or school year -Suspension from all buses for the remainder of the semester, an entire semester, or the remainder of the school year - school bus incident report shall be sent to the parent/guardian not necessarily constitute “disruptive behavior” as defined in the Act. In accordance with the Act and the Attorney General Opinion dated June 25, 2001, this District designates the building principal or assistant principal of each school to make the determination as to whether a student’s behavior seriously interferes with the school environment. Every removal from the classroom does not constitute an instance of “disruptive behavior” as defined by the Act.

C. “Disruptive Behavior” means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher’s or school administrator’s ability to communicate with the students in a classroom, with a student’s ability to learn or with the operation of a school or a school-related activity, and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or other school employees; defiance, ridicule or verbal attacks of a teacher; willful acts of disobedience of the directions of a teacher.

D. “Habitually Disruptive” refers to such actions of a student which cause disruption in a classroom, on school property or vehicles, or at a school-related activity on more than
two (2) occasions during a school year, and to disruptive behavior that was initiated, willfully and overtly on the part of a student and which required the attention of school personnel to deal with the disruption.

E. Should a student be removed from the classroom by a teacher because a teacher, in his or her professional judgment, has determined that the student is disrupting the learning environment under this Act, the teacher should describe the student’s behavior in the information provided to the Principal or Assistant Principal. If the Principal or Assistant Principal disagrees with the teacher’s decision to remove the student, the Principal may return the student to the classroom. The teacher may request that the Principal or Assistant Principal provide justification for returning the student to the classroom. A student does not have to be engaged in disruptive behavior as defined by Mississippi Code Ann. Section 37-1-54 (the Act) to be removed from the classroom. A student may be removed from the classroom for other qualifying behavior under the school district’s discipline plan.

F. Should the Principal or Assistant Principal determine that the student’s conduct does rise to the level of “disruptive behavior” required in the Act or in accordance with existing procedures addressing the removal of the students from class, the parent/guardian will be contacted and a conference held with the parent/guardian by the most effective and/or efficient means available, including but not limited to, telephone, e-mail, written notice via mail or delivery. After the conference and application of the appropriate discipline under the school discipline plan, the student may return to class.

G. After the second incident of disruptive behavior as determined by the Principal of Assistant Principal, the student’s parent or guardian, the reporting teacher or teachers and the Principal or Assistant Principal shall develop a behavior modification plan. The conference to develop the plan may be held in person or via telephone. If the parent/guardian does not respond or refuses to participate, the teacher(s) and the Principal or Assistant Principal shall prepare the plan and mail a copy to the parent/guardian.

H. Once determination has been made by the Principal or Assistant Principal that the student has not complied with the behavior modification plan, the Principal or Assistant Principal shall follow the procedure for disciplining the student according to the Student Code of Conduct and Discipline Plan, which may include expulsion to the Alternative School for applicative offenses. The Act limits the expulsion remedy to students age 13 and above. However, under Board policy and other discipline procedures, expulsion may apply to students under the age of 13.

I. If a student under the age of 13 has two instances of behavior that the Principal or Assistant Principal classifies as “disruptive behavior”, the District will appoint trained personnel to evaluate the student’s behavior through an appropriate behavioral assessment. The assessment will not be one such that it is in conflict with federal laws requiring parental notification of certain types of evaluations.

J. Any discipline, including expulsion, for “habitually disruptive” behavior under the Act, must follow existing procedures to ensure that the student is afforded his/her due process protections.
VII. Behavior Modification Plans

A. The District will develop and implement procedures for devising behavior modification plans under the School Safety Act.

B. It is the District’s policy to have procedures for dealing with a student who causes a disruption in the classroom, on school property or vehicles, or at a school-related activity. Procedures for handling gang related activities will be specifically addressed.

STUDENT SEXUAL HARASSMENT

It is the policy of the Laurel School District to prohibit sexual harassment against students. This includes student-on-student or school employee-on-student sexual harassment. The sexual harassment policy also applies to non-employee volunteers who work subject to school authorities and to other non-employees coming upon school property. The purpose of this policy is to provide a school environment that is free of sexual harassment.

Definition

For the purpose of this policy, sexual harassment is defined as:

• Unwelcomed or unwanted sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature.

• Explicitly or implicitly conditioning a student’s participation in an education program or activity or basing an education decision on the student’s submission to unwelcome or unwanted sexual advances or request for sexual favors.

• Sexually harassing conduct by another student, by an employee or by a non-employee volunteer or other non-employee that is so severe, pervasive, persistent, or objectively offensive that it deprives the student of access to the educational opportunities or benefits provided by the Laurel School District.

Sexual harassment is a form of misconduct that is demeaning to another student and undermines the integrity of the educational environment. Actions, words, jokes, kidding, teasing or comments based on a student’s sex or the physical or personality characteristics of a sexual nature of the student will not be tolerated and are strictly prohibited.

Procedure

It is the responsibility of the student who has a claim of sexual harassment to report such claim to the school employee closest to the situation, which will usually be the teacher in charge of the class or activity in which the incident occurred. In the event the teacher in charge is the harasser, the claim may be made to another teacher. In the event, someone other than a student is the harasser, the claim may be made to another teacher or directly to a counselor, vice-principal or principal or directly to the superintendent’s office.

If the teacher or school official is unavailable or should the student believe it would be inappropriate to contact the teacher, counselor, vice-principal or principal, the student should immediately contact the superintendent’s office.
Any student or school employee who becomes aware of possible sexual harassment regarding a student should immediately report such claim to the principal of the school the student attends or directly to the superintendent’s office.

Any principal receiving a claim of sexual harassment regarding a student shall immediately report the claim to the superintendent’s office and said claim shall be investigated under the direction of the superintendent’s office.

All complaints of sexual harassment will be handled and investigated promptly and in as confidential a manner as possible.

Strict confidentiality will be kept for those reporting or providing information about sexual harassment except to the extent that disclosure is necessary to enable the Laurel School District to take necessary action to apply the policy, to investigate the claim and to deal with the sexual harassment.

Consequences

Any student guilty of sexual harassment shall be subject to the consequences for a rule infraction as listed in the Student Code of Conduct Policy which may include suspension or expulsion.

Any administrator, teacher, coach, school employee or non-employee volunteer found to have sexually harassed a student shall be subject to the disciplinary action up to and including termination of employment with the Laurel School District.

Any administrator, teacher, coach, school employee or non-employee volunteer found to have not reported a possible incident of sexual harassment as required by this policy shall be subject to disciplinary action up to and including termination of employment with the Laurel School District.

If it is determined that a crime has been committed, a report shall be made to the proper authorities.

Electronic Device Policy

The Laurel School District reserves the right to prohibit the use of electronic devices (cell phones, personal iPads, personal laptops, etc.) if they have little or no educational value or if such use creates learner distraction or disruption. Cell phones in the Laurel School District are subject to the following rules and regulations.

- **Disciplinary Action**

  Cell phones and electronic devices must be completely turned off and out of sight during the school day. It is the students’ responsibility to ensure that their cell phones are turned off and out of sight during the school day. The Laurel School District defines the school day as the operational hours of the designated campus (elementary, middle or high school).

  Students shall be personally and solely responsible for the security of their cell phones and/or personal electronic devices. Laurel School District shall not assume responsibility for theft, loss, or damage of a cell phone or electronic device, or unauthorized calls made on a cell phone.
Students who violate the above restrictions will be disciplined in the following manner:

- **1st Offense** - Cell phone and/or device will be taken away. The student’s name will be recorded, and the parent/guardian will be notified and may pick up the device from the office on the day on which the offense occurs.
  
  A. Parent signature required for the phone to be returned.
  
  B. Parent signature acknowledging they have read and understand consequences for any subsequent offense.

- **2nd Offense** - Cell phone and/or device will be taken away. The student’s name will be recorded, and the parent/guardian will be notified and may pick up the device from the office on the seventh school day following the offense.
  
  A. Parent signature required for the phone to be returned.
  
  B. Parent signature acknowledging they have read and understand consequences for any subsequent offense.

- **3rd Offense** - Cell phone and/or device will be taken away. The student’s name will be recorded, and the parent/guardian will be notified and may pick up the device from the office at the end of the semester.
  
  A. Parent signature required for the phone to be returned.
  
  B. Parent signature acknowledging they have read and understand consequences for any subsequent offense.

- **4th Offense and Any Subsequent Offense** - Cell phone and/or device will be taken and will be returned to the parent at the end of the academic year.

**STUDENT TRANSPORTATION**

Any child legally enrolled in the public schools of Mississippi who lives more than one (1) mile by the nearest traveled route from the school in which he/she is enrolled shall be entitled to transportation.

Any child living less than one (1) mile and who is on the regular route of travel shall not be denied such transportation, if space is available on the bus.

Free transportation should be regarded as a privilege by students. Those who ride the school buses will conduct themselves as good passengers at all times. Those who become behavior problems will be denied the privilege of riding.

The school district is not responsible for providing transportation to those students who miss their regularly scheduled bus due to staying at school after the regular day for any reason.
STUDENT VEHICLE GUIDELINES
LAUREL HIGH SCHOOL

Driving on school roads and parking on school property is a courtesy offered to students and others by the School Board. The parking facilities located at the various school district buildings are not public parking areas and are to be used for school purposes only. School purposes include attendance at school activities or other school authorized activities which occur before or after the regular school day. Violators may be charged with trespassing and/or vehicles towed at owner’s expense.

The Administration, obtaining suggestions from the local police department, shall establish rules and regulations to assure traffic safety. The district shall not assume any responsibility for damage to vehicles.

Students shall not sit in or upon vehicles parked on the school campus. Students shall be responsible for locking their vehicles upon arrival since the school district shall assume no responsibility for any loss.

Failure to abide by vehicle regulations could result in the loss of the right to bring a vehicle to school or other disciplinary action.

Students shall not park in the vocational or cafeteria parking lots.

Students shall purchase a numbered parking decal and park in assigned areas. Students must have a decal for each car brought to school. Excessive tardies shall result in loss of car privileges.

GRADING POLICY

PHILOSOPHY:

The Laurel School District believes that grades reflect and communicate to students, parents, teachers, and postsecondary schools student progress on district learning targets. As a result of a fair and consistent grading process, students will be able to evaluate their learning and set personal goals to attain the district learning targets and communicate achievement status to interested stakeholders.

Grading Student Work
The following grading scales and practice shall be used by all instructional personnel of the Laurel School District teaching graded classes in grades 1 through 12.

ALL student work shall be graded using a numerical grade (0-100). The minimum passing grade shall be 65/D for grades 1-12.

The certified classroom teacher shall check, correct, and assign the grade to the student’s work. There shall be no grading by students of work which is to be recorded.

No optional graded work shall be given any student unless all students of the same class
are given the same opportunity. Any student refusing to do optional graded work shall not be penalized for failure to do optional work.

Instructional staff shall be able to justify any grade given and the source of any grade given shall be educationally sound.

Each student’s papers shall be filed by each teacher to be made available for review should a school official, parent, guardian, or custodian question the assessment of a student’s progress or grade average. Security of the filed papers shall be the responsibility of each teacher.

The school Principal shall check teacher grades during the fifth week of each nine weeks grading period.

Grade Penalties

1. Students shall receive a 0 for any work that is not made up.

2. Grades shall not be lowered due to poor citizenship.

3. Grades shall not be raised or lowered due to a student’s performance on class or club fund raising projects.

Fractions
Fractions of .5 or over shall be rounded off to the next highest whole digit and fractions under .5 shall be dropped on all graded work as well as nine weeks, semester, and yearly averages.

Fractions shall not be recorded in grade books, on grade sheets or on report cards.

Grade Recording for Grades 1-12

The numerical grade (0-100) only shall be used for recording all grades.

A numerical grade (0-100) shall be used to record nine weeks, semester, and yearly averages on grade sheets.

A numerical grade (0-100) shall be used to record averages on report cards.

NUMERICAL/LETTER GRADE CONVERSION SCALE

The following numerical/letter grade conversion scale shall be printed or stamped on all applicable grade sheets and report cards should anyone desire to convert this numerical system.

Nine Weeks Average

The nine weeks average for grades 1-12 shall be determined by averaging the numerical grades as follows:

All grades earned during the nine week grading period will be averaged together.

\[
\text{Daily/Test(s) Average} = \frac{\text{Sum of all grades}}{\text{Number of grades}}
\]

Example: \(86 + 86 + 86 + 86 + 86 = 430 \div 5 = 86\)

In order to pass the nine weeks and receive credit, a final average of 65/D must be obtained for grades 1-12.

Semester Average

The semester average for grades 1-12 shall be determined by averaging the 1st nine weeks and the 2nd nine weeks grades.

Example:

\[
\begin{array}{ccc}
1^{\text{st}} & 2^{\text{nd}} & \text{Sem. Avg.} \\
79 & 84 & 81.5 \text{ or } 82
\end{array}
\]

The yearly average for a two-semester course shall be determined by averaging the first semester and the second semester grades.

For Grades 1-12, a final average of 65 must be obtained in order to pass a course and receive credit. A student failing to obtain a final average of 65 on a two-semester course would repeat both semesters of the course.

REPORT CARDS

The report card tells briefly of the student’s progress in school. It will be given out at the end of each term (9 weeks). If more frequent reports seem advisable, a notice will be given between reports.

EXAMINATIONS

Semester exams may be given at the end of each semester. Dates and times will be given to each student prior to the exams.

HONOR AVERAGES

To achieve the status of Superintendent’s List:

- All A’s in Academics and all A’s in Citizenship
- (Any student who makes a B in Citizenship with all A’s in Academics will be placed on the Principal’s List)
To achieve the status of Principal’s List:
All A’s and B’s, or All B’s in Academics
All A’s or B’s in Citizenship

To achieve Honor Roll:
A’s, B’s, and no more than one C in Academics.
(Must have at least one A in an Academic area to pull the C up, even if the C is in an Elective. Academic is considered English, Math, Social Studies, or Science.)
All A’s or B’s in Citizenship

CLASS RANKING POLICY & QUALITY POINT CALCULATION
BEGINNING WITH THE GRADUATING CLASS OF 2019

The purpose of this policy is to establish a uniform method for determining the class ranking of each student in grades 9 - 12 through the use of numeric weighted Grade point averages. This policy also establishes a method for determining weighted Quality point averages. Beginning with the graduating class of 2019 and thereafter weighted Grade point average, weighted Quality point average, and class rank shall be calculated at the end of each school year for each student in each grade (9 -11) and the first semester of the senior year. Class rank will be determined by averaging the final numeric weighted grades in all courses in which a Carnegie unit is attempted. Rank will be computed to the hundredth of a percent except when necessary to break a tie, in which case thousandths of a percent will be used. Final rank will not be rounded. Averages to determine weighted Grade point average and weighted Quality point average will be determined by using the following scale:

Advanced Placement Courses and Dual Credit College Courses = 1.10 x grade AND 1.10 x quality points
Accelerated Courses (as recognized in this handbook) = 1.05 x grade AND 1.05 x quality points
All other Courses = 1.0 x grade AND 1.0 x quality points

Example of Weighted Grade Point Average calculation:
90 in World History would earn a grade of 90 = (90 x 1)
90 in Acc. World History would earn a weighted grade of 94.5 = (90 x 1.05)
90 in DC College World History would earn a weighted grade of 99 = (90 x 1.10)

Averages to determine Weighted Quality Point Average will be obtained by adding quality points using the following scale:

Example of Weighted Quality Point Average calculation:
90 in World History would earn a grade of A and 4.0 quality points = (4.0 x 1)
90 in Acc. World History would earn a grade of A and 4.2 quality points = (4.0 x 1.05)
90 in DC College World History would earn a grade of A and 4.4 quality points = (4.0 x 1.10)

The following courses qualify as Accelerated Courses:

English Accelerated English I, II, III, IV
After a course has been passed, no future grade earned in the same course is to be used in determining class rank. For the final class ranking, the initial calculation shall be made by a high school counselor or high school assistant principal and will be reviewed by the high school principal. The calculation of class rank shall be completed after the third nine weeks grading period.

This calculation will be completed on or before the third week of March. Each senior student shall be advised of his/her class rank on or before the last week of March. A senior student may appeal his/her WGPA and class rank to the high school principal on or before the end of first week of April and there will be no further appeal thereafter. The high school principal shall complete his review of a student’s appeal within five (5) school days.

The WGPA and class rank of the top 25 seniors will be released to the public on or before the end of April. All seniors’ WGPA and class rank will be available on or before the end of April.

The following numerical/letter grade conversion scale shall be printed or stamped on all applicable grade sheets and report cards should anyone desire to convert this numerical system.

Laurel Vocational Center is located on the same campus with the high school, allowing high school students to enroll in vocational and technical classes without leaving the school grounds.

Students successfully completing the first year of a program have the option of applying for a second year of further education and training.

Both classroom and laboratory instruction is provided to vocational technical students. Up-to-date labs with modern equipment and technology are available in all programs, thus preparing students for working in today’s businesses and industries.

All programs work in conjunction with Jones Junior College and students may be exempted from entry level classes at the college level after successfully completing two years of a vocational technical program at Laurel. Students who obtain a score of 80 on the CPAS in the areas of BCT II, Child Care II and Drafting II will receive college credit at the junior college level. Scholarships unique to vocational and technical students are also available for those who qualify.

Dual Enrollment/Dual Credit Policy

A Dual Enrolled student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and at the completion of the course(s), the student will receive the appropriate number of college credits as listed by the college attended.

A. The WAN has been established for a limited educational purpose. The term “educational purpose” includes classroom activities, educational research, career development, and limited high-quality self-discovery activities.

B. The WAN has not been established as a public access service or a public forum. The Laurel School District has the right to place reasonable restrictions on the material a user access or post through the WAN. Users are also expected to follow the rules set forth in the Laurel School District’s disciplinary policies and the law in their use of the WAN.

C. Users may not use the WAN for commercial purposes. This means users may not offer, provide, or purchase products or services through the WAN.

D. Users may not use the WAN for political lobbying or to further the goals of and labor organization or for any use which may be considered a violation of the establishment clause. But users may use the network to communicate with elected government representatives and to express their personal opinion on political issues.

II. Student Access to WAN

A. Students may, at the discretion of the library media specialist/technology coordinator, be given access to Internet World Wide Web information resources through school computers.

B. Students may be provided with individual e-mail accounts under special circumstances, at the request of their teacher, with the approval of their parent/guardian/custodian, and with special permission of the Principal.

C. The Laurel School District will provide for the education of minors about appropriate online behavior and Cyber-bulling (and response), including interacting with other individuals on social networking sites and in chat rooms.

D. Students and their parent/guardian/custodian must sign and date the Student Internet Access Agreement (SIAA). This agreement must be renewed on an annual basis. Parents/guardians/custodians can withdraw their approval at any time. If at any time a student’s access to the WAN is suspended or terminated, the SIAA must be renewed before access is reinstated.

III. Unacceptable Student Use

The following uses of WAN by students are considered unacceptable:

A. Personal Safety

1. Students will not post personally identifiable information about themselves or other people. Personally identifiable information includes last name, home or mailing address, school, work, or home telephone number, social security number, school or work address, etc. Students may post their full name when participating in special activities directed by a teacher or approved by the media specialist/technology coordinator. Any free services requesting return address information must be accessed through faculty or staff.
2. Students will not agree to meet physically or establish any other personal contact with someone they have met online through the WAN. Personal contact includes, but is not limited to, face-to-face meeting, telephone communication, the U.S. mail, etc.

3. You will promptly disclose to your teacher or other school employee any contact you make that is inappropriate or makes you feel uncomfortable.

4. The Laurel School District will not disclose personal information about students on websites – such as their full name, home or e-mail address, telephone number, or Social Security number (COPPA).

A. Illegal Activities

1. Students will not attempt to gain unauthorized access to WAN or to any other computer system worldwide through WAN or go beyond their authorized access. This includes attempting to log in through another person’s account or access another person’s files. These actions are illegal, even if only for the purposes of “browsing”.

2. Students will not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses or by any other means. These actions are illegal.

3. Students will not use the WAN to engage in any other illegal act, including but not limited to arranging for a drug sale or the purchase of alcohol, engaging in gang activity, threatening the safety of any person including cyber-bulling, transmitting software illegally, or any other activity which violates a Laurel School District policy or any local, state, or federal laws.

B. System Security

1. Students will immediately notify a teacher or the media specialist/technology coordinator if they have identified a possible security problem. Do not go looking for security problems, because this may be construed as an illegal attempt to gain access.

2. Students will not transmit, download, upload, install or copy any software, shareware, or freeware not owned by the Laurel School District onto or from any Laurel School District computer or network via floppy disk, CD-ROM, the Internet or any other means.

3. All floppy disks, CD-ROMS, USB/flash drives, and other media must be submitted to the media specialist/technology coordinator for virus scanning and approval before being inserted into a district computer. This includes diskettes and USB/flash drives used at home and brought back to school.

D. Inappropriate Language

1. Students will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language.

2. Students will not post information that could cause damage or a danger of disruption of the education process.

3. Students will not engage in personal attacks, including prejudicial or discriminatory attacks.

4. Students will not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a student is told by a person to stop sending him or her messages, the student must stop.

5. Students will not knowingly or recklessly post false or defamatory information about a person or organization.
E. Respect for Privacy

1. Users agree to the terms and conditions of the Internet Acceptable Use Policy.
2. Users agree to avoid any violation of state or federal laws.
3. Users are alerted that they are entitled to no expectation of privacy in their use of the WAN and access to the Internet.
4. Users’ computer usage and Internet access may be monitored at any time for unacceptable and illegal use. Technology protection measures are in place and used for all Internet access.
5. Students will not post private information about another person.

F. Respecting Resource Limits

1. Students will use the system only for educational and career development activities and limited, high-quality, self-discovery activities. Therefore, as mandated by CIPA, filtering will be utilized on all computers accessing the Internet. The only exception will be for academic research by a student with the approval of school administration. There is no limit on use for education and career development activities. A limit may be imposed on self-discovery activities at the discretion of the media specialist/technology coordinator.
2. Students will not download large files unless absolutely necessary. If necessary, the file will be downloaded at a time when the network is not being heavily used and immediately removed from the system as directed by the media specialist/technology coordinator.
3. Students will not post chain letters or engage in “spamming”. Spamming is sending an annoying or unnecessary message to a large number of people.
4. Students with e-mail accounts will check their e-mail frequently, delete unwanted messages promptly, and stay within their e-mail quota.

G. Plagiarism and Copyright Infringement

1. Students will not plagiarize works found on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were yours.
2. Students will respect the rights of copyright owners. That is the law. Students must cite properly any information copied or referenced from any source on the WAN. Copyright infringement occurs when someone inappropriately reproduces a work that is protected by a copyright. If a work contains language that specifies appropriate use of that work, students should follow the expressed requirements. If a student is unsure whether or not a work can be used, he or she should request permission from the copyright owner. If a student has questions, the student should ask a teacher.

H. Inappropriate Access to Material

1. Students will not use the WAN to access material that is inappropriate (profane, obscene, pornographic), that advocates illegal acts, or that advocates violence or discrimination towards other people (hate literature). A special exception may be made for hate literature if the purpose of access is to conduct research and both a teacher and parent have approved.
2. If a student mistakenly accesses inappropriate material, he or she should immediately
tell a teacher or another district employee. This may protect the student against a claim that he or she has intentionally violated this Policy.

3. The student’s parents/guardian/custodian should instruct the student if there is additional material that they think would be inappropriate for the student to access. The district fully expects that students will follow their parent/guardian/custodian’s instructions in this matter.

IV. Students’ Rights

A. Free Speech

Students’ right to free speech, as set forth in the Laurel School District’s policies, applies also to their communication on the Internet. The WAN is considered a limited forum, similar to the school newspaper, and therefore the District may restrict a student’s speech for valid educational reasons.

B. Search and Seizure

1. Students should have no expectation of privacy in the contents of their personal files on the WAN. The situation is similar to the rights students have in the privacy of their lockers.

2. Routine maintenance and monitoring of the WAN may lead to discovery that a student has violated this Policy, the district disciplinary code, or the law.

3. An individual search will be conducted if there is reasonable suspicion that a student has violated this Policy, the district disciplinary code, or the law. The investigation will be reasonable and related to the suspected violation.

4. A student’s parents/guardian/custodians have the right at any time to request to see the contents of a student’s e-mail files.

C. Due Process

1. The District will cooperate with law enforcement officials in any Fourth Amendment investigation related to any illegal activities conducted through WAN.

2. In the event there is a claim that a student has violated this Policy or the Laurel School District’s disciplinary policies using of WAN, the student will be provided with due process as specified in District policy.

3. Violation of this policy may result in restriction, suspension or termination of a student’s access to Laurel School District network in addition to any penalties that may be assigned by the Principal to the student.

4. Violations of the law will be reported to the proper authorities.

V. Limitation of Liability

The Laurel School District makes no guarantee that the functions or the services provided by or through WAN will be error-free or without defect. The District will not be responsible for any damage a student may suffer, including but not limited to, loss of data or interruptions of service. The District is not responsible for the accuracy or quality of the information obtained through or stored on the network. The District will not be responsible for financial obligations arising through the unauthorized use of the network. Students using the network will indemnify and hold harmless the Laurel School District for any violations of local, state, or federal laws or any claims of damage resulting from use of the system.
VI. Email Usage Retention Policy

The Laurel School District has established guidelines for the use of e-mail by school employees and students. The district maintains a wide area network connecting all district buildings to the Internet and is for educational communication and administrative use only. Electronic messaging or e-mail is a service which allows all users to send and receive messages to one another. The purpose of this policy is to establish a retention policy for the storage and review of those messages.

This policy applies to all users who are issued a Laurel School District e-mail account. Those users are defined as but not limited to faculty, staff, students; those working on behalf of the District, and/or individuals authorized temporarily working on the network.

A. Messages sent and received via Laurel School District’s e-mail system should not be considered private and users should have no expectation of privacy while using District computers or District provided e-mail accounts. Laurel School District system administrators will not read another users email unless necessary in the course of their duties and only then when directed to do so by their supervisor in writing in instances including, but not limited to, investigation, inappropriate contents or as directed by the Superintendent. E-mail shall be produced as required by an executed subpoena valid in the State of Mississippi within the time required by the subpoena. The Laurel School District shall give the person whose email is subject to the subpoena reasonable notice thereof, if possible.

B. Recognized school district e-mail accounts shall end in “.com” or “.org”. The use of personal e-mail accounts to conduct school business is prohibited.

C. Retention. E-mail messages are backed up daily and retained for ninety (90) days. After that time the e-mails will be deleted and purged. Requests for copies of retained e-mail messages must come from the user or be approved by the user’s supervisor or his/her designee. The message will then be restored within 2 to 5 days.

D. E-mail access will end when a user’s employment is terminated with the district or a student graduates or un-enrolls from the Laurel School District. The intentional abuse of e-mail privileges may result in having your District e-mail account suspended or revoked.

PLAGIARISM/CHEATING

Intention
In the section on student conduct, the Laurel School District Student Handbook states that, “Citizenship in a democracy requires respect for the rights of others. The students of the Laurel School District [are] expected to conduct themselves so that the rights and privileges of others are not violated” (10). As respect for the rights of others involves recognition of others’ ideas, the faculty and staff of Laurel School District believe it is important to have a clear policy concerning plagiarism and other forms of academic cheating.

Definitions
The Laurel School District defines cheating as attempting to take credit for someone else's work, using unauthorized materials, or otherwise acting to deceive the evaluator in an assignment, project, or test. The Laurel School District distinguishes between two different degrees of plagiarism. They are defined as follows:

Intentional Plagiarism is defined as, but not limited to:

• Obvious, substantial, verbatim reproduction of information;
• Fabrication of sources, falsification of page numbers, or other deliberate misdocumentation;
• Submission of others' work as the students' own. This applies to uncited paraphrasing of another's ideas as well as verbatim use of others' words. (Others’ may refer to either scholarly sources, online "cribed" essays, or the work of other students).

Technical Plagiarism is defined as, but limited to:

• Poor paraphrasing, amounting to "pearling" of "translating" another's work;
• Improper citation or documentation that misrepresents a source;
• Insufficient citation of factual information not held to be common knowledge (common knowledge is defined as facts readily available from a variety of sources);
• Poor integration of direct quotations with the student's own writing.

Determination of Plagiarism/Cheating
Parents must be informed when a student is suspected of plagiarism or cheating. Through the use of search engines or a comparison to other student work, teachers will, in most cases, be able to provide documented evidence of plagiarism. A Disciplinary Review Committee (DRC) shall review, as needed, cases of plagiarism when requested by the student and parent. The purpose of the committee will be to determine that evidence of plagiarism exists and which definition applies, not to apply penalties.

Academic consequences
Evidence of intentional plagiarism shall result in the student's receiving a grade of zero with no possibility for makeup or grade replacement for the assignment in which the plagiarism occurs.

Evidence of technical plagiarism shall result in a deduction of points – the number of points to be determined by the teacher, based on the severity and number of occurrences – for the assignment in which the plagiarism occurs.
Disciplinary consequences
In addition to the academic consequences, Laurel High School also firmly believes that intentional plagiarism/cheating is an act of immoral conduct that merits disciplinary consequences as defined by the student handbook, and as such further consequences maybe assigned by the Principal.

Bring Your Own Device (BYOD) Policy Purpose Statement:

Technology plays a large role in our students’ lives. Personal devices can enhance and enrich learning opportunities both at home and at school. Laurel School District is committed to allowing responsible, learning-centered use of personal devices at school so as to provide as many pathways to understanding as possible for our students.

The purpose of the following policy is to authorize students to bring their own personal technology devices (herein after “Technology Devices”) to school for use in our classrooms under certain strict conditions. Laurel School District incorporates the use of such items as personal laptops and tablets with browsing capabilities and/or educational apps and software. As with other personally-owned items, the schools shall not be held liable for the loss, damage, misuse, or theft of Technology Devices brought to school. Students who bring their own devices to use at Laurel School District do so at their own risk.

Laurel School District is in no way responsible for:

- Technology Devices that are broken while at school or during school-sponsored activities;
- Technology Devices that are lost or stolen at school or during school-sponsored activities; or,
- Maintenance or upkeep of any Technology Device (keeping it charged, installing updates or upgrades, fixing any software or hardware issues, etc.)

This policy is not intended as a requirement that any student bring Technology Devices to school. All students will continue to be able to utilize school equipment. No student will be left out of the instruction process.

A Technology Device is defined as one with:

1. Academic applications and functions;
2. Online capabilities; and,
3. Digital, audio, and/or video recording.

Examples of Technology Devices shall include but are not limited to, cell phones, tablets (iPad, Android Tablet, Windows, Kindle Fire, Nook Tablet, etc.); eReaders (Nook, Kindle, etc.); or laptop computers.

Students are granted the limited right to use their personally-owned technology resources in the Laurel School District upon return of a signed Laurel School District Bring Your Own Device (BYOD) Policy Student Agreement/Parent Permission Form or electronic signature during student registration.

Access to the District's wireless network, including the Internet, shall be made available to students and employees primarily for instructional and administrative purposes and in accordance with administrative regulations.

Limited personal use of the system shall be permitted if the use:

- Imposes no tangible cost to the district;
- Does not unduly burden the district's computer or network resources; and,
- Has no adverse effect on an employee's job performance or on a student's academic performance.

Access to the district’s electronic communications system is a privilege, not a right. All users shall be required to acknowledge receipt and understanding of all administrative regulations governing use of the system and shall agree in writing to comply with such regulations and guidelines. Noncompliance with applicable regulations may result in suspension or termination of privileges and other disciplinary action consistent with district policies.

Violations of law may result in criminal prosecution as well as disciplinary action by the district. To ensure the learning and safety of all of our students, Laurel School District students and parents agree to both read and abide by the following guidelines:

- Except where defined by an IEP, students shall be allowed to bring their own device.
- Devices are for educational use.
- Students may not play games, text, or access any social networks while at school. Violations of this policy may result in loss of use and/or disciplinary action.
- While on campus, devices may be turned on only when permitted by the teacher.
- All accessories, cases, screen wallpaper, and backgrounds must be school-appropriate.
- Personally-owned devices used in school may be permitted to connect to the Internet through 3G, 4G, or other content service providers in the event that use of the district’s wireless access causes a burden to the district’s network. In most instances, personally owned devices must access the Internet via the school’s content filtered wireless network.
- Streaming videos from the Internet or YouTube during school hours is permitted only with the direct permission of the teacher.
- Any recording device, (including, but not limited to, tablets, iPads, video/digital cameras) may not be used to slander, bully or denigrate any student, visitor, staff member, employee, faculty member, administrator, and/or school board member on or off the campus at any time.
- All messages or postings to any Internet site on or off campus at any time (notes, email, newsgroups, bulletin boards, wikis, or other interactive forms of communication such as Instant Messaging) must be educationally purposeful and appropriate.
- Hate mail, harassment, discriminatory remarks, vulgarity, swear words, other antisocial behaviors, chain letters, and threats of any kind are prohibited.
- Appropriate messages would include such communications relating to Laurel School District academics, co-curricular events, and school community life.
- Users and/or owners are responsible for all activities conducted when using personal devices and accounts.
- Users shall respect copyright laws and licensing agreements pertaining to materials entered into and obtained via the Internet or other electronic sources.
- Use of the Internet and/or other resources for personal gain, profit, commercial advertising, or political lobbying is prohibited.
- Use of your device must be in support of curriculum and research and consistent with the purposes and Mission Statement of Laurel School District.
- The use of Laurel School District technology resources to purposefully attempt to access pornographic material, inappropriate text files, information advocating violence, or files harmful to the integrity of Laurel School District is prohibited.
• Also restricted is access to information on, but not limited to, gambling, illegal drugs, alcohol use, online merchandising, hate speeches, criminal skills, alternative journals, Fanfic, and chat rooms.
• Use must be consistent with the Mission Statement of Laurel School District and reflect the accepted standards expressed in that Mission Statement.
• Students may not access social networking sites.
• Students may access school email/messaging accounts under the approval of and under the supervision of a teacher, administrator and/or Computer Teacher. Outside email accounts may not be accessed.
• Users of the Internet may not give their real name, address, phone number, school name or any personal information to anyone on the Internet unless under the supervision of a teacher, administrator or Computer Teacher. For example, students may be asked to provide personal information when signing up for Web 2.0 tools or when registering to access online textbooks and resources.
• Students making inappropriate references about the Laurel School District, the school and/or its students, faculty, staff, employees, school board members, and/or administrators on any public Internet site, chat rooms, or other public electronic media will be subject to disciplinary action that will be determined by administrators and could include suspension or expulsion.
• Students may not use any means to access restricted sites.
• Students may not post images of teachers, staff or other personnel on the Internet without receiving permission from the individual(s) involved.
• Students may not use the cameras on any device unless given permission by and under the direct supervision of a teacher, administrator, and/or Computer Teacher during school hours.
• Parents may restrict the use of the camera function at any other time by setting the Parental Controls.

Consequences of Inappropriate Behavior

Any user who does not comply with these guidelines will lose the privilege of bringing his/her device for a period of time, that period of time to be set at the sole discretion of the school principal or designee. Students who have repeated or severe infractions of the policy will be subject to disciplinary action by the supervising teacher and/or the administration. Violations of federal and state regulations, such as sending threatening email and accessing or distributing obscene material, will be reported to and dealt with by the governing law enforcement agency.

Disclaimer

Laurel School District is not responsible for any damages suffered including loss of data resulting from delay, non-deliveries, service interruptions, or inaccurate information. The person operating the device accepts personal responsibility for any information obtained via the Internet or other electronic sources. The person operating the device accepts personal responsibility for actions on the Internet.

Vandalism

Vandalism will result in immediate disciplinary action by the administration. Vandalism is defined as any malicious attempt to harm or destroy any part of Laurel School District technology resources or personal technology items belonging to another student, teacher, or administration.
This includes, but is not limited to, uploading, creating, and/or transmitting computer viruses or “hacking” into any part of the Laurel School District network.

**Plagiarism**

Plagiarism will result in immediate, severe disciplinary action by the Administration. Plagiarism is an act of literary theft and is therefore considered an act of academic dishonesty. Plagiarism is defined as the act or instance of using or closely imitating the language, work product and/or thoughts of another author without authorization obtained or credit given. It involves the passing off or submission of another author’s work as one’s own. This includes, but is not limited to, submitting assignments digitally or via hard copy.

All of the following are considered plagiarism:

- Turning in someone else’s work as your own.
- Copying words or ideas from someone else without giving credit.
- Failing to put a direct quotation in quotation marks.
- Giving incorrect information about the source of a quotation.
- Changing words by copying the sentence structure of a source without giving credit.
- Copying so many words or ideas from a source that it makes up a majority or your work, whether you give credit or not.

A program of educational, vocational, and personal counseling is available to all students, utilizing the services of the counselors working in close cooperation with all members of the faculty.

Students should take every opportunity to avail themselves of the counseling and other services rendered by this department.

Visitor meal tickets are available on a first come first served basis. Additional tickets are not available at any school.

Take-out meals are not available at any time or for any reason for visitors.

**DRESS CODE POLICY**

**GRADES PreK 4-12**

The Laurel School District Board of Trustees recognizes the importance of a student dress code. The Board accepts the findings from the research, which suggest that a strong relationship exist between good dress habits, good work habits, and proper school behavior. Studies show that students’ dress and appearance in uniform dress may enhance and assist learning. Therefore, we adopt a mandatory student uniform dress code policy for students in grades PreK4-12 beginning with the school term 2018-2019.

The Board of Trustees strongly believes that a student uniform dress code policy would enhance the following:

1. A more positive atmosphere conducive to education will be established.
2. Promote a statement of identity.
3. Eliminate peer pressure dealing with student attire.
4. Create a sense of school unity.
5. Improve security through the identification of students.
6. Improve discipline at school.

**Standards of Dress**

**In all instances, the appropriateness or inappropriateness of school dress will be determined by school administrators.**
****If a student is sent to the office for a dress code violation, he/she will be assigned the appropriate discipline including but not limited to students being placed in ISS until a parent or designee can bring appropriate clothing.

BULLYING/HARASSING BEHAVIOR
POLICY AND PROCEDURES

The Laurel School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student’s educational performance, opportunities or benefits. A “hostile environment” means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that said conduct is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored functions, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person’s presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Laurel School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The board directs the Superintendent or his designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take “reasonable actions” as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the Laurel School District defines “reasonable action” as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior.

Any student committing an act of bullying or harassing behavior as stated herein shall be subject to expulsion from the Laurel School District for one (1) calendar year or for such lesser discipline as may be determined to be appropriate by the Principal, Superintendent and/or School Board as appropriate.

In support of strengthening student academic achievement, Laurel School District receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1118 of the Every Student Succeeds Act (ESSA). The
policy establishes the LEA’s expectations and objectives for meaningful parent and family engagement and describes how the LEA will implement a number of specific parent and family engagement activities, and it is incorporated into the LEA’s plan submitted to the Mississippi Department of Education.

**The Laurel School District agrees to implement the following statutory requirements:**

1. The school district will put into operation programs, activities, and procedures for the engagement of parents and family members in all of its schools with Title I, Part A programs, consistent with Section 118 of the *Every Student Succeeds Act (ESSA)*. These programs, activities, and procedures will be planned and operated with meaningful consultation with parents and family members of participating children.

2. 3. The school district will incorporate this district wide parental involvement policy into its LEA plan development under Section 1112 of the *ESSA*.

4. In carrying out the Title I, Part A parent and family engagement requirements to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with limited English proficiency, limited literacy, disabilities, of migratory children, who are economically disadvantaged, or are of any racial or ethnic minority background, including providing information and school reports required under Section 1111 of the *ESSA* in an understandable and uniform format including alternative formats upon request and, to the extent practicable, in a language parents understand.

5. If the LEA plan for Title I, Part A, developed under Section 1112 of the *ESSA*, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the Mississippi Department of Education.

6. The school district will involve the parents of children served in Title I, Part A schools in decisions about how the 1 percent of Title I, Part A funds reserved for parental involvement is spent, and will ensure that not less than 95 percent of the one percent reserved goes directly to the schools.
